HOGS SET RECORD AT CO. FAIR

OF SWINE START
THIS MORNING
AT CITY PARK

Art Ames, superintendent at the County Fair, said "How many hogs are there?" he said, wait and we'll see. He and assistant count and the total was the largest number by far ever entered in any county fair.

Interesting thing about entries was the large number of Spotted Poles shown up at this fair. They have come in from the biggest one evident from the Staley Turkey Showers have placed his all the way from 700 to 1000, and he is only a year, having passed his birthday recently.

by the score poured in on Sunday and Monday and Whites are also good numbers, as are Hampshires and Reds.

The hogs started morning by L. D. Stew, expected to have to complete the task in one day.

Judging required all of due to the unusually number of entries which C. J. Murphy, judge, at as hot as the sheep intense heat of the day, but despite the heat, the sheep were completed during afternoon.

GIVE WATER COOLERS TO COUNTY HOSPITAL

The Kappa Delta Phi sorority which last year installed sound proof ceilings in the corridors of the county hospital has installed three electric water coolers in the building this week. One of the drinking fountains is at the door of the surgery on the third floor, while a second one is in the corridor near the nursery and the third one is on the second floor.

The fountains cost about \$250 each and will add greatly to the comfort of the hospital staff as well as to patients who are up and around in the building.

Allen Brockway Rites Thursday

Allen T. Brockway, a native of Greencastle and a well known retired Rockville banker, died unexpectedly Monday at the home of his daughter, Frances, in Westminster, Mass.

Mr. Brockway was a brother of Ed Brockway, now residing in Phoenix, Arizona. He was born and reared in Greencastle and graduated from DePauw University. He was a member of the Phi Gamma Delta fraternity.

Mr. Brockway, who had been spending his winters in Florida since retiring from the banking business, was in Rockville two weeks ago.

In addition to the daughter, Frances, he is survived by the widow and three other daughters, Mrs. Max Chapman, Rockville; Mrs. Gray Pruett, Hemstead, Long Island, and Mrs. Charles Morris, Louisville, Ky. Funeral services will be held from the home of Mrs. Chapman, in Rockville, at 10:30 a. m. (CST) Thursday.

Expert Assails Old Age Bill

WASHINGTON, Aug. 9. (UP)—A Republican social security expert said today that the new old age insurance plan approved by a House committee would discriminate against those whose need is greatest.

This assertion was made by Rep. Robert W. Kean of New Jersey, who is recognized among his colleagues as being one of the foremost students in Congress of social security matters. He is a member of the Ways and Means Committee which drafted the new plan.

Kean told reporters the Democratic-sponsored proposal for a broad revision of old age and survivors insurance would "take away \$600,000,000 a year in benefits from those who need it most and give it to those who need it least."

He contended this would result from a provision in the plan under which social security benefits are figured for the entire time a worker is covered. Kean advocated a provision under which the worker's benefits would be computed on the basis of the 10 years in which his wages are highest.

The committee had tentatively approved at one time the 10-year average plan. But it discarded that when matters came to a showdown.

"The purpose of old age and survivors insurance is to provide benefits as a matter of right with the hope that ultimately it will do away with the necessity for old age assistance with its distasteful needs test," Kean said. "The action of the Democratic members of the committee is a step in the wrong direction."

DIES OF INJURIES

BROOKVILLE, Ind., Aug. 9. (UP)—Authorities investigated the death of Clyde Coots, 31, Carrollton, Ky., today.

Coots, a carnival worker, died yesterday in a Cincinnati, O., hospital of injuries received in a fist fight with another carnival employee here last Friday. Sheriff James F. Hixon was holding William Shuey, 34, Cincinnati, in county jail on charges of assault and battery with intent to kill.

An autopsy was scheduled in Cincinnati to learn the cause of Coots' death.

CITY TO HAVE GRADE A MILK STATES MAYOR

COLLEGE TOWN MAKES ACTION SOMEWHAT OF A PROBLEM

Mayor Harold W. Stewart announces that Grade A milk is soon to become a reality in Greencastle.

