BERCULOSIS MEETING WAS HELD TUESDAY

MINIARY PLANS WERE
MADE AT MEETING OF T. B.
ASSOCIATION OFFICERS.

Group of thirty-five persons,
representing the Tuberculosis Association
of six counties were in at-
tendance at the district Tuberculosis
Association meeting which was held
at the Elms Inn, on east Washing-
ton street, Tuesday afternoon.

Representatives of the tuberculosis
associations of nine counties had pre-
viously been invited but only one
county was not represented at all.
The meeting was held, but a
discussion was held concerning
the probability of establishing
an institution.

Some of the representatives present
were heartily in favor of the
project. Each group was
instructed to appoint or elect a com-
mittee from their own especial group
to be present at the meeting to be held in May. It
was voted to hold the second meeting
in this city.

The secretary of the State Tuberculosis
Association was present at
the meeting and gave a talk showing
the type of a building that can be erected
for a tuberculosis hospital. He said that for a district, of
about fifty patients, could be
erected at a cost of approximately
\$10,000. The cost of the structure
was apportioned among the various
counties interested.

It is expected that at the meet-
ing to be held in May, definite plans
will be made.

ALLEGED GRAVE THIEF GUILTY IN OWEN COURT

ORA TURNER, GREENCASTLE
MAN WAS ARRESTED BUT
RELEASED.

INSUFFICIENT EVIDENCE

Two Men, Ralph Meeks, and Ora
Turner, Were Arrested Several
Weeks Ago.

The trial of Ralph Meek of Cata-
ract, by the state of Indiana, charging
blackmail in connection with an
attempt to extort \$200 from Mrs.
Morris Halton, a widow of Cata-
ract, was completed late Tuesday after-
noon. Meek was found guilty by the
jury.

The case was brought about by
Mrs. Halton, receiving a letter post-
marked Cloverdale, Indiana, Febru-
ary 8, written by an apparently poorly
educated person and purported
to be professional grave robbers, who
said that they had been offered a
nice sum of money for the body of a
man about the size of Mr. Halton
and warned that the body would be
moved unless \$200 was left under a
glass jar at the southwest corner of
the big red store across from your
bar, or if the authorities are notifi-
ed.

Meek, and his brother-in-law Ora
"Curley" Turner, son of Mr. and Mrs.
Andrew Turner of this city, both
about 30 years of age, were arrested
a few days after the receiving of the
letter by Owen county officers, after
the officers had watched the barn.
The officers said that they had seen
two men, whom they had thought to
be Meek and Turner, prowling around
the barn. Turner was released several
weeks ago for the reason of in-
sufficient evidence.

Turner, at the present time is em-
ployed in Greencastle, and attended
the trial Tuesday morning, but was
not called to the witness stand.

ODD FELLOWS MEETING

Before a packed house of 200 Odd
Fellows, Clayton Lodge I. O. O. F.,
conferred the 3rd degree or the de-
gree of truth upon 15 crusaders who
had traveled for a solid month the
sandy deserts and stormy mountain
paths, amidst untold dangers. Some
were robbed and wounded and left
by the wayside to die, but were car-
ried for by a good Samaritan and a
kind hearted inn keeper. Upon their
arrival at Jerusalem, the chosen city,
the king had pity and permitted them
to enter. Upon entering they were
clothed and fed and received as broth-
ers of the third degree.

Visitors were present from Dan-
ville, Clayton, Fillmore and other
nearby towns to see Clayton's crack
third degree team of the state con-
fer for the work. Those finishing the
perilous journey were as follows:
Forest White, Greencastle Lodge 348;
Arthur Mooney and Marion Merritt,
of Silcox Lodge 123, Claral Shinn,
Kenneth Ashworth, Ralph Sutherland,
Paul E. Fox, Harvey Cox, Geo. E.
Connett, Geo. Steele, Curtis Hartness,
Chas. Rambo, H. M. Cloyd, Herbert
Carver, and Bennett Plummer of Put-
nam lodge.

