

## STATE AUDITOR S LINCOLN DAY SPEAKER IN CITY

HARD T. JAMES HEARD BY  
CROWD AT COURT  
HOUSE

PROGRAM ENJOYED

Mr. Praises Civil War President.  
Where Are Today's Leaders?"  
He Asks

An audience that was much larger than was expected—because of the weather and travel—heard Lincoln Day program sponsored by the Republican Central Committee of Putnam county and the Putnam County Republican Women's Club, in the Circuit Court room of the court house, Tuesday evening.

The speaker of the evening was Hard T. James, auditor of state of Indiana, who was presented by O. Lane, joint senator in the Indiana State Legislature from Putnam and Montgomery counties. Mr. James' introduction had more than the usual amount of personal relationship in that he was closely associated with Mr. James in the Legislature when the latter was a member of it, a young man, representing Jay county.

Mr. James, later, was deputy secretary of state during the first term of the present incumbent, James M. Trotter.

Tuesday evening's meeting, Mr. E. Ogles, chairman of the Putnam county Republican Central Committee, presided. He presented Mrs. Clara S. Jones, Putnam county vice chairman, to lead in the salute to the flag. The invocation was given by Dr. R. H. Richards, of Parisburg, joint representative from Putnam and Putnam counties.

A quartet of DePauw University students sang, followed by announcements made by Miss Florence Evans, president of the Putnam County Republican Women's Club.

Chairman Ogles introduced guests, including Orville Pratt, Republican county chairman of Parke county, who is head of the gasoline refund commission in the office of the auditor of state, and also Frank Judd, secretary of the Fulton county Republican Club.

In his address, Mr. James said, in part:

"We are happy to rush taxes to the axis," Mr. James said, "but we can no longer stand the burden of millions of dollars which are being diverted to extravagance, profligacy, patronage and dilly-dallying in the offices of the nation's capital. The bureaucratic army of this nation is as large as the military army which is fighting for victory."

The United States Treasury recently proposed to make a movie out of which Donald Duck told Americans—of all things—how to pay taxes. No one has to tell us how to pay taxes. The New Deal has given that home for ten long years. We need some two-fisted leaders in Washington that know how to spend money for ammunition not dancers, movie stars, debutants and the other "glories," Mr. James states.

The state auditor stated that Uncle Sam can not win the war with a hand tied behind his back. In recognizing the great Civil War president, he called for a reversion to the sound principles and simplicity of the Republican. He strongly decried the overlapping of duties and other colossal extravagances which are draining much-needed revenues from the war fund—revenues which are being used for nonessential patronage for the New Deal parasites.

Contrasting the wanton waste in Washington, D. C., Mr. James cited the economy program in Indiana where expenditures have been pared to the nub. The common sense economy of the Republican-controlled General Assembly was lauded by Mr. James who cited a budget reduction of five and a half million dollars. No

## LANDIS STUDIES PLANS TO RE-ORGANIZE OGD

WASHINGTON, Feb. 11.—(UP)—Director James M. Landis today said he was studying plans for a complete reorganization of the Office of Civilian Defense.

He indicated that one of the major questions under consideration is whether the division of physical fitness—in which the dancer Mayris Chaney, friends of Mrs. Franklin D. Roosevelt, is employed—may be transferred to some other agency.

## SERVING COUNTRY

Joseph Ray Lawrence

Joseph Ray Lawrence, stationed at Fort Knox, Kentucky is a surgical technician with fourth, fifth and sixth class specialist rating. He is the son of John Lawrence of Quincy, formerly of Greencastle. He was married to Vesta Kendall of 514 Washington street, Greencastle, on December 20th, 1941.

## "Milt" Thomas Dies Suddenly

HEART ATTACK FATAL TO RETIRED FARMER LIVING AT BRICK CHAPEL

A heart attack suffered Tuesday night at 11 o'clock resulted in the death of Elmer Milton Thomas, age 69 years, at the home of a daughter, Mrs. Forest O'Hair at Brick Chapel.

Mr. Thomas was a retired farmer. He had spent practically all of his life in Clinton township, where he was born on October 7, 1872, the son of James and Sarah Marsall Thomas. He was a member of the M. E. Church near Clinton Falls.

