

## Red Cross Fund Drive Still Under Quota

Collection of Red Cross funds for the 1958 drive in Turkey Creek township reached \$548.80 early this week with returns in some areas still incomplete.

Mrs. Orin Smith, chairman of the drive in the township, said that money still to be collected should swell the total to over \$600. The goal for the township this year was \$1,000.

## Views and Reviews . . .

The shelter house in the conservation park across from the railroad station is just about completed. Looks like the season started early at this park. Besides being useful, its appearance has improved tremendously.

Congratulations to Larry Roe, winner of the Kosciusko county spelling bee held at Warsaw last Saturday. Larry is following in the foot steps of Diane Martin, Syracuse by winning the county contest. Good Luck in Fort Wayne on 17 May Larry.

Many of Court Slabaugh's students, here at home and elsewhere in the country, remember their school days because of their classes with him. Maybe algebra and geometry weren't favorite subjects for some but most of his pupils agree that if its possible to learn math at all, Court's classes were the place to do it. And it was a sure thing, no half way business about it. Besides, that's a pretty good habit for learning any subject. Good wishes to him and Mrs. Slabaugh now that their schedule no longer will depend on the school bell.

What's going on in Thornburg's? We asked and were told to come back in several days; after, they'd finished moving booths around or out! Anyway, the booths by the soda fountain are getting themselves rearranged.

Daylight Saving Time came in last Sunday morning with less fanfare than usual. The biggest difference around town seemed to be the groups from school appearing at the usual hours instead of an hour later as it has been all winter. At last everyone is on the same time for the next five months anyway.