Much of the responsibility for Grade "A" milk rests with the farm-producer. Certain sanitary requirements, such as, concrete floors, milking rooms separate from the rest of the barn, milk houses with running water and cooling tanks are necessary. The distributor must also satisfy the code by installing equipment for more sanitary handling of the milk. It was thought enough grade A milk could be obtained to supply the needs of Greencastle before now, however, this has not been accomplished.

Due to the fact that Greencastle is a college town, a somewhat more complicated problem is encountered than in most cities of this size. During the summer months when the flush production is heavy, milk consumption is low. In winter months production is low and consumption is high. This variation presents a difficult problem to be solved by local dairymen.

Clark Hearing Is Wide Open

WASHINGTON, Aug. 9. (UP)—Hearings on the nomination of Attorney General Tom C. Clark to the supreme court open today with every sign pointing toward swift Senate approval of the appointment.

The Senate Judiciary Committee scheduled no witnesses but instead threw open the doors for a "day of declaration." Chairman Pat McCarran, D., Nev., said anyone who wants to may speak out for or against the 49-year-old Texan.

Several organizations prepared to present representatives to object to Clark's confirmation.

No organized Republican party opposition was indicated. Even Republicans, who did not like the nomination, conceded privately there was little chance to defeat Clark. He is expected to have near-unanimous backing from the Democratic majority.

Sen. Homer Ferguson, R., Mich., a member of the committee who has clashed with Clark in the past, said he will have "some questions" to ask about the attorney general. Ferguson said he hasn't yet made up his mind whether to oppose the nomination. He said he will decide that after hearing the testimony.

Clark himself is not expected to be present. Supreme court nominees are rarely called as witnesses and the committee indicated there would be no break with precedent in Clark's case. Representatives of the Justice Department, however, were expected to attend the hearings.

FATAL ACCIDENT

MICHIGAN CITY, Ind., Aug. 9. (UP)—One man died in a car-truck collision at the intersection of U. S. 20 and State 43 three miles south of here last night, State Police reported today.

Alex Demoss, 25, South Bend restaurant employee, died of a skull fracture and internal injuries about three hours after his car skidded into a truck driven by Paul Martin, Benton Harbor, Mich., Benton was uninjured.

State police said Demoss tried to stop for a traffic light at the intersection of the highways. His car skidded 400 feet on U. S. 20 before ramming Martin's truck.

GOP Split May Help Wage Bill

WASHINGTON, Aug. 9. (UP)—An admitted split in Republican ranks encouraged House Democrats today in their drive for passage of a 75-cent minimum wage bill.

Chairman John Lesinski, D., Mich., of the House Labor Committee told newsmen that he believes "we are going to get a 75-cent bill through the House with the help of Republican votes."

A top ranking Republican, who asked that his name be withheld, conceded there may be "some serious defections" in GOP ranks. He said that most of them will come from the New England area.

Republicans have teamed up with Southern Democrats in an all-out effort to block the administration's bill. That coalition licked Taft-Hartley repeal in the House last May.

The first day of debate drew clear lines between the two opposing forces. The issues before the House were narrowed down to a choice between two bills.

1. An administration-backed bill which would increase the minimum wage rate from 40 to 75 cents and bring about 600,000 new workers under the wage-hour act. This is in line with President Truman's campaign promises last fall.

2. A Republican-Southern Democratic coalition bill sponsored by Rep. Wingate H. Lucas, D., Tex. It would increase the minimum wage to 65 cents for the balance of this year and thereafter tie it to the Labor Department's cost of living index with a 50 cent floor.

MOSS FARMS STEER WON AT CARROLL SHOW

An Angus steer bred by Moss Farms and fed by Max Douglas, was Reserve Grand Champion fat steer in a class of 62 at the Carroll County Show. The steer weighed 1080 pounds and sold for 35c per pound at the auction. The dam was a Putnam County winner in 1946, shown by Jack Moss.

