GAMBLING LID TIGHTENED IN GREENCASTLE

STRICT BAN WILL BE EN-
FORCED IN ALL PUBLIC
PLACES

There will be no more gam-
bling in public places in Green-
castle. This was the statement
of Chief of Police Marvin Skim
Thursday morning.

Since the grand jury has spent
more than two weeks investigat-
ing public gambling and other
matters and it has cost the tax-
payers of the county hundreds of
dollars to stop gambling, now
would be an excellent time for
this form of amusement to be
stopped permanently.

County sheriff Sutherland clamped
the lid on gambling a couple
of months ago, but it has been
found to be a dangerous angle since
however, it is his duty to see
that gambling machines shall not
be used in Putnam county.

Due to the big furor his
gambling order caused, its high
time that laws on gambling be
enforced. The sheriff and the city
police take an oath that they will
uphold the law and now that all
officials have decided to enforce
the law, it will be a fine time to
start clean and keep clean.

Police Probe Boxer's Death

SAN JOSE, CAL., March 31
(UP)—Ray Blackmore, police
chief of San Jose, was conduct-
ing an investigation today into
the death of 24-year-old boxer
Billy Cornwell on Tuesday night
and another investigation of the
slangy will be launched Monday
by the State Athletic Commis-
sion.

Cornwell died in a hospital 14
hours after being knocked out by
Mike Martinez of Stockton, Cal.,
in the ninth round of his
scheduled 10-round bout. His
death was attributed to cerebral
hemorrhage.

It was believed that both in-
vestigations would be interest-
ing in the amount of padding on the
floor of the ring in which the
fatal accident occurred. Observ-
ers at ringside said, Cornwell's
head bounced hard on the canvas
when he was knocked out.

State rules require a two-inch
padding on the floor of boxing
rings, but Chief Blackmore, ac-
companied by sports editor Bill
West of the San Jose News, in-
spected the mat yesterday and
found only one inch of padding.
Don Shields, Northern Cali-
fornia boxing inspector, said the
mat had been examined and ap-
proved by Inspector Rev. Todd
Shimone March 18.

Chief Blackmore said he would
not file the usual technical
charge of manslaughter against
Martinez until he ascertained
that Martinez was responsible
for the tragedy.

A preliminary investigation
yesterday revealed that Cornwell
and friends gave up boxing in
1947 after being knocked out by
Mike Diaz of Los Angeles in the
San Jose ring. At the time Corn-
well believed he had suffered a
slight concussion. However, he
returned to the ring and won the
lowa state lightweight crown.

The death was the third ring
fatality in the United States this
year, and the first in California.

20 Years Ago IN GREENCASTLE

Thieves stole about 100 foun-
tain pens, valued at \$500, from
the Southard bookstore during
the night. The A. J. Duff coal of-
fice was also entered but nothing
was reported missing.

An Overland sedan belonging
to Ross Runyan was damaged
when high wind pushed the top
of the garage down on the car.
Several interurban poles were
blown down by the storm delay-
ing traction car service about
four hours.

Miss Pearl Young was home
from LaPorte.
Mrs. John Cartwright was hos-
tess to the Fortnightly Club.

night.

Those initiated were James
Froyer, editor of The Mirage;

Abbott Heads Local Rotarians

A. A. Abbott, popular Green-
castle man and railroad agent at
Lamedale, was elected president
of the Greencastle Rotary Club
at the weekly luncheon meeting
on Wednesday. Howard Williams
was named vice president; Ross
H. Azbell, secretary; Edward
Smythe, treasurer; and Dr. C. N.

Following the election a talk
was given by Major Russell
Alexander on his experiences
with the American occupation
forces in Germany. Stationed at
Frankfurt, Major Alexander
gave some interesting sidelights
on the operation of the Berlin
air lift. The speaker said that
the air lift planes take off from
both Frankfurt and Berlin every
minute and a half on a twenty-
four hour schedule.

