Wind Shift In Yacht Race Proves Costly

A last minute wind shift cost Bruce Baiden two places out of first Sunday in the Wawasee Yacht Club weekly sailing race.

Baiden, who had led the pack of Lightnings throughout most of the race was caught on the wrong tack within 200 yards of the finish. Paul Penn and John Nixon on the opposite starboard tack made up enough distance to beat Baiden across the line. Baiden was only seconds out of second place.

Larry Lorentson ran over the line in fourth, followed by Berkeley Duck, Carl Winnebald and George Wright.

Labor Day week end marks the end of official yacht club festivities. Saturday club members will hold their annual banquet at Howard's Restaurant.

Various awards and trophies will be passed out at the banquet. Group singing will follow back at the yacht club. Committee members for the banquet are Mr. and Mrs. George Wright and Mr. and Mrs. John Nixon.

There will be two races Sunday and one Monday for the Labor Day series cup. These races will be counted as part of the overall standings.

Views and Reviews

(continued from front page)

Kilgore lived across the street from the B. F. Hoy residence on North Huntington. Helen Hoy (Mrs. John) Adrian said she stopped to see the Snobs last winter and that Mr. Kilgore, who lives with them, is spry as can be at 91 and as mentally alert as a man much younger.

Hoosier Skateland is closed until after Labor Day so the floor can be refinished. Keith and Geneva Cripe, owners, said they would open Saturday 12 September for the fall and winter season and skating clubs.

Snow in August with 90 degree temperature? Well, not exactly but a circumstance like this would take one's mind off the heat for a few minutes anyway. Ethel Snowball mailed a large envelope to Natalie Snow last week. She used a manila envelope which already had gone through the mails once and it had a post office cancellation stamp of Snowshoe, Pa. Feel any cooler?