Polio Toll In State Now 37

INDIANAPOLIS, Aug. 9. (UP)—Polio has claimed 37 lives in Indiana so far this year and the 1949 case incidence toll stands at 350, the state health board said today.

Latest reported fatality was Pvt. Willis Bunyan of Fort Wayne, who died last yesterday at Percy Jones General Hospital, Battle Creek, Mich. Bunyan was taken there for treatment after his case was discovered at Camp Atterbury, where 6,000 Indiana National Guardsmen are on maneuvers.

Polio cases in Clark and Huntington counties raised to 56 the state counties with at least one case of the disease this year. Guard officials at Camp Atterbury said the barracks area where Bunyan was quartered was sprayed with DDT in an attempt to halt spread of the crippling disease.

HOME LOANS PROPOSAL HITS CRITIC SNAG

WASHINGTON, Aug. 9. (UP)—A Senate committee's proposal to let the government make direct home loans to housing co-ops ran into a barrage of criticism today.

The provision was included in a "middle class" housing bill approved 7 to 5 yesterday by the Banking Committee. Sen. John Sparkman, D., Ala., the bill's author, said he would call it up in the Senate as soon as possible.

Sen. Harry P. Cain, R., Wash., said the direct loan provisions are so objectionable they may prompt the Senate to kill the whole bill, which outlines a \$1,500,000,000 program of housing for lower and middle income families, including veterans.

The government could lend up to \$1,000,000,000, at four per cent interest, to cooperative housing groups that failed to get satisfactory private loans.

Another \$300,000,000 in direct home loans could be made to veterans whose credit is good but who nevertheless can't get bank loans at four per cent interest. No such loan could exceed \$10,000.

The provisions would put the government to the first time directly into the home loan business. Under present laws it already is deep into the Housing business through Loan Insurance and Loan guarantees.

Sen. Homer E. Capehart, R., Ind., denounced the Cooperative Loan feature as "strictly class legislation." What it amounts to, he said, is a provision by which the Federal government builds houses without requiring a down payment.

Vaughan Linked With 5 Percenters

WASHINGTON, Aug. 9. (UP)—Senate investigators have linked Maj. Gen. Harry H. Vaughan, President Truman's military aide, to the building permit a California race track got during the postwar housing shortage, it was disclosed today.

A subcommittee investigating the Washington "influence industry" planned to air the story at public hearings today. Also to be named in connection with the race track permit, it was learned, were James V. Hunt, a "management counselor" here, and John Maragon, a one-time habitue of the White House.

The subcommittee called Housing Expediter Tighe E. Woods and three of his aides to tell how the Tanforan Race Track, San Bruno, Cal., got a construction okay at a time when most non-essential building was banned.

It was the subcommittee's second go-round with post-war race track construction. A witness at yesterday's opening hearing said Hunt, whose alleged "five per cent" activities touched off the Senate inquiry, told him he got a \$15,000 fee for his part in getting a construction permit for a track at Foxboro, Mass.

HOUSE-SENATE WIDE APART ON ECONOMIC AID

500 MILLION DOLLARS SEPARATE TWO CONGRESSIONAL BODIES

WASHINGTON, Aug. 9. (UP)—The House and Senate were almost \$500,000,000 apart today on the amount of economic aid the United States should extend to foreign nations in the current fiscal year.

The differences must be ironed out by conference committees representing the two chambers.

With five weeks of the 1950 fiscal year already passed, the senate approved its much-debated foreign aid appropriation bill last night by a vote of 63 to 7. The size of the vote was noindex of the intensity of the successful fight by administration forces to kill a series of proposed restrictions on Marshall plan funds.

The senate version carried total funds of \$5,647,724,000, an increase on the surface of \$30,254,000 over the House-approved figure and a reduction of \$674,820,000 below the administration requests.

But the Senate Appropriations Committee figured that the senate bill actually represented a cut in the House-approved funds—not an increase. It estimated that this reduction amount to \$479,871,420.