Major Alexander is on leave
for a visit with his family here
before reporting to Washington
for further duty.

Jonathan Houck was a guest
of the Greencastle Rotary Club.

Judge Ponders Tuition Case

TERRE HAUTE, Ind., March
31 (UP)—Judge Clay A.
Phillips, Vigo county superior
court, today had under advis-
ment a plea by 19 parents that
their children be allowed to at-
tend school without paying tu-
ition.

Phillips said he would rule on
the request for temporary in-
junction against the officials of
the Honey Creek township school
April 8. He said the delay was
necessary to allow the plaintiffs
to post bond, in case the final
decision in the case was in favor
of the school authorities.

The case went into the court-
room Feb. 18, when the parents
sued to force the township
authorities to permit their chil-
dren to attend school without pay-
ment of tuition.

The ruling on April 8 will cov-
er the remainder of the school
term, Phillips said. He added
that a trial would be necessary
to determine all of the issues at
stake.

Evidence in the injunction
case was presented Monday and
Phillips heard arguments of at-
torneys yesterday. The children
presently are attending classes
under the terms of a temporary
injunction issued by Phillips in
February.

RENT CONTROL BILL IS SIGNED BY PRESIDENT

MR. TRUMAN UNEXPECTED-
LY PRAISES MEASURE
HE MADE LAW

WASHINGTON, March 31.—
(UP)—A new rent control law,
unexpectedly praised both by
President Truman and the Na-
tional Association of Real Estate
Boards, goes into effect tomor-
row.

Mr. Truman signed the bill
late yesterday and described it
as a "crushing defeat for the
real estate lobby."

Later, a spokesman for the
real estate association said the
main point of the new law is lo-
cal option and it is "a positive
decontrol measure as intended by
Congress." For the first time,
he spokesman said, "we have a
bill which outlines a system for
ending controls," instead of the
more stringent measure sought
by the President.

Earlier this week, the associa-
tion's executive vice president,
Herbert U. Nelson, had warned
the President in a telegram that
by signing the bill, he might
bring on "mass unemployment,
a housing shortage and a general
business depression."

In a statement accompanying
the signing, Mr. Truman said
he rent bill was passed by Con-
gress "despite the propaganda
savage which was designed to
destroy rent control altogether."
"The passage of this effective
rent control law," he said, "clear-
ly demonstrates the purpose of
the Congress to maintain ade-
quate protection for tenants un-
til the housing shortage is re-
lieved."

Many persons expected Mr.
Truman to criticize the measure
because he had asked for a flat
15-month extension of controls
instead of the 15-month provi-
sion finally adopted. The Presi-
dent also had frowned on "local
option."

Some quarters interpreted Mr.
Truman's praise of the bill as
another indication that he is de-
termined to try to get along with
the Democratic-controlled Con-
gress. The rent bill is the first
of the President's major cam-
paign promises which Congress
has redeemed in three months of
work.

The local option provision al-
lows towns and cities to end rent
control in their areas if the state
governor gives his okay.

Rent Director Tighe E. Woods
said the new law's provision as
regarding landlords a "fair net op-
erating income" is more equit-
able than the present "hardship"
procedure in which landlords
must prove the need of a rent
increase.

Coed Unaware Of Excitement

CHICAGO, March 31.—(UP)—
Anne Bernhard, pretty
20-year-old daughter of Editor
Andrew Bernhard of the Pitts-
burgh Post-Gazette, said today
she never knew that a four-state
search had been underway for
her.

The auburn-haired girl, report-
ed missing since last Friday
turned up at her university in
Chicago dormitory late last
night. She said she had stayed
with Chicago friends instead of
going to the campus after re-
turning from a vacation visit
with her aunt, Mrs. Floyd Piff-
ner, Chillicothe, O.

University officials reported
her missing after Mrs. Piffner
told them she had left Chillicothe
for Chicago last Friday. They
said that Miss Bernhard, a gradu-
ate English student, was not re-
quired to be in her dormitory
room at curfew time.