Survivors are seven children, Mrs. Forest O'Hair, Brick Chapel; Mrs. Robert Jones, Greencastle; Mrs. Marjorie Woodworth, Clayton; Mrs. Lysle Call, near Monrovia; Irving Thomas, at home; Henry Thomas, Indianapolis; and Mrs. Lester Wells, Indianapolis; sixteen grandchildren; eight great grandchildren; one sister, Mrs. Emma Bachelder, Greencastle; two brothers, Harvey and Pern Thomas, both of Clinton township, and other relatives. His wife and a daughter, Mrs. Bonnie Brown, preceded him in death.

Funeral services will be held Friday afternoon at 1:30 o'clock from the M. E. Church near Clinton Falls. Burial will be in the cemetery nearby.

## LOCAL MEN RECEIVE DEFENSE CERTIFICATES

Certificates have been awarded to nine local men for satisfactory completion of the defense training courses given here during the last twelve weeks by Purdue university under authority of the United States office of education, Prof. C. W. Beese, director of the Engineering, Science and Management Defense training program at Purdue, announced today. The second term under this program starting in January with classes in engineering drawing, pre-foremanship, physical metallurgy and production engineering.

The following were awarded certificates by Purdue: L. M. Bemis, G. L. Tate, G. E. Rainge, I. D. Sutherland, J. E. Birt, P. E. Johnson, D. M. Chittenden, W. H. Roby, and W. F. Lear in elementary metallurgy.

## FORMER DEPAUW TEACHER RESIDING IN HONOLULU

Mrs. Marquerite Doby Rynerson who was an instructor in Romance Languages at DePauw in 1925 is now in Honolulu, Hawaii, where her husband, Wendell Rynerson, is stationed with the army.

In a recent letter written to Mrs. L. H. Turk she describes some of her experiences in war-time Hawaii. Because of censorship, according to Mrs. Rynerson, descriptions of the December 7 attack are forbidden as in any discussion of military matters. Mrs. Rynerson says that families are being evacuated to the mainland and that she expects to have to leave soon.

Mrs. Rynerson was well known in Greencastle during her stay here. She had many friends among the faculty and townspeople.

## MEN, 20 TO 44, WILL REGISTER NEXT MONDAY

ONLY NINE QUESTIONS TO BE  
ASKED DRAFTES ON FEBRUARY 16

LEGIONNAIRES FORM BOARDS

All Men Subject To Registration  
Have Been Asked To Register  
Near Their Own Homes

Only nine simple questions will be asked of Putnam county men who register next Monday, Feb. 16, for possible military service under the provisions of the Selective Service act.

Registration of the individual should require a comparatively short time, it was said, pointing out that the registrant will not be asked to fill out questionnaires but must only answer interrogations about his identity, his place of residence, and his mailing address. Also he will be required to list his telephone, if any, his age in years and date of birth, place of birth, the name and address of the person who will always know his address, his employer's name and address, and his place of employment or business.

While it is important that registration be conducted as speedily as possible, the board said that every registrant will be given ample time to respond properly to the questions on the registration card, which on this occasion will be green. White and melon colored cards, respectively, were used for the first and second Selective Service registrations.

No questionnaires will be given registrants when they register Monday, nor will they then be required to undergo any physical examination.

Questionnaires are given to registrants after their order numbers have been determined and reached by their local boards. Physical examinations are given only after the boards have passed on the general qualifications of registrants and have determined that they should not be deferred for reasons of interest to the nation.

After a registrant has answered all questions and signed his name to the registration card, he will be given a registration certificate signed by the registrar. This certificate must be in the personal possession of the registrant at all times. Failure to possess the certificate, or to show it to authorized persons, constitutes a violation of Selective Service regulations and is prima facie evidence of failure to register.

All men 20 to 44 years of age, inclusive, who have not previously registered for the "draft" will be required to do so Monday.

## Bartlett Attends Chicago Sessions

DEPAUW DEAN PRESENT FOR  
ANNUAL RELIGIOUS EDUCATION MEETING

Dr. E. R. Bartlett, Dean of DePauw University, will attend the annual meeting of Religious Education at its sessions in the Stevens Hotel, Chicago, beginning Wednesday, as a member of the Commission on Educational Program and chairman of the committee on curriculum revision.