For the European cooperation administration. The senate voted \$3,628,380,000 for the 12 months of the current fiscal year. The House voted \$3,569,470,000 but authorized spending that amount in 10 1-2 months.

The Senate Committee figured that the House spending rate was equivalent to \$4,078,251,420 for 12 months.

Polio Fatal To Reese Frost, 23

Funeral services for Reese Frost, age 23 years, polio victim will be held Wednesday morning at 10 o'clock from the Methodist church at Lovington, Ill. The body will be taken to the Union cemetery near Hoosierville at 1:30 o'clock Thursday afternoon where final services and interment will be held. The casket will be open for graveside services.

Mr. Frost was working for the Pennsylvania Railroad at Lovington, Ill., where he was stricken with polio two weeks ago. He died Sunday night in the city hospital at Decatur, Ill.

Born in Brazil, Mr. Frost, was the son of Leonard and Nettie Job Frost of Poland. He graduated from Brazil high school in 1943, where he was active in school work and was a member of the National Honorary Society. He was a member of the Methodist Church at Lovington. Surviving are the widow, Wilma, a five months old son, Leonard, his parents, one brother, Murel of Rockville, and three sisters, Violet, Ruby, and Gianetta, all of near Poland.

EXTRA! DEFENSE HEAD MAY ACCEPT CUT IN ARMS AID

WASHINGTON, Aug. 9. (INS)—Defense Secretary Johnson indicated today he would accept a proposal by Sen. Vandenberg, R., Mich., for a 50 per cent cut in the first year's cash outlay for the \$1,450,000,000 arms-aid program.

At the same time, Johnson said he would consult with President Truman before taking any action if Congress demanded that Gen. Douglas MacArthur be ordered home to testify on the arms legislation.

Johnson testified that U. S. officials have highly secret information regarding the impact on Russia's economy created by the cost of maintaining her "tremendous" standing army. He said he could divulge this information only in closed session.

Chicago Bank Teller In Custody

CHICAGO, Aug. 9. (INS)—A 38-year-old bank teller was taken into Federal custody today after the suburban Oak Park Trust and Savings Bank said he had admitted the theft of about \$10,000 for horse racing bets.

The teller, an employee of the bank for 20 years, was identified as John Hagenauer.

Woods Testifies

WASHINGTON, Aug. 9. (INS)—Housing Expediter Tighe Woods told Congress today that alleged "five percenters" James V. Hunt was known as "The Kingmaker" in Washington and was at least indirectly responsible for getting him his job.

Woods testified in the Senate "five percent" probe after investigators made public a hunt memo purporting to show that White House aide Maj. Gen. Harry Vaughan had a hand in an attempt to lift a ban on Tanforan, Calif., race track construction.

The memoir said that Vaughan was "damn sore" at Frank Creedon, then housing expediter, for a "brushoff" of the Tanforan group, which assertedly included onetime White House pass-holder John Maragon, a friend of Vaughan's.

WASHINGTON, Aug. 9. (INS)—Former Assistant Secretary of War Robert A. Lovett told Congress today that no outside interests influenced the army's original arrangements for purchasing the giant B-36 bomber.

Lovett appeared before the House Armed Services Committee as the first witness in its long-awaited investigation of the six-engine plane and the role of strategic air power.

QUITO, Aug. 9. (INS)—Three more tremblers were reported today to have been felt late last night in the earthquake-devastated area of central Ecuador, where an estimated 4,000 to 7,000 persons are believed dead.

The observatory at Quito said the seismic movements, one of which was to be strong, occurred some time after 10 p. m. EDT.

It could not give the exact time of the tremblers but placed the epicenter 124 miles south of Quito in the area stricken last Friday.

The nation's polio experts conferred in New York today on methods of fighting the growing infantile paralysis menace which has stricken more than 9,400 persons in the nation in the first seven months of 1949.

Both medical and lay experts attended the first of a series of meetings scheduled on a "technical" level.

There were indications, however, that the peak of the polio wave may have passed in some areas.