HEART ATTACK FATAL

KNOX, March 31.—(UP)—A
verdict of death by a heart at-
tack was returned today by Cor-
oner J. Robert Matthew in the
death of Maurice Neville, 45,
Hamlet, who died after the truck
he was driving crashed into a
plate glass window at Hamlet
yesterday. Matthew said he had
not been able to determine if
Neville suffered the heart at-
tack before or after the accident.

ACCUSED DOG MUST LEAVE TOWN

foundland's defense before Weymouth, Mass., Board of Selectmen,
which decided the dog could live, but not in Weymouth. A petition
signed by 26 persons says "Dixie" is a nuisance, vicious, should be
destroyed. Now the Bakers must find a home for her away from
Weymouth. About 150 attended meeting. (International Soundphoto)

Band To Leave On Spring Tour

The DePauw Concert Band,
under the direction of F. P. In-
ghis, will leave the campus by
chartered buses for its 1949
Spring Tour on Wednesday
morning, April 6th. Concerts will
be given in the following Illinois
cities, Effingham, Mattoon and
Hoopeston. A visit to the Band
Building of the University of
Illinois is also included in the
Band's itinerary.

Ronald Williams, music school
senior, will appear in a dual role
as piano soloist with the Band in
a performance of the Grieg
Piano Concerto and in his usual
chair as clarinetist for the re-
mainder of the program. William
Shenberger and Earl Duke, al-
so music school seniors, will ap-
pear as guest conductors of the
Band.

The program will include the
Vaughan-Williams "English Folk
Song Suite," the Moussorgsky
"Pictures at an Exhibition," the
above-mentioned Grieg Piano
Concerto, the Debussy "Petit
Suite" and the Shostakovitch
"Prelude in Eb Minor."

Syria Reported Back To Normal

DAMASCUS, SYRIA, March
31.—(UP)—Syria, under firm ar-
my control after a bloodless coup
yesterday, reopened its frontiers
and communications today and
reportedly was preparing to go
ahead with armistice talks with
Israel.

Army leaders who overthrew
and arrested Premier Khaled El-
Azam and his cabinet lifted the
strict curfew in Damascus.
Shops reopened and life in the
capital was back to normal.

Traffic was resumed across
Syria's borders with Lebanon
and Trans-Jordan. Telephonic
communications cut when the
coup was launched also were re-
sumed.

Hundreds of students marched
through Damascus streets waving
banners and cheering the
"liberation" of their country.
Deposed President Shukri Al-
Kuwatly, along with Premier
El-Azam and government min-
isters, was held in a Damascus
hospital. Reliable reports from
other middle-eastern capitals
said Syria's delegates to the
United Nations, Faris El-Khoury
and Adel Arslan, have tried in
vain to persuade Al-Kuwatly to
resign.

His resignation would pave the
way for a completely new gov-
ernment. Unconfirmed reports
said army leaders of the coup
planned to hand over temporary
control of the country to a pro-
visional government headed by
El-Khoury, a former premier
and former president Hashen El-
Atassi.

N. Y. Taxi Strike Set For Friday

NEW YORK, March 31.—
(UP)—Operators of big taxi
fleets and some independent
owner-drivers said today they
would continue service despite
threats by John L. Lewis' taxi
union that "not a wheel will roll"
when a city-wide taxi strike is
called tomorrow.

Mayor William O'Dwyer, fear-
ing the strike may develop into
one of the most violent in recent
years, ordered 2,000 uniformed
police to around-the-clock duty
starting with the walkout at
4:30 a. m. tomorrow.

The strike has been voted by
the taxi drivers in an effort to
gain recognition for Local 35,
taxi workers organizing commit-
tee, affiliated with Lewis' catch-
all District 50 of the United
Mine Workers (Ind.)

A similar strike called by
Lewis seven years ago ended in
violence and defeat for the union.
New York's taxi drivers have
never received union recognition
from their employers.