Death resolutions were then read
for Bro. Green Parker, who died in
Columbus, Ohio, last Thursday. After
a few short talks refreshments
were served and the brothers de-
parted satisfied they had seen the
best third degree team in America
confer the work.

Putnam Lodge wishes to thank
Clayton Lodge for their work and
hope to return the favor in the near
future. Next Tuesday night three
candidates will receive their first
steps in Odd Fellowship.

GANG LEADER FACES NOOSE ON THURSDAY

CHARLIE BIRGER TO DIE ON IL-
INOIS GALLOWES FOR
MURDER.

ALL LEGAL EFFORTS FAIL

Gangster To Pay Extreme Penalty
For Killing Of Mayor Joe
Adams.

BENTON, Ill., April 18. (UP)—
Defeated in every move to avert ex-
ecution, Charlie Birger, Southern Illi-
nois gang lord, faces death on the
gallows tomorrow.

His sanity hearing, which extended
his life from Friday the 13th until he
was re-sentenced, came to a sudden
conclusion yesterday afternoon, and
it took the jury only twelve minutes
to agree that Birger was as sane as
ever.

The defense, which had claimed it
would call a dozen or more witnesses
—and perhaps a few alienists—to
prove that the gangster's mind had
become unbalanced since he was first
sentenced to die, presented a weak
case. It offered the testimony of only
one man, Maurice McLeason, Bar-
bercut stand proprietor, to support its
point.

When the verdict came in, circuit
Judge Charles Miller sentenced Birger
to hang at 10 A. M. tomorrow.

"I knew of no way to save him,"
said Robert E. Smith, his attorney.

Birger was convicted of hiring two
young henchmen, Harry and Elmo
Thomason, to assassinate Mayor Joe
Adams of West City during bitter
gang war with his rivals, Carl, Earl
and Irene Shelton, for the Southern
Illinois bootleg trade. He suspected
Adams of the sides with the Shelton
gang.

STRONG BLOC SELECTED BY REPUBLICANS

G. O. P. BUSY PREPARING POW-
ERFUL ORGANIZATION FOR
CONVENTION.

157 DELEGATES FORM BLOC

Backers of Herbert Hoover Unalarm-
ed by Unexpected Trend of Po-
litical Activity Is Report.

WASHINGTON, April 18. (UP)—
A powerful bloc of uninstructed and
doubtful delegates is being selected
for the Republican convention, the
United Press tabulation of State
primaries and conventions showed
today.

Thus far 597 or more than half of
the 1089 delegates who will select
the next Republican Presidential nom-
inee have been chosen.

Of these 579, only 305 have been
instructed or pledged for the various
candidates; 117 are uninstructed but
have announced they will vote for one
or another of the candidates now in
the race and 157 are classed as unin-
structed or doubtful.

The bloc of 157 is made up as fol-
lows:

Minnesota 2, New York 90, Mis-
souri 2, Wisconsin 7, North Carolina
6, Oklahoma 20, Illinois 8, New Mexi-
co 1, Nebraska 8, Colorado 13.

The ratio is expected to grow apace
with the selection of delegates up to
convention time.

The Herbert Hoover people do not
appear to be alarmed by the unexpect-
ed trend. They claim a goodly portion
of the doubtful uninstructed, contend-
ing the commerce secretary will get
47 of the 90 doubtful in New York;
10 of the 20 in Oklahoma and 9 of the
13 in Colorado. They count on these
for reserve strength.

Thus far only 105 delegates have
been instructed for Hoover, in addi-
tion 79 of the uninstructed have an-
nounced they will support him.

Frank O. Lowden, Hoover's chief
opponent has 131 instructed delegat-
es and 36 uninstructed who have an-
nounced they will support him. His
managers claim he will eventually
get practically all of the doubtful.

Hoover's opponents are delighted
with the trend. They say the doubt-
ful delegates will prevent the nomi-
nation of the secretary.

Regardless of the merits of oppos-
ing arguments, both sides agree more
doubtful delegates are being selected
this year than in recent years. They
also agree that the doubtful dele-
gates will heighten interest in the
convention because they may keep
result in doubt up to the last moment.