In the meeting of the executive committee on Saturday, the question of the relationship between the International Council of Religious Education and the Federal Council of Churches, together with inter-denominational agencies, is to be taken up. There is a marked trend toward closer co-ordination of all agencies representing Protestant denominations in North America, and the preliminary steps toward reorganization will be taken in this session.

The Council is launching a long-term program under the name of United Christian Education Advance designed to reach the masses of unchurched people in city and rural areas. It is estimated that approximately fifty per cent of the children and youth of America have no church home. A campaign to stimulate interest in, reaching these young people through the services of the church and through religious education in connection with public schools is being undertaken by the forty-three Protestant denominations which make up the Council.

The Indiana Council of Christian Education, of which Dr. Bartlett is president, is setting up a series of

## WAR FLASHES

WASHINGTON, Feb. 11 (UP)—The Navy announced today that U. S. Admiral Thomas C. Hart had been relieved at his request from command of the combined naval forces of the United Nations in the Far East. Vice Admiral C. E. L. Helfrich of the Royal Netherlands Navy has been named acting commander.

The Navy's announcement of the change in command follows:

"In view of Admiral Thomas C. Hart's request to be relieved because of ill health, Vice Admiral C. E. L. Helfrich, Royal Netherlands Navy, has been designated as acting commander combined naval forces ABDA (American-British-Dutch-Australian) area."

## Past Elk Rulers Honored At Dinner

CHARTER MEMBERS AND OLD-TIMERS ALSO GUESTS  
TUESDAY EVENING

Past Exalted Rulers, charter members, and old-timers were honored guests at a dinner meeting of the Greencastle Elks lodge Tuesday evening.

Four of the five active charter members of the order were present. This group included C. C. Gillen, John Young, Ed Hamilton and Charles Broadstreet. There were nine of the 16 active past exalted rulers present and about 25 men who have been members of the Elks lodge for more than 20 years were also in attendance.

Mr. Gillen spoke briefly following the dinner. The local Elks lodge was organized in June 1907, and has progressed steadily throughout nearly 35 years.

During the lodge session, past exalted rulers exemplified the work of the various offices.

## Boy Scouts Held Court Of Honor

THREE LOCAL TROOPS MET ON  
TUESDAY EVENING AT  
GODIN CHURCH

On Tuesday evening the three scout troops of Greencastle held a Court of Honor at the meeting place of Troop 43 in Godin Memorial Church. Maurice Smith, of Alaska and a former member of Troop 43, gave a short and very interesting talk on Alaska illustrated with some Kodachrome slides which he had taken.

The Court of Honor was opened and closed with a candle lighting ceremony built around the scout law and oath and presented by members of Troop 90.

The following advancements were awarded: Troop 43—tenderfoot, Richard Fulmer, Cecil Phillips; second class, Tommy Dryer; merit badges, Glenn Fulmer, photography; Troop 90—second class, Charles Miles; merit badges, James Miles, civics, weather; start Scout, James A. Miles. Troop 99—merit badges, Phil Frazier, handicraft, carpentry; Bill Wide, farm home and its planning, safety, corn farming; Bob Wilde, carpentry, hog and pork production, personal health, public health; James A. Wilde, automobilism, farm mechanics; star Scout, Bill Wilde, James A. Wilde, Robert Wilde.

Assisting in the Court of Honor were Jervis Fulmer, county chairman; Robert Dean, county commissioner; Scoutmaster Walter Bayard, James Pence, O. H. Smith, Robert Williams Jr., and assistant Scout executive Hubert Smaltz of Brazil.

The Choral Union will not be able to begin rehearsal this evening as planned, but will be postponed until a later date.

## 20 YEARS AGO IN GREENCASTLE

The Greencastle Orphans Home, south of Vandalia, was burned to the ground.

F. C. Tilden addressed the bankers of Knox and Sullivan counties at Sullivan.

Jack Davis, of south Locust street, attended the state poultry show.

Harry Stamp was elected president of the Draft Horse Breeders Association in a meeting at Indianapolis; and Dr. T. A. Sigler was elected vice president.