SENATE IRKED BY STATEMENT OF SECRETARY

CHARGE ADMINISTRATION IS GIVING CONGRESS THE "BRUSH OFF"

WASHINGTON, Aug. 9. (UP)—Defense Secretary Louis Johnson faced charges today that the administration is giving Congress "the brush off" on the real cost of its military aid program.

Senate Ire was raised by Secretary of State Dean Acheson's admission yesterday that the amount of surplus guns, tanks and planes which could be sent Europe was an "x quantity."

Republican Sens. John Foster Dulles, N. Y., Chas. McNary, S. D., and William F. Knowland, Cal., maintained that the program would give the administration the power to send "even the kitchen sink" to Europe, if it was deemed surplus.

Sen. Arthur H. Vandenberg, R., Mich., said he would press his stand for a four or five month "token" program to hold the line until the 12 Atlantic pact nations can draft a common defense plan of their own.

Acheson opened the senate hearings yesterday. He told committee members that prompt action on the \$1,450,000 arms program is "imperative." Never before, he said, has the world been "as troubled or as hazardous as it is right now."

In a sharp exchange with Vandenberg, Acheson said he would resist any effort to cut the size of the program, which is designed to re-arm Atlantic pact powers and five other free nations.

Johnson was called for questioning on the plan by a special 25-man committee of foreign relations and military affairs experts. Here were the issues:

1. The "real cost," or "how much will it take to replace" surplus weapons to be sent abroad at cut rates. The administration says it will send out \$450,000,000 worth of arms for \$77,000,000, but Senators say that without a legal limit it could go above the billion mark.

2. Assertions by Vandenberg and others that the contemplated two-year shipment program would undercut joint planning under the pact before the treaty is in effect, by-pass congressional review and appropriation functions and cost too much money.

Young Woman Is Heroine In Fire

INDIANAPOLIS, Aug. 9. (UP)—A heroic woman led a mob in blazing clothing to safety today and another roused 11 other occupants of their burning apartment building.

Firemen said Paul William Brisben, 31-year-old bartender, owed his life to Phyllis Tibbs, 23, who found him groping in a smoke filled hall of the Saratoga Hotel after Brisben's shouts woke her up.

Geneva Dillon, 24, also was acclaimed a heroine by persons she awoke by running through the second and third floors and pounding on their apartment doors.

"I was awakened by Paul's screams and heavy pounding on the wall separating our apartments," Miss Tibbs said.

"When I reached his side of the building smoke was streaming from the hallway and I could see fire over his doorway. Just then there was a crash and Paul came stumbling out. His clothing and hair were afire," Miss Tibbs said.

FISHIN' FUN

There has been so much excitement in the big fishing contest for the past few days, that we haven't had time to mention the fact that O. J. (Hardwater) Stewart set a new record as far as this corner is concerned, when he landed a twelve pound flat head Catfish on a plug. We have heard several instances where a channel Catfish would take an artificial lure, but, to the best of my knowledge, I never heard of a Flat Head being taken in this manner. The scene of action was the local waterworks, and the same trip netted two or three nice Smallmouth Bass from the same waters.

Cloverdale Club Met

With Mrs. Crawley

The Thursday Club of the Cloverdale Community met at the home of Mrs. Clara Crawley for their August meeting.

Twelve members, four guests Mrs. Grace Wissner, Mrs. Cora Retmire, Mary Cradick, Betty Zeigelman and four children were present to enjoy the delicious dinner served at noon.

The business meeting was conducted in the usual manner with the president, Lula Cox presiding. There being no old business, plans were discussed for a picnic for members and their families. Committees were appointed to take care of this and the date will be announced later.

Entertainment was furnished by Mrs. Crawley and prizes given to Gertrude Zeigelman, Ida Sinclair, Cora Retmire, Helen Sinclair, Hallie Runnels and Alma Grimes.

After thanking the hostess for such a pleasant day, club adjourned to meet in September.

Annual Homecoming At Locust Grove

The 25th annual Home Coming at the old Locust Grove school grounds, was held Sunday, August 7th.