SOCIETY

Interesting Program At D. A. R.

Washburn Chapter of the D. A. R. held its regular monthly meeting on Tuesday evening, April 17, at the spacious home of Miss Virginia Black on East Washington street. The meeting was opened by the singing of "America." This was followed by the report of the Secretary, Mrs. Mary Pierce Seller. Other reports were given, and in connection with the work of the Committee on Genealogy it was urged that all remaining family histories be sent in at an early date. Mrs. T. G. Yunker, Regent, spoke of the marking of graves of Revolutionary soldiers buried in Putnam County. Having received information as to the procedure with regard to securing these markers, she appointed as a committee to pursue the work farther, Miss Sara Bridges, Mrs. C. C. Hurst, and Mrs. Wilbur C. Stewart. She reported the arrival of the flag codes and their distribution in the schools. As a nominating committee for next year's officers the following were appointed: Mrs. Jennie Curtis Hearst, Mrs. Frank Wallace, and Miss Sara Bridges. Miss Lenore Alspaugh read a communication from Mrs. Fred Thomas, city librarian, asking for missing numbers of the D. A. R. magazine. On motion of Mrs. Ferd Lucas, it was agreed to purchase such copies as cannot otherwise be obtained; and Miss Lenore Alspaugh and the Misses Minnie and Lydia Williams were appointed to look after the matter. Since Mrs. Thomas also suggested the purchase of a set of Lineage Books for the library, Miss Grace Browning was asked to ascertain the price of these books. Mrs. Yunker complimented Mrs. Thomas highly because of her interest in genealogical work. Mrs. Ferd Lucas spoke of some better films of the day; and also gave the leading points of her paper which she read at the Council Meeting held recently in Indianapolis. She stated that the thirty-two local chairmen of the better films work in chapters throughout the state are trying to increase attendance at good plays and are favoring the use of historical pictures in schools. Mrs. Yunker gave an interesting report of the Council meeting, at which many important matters, including the student loan fund, the budget, Constitution Hall, and the marking of soldiers' graves, were considered. The National Old Trails Monument, "The Pioneer Mother," is now fully paid for and will be erected near Richmond, Indiana, where the national road enters the state.

The Chapter was invited to hear the lecture of Mrs. Robert J. Burdette at the court house next Thursday.

At the next meeting, which is to be held at the home of Mrs. S. A. Hays, the officers are to give their yearly reports.

For the program of the evening, Miss Wilhelmina Lank read most entertainingly a story of the early nineteenth century, entitled, "A Romance of Arlington House," by Sarah A. Reed of Erie, Pennsylvania. This book, an autographed copy, is the property of Mrs. Phila Olds Cole, who was formerly a member of Mrs. Reed's study class in Erie. Mrs. Reed is still living at the age of eighty-eight years. The reading was followed by a couple of musical numbers given by Mr. Edwin Hobson, a DePauw student.

During the social hour refreshments were served by the hostess and her assistants.

Study Missionary Work.

The Standard-Bearers and Queen Esthers met Tuesday evening at the home of Miss Robert Hellingner, College Ave. Eighteen members were present.

A study of both home and foreign missionary work was made at the meeting last evening, the work being done by the foreign missionaries in the Philippine Islands, and at home in the state of Michigan.

Containers for the thank offering were given out at this time, to be handed in at the meeting next month. Miss Hellingner, assisted by her mother, served refreshments.

Both the President and first vice-president of the State Federation will be present and it is hoped, several other state officers. One feature which will be of great interest to all club women will be the department institute. That will occupy the hour before luncheon. No department chairman can afford to miss this. It will be so easy for Greencastle women to attend this convention, that they should go in great numbers.