## BRAVE FORCE CONTINUES TO HOLD BATAAN

VALIANT U. S.-FILIPINO ARMY  
BATTLES AGAINST OVER-  
WHELMING ODDS

JAPS IN ALL-OUT ATTACK

Nipponese Forces Seek To Drive  
Gen. MacArthur And His Men  
Back To Corregidor Fortress

WASHINGTON, Feb. 11.—(UP)—The War Department reported today that savage fighting in Bataan peninsula has "appreciably lessened" but that Japanese reinforcements indicated an early resumption of an all-out attack.

WASHINGTON, Feb. 11.—(UP)—The men of MacArthur, battered and weary but covered with glory, today neared the end of a valiant, 65-day struggle in defense of the Philippine island of Luzon.

In the "fox holes" of Bataan peninsula they fought with their backs to the wall against Japanese divisions overwhelmingly superior in numbers—fought as desperately as they had on the day the first invaders landed.

Today is Japan's national holiday, called foundation day, and it was believed that the Japanese forces might go all-out against MacArthur in hopes of obtaining a "victory gift" for their Emperor.

During the last few days, it appeared on the basis of official communiques, the Japanese have virtually doubled the size of their forces on the Bataan battlefield.

Without hope of reinforcement or evacuation, American and Filipino troops who probably number less than 20,000 fought 100,000 to 150,000 Japanese to keep their lines intact for a withdrawal to the rock-girt fortress of Corregidor in Manila Bay.

There, in the "Alcazar of the Pacific" with its battleship-size guns, Gen. Douglas MacArthur and his men may soon be making their last stand. Corregidor, most formidable coastal defense position under the stars and stripes, lies just off the tip of Bataan peninsula and is strong enough to withstand a long siege, according to military experts.

War department communiques of the past 24 hours spoke ominously of tremendous reinforcements of Japanese troops surging into Bataan.

It was the story of "particularly savage" fighting, of blasting Japanese aerial attacks and of the "grim determination" of the American-Filipino troops to give a glorious account of themselves to the end.

The Japanese clearly are paying a terrific price for every inch of ground gained and the defenders mean to keep it that way.

The war department cautioned, in so many words, in two communiques yesterday that miracles cannot be expected in the jungles and mountains of Bataan, but there was no indication that MacArthur was yet falling back upon Corregidor.

Instead, it appeared that his forces still were fighting along a line anchored to the areas of Baguac and Pilar on the China Sea and Manila Bay coasts of Bataan, even counter-attacking successfully at times to prevent the Japanese from slipping up their ranks and preventing an orderly withdrawal southward.

Military informants said they believed MacArthur's lines still were 15 or 17 miles north of Corregidor and that it might be several days before any word is received of a withdrawal back upon the island fortress.

## 24 MISSING AFTER SUB TORPEDOES ARMY VESSEL

HONOLULU, Feb. 11.—(UP)—Twenty-four persons are missing and 36 have arrived at Maui from the army transport Royal T. Frank, which was torpedoed and sunk by an enemy submarine near Hawaii Jan. 28, the army announced today.

No details of the rescue were disclosed. Thirteen survivors were taken to the Maui hospital and 23 to the Maui first aid station.

(The army said in Washington yesterday that 33 were rescued and 29 were missing.)

A number of the trustees of Putnam county townships will be at Terre Haute tomorrow for the meeting of trustees of the ten counties of the Sixth Congressional district. They will gather in the Indiana State Teachers' College. President Ralph N. Tiley of the Teachers' school will welcome them and Gerald Alexander, Parke county superintendent, will respond.

## Farm Institute At Belle Union

MUCH INTEREST MANIFEST BY  
FARMERS IN JEFFERSON  
TOWNSHIP

Farmers of Jefferson township and territory nearby braved the icy roads Tuesday to attend the farmers' institute which was held in the school building at Belle Union. In fact the attendance was much better than was expected.

The speakers were Mrs. O. A. Scipio, of Lafayette, and Otis Crane who appeared at the preceding institutes this week. In addition to their addresses there were special features on the program that proved highly entertaining.

Mrs. Scipio, in her first address, sustained the reputation she had established at the two preceding institutes, this week, for pleasantness in her manner of speaking and her subject matter. She spoke this time on "The Art of Seeing Things."

Briefly, she said: "Happiness comes, not by searching for it—but as a by-product of several things. Don't envy the other fellow's job. Do your own so well that you enjoy doing it. Make yourself like it, if you don't already. Keep busy with the work at hand. Material possessions or power in themselves have never brought contentment to anyone."