The National Labor Relations
Board is powerless to call a
union recognition election that
would settle the dispute because
Lewis has refused "on principle"
to sign a non-Communist affi-
davit as required by the Taft-
Hartley Labor Law.

Jack J. Jackman, chairman of
the League of Mutual Taxi Own-
ers, said the 1,800 members of
the league would continue to
drive their cabs to the duration
of the strike. He said they would
not be intimidated, although he
had "positive proof that 100
goons from the mine fields are
here to spearhead street tactics
in the strike."

Predict Defeat Of Amendment

WASHINGTON, March 31.—
(UP)—Senate Democratic lead-
ers were confident today they
had the votes to kill the Taft-
Hartley amendment to trim some
10 per cent from funds request-
ed for European recovery.

Floor leaders Scott W. Lucas,
Ill., said flatly, "we'll defeat it."
Other sources indicated that the
administration expected a
fairly close vote but thought
the proposal would be killed. It
was understood that adminis-
tration leaders expected to lose
a maximum of 12 Democratic
votes and to gain some counter-
balancing GOP support.

Despite the administration
claims, Sen. Robert A. Taft, R.,
O., said the amendment had a
"good chance" of being adopted.
The amendment, sponsored by
Taft and Sen. Richard B. Russell,
D., Ga., would slice \$543,000,000
from the \$5,580,000,000 request-
ed by the administration for
foreign aid spending during the
next 15 months. Lucas hoped to
force a vote on the issue by
nightfall.

Present foreign spending
authority expires at midnight
Saturday.

EAST BRACES FOR ROARING MARCH STORM

RAIN AND SNOW HEAD FOR
COASTAL STATES ALONG
ATLANTIC

By United Press
March roared out like a lion
today as heavy rain and a snow
storm swept the Midwest, head-
ing toward the Atlantic coast,
and below normal temperatures
chilled the far west.

The leading edge of the Mid-
western storm was over lower
Michigan and Indiana, moving
up the Ohio valley toward New
York and New England.

Behind it, the storm left heavy
snow blanketing the Great
Plains, inches of rainwater that
flooded roads, and gorged
streams which threatened to rise
out of their banks and flood
miles of farmland.

A delegation headed by Mayor
R. H. Kohtz and Chamber of
Commerce President V. C. Jel-
inek was scheduled to leave
Bloomfield, Neb., via railroad
handcar for Lincoln to enlist the
aid of state officials in fighting
mud that has isolated Bloomfield
and three other villages for two
weeks.

North Platte, Neb., was dig-
ging out of 15 inches of snow
that was piled into towering
drifts in a 60 mile an hour bliz-
zard late yesterday. Goodland,
Kans., had nine inches, Valen-
tine, Neb., six inches and Dever
five inches.

The heaviest rainfall was in
the Chicago area. In the six
hour period ended at midnight,
Chicago had 1.29 inches and the
Joliet still was falling. Joliet,
Ill., 40 miles away, had 1.5 in-
ches.

The Heart river was rising at
Mandan, N. D., and flood waters
poured through a break in the
dikes caused by high water
earlier this week. Water was
pouring into two neighborhoods
in Mandan.

More trouble was feared six
miles below Mandan where the
Heart joins the Missouri river.
A federal weatherman said the
Missouri's ice appeared to be
breaking up and that the chunks
might jam water into a natural dam
that would back water over low-
land sin the area.

The Elkhorn river was flood-
ing lowlands in Nebraska.
The Weather Bureau at Chi-
cago said today's bad weather
resulted from a "complicated
set of storm centers." One storm,
it said, moved northward from
Oklahoma and Kansas where
tornadoes killed three persons
and injured 32 others yesterday.

The storm moved northward to
near Omaha where it "kicked
off" a second low pressure area.
The one headed eastward today.
Temperatures dipped below
normal west of the Rockies
throughout the Pacific coast, the
American desert and the great
basin.