Each lady who intends to be present, is asked to call up her club president and give her name, so that the number of names may be sent in to the chairman of the luncheon committee. WATCHING THE SCORE BOARD

YESTERDAY'S HERO—Percy
Lee Jones of the Chicago Cubs. The
sometimes erratic southpaw had one
of his good days and outpitched Gro-
ver Cleveland Alexander of the St.
Louis Cardinals in a ten-inning con-
test to win, 3 to 2. The Cards made
only five hits off Jones. Jones added
the final touch to a big day by scor-
ing the winning run in the tenth in-
ning. He led off with a single, ad-
vanced on a sacrifice, and scored on
Kiki Cuyler's single.
The victory sent the Cubs into a tie
with the Cards for second place in
the National League.

The Cleveland Indians gained un-
disputed possession of second place
place. The Detroit Tigers, 6 to 4,
George Burns contributed a timely
single which scored two runs in the
seventh and Willis Hudlin came
through with three-innings of splen-
did relief pitching for the Indians.
All other games were postponed
because of the rain and cold weather.

MOVIES
AT THE VONCASTLE
Did Count Lyof Tolstol, years be-
fore the World War and the resulting
catclysm that plunged Russia into
the throes of rebellion, foresee the re-
volt that plunged his country into
Bolshevism?
This interesting speculation is vi-
vidly brought to light in the motion
picture production of "Love," based
on Tolstol's "Anna Karenina," and
in which the Russian aristocracy, at
the height of its power, is shown in
a vivid spectacle in the new Metro-
Goldwyn-Mayer picture, coming
Thursday and Friday to the Voncas-
tle Theatre. Incidents, situations
and striking details taken from the
remarkable book, and viewed on the
screen in the light of modern happen-
ings, all hint of a prophetic vision
of the part of the author—a prophecy
that at the time he would not dare
have voiced in direct words.
John Gilbert and Greta Garbo, who
scored such a sensational success in
"Flesh and the Devil," appear again
for the first time since in the lavish
spectacle which was given a gorgeous
production. The story is laid in the
gayest period of the Russian court-
with Gilbert as the beautiful uni-
formed Count Vronsky, and Miss
Garbo in the role of the tragic Anna.
The central theme is the tragic
sacrifice of Anna, who deserts hus-
band and child for love, to be pursu-
ed by a dauntless fate that eventually
conquers her. Gorgeous reproduc-
tions of Russian palaces and haunts
of the mighty are settings for the
spectacular film.

TAKE TREATMENT

CLINTON, Ind., April 18. (U.P.)—
Mr. and Mrs. Claude Foltz and their
four children, all of near Clinton,
have gone to Indianapolis to take the
Pasteur treatment for rabies.

The family decided it would be
best for them to take treatments af-
ter two pups owned by them be-
came suddenly ill. The young canines
were killed and their heads examined.
The report came back that the dogs
had rabies.

The Foltz' stated that the dogs
had not bitten any members of the
family but that the children as well
as themselves had played with the
pups. Foltz said he feared that saliva
from the animal's mouths which had
gotten on the children's fingers
might affect them.

As a further precautionary mea-
sure, Dr. A. E. Sabin, county health
officer, has ordered all dogs not vac-
cinated, kept up for 40 days.

Editorial

What's the use of having traffic
regulations if they are not observed?

Practically any time dur-
ing the day a person can
stand on the corner of
Washington and Indiana
streets and observe mo-
torists attempting to make a left
turn onto Indiana street from Wash-
ington, heading west. A large "No
Left Turn" sign is painted on the
stop light base, but nevertheless,
many autoists attempt to make the
turn. There are several reasons for
not permitting left turns at this
crossing. In the first place it is one
of the busiest corners in the city and
with cars parked on both sides of
South Indiana street it is dangerous
to turn left around the light. In the
second place it is almost impossible
to make the turn directly, without
backing, and in this manner traffic is
held up. Early Wednesday morning
a DePaw professor was observed go-
ing up to the light, attempted to turn
left, made a half turn, found he could
not make it and then had to back.
In the meantime the signal had
changed but motorists headed both
east and west had to wait until the
first driver had straightened out his
car and continued to make the turn.
Left turns east are permitted.