"Cultivate a sense of humor. Find something everyday to laugh at—if it is only yourself. See the other person's point of view. Learn to work with him."

"Only through cooperation can we have a better community; better homes; better family relationships. "All these help to bring happiness and contentment."

## A WARNING

Yesterday and today children returning to their homes from school are sliding in the middle of the streets. These are small children and apparently do not realize the danger as, with the streets coated with a layer of ice it is almost impossible, at times, for motorists to bring their cars to a stop.

In one case the child did not see the car approaching and if the motorist had not been going very slowly there might have been a fatal accident.

We urge the parents to see that their children are kept out of the streets and to find suitable places for them to slide. There should be many safe places so tragic accidents may be prevented.

## Japs Claim Singapore Has Fallen

Calcutta Says Radio In Far  
East Base Heard  
At Noon

CALCUTTA, Feb. 11.—(UP)—The Singapore radio still was broadcasting at noon today.

TOKYO, Feb. 11 (Official broadcast recorded by UP in San Francisco)—Imperial headquarters announced at 8:30 p. m. tonight that Japanese troops had entered the city of Singapore at 8 a. m. today.

LONDON, Feb. 11.—(UP)—The Evening News said today that "heavy fighting" was in progress on the approaches to Singapore city as British defenders stubbornly resisted the Japanese under reported orders to "fight to the last man."

LONDON, Feb. 11.—(UP)—Reliable informants said today that the Singapore radio was believed to have gone completely silent, while London, gloomily and almost hopelessly awaiting news, prepared itself for one of the greatest blows of the war.

The last word from the besieged city was that the imperial troops were fighting desperately, with no hope of reinforcement and under the attack of great swarms of Japanese planes.

Informants said that the Singapore radio last heard clearly at about 3 p. m. yesterday (10 a. m. EWT yesterday.)

Throughout the long hours since then the most powerful radio monitors in Great Britain had listened vainly for the station.

The customary 10:30 a. m. (5:30 a. m. EWT), Singapore transmission failed to come through today and experts expressed fear that the station was out of action.

The station was off the air for a time yesterday, and then signals were bad. But now, it was indicated, the station actually had gone silent, whether to resume or not nobody knew.

## Omer Lee Wilson Called By Death

UNITED STATES  
KNOWN RESIDENT OF  
HEBRON COMMUNITY

Omer Lee Wilson, age 65, of Russellville died Tuesday afternoon at 3:50 o'clock of complications in the Culver hospital where he had been a patient for eight days.

Mr. Wilson was born October 21, 1885, in the Hebron neighborhood, the son of Charles P. and Hannah N. Wilson. He was a member of the Hebron Christian church and a member of the Odd Fellows and the Knights of Pythias lodges.

Surviving are, two sisters, Mrs. Addie Clodfelter of Russellville and Mrs. Lula E. Simpson of near Russellville and a brother, Ellis H. Wilson, also of Russellville.

**RATIONING BEGINS FEB. 15**

WASHINGTON, Feb. 11.—(U.P.)—Nation wide rationing of retreaded and recycled tires will begin Feb. 15. Price Administrator Leon Henderson disclosed today.

He added that it is quite probable there will be no crude rubber available for retreading except for the small number of vehicles already eligible to obtain new tires and tubes. A certain amount of camblock—

under compound used for retreading will be made available each month to permit retreading or recapping of truck tires, Henderson said. None will be available this month for passenger car tires and perhaps none for March, he said.

Rationing of retreads and of all grades and types of camblock will be carried out through the same machinery now employed to ration new tires and tubes.

Dr. Clement T. Mahan, state superintendent of public instruction, in announcing the appointment of Mrs. Susan M. Ostrom, Indianapolis, as director of the newly created division of public relations of the state department of public instruction, points out the increasing need particularly during the war emergency, of closer co-operation between the schools and the community. The purpose is to interpret to the public, the problems, policies, and work of this state department. Mrs. Ostrom will assume her duties at the office of public instruction in the state house, February 14.