A pitch-in dinner was spread on tables under the tall Locust trees and although the crowd was not large, the amount of food prepared and consumed was no small item.

The president, Mrs. Hazel Michael Scobee, being unable to attend caused the vice president to assume the duties of electing officers for 1950 and presiding over the afternoon meeting.

The program committee, Milt Brown of Greencastle and Ralph Fry of Cloverdale, both former pupils of the old school, saw to it that the minutes did not drag. Mrs. Clara Hillis Reeves, who has the ability to make you see what ever she is describing, gave us an account of her trip to Scotland and back a year ago this fall. She gave our Hoosier ego a jolt when she told us, she came in contact with people on their voyage across the Atlantic who had never even heard of Indiana.

One thing was quite noticeable in all of the talks that day, was the fact that as we grow older we appreciate the friendships we made in our happy school-days and those memories bring us many pleasant moments.

Mrs. Mary Brown Priest of Bainbridge was the only former teacher present and Mrs. Lou Brown Scobee of Indianapolis was the oldest former pupil present, while Mr. H. G. Brown, of the home community was the oldest former patron present.

Jesse Priest of Indianapolis entertained the crowd with several selections on his banjo.

Mrs. Sielta Crews of Bainbridge gave a number of humorous readings.

Just before parting, all joined tune called "The More we get hands and sang the popular little

Together, the Happier We'll Be" under the direction of Milt Brown which gave us all the thought to try and make each meeting in the future better than those that have passed.

Vets Slow In Seeking Bonus

INDIANAPOLIS, Aug. 9 — With one month officially ended today, the Bonus Division of the Indiana Department of Veterans' Affairs announced only 35,000 Hoosier veterans have made application for their World War II Bonus.

At the end of business last night, 34,461 applications had been received at Bonus Headquarters, Orville Bray, Administrative Officer of the bonus, announced. Of that amount, 27,628 were from Army veterans

and 6,833 were from veterans of the Naval Services. Bray also announced at the same time that 18,800 original documents had been returned to veterans after having been checked and photostated for use in the processing of the bonus applications. The discharges are now being returned within a week to ten days after the veterans application is received.

Although one month has officially passed, actual processing work has only been under way for three weeks. Governor Henry F. Schricker, who signed the Veterans Bonus Act into law, named July 9 the official opening day. However, the first applications were not received and put through processing until the next week.

Clinton Green, Director of the Department of Veterans Affairs, and Bray stated that of the 35,000 applications received, approximately one-half or there are being classed "irregular." This classification means further correspondence will be needed with the veteran before his claim can be definitely established and in most cases is caused by carelessness on the veterans part.

Hundreds of applications have been received with improper discharge documents. Many photostate, which cannot be accept-

ed, have been sent in by veterans with their applications. Over one-hundred veterans have failed to enclose any documents with their application while a similar amount have failed to enclose the completed application.

Many veterans have failed to have their application notarized while others have been improperly notarized and hundreds of veterans have failed to answer

certain questions on the application.

SOYBEAN GRADING STANDARDS REVISED

A revision in the standards in the grade of soybeans, to become effective September 1, 1949, has been announced by F. E. Robbins, associate professor of crop production in the Purdue University School of Agriculture, who is also a licensed grain inspector. The new revision will affect grain elevator operators and Indiana farmers who will harvest more than one and one-half million acres of soybeans this year.

Under the new standards, both dockage and foreign material in the soybeans will be combined under one specification and will be called "foreign material." This ruling will eliminate dockage entirely.

Prof Robbins will conduct eight grain grading schools throughout Indiana during August and September to explain the new standards to grain elevator operators and farm leaders.

ROUGHAGE CIRCULAR FOR FARMERS, DAIRYMEN

Farmers and dairymen who are alert to cutting feed costs through feeding quality roughages may find such suggestions

in the new Purdue University circular, "Plan the Dairy Program Around Quality Roughages." The circular outlines a roughage program for feeding dairy cows that eliminates much feeding of grain. The authors show what can be done by making various roughages the staple diet of the dairy cows.