Snow still was falling in east-
ern Nebraska and North Dakota.
Heavy rain pelted all of Indiana,
southern and central Michigan,
the lower half of Wisconsin, all
of Iowa, and the northern por-
tion of Illinois.

Residents of Bloomfield, Crof-
ton, Haskins and Winside in
northeastern Nebraska said the
roads had made them
"worse off than when we were
snowbound in January and Feb-
ruary by the big blizzards."

Russ Boycott Former Ally

BELGRADE, March 31.—(UP)—
Russia and its cominform
satellites have quietly withdrawn
their ambassadors and ministers
from Yugoslavia in a diplomatic
boycott of their Communist for-
mer ally.

The boycott came to light to-
day when a poll of the Soviet,
Bulgarian, Romanian, Czech and
Polish embassies and the Hun-
garian and Albanian legations
disclosed that all heads of mis-
sions left Belgrade from three
weeks to three months ago.

All the countries participated
last year in the expulsion of
Yugoslavia from the cominform
and the denunciation of Marshal
Tito's government as Trotskyist.

EXTRA! Five Killed In Airplane Crash

LONDON, Ont., March 31 —
(INS)—Dr. Willard H. Dow,
president of Dow Chemical Co.,
his wife, Martha, and three oth-
ers were killed today in a plane
crash near London, Ont.

EDGAR SPRINGS, Mo., March
31 (UP)—Air Force officials
feared today that six men died
when their C-47 transport "hit a
big black cloud" and crashed in-
to a shallow pond three miles
south of here.

Army rescue teams planned to
search the plane after dawn to
see whether it contained any
bodies. The plane was submerged
in seven feet of water.

Burvin Mace said the plane
missed his farm home by just 56
feet. "It flew low over the
house at 7:10 last night," he said.

BOSTON, March 31 (INS)—

and damaged 150 houses.

WASHINGTON, March 31 —
(UP)—President Truman today
opposed Senate efforts to cut
foreign recovery funds.
He also took exception to
arguments by some senators
that a tax increase would point
the country toward depression.

WASHINGTON, March 31 —
(UP) Rent Director Tighe E.
Woods assured tenants today
that the new rent control law
does not mean "a general rent
increase for all tenants."

HINTON, W. Va., March 31.—
(UP)—Several men were believ-
ed seriously injured or possibly
dead today in the collapse of one
span of the new bridge being
built across Bluestone river near
here.

The bridge, said to be the
highest highway bridge in the
state, crosses Bluestone river as
it flows into the New river near
the huge federal flood control
dam.

Details of the collapse or pos-
sible casualties were not immedi-
ately available. All available
ambulances in the Hinton area
had been sent to the scene.

CHICAGO, March 31.—(UP)—
Chicago & North Western
Railway conductors have voted
"overwhelmingly" in favor of a
strike, a union official announced
today.

The strike vote was announced
at Cedar Rapids, Ia., by F. H.
Nemitz, senior vice president of
the Order of Railway Conduct-
ors.

A strike would involve almost
1,500 conductors and presumably
would tie up service over the
road's 9,000 miles of track in
nine midwestern, north central
and western states.

CHICAGO, March 31.—(INS)—
(INS)—Henry C. Lytton, 102-
year-old Chicago merchant

officials today predicted a new
cut in credit curbs if the defla-
tionary trend continues and a
government expert forecast a 10
per cent cut in living costs this
year.

Officers of the Federal Re-
serve Board disclosed that fur-
ther decline in new and used car
sales will mean additional relax-
ations in consumer credit con-

GRAND JURORS RECESS UNTIL SATURDAY A. M.

JURYMEN PULL ANOTHER
SURPRISE AS REPORT
WAS EXPECTED

There was considerable excite-
ment in the lobby of the court
house Thursday morning from
nine o'clock until 12, because the
grand jury was expected to
make its report in open court to
Judge Allee some time during
those hours, but at twelve
o'clock, J. Frank Durham, county
prosecutor, announced the grand
jury had adjourned again until
9 o'clock Saturday morning.