**STATE AUDITOR SPEAKS**

(Continued from Page One)

New taxes were added by the 1941 assembly and none of the existing taxes were increased. In spite of the reduction, Republican offices in the state are living within their means and proving that a sound government may be maintained on sensible appropriations.

The speaker extolled an Abraham Lincoln who guided the ship of state through the nation's darkest days and accomplished the goal by calling on the leaders of the day—even those who were his enemies—for counsel and free expression.

"Where are the leaders of today?" he asked. "Where are James Farley, Wendell Willkie, Joseph P. Kennedy, Charles Evans Hughes and other proven leaders? Why are they not in responsible positions now held by the starry-eyed, day-dreaming Harry Hopkins, Harold Ickes and Mr. Perkins, patronage-conscious favorites who have failed to have been the object of constant ridicule?"

**SOYBEANS FOR SEED**

The Secretary of Agriculture has asked farmers to withhold soybeans suitable for planting purposes from crushing. Since our nation is now engaged in a conflict, it is very important that a large acreage be planted to soybeans for harvest in 1942. In order that a large acreage of soybeans may be had, it will be necessary for all available seed to be used for that purpose and not crushed for feed at this time.

The important thing to be considered is the germination test on the seed. So many of the soybeans harvested this year were harvested late, and as the result, the germination is low.

The national goal for soybeans is a 54 percent increase over the 1941 crop. In Putnam county the increase over the 1941 crop was 76 percent as indicated by a recent survey. In view of these facts, it can readily be seen that it is going to take several bushels of seed. Producers of soybeans are urged to have a germination test made immediately and hold from market the high germinating seed of the following varieties: Danfield, Richmond, Illinois, Manchus, Mandell.

To insure producers against loss from holding the seed, the Commodity Credit Corporation has offered to buy all lots of unmixed approved varieties of soybeans remaining on hand May 31, 1942 at a price of \$2.00 a bushel, provided the germination is 85 percent or better.

Farmers having soybeans suitable for seed should report them to the agricultural agencies at the Putnam county court house. Inquiries for soybean seed are being made daily at the county agent's office, as well as the Triple-A office, and either agency would be glad to list the seed and submit the information when inquiries are made.

• Dreamt I had to bathe 159 babies when along came a pure white Swan and it was as mild as imported castles and it turned into a BIG cake of soap and guess what the soap was? SWAN!

• Woke up late—but was all showered and dressed in half the time, because Swan lathers twice as fast as old-style floaties. Goodie!

Two convenient sizes—Large and Regular

• Georgie says the only thing harder than my head is Swan Soap. He just talks like that because Swan is harder than old-time floaties.

• What fun I have now, doing dishes, what with SWAN laugh-laugh-laughing at hard water! Nothing stops SWAN from knocking up wonderful suds.

## A Farm Record Book Is Available

A special offer helpful to its farm readers is made in this issue by The Daily Banner. As a result of arrangements completed through the state newspaper association this paper can offer a copy of "Agricultural Records," the easy accounting system for farmers, with each one year new or renewal subscription to this newspaper for a total combination price of \$4.89.

The newspaper has arranged to make this offer possible because of the increased importance of farm records under the new federal revenue law which requires millions of farmers throughout the nation to file an income tax return this year for the first time.

The revenue law specifically requires the keeping of records as well as the filing of an income tax return by all farmers who have an annual gross income of \$750, if single, or \$1,500, if married. The law (Section 54, A) reads:

"Every person liable to any tax imposed by this title or for the collection thereof, shall keep such records, render under oath such statements, make such returns and comply with such rules and regulations as the Commissioner, with the approval of the Secretary, may from time to time prescribe."

Another section of the act (Section 55, A) further provides:

"Any person required under this title to pay any tax, or required by law or regulations made under authority thereof to make a return, keep any records, or supply any information, for the purpose of the computation, assessment, or collection of any tax imposed, by this title, who wilfully fails to pay such tax, make such return, keep such records, or supply such information, at the time or times required by law or regulations, shall, in addition to other penalties provided by law, be guilty of misdemeanor and, upon conviction thereof, be fined not more than \$10,000—or imprisoned for not more than one year, or both, together with the costs of prosecution."