Interest in boys' and girls' club

work, particularly in the 4-H Club
which is composed of ag-
riculture and home eco-
nomics clubs, is increasing
all over the state. The
tenth annual boys' and
girls' club round-up will be held at
Purdue university, May 1-5.
The program has been arranged and de-
tailed plans made for handling the
largest gathering of club members
ever assembled in the state. The
group will be comprised mostly of
club winners in townships and coun-
ties, who have won the trip to the
round-up because of their outstand-
ing work in their respective clubs.
Interest in the clubs is increasing
each year and is likewise interesting
more and more boys and girls in the
various home projects.

A device for recovering bodies under water

is being worked out at
Terre Haute. The device
is a powerful light, which
it is said, will reflect for
thirty feet under water
thus enabling divers and
rescuers to get a better line on what
they are doing. Much difficulty has
been experienced in the past on the
part of rescuers when striving to re-
cover bodies, by the fact that they
had to feel their way and guess, not
knowing accurately where the bodies
could be. By the new device, if it is
successful, the work can be accom-
plished in a much shorter length of
time.

In order to reduce the number of accidents in Indiana during the heavy

spring rains, which so of-
ten turn into sleet storms
Accident making paved roads slip-
pery and dangerous, the
state highway commission
has issued a special warning to mo-
torists to exercise care in driving.
During the recent sleet storm in the
northern section of the state, ten ac-
cidents occurred on one stretch of
a state road, near South Bend. Paved
roads are level and when sleet sticks
to them, it is impossible for an au-
tomobile travelling at a high rate of
speed to stay on the highway, the
warning pointed out.

Every once in a while warnings are received concerning special fakers,

doing one thing or another
to make money in the easiest
possible manner.
The latest heard occurred
in Greensburg, Decatur
county, the first of the week. The
fakers were in the form of "eye spe-
cialists" and appeared to be between
the ages of 25 and 30. The special-
ists appeared at the home of an aged
woman and one of the men represent-
ed himself as Dr. Miller, of Colum-
bus, and other as Miller's chauffeur.
The woman stated that the eye spe-
cialist wanted to cure her eyesight
for \$25 and when she refused he in-

The current issue of Liberty, car-
ries a speech delivered in New York
recently by the head of
Liberty the advertising depart-
ment. This department
Young Folks sells full page advertise-
ments in Liberty at the
rate of \$12,500 per page, and does
not sell less than four pages, for four
consecutive issues. The interesting
thing about this story is what this
executive says about the magazine.
He tells why it is popular. He says
it is because they are giving the peo-
ple, the younger people, what they
want. He says they have no set edi-
torial rules. They buy stories they
believe young people will like and the
rapid rise in circulation to nearly two
millions, indicate the people like to
be entertained. Chauncey DePew,
said one was as young as he tried
to be. Liberty says they are enter-
taining the young folks. This prob-
ably means they are entertaining old
and young, so far as years are con-
cerned. If Liberty can satisfy mil-
lions, a community can satisfy the
people in it because some form of in-
spirational entertainment can be pro-
vided that will be a benefit and an
uplift to not only the community, but
to society in general. That is what
the present generation wants.