What caused the change of
plans or what prevented the jury
from reporting, was not an-
nounced. Whether any new evi-
dence had been submitted or
what change had come over the
plans was a secret of the jurors.

Shortly before the adjourn-
ment announcement was made,
the court reporter, Mrs. Fall
was called in. She remained with
the jury fifteen minutes or more
and then left the jury room.

The jurors had arranged for
their noon meal about ten o'clock
and following their adjournment
until Saturday morning they
went to lunch, and then to their
homes.

Envoys Confer In U. S. Capital

WASHINGTON, March 31.—
(UP)—Two western power en-
voys confer on world problems
here today to the accompaniment
of rumblings from behind the
iron curtain which may presage
a new Soviet cold war offensive.

Secretary of State Dean Acheson
scheduled talks during the
day with British Foreign Secre-
tary Ernest Bevin and Nether-
lands Foreign Minister D. U.
Stikker. Tomorrow he will see
the foreign ministers of France,
Belgium and Luxembourg.

It was believed that these
talks would lay the groundwork
for more intensive exchanges
after the signing of the North
Atlantic treaty here Monday.
Acheson said yesterday that he
was ready for full discussion of
all problems relating to world
peace with envoys coming here
for the pact-signing ceremony.

U. S. officials indicated the
talks might also deal with plans
for meeting an expected Soviet
counter-offensive. The State De-
partment is scrutinizing recent
Soviet moves in an effort to de-
termine how far Russia is likely
to go to offset the diplomatic de-
feat which the wedding of the
pact brought Moscow.

Diplomatic observers expect
Soviet strategy to enter a new
phase, now that all 12 nations
invited have formally indicated
their willingness to sign the At-
lantic treaty, despite Communist
pressure.

INDIANAPOLIS, March 31.—
(UP)—The FBI said today that
George Albert Van Zant, form-
erly of Richmond, was being held

ed.

Van Zant registered for the
World War II draft in Richmond
in September, 1941, the FBI said,
and had been sought since Aug-
ust, 1942.

Bainbridge Eastern Star Holds Installation

Bainbridge Chapter No. 440 Order of the Eastern Star held public installation of the new officers in the Bainbridge Masonic Hall on Tuesday night, March 29.

The retiring matron welcomed

the friends, visitors and members which included several from Fillmore, Ladoga and Crawfordville. She expressed regret that some of the retiring officers could not be present and thanked the officers and members for their loyalty and splendid support during the year.

Lovely gifts from the retiring matron and patron were given to the officers of last year.

Miss Lora Mae Bowers, deputy of District No. 9, and a member of the Athens chapter of Crawfordville, was escorted to the East where she was introduced and given a hearty welcome, after which she was appointed installing officer for the evening.

She then appointed Claire Ross installing chaplain, Phyllis Hale installing marshal and Jessie Lane installing organist.

The following officers were installed for the ensuing year: Worthy Matron, Olga Hibbs; Worthy Patron, Charlie Hendrich; Associate Patron, Edna Gray; Secretary, Frances Cunningham; treasurer, Ruth Van Cleave; conductress, Thelma Hess; associate conductress, Dorothy Smith; marshal, Claire Ross; chaplain, Charlotte Collier; organist, Maud Collings; Ada, Onald Hendrich; Ruth, Etta Collings; Esther, Beatrice Ratcliff; Martha, Achsa Cassity; Electa, Margaret Dickson; Warder, Anita Miller; Sentinel, Frank Miller.

The newly installed worthy matron was escorted to the East with the star points forming the line of march. She planned a very beautiful and impressive ceremony for the retiring worthy matron, Mrs. Charlotte Collier, and worthy patron, S. A. Collier. The star points took part, each one presenting Mrs. Collier with the colors of the several points which made a very lovely bouquet.