Form 1040F which must be filled out with the income tax return requires a detailed record of all income from live stock, grain, hay, cotton, tobacco, potatoes, sugar beets, vegetables, fruit, nuts, dairy products, eggs, meat products, poultry dressed, wool, honey, sorghum, merchandise received for produce, machine work, hire of teams, breeding fees, rent received in crop shares work of farm and forest products.

The farmer must also report sale of livestock and other items purchased, depreciation of property and equipment, and farm operating expenses, which are broken down into 17 classifications.

Because it is obvious that no farmer can make the report required by this income tax form without a careful system of records, this newspaper is making its present offer to aid him in handling this task with the least trouble. "Agricultural Records," which is being offered to farm readers by hundreds of newspapers, throughout the nation, is a simple system of records which requires no knowledge of book-keeping and little time. It will enable the farmer to keep the facts required for income tax filing with less trouble than any other system which has come to our attention.

A copy of "Agricultural Records" will be on display at The Daily Banner office. A member of the paper's staff will be glad to explain the working of the record system to any farmer who calls at the office for that purpose. Complete details of the special combination offer will be found in an advertisement in this issue.

### Voncastle

Ten song numbers ranging from sentimental ballads to modern boogie woogie are featured in Universal's newest musical hit, "Swing It, Soldier," which comes to the Voncastle theatre Wednesday and Thursday.

Heading the picture's cast are such stellar personalities as Ken Murray, Frances Langford, Don Wilson, Hanley Stafford, "Brenda" and "Cobina" "Senor Lee", Iris Adrian, Susan Miller and Skinnay Ennis and his band.

Leading the tune parade is "I'm Gonna Swing My Way Up To Heaven," written by Eddie Cherkose and Jacques Press, co-authors of a long list of hit numbers in recent years.

## Making a Soldier of Sugar

AS we have sent men abroad to fight for America—as we have sent money—as we have drafted steel, with other commodities, into fighting-service or enlisted wheat and other fighting-foods—so we must make a soldier of sugar.

Nutrient for the nations at war is as vital to the outcome as the powder that feeds the guns. A great nutrient in time of peace—in war a veritable sinew—sugar is now called upon to play a heroic part, to supply the peoples of our Allies—whose strength is ours.

To wrap up sugar in the American flag, so to speak, and put it into the fight becomes a duty of loyalty. It will be borne cheerfully by every industry, every dealer, and every individual it falls upon. Upon certain industries it falls heavily—and especially on the workers who derive their living from them. Yet the American civilian is in this war with the soldier. American business great and small, American capital from Wall Street to the remotest country bank, is with the Government every step of the way. The U. S. means U. S. All of us, are in the fight with everything we have.

This company regards it a privilege to contribute to the war effort in any way possible. To the end of conservation we pledge our efforts in every direction that opportunity may disclose, in manufacture as well as beyond the scope of our immediate interests; and in this effort generally we bespeak the co-operation of dealers and consumers everywhere.

THE COCA-COLA COMPANY  
ATLANTA, GA.

## WORLD WAR I 1917

The United States Government restricted the use of sugar in World War I. The response of The Coca-Cola Company was expressed in the newspaper advertisement reproduced at the left.

# Again, Sugar enlists for Victory

## WORLD WAR II 1942

History repeats itself in World War II. Sugar has been called to war again. Our government has restricted the use of sugar for all. Naturally, that includes Coca-Cola.

You'll continue to find Coca-Cola around the corner from anywhere, though we regret that you won't be able to enjoy the pause that refreshes as often as you might like. Our volume has been reduced. But this we pledge: the character of Coca-Cola will be unimpaired. The American people can continue to trust its quality.

As in 1917, we count upon the patience of dealers everywhere. Conserving sugar is another step toward Victory. Whatever any of us may have, or may not have, Victory we must have above all else!

## William A. Bishop Heads Conference

### LOCAL HIGH SCHOOL PRINCIPAL AND LOCAL COACH HONORED TUESDAY

William A. Bishop, principal of Greencastle high school, is new president of the South Central Athletic Conference, an organization of high schools in southern Indiana.

Bishop was elected at a meeting in which Washington high school of Indianapolis withdrew from the conference and Martinsville high school was taken in its place.

Schedules for the spring sports in the member schools were adopted. Ray Scott, coach at Martinsville, was elected vice-president of the conference and Chester Elson, Greencastle coach, was selected secretary-treasurer.