OBITUARY

As the last dark shadows of night
melted into oblivion and the sun it
all his glorious majesty sent the first
beam of breaking day across the land,
the Pale Horse and his resolute rider
paid a short but decisive visit to
our community and released from the
coils and sorrows of this life one of
our most respected and best beloved
citizens, neighbors and friends.
Charles, the youngest son of Ben-
jamin and Rachel Parker, Putnam coun-
ty, Indiana, on Feb. 23, 1883, depart-
ed this life to be with his Redeemer
on April 2, 1923, aged 45 years, 1
month, and 4 days.
His childhood was spent as that of
most other boys, getting an education
in the township schools in the winter
months, and helping with the farm
work in the summer. With these
things to be done, he was never too
busy to make friends and many of the
friendships which he thus made re-
mained insistent until his demise.
At the age of 17 he became inter-
ested in his Master's work, was con-
verted and affiliated himself with
Walnut Chapel Church. He was a
loyal member to his church and wish-
ed to see it prosper. During a meet-
ing held by Rev. Parr he felt him-
self called into the ministry and only
recently expressed a desire to get
well that he might fulfill this high
and noble calling.
On Sept. 19, 1908, he was married
to Lottie Keller. This union was a
most happy one and to it were born
eight children, Garnet, Ray, Verl,
Merle, Lola Marie, and Fern, Willis
and Emma Florence. To his family he
was always good and kind, having in
mind at all times their welfare and
betterment. He had often expressed
a desire to live to see his children
grown and the last one, Emma Flo-
rence, graduate from high school.
Too much cannot be said of Char-
les as he was well respected and loved
by everyone and was always willing
and ready to help in anything that
was uplifting. At the time of his
death he was a member of the Town-
ship Advisory Board. He was a
friend to everyone and a neighbor to
all, a loving father to his family, and
a faithful and loyal companion to his
wife.
He leaves to mourn his loss, a
heartbroken wife and children, two
brothers and three sisters, and a host
of relatives and friends, who will
greatly miss him and who have been
much saddened at his going.
During his last illness which his
been of about two years duration, he
bore his suffering and pain with sto-
icism and when his voice failed him
that he might converse with his
friends he resorted to writing, ask-
ing and answering questions in this
manner, but with all these adverse
conditions he never lost sight of his
Master and Redeemer in whom he had
faith to believe that He would carry
him through.
Although saddened by his going
may we invoke the dignity of silence
while we ask of God his blessing up-
on this bereaved family and may the
Holy Spirit comfort and care for
them until He who has all things in
His power shall say as He has said
to Charles, "Enough, come up high-
er."

INDIANA WHEAT CROP

ABOUT 40% NORMAL

An inspection trip was made recently by officers of the Central States Soft Wheat Growers Association, Indianapolis, through many counties in the west and south portions of Indiana, to ascertain the condition of the growing wheat crop. B. B. Benner, secretary-treasurer, and C. M. Record, wheat salesman, made the trip. They motored from Indianapolis to Evansville through Terre Haute, Sullivan, Vincennes, Princeton, returning by way of Boonville, Jasper, Salem, Scottsburg, Madison, North Vernon, Columbus and Franklin. Every wheat field was counted along the route, a total of 626. Of this number, 228 were either abandoned or sown to oats or contained only slight evidence of being wheat fields; 111 fields contained what might be considered a good crop for this year; 80 fields were classed as 75% good; 118 as 50% and 89 as 25 per cent. The latter 89 fields are still subject to further abandonment. Should none of the 25% fields be abandoned, the survey shows 40.3 per cent of a normal crop. The trip covered a part of the best wheat areas of Indiana.

5c SETTLES A BIG SMOKE QUESTION

Can there really be a good
cigar for five cents?

Some men will say it never was, can nor will be done. But this ad says it is being done—that there's a really fine 5c cigar to be had: *Havana Ribbon*. And it's been on the market thirty years. A cigar has to be good to make such a record.

And *Havana Ribbon* is better today than ever before. Immense production is doing it—so many millions made; tobacco bought in such huge quantities, we are able to use long-filler, ripe tobacco from heart to wrapper. And still keep the price at 5c! Imagine! No bitter under-ripe nor flat-tasting over-ripe leaves. No loose bits to come out in your mouth. But all fine, full-flavored, age-mellowed tobacco making a delightfully cool, mild, fragrant smoke. If you've one nickel in your pocket, man, set it to work and let *Havana Ribbon* settle the *Havana* cigar question completely and effectively. Also *Practical Pocket Pack*, ages of five cigars.

BUICK
RELIABLE USED CARS

What
is a used car
bargain?

What is a used car bargain? Is it a used car of uncertain age and mechanical condition, sold at a so-called "marked down" price?

Or is it a good car, sold by a reliable dealer, for a price that he knows is fair?

We know automobiles. That's our business! And we know what they're worth when we take them in trade on new Buicks.

We always give our used car customers a square deal—both in the price and in the condition of the car.

Our reputation is too valuable to risk by anything short of absolute fairness and honesty.