A lovely white Bible was presented to Mr. Collier which later was presented to the chapter by Mrs. Collier. A book "The Great Fisherman," was given the retiring officers as a gift from the chapter. Milla Higgins, Maud Collings and Carinne Couger sang two songs, one to

The retiring worthy matron assisted by Achsa Cassity as Ada, Dorothea Smith as Ruth, Beatrice Ratcliff as Esther, Marjorie Hanks as Martha and Margaret Dickson as Electa had a very pretty ceremony for the new worthy matron carrying out the same idea as the ceremony for the retiring matron. A basket of beautiful carnations and greenery were presented to her.

'DIAMOND QUEEN' MABEL BOLL III

Big diamonds in 1928. Mabel Boll in later life.

THE "QUEEN OF DIAMONDS," Mabel Boll, who went from a Rochester, N. Y., cigar counter to fame and millions in the 1920's, has been committed to Manhattan State hospital for the mentally ill, say New York reports. The blonde daughter of a bartender married a wealthy Colombian who died and left her a gold mine and fortune. She went about wearing \$1,000,000 in gems, including a 62-carat diamond on one hand and a 48-carat one on the other (see picture at left). In her fifties now, she hit the headlines in 1927 in Paris when she offered \$50,000 to be flown to the U. S. as first woman transatlantic passenger. The trip was never made. Her fifth husband is Theodore Cella, a harpist.

Looking at Life

ERICH BRANDEIS

A woman is suing the Weather Bureau for a large amount because it gave her a wrong forecast.

I forgot the woman's name, the place and the amount. But they don't matter, anyway. And even if I remembered I wouldn't mention them because I hope that because I hope that the woman is going to lose the case. That's why I wouldn't mention names and places. Almost every week now some newspaper editor or writer is sent to jail for "interfering with justice or

The fish previously had been protected between May 1 and June 15. Indiana and Purdue universities surveyed the state's fish population and it was decided young pan fish would have a better chance if more adults were caught.

This woman who sued the Weather Bureau claims that the prediction for the following day was "sunny and warm."

So she got out her car and went out for a drive, all dressed up and shiny.

Then it begins to snow and gets slippery, and she skids and runs into a telegraph pole and smashes the car and breaks her leg or something and, bingo, starts a suit.

Personally I think that any time a person who would award damages to a person like that would be as foolish as the plaintiff.

Since time immemorial weather forecasters have been wrong. Weather forecasts are one of the splices of life.

They have furnished almost as much joke material to comedians as mothers-in-law.

Thousands of people are betting every day on the weather forecast. I myself have made quite a few pretty pennies by doing that.

I have a system: I bet against the weather forecaster and at the end of the year I come out better than most successful horse-race-bettors: I almost break even.

Here is a forecast which recently appeared in a newspaper and which was bound to be at least half right. "Sunday, cloudy followed by night."

It would be a very monotonous life if weather forecasts always came true.

The very fundamental of a good play or book or movie is suspense.

The moment you know what's going to happen the interest is gone.

That is why lives that run in a daily rut and follow a set routine become dreary and dull.

Defeated Germans Faring Better Than Their British Conquerors

By Robert Musel

FRANKFURT (UP)—Things are so tough for the average German middle-class family that another cut in the standard of living will drive it right down to the British level.

That doesn't apply to Berlin, where the Soviet blockade and

the Anglo-American airlift have produced a special situation. But it's a fact that in the western zones of Germany in this third and perhaps most critical winter of peace, the specter of a decline to the austere existence of victorious Britain is haunting the head of many of a German

household. Already Germans are eyeing fearfully the first signs of such an economic retreat. The new western-backed currency is beginning to deteriorate. Cigarettes, the infallible index, are rising in price on the blackmarket. They sell now for about \$3 a pack, approximately four times the price when the new deutsche mark was introduced. But though his money is buying less, the vanquished German is better off in some respects than his victorious British counterpart.

Standing beside a few tattered Wehrmacht veterans, I stuck my nose against the plate glass window of a sumptuous new restaurant on the Bahnhofplatz—formerly Hindenburgplatz—and watched well-clad diners eating in a leather and chromium setting that would not have shamed Broadway.