Washington withdrew from the conference because officials said the school could not arrange schedules for enough football and track contests in the conference to compete for the organization championships.

## DePauw Chapel

President Clyde E. Wildman of DePauw University addressed the weekly religious chapel Wednesday on the subject of "Freedom."

He based his subject on an editorial written by Hazel Parker for the Louisville Courier-Journal. The editorial is simply titled "Freedom is Simple Stuff." Dr. Wildman added to her remarkable list of definitions of freedom some of his own.

"Freedom," he said, "is H. V. Kaltenborn telling Mrs. Roosevelt that she should resign from the O.C.O. It is Mrs. Roosevelt refusing to take the hint."

"It is the current of a river moving between restraining banks to the distant sea."

"It is Latimer and Ridler burning at the stake because of their stand for religious freedom."

"It is Jack Coons, William Arbuckle and Lee Louderbeck, DePauw men, laying down their lives in the desperate fight for freedom."

"It is the opportunity of every man to earn his bread in the sweat of his brow."

"It is worship chapel with the choir, the faculty and students coming into a deeper understanding of the mystery and the magnitude of life."

"It is the chance for a man to sit in the shade of his own vine and fig tree with none to make him afraid." "Freedom," he concluded, "is the chance men take when they try to live like God."

### INSTRUCTIONS RECEIVED

INDIANAPOLIS, Feb. 11.—First instructions for the handling of passenger car rationing have just been placed in the hands of local rationing boards, according to Clarence A. Jackson, director of the Indiana State Defense Council.

Primary facts concerning passenger car rationing, Mr. Jackson said, are:

(1) Until Feb. 26, only those users of cars who actually purchased new cars on or before January 1, but did not get delivery, will be eligible to obtain new cars. These persons will be able to get their cars only if they are able to produce evidence that the purchase was made, and make application for a new car certificate to the local rationing board between February 12 and 25 inclusive. The certificate will authorize the dealer to make delivery.

(2) On and after February 26 it is understood, although no official regulations have been issued, that only those persons now eligible for new passenger tires will be able to buy new passenger cars. In general, this eligibility list includes only doctors, visiting nurses, veterinarians and

persons whose cars are necessary for public police, health and mail services.

Delivery of new cars to consumers has been prohibited since January 1. Evidence that purchase of a car was made on or before that date, and that a person is therefore entitled to delivery, includes signed contracts, bills of sale or correspondence relative to the car purchase; cancelled checks, entries in a dealers receipt book, journal or order book or proof that a used car had been traded in to the dealer, and evidence that the new car was in the seller's hands or in process of shipment to him on or before January 1.

## High School Highlights

(By Georgia Anne Zeis)

The High School A Cappella Choir provided the convocation program for Tuesday, February 12.

This is the first time this year that the student body has had a chance to hear this group. During the months of "seclusion" the choir has worked diligently, and the results were evident Tuesday. This year's choir is decidedly better than last year's. Intonation, phrasing, and tone have improved, as have the enthusiasm and feeling which the members put behind their singing.

Under the direction of Mr. Pennington, the choir sang Bach's "Rejoice and Sing," two Russian numbers, "Bless the Lord" and "Inch. Thine Bar, O Lord;" "Lullaby," by the modern composer J. W. Clokey, a madrigal, "Lady of Loveliest Eyes," by D'Indy; Roger Quilter's "Non Nobis, Domine;" Sibelius' "Onward, ye Peoples;" "The Lord's Prayer," by Josephine Forsyth; and, as a novelty, Mr. Pennington's own arrangement of "The White Cliffs of Dover."

At the end of the program the audience was of the opinion that the A Cappella Choir is an organization of which the school may be proud. The next project will be the annual opera, which is to be given some time in April. The choir's newly acquired proficiency gives promise of the best opera in several years.

### BALMY SPRING IN MARCH

#### FORECAST BY HOOSIER SAGE

Sam Ryan, the sage of French Lick, who correctly predicted that the winter of 1941-1942 would see some of the coldest weather in recent years, is not content to rest on his laurels. He foresees one of the earliest arrivals of spring on record.

According to Ryan, who bases his forecasts on such factors as actions of chipmunks and squirrels and close study of hardy plants, warm spring weather can be expected by the
