### School "Belles" and "Hep" Lines

By Bobbi Bitner

School bells rang again Friday 29 August. Why? Well, it was enrollment day!

Both study halls were in a scramble because everyone was anxious to know who sat where, by whom, and all at once!

It sure seemed funny not having Court Slabaugh walking up and down the halls. Suppose he was home laughing because the rest of us are going back to school.

Eleven freshmen were a little disappointed this year because they got stuck off in the Jr. High study hall instead of in the big study hall.

Anyone for sack dresses? Wow! Look's like the boys will be mad 'cause lots of gals are wearing them this season.

Mr. Longenecker, our principal, introduced the new science teacher, Lowell Detweiler. "Glad to have you aboard, Mr. Detweiler."

### HIGH SCHOOL BAND

More than fifty students reported for band this year and organized this week. Officers elected are Janet Riley, president; Dian Alfrey, vice-president, and Sue Herdrich, secretary and treasurer.

Performances already scheduled for September are the Elkhart Centennial 13 September and Purdue Band Day 27 September.

James Lentz is the band instructor.

### HIGH SCHOOL ATHLETICS

Teams for High School baseball and Cross Country started practice this week.

Schedules for both teams will be completed during the next few days.

## Liberty Coach Donates \$500 To Water Safety Program

Gift of \$500 from Liberty Coach Company, Inc. received last week by the Syracuse-Wawasee Water Safety Council came at a time when the organization needed it most in order to clear the books of all outstanding bills covering expenses for this first season.

Two other gifts from individuals, amounting to \$52.00, has increased the treasury so that there will be a small balance remaining after all bills for this year are paid.

The response from individuals and business organizations has been most gratifying to the local people who organized the program and is expressed especially by Joe Thornburg, president; Leila Connolly, vice-president; Mrs. Orrin Smith, secretary; J. D. Clark, water safety officer; and the girls who served as instructors and life guards at the beaches. They are Barbara

## Views and Reviews

(continued from page 1)

age temperature for the 3 months, June thru August, was 70.7 degrees, which is far below normal. 1915 and 1927 were the only summers with colder weather back to 1871.

It has been more than gratifying to those who worked so hard with the Water Safety Program this year to be complimented on the progress of the training and success of the program. Parents, swimmers, communities, summer residents and visitors have shown a tremendous interest in the program and the performance of the girls and boys working with it. Jerry Davis, Steve Yoder, Terry Markham, Phil Charters, Jim Stefanski and Al Bauer have assisted admirably at the beaches and have earned needed credits for continuing in the program from Barbara Thornburg, Mary Miner, Virginia Champion and Carol Rea, instructors.

Contributions, large and small, have made the whole program possible. There was some soliciting for funds but for the most part, donations from 50¢ to \$500 were given voluntarily. Can anyone ask for better interest or pride in a community project?