They were eating from a menu which would have surprised and bewildered most Britons, restricted as they are to three-course meals costing no more than \$1.

Not all Germans, of course, can afford to eat at luxury restaurants, where wine is plentiful and food is near pre-war standards. To bring German middle-class family life into perspective, here is a comparison of the "guaranteed" weekly rations per person in Britain and Germany:

Meat—British about 12 ounces; German four ounces.

Bread—British unrationed; German two and one-fifth ounces.

Fats—British eight ounces; German seven ounces.

Eggs—British one weekly; German unrationed.

Sugar—British 10 ounces; German 13 ounces.

Milk—British two and one-half pints; German one and one-half pints.

On the face of it, that would give the British the better of it. But where the German has the edge is in the well-oiled and smoothly operating black market where anything is available at any time at a price.

There is nothing remotely resembling it in Britain. The London black market, for example, is not only very small but very hard to find.

Meat on the German black market, which runs wide-open, is 80 cents a pound, all of it you can buy. Pork and poultry especially are plentiful. Bread is 70 cents a pound, sugar \$1.50 a pound, eggs 30 cents each. Cheese is plentiful to cheap.

A German family of two or three wage-earners, each making \$20 or \$25 a week, which is a good middle-class wage, can afford at least \$12 a month and often more on the black market.

The supplement to the regular rations which that provides would make the mouth of many a British conqueror water. A good pair of shoes sells in

German for about \$10. In Britain the price is closer to \$20. A good suit in Germany costs about \$45, including the cost of buying coupons for it in the black market. A Briton would be lucky to do as well for \$80.

Maybe it is a good thing that the rubble of war remains and that American, British and French occupation troops still walk the streets of the western zones of Germany.

Otherwise, Germans reading about conditions in Britain might find it easy to forget who won the war.

4 HELD IN COURT

FRANKLIN, Ind., March 31.—(UP)—Four men charged with the holdup slaying of a liquor store clerk probably will be arraigned before Circuit Court Judge Oral S. Barnett today.

Facing charges of murder were William Caine, 27, Evansville, the alleged triggerman; Albert Hansbrough, 22, Indianapolis, accused of being the driver of the getaway car; Harold Lloyd, 23, Indianapolis, the alleged lookout; and John Parnell, 18, Louisville, Ky., charged with being Caine's accomplice.

A grand jury returned an indictment yesterday charging the four men with first degree murder in the death of Lloyd L. Abbott, 49, on March 2.

The first count of the indictment charged the men with killing Abbott in an attempt to perpetrate a robbery and the second

count charges them with killing with premeditated malice.

PLEASANTLY SURPRISED

Elder Harold McCammack was pleasantly surprised at his home near Belle Union Tuesday evening when several members of the

Deer Creek church dropped in to help celebrated his 49th birthday anniversary.

The evening was spent in conversation and singing. Several nice gifts were received.

Delicious refreshments of ice cream, cakes and

served. Those present were Mrs. Eddie Bula, Everett Masten, George Osborne, Billy, Harry and the host's family.

From where I sit... by Joe Marsh

Remember How We Talked?

It went like this at the Hooper's the other night. Hap's eighteen-year-old daughter is talking about "a real gone guy—solid—out of this world, but def."

"Now what kind of language is that?" Hap barks. "Can't she speak English?"

"I'll translate it for you," Ma Hooper says, "in the language of the twenties, when you were about twenty years old. She simply means 'this fellow is the 'cat's whiskers.' Remember how we used to talk sometimes?" Hap went back to reading his newspaper.

From where I sit, it's easy to criticize the other person when we don't take a good long look at ourselves. Sure, there'll always be some differences. I'm fond of a temperate glass of beer and maybe you would prefer ginger ale—but let's just live and let live. Because when we go out of our way to find things to find fault with in others, chances are they can find a few in us, too.