Application of principles discussed in the circular should aid Indiana milk producers in setting up a roughage plan adaptable to their different feeding requirements.

The dairy roughage circular may be obtained from county agents or from the Purdue Agricultural Experiment Station, Lafayette, Indiana.

RURAL YOUTH MEET AT PURDUE AUG. 8-12

Delegations of Rural Youth from county clubs throughout Indiana will convene at Purdue University Aug. 8-12 for the annual Indiana Rural Youth Leadership Training School. The five-day program will offer the young people a series of special interest and discussion groups in which leadership in the rural

community and the importance and methods of program planning will be emphasized.

FELT THE SQUEEZE YET?

NATIONAL FARM LOAN ASSOCIATION
Federal Land Bank Loans
Low Interest Rates Long Term

Maybe high farm operating costs and lower farm commodity prices haven't squeezed YOUR net farm income enough that you can feel it yet.

As you well know, the squeeze hurts most when you have debt . . . debt that calls for heavy payments at high interest rates . . . or off season payments.

Don't let farm debt hurt you! Get a long-term FEDERAL LAND BANK LOAN, amortized over 20 to 40 years.

The small payments each six months will protect you — and your family — during LEAN YEARS when net farm income is low.

Too Hot To Work

BELLEVILLE, Ill. (UP) The heat wave proved too much for two enterprising burglars. A tavern owner, Martin H. Fisher, said the pair dragged an 800-pound safe out to the sidewalk. At that point, they apparently yielded to the weather, for the safe, containing \$300, was unopened.

Wished Him Luck

BRISBANE, Australia (UP) — because of a provision in his wife's will, M. V. Crowe will receive a lottery ticket, once a fortnight for as long as he lives. Mrs. Crowe left \$120,000.

CARD OF THANKS

We wish to thank our kind neighbors, friends and relatives for expressions of sympathy, lovely floral offerings and other courtesies extended at the passing of our devoted husband, father and grandfather, Harvey Shuey. We also wish to thank Rev. Jesse Dunn for his comforting message and Sandra Funeral Home for tactful and understanding services.

FINCASTLE

Mrs. Mildred Newkirk and son of Arizona spent a few days with her sister, Mrs. Annis Grider.

Luther Steele and family and A. A. Huber and family returned home Saturday from Shafter Lake where they had spent the past week.

Mr. and Mrs. Leslie Brothers, Mr. and Mrs. Jay Ellis, Mr. and Mrs. John Myers and Mr. and Mrs. Jesse Ford motored to Evansville Thursday. They visited the refrigeration plant there.

Mrs. Jesse Hartman called on Mrs. Laura Foster and Mr. and Mrs. Elmer Hays Sunday afternoon.

Mr. Runyan and family visited Mrs. Alice Detro Sunday. Mr. Leonard Boher and family left Monday morning for Michigan for a few days visit with Mrs. Boher's sister and family.

Our neighborhood was blessed with baby boys this week. On Aug. 2nd, a boy was born to Mr. and Mrs. Courtney Sutherland and on Aug. 5 a fine big boy came to bless the home of Mr. and Mrs. Floyd Harness.

Mrs. Gladys Fry came Sunday for a visit with Mrs. Alice Detro.

Several from here have gone to work at the canning factory in Ladoga.

James Madieco and family and Malcolm Lawler and family attended their reunion in Greencastle Sunday.

A Little of . . .

THIS AND THAT

JIM ZEIS

Have you lost anything besides your reputation lately?

If you have, we suggest that you visit the lost and found department at the Voncastle theater.

We spent several minutes in the theater office with Karl Sutherland, the manager, yesterday afternoon, and after talking with him we have decided that a lot of people are pretty careless.

Everything from a button to a girl's dress have been turned in at the office by Jim Macy, the custodian. In some cases, some item belonging to one person has been found two or three times.

The most common items left in the theater are scarfs, caps, gloves and hats.

The most unusual items—three in number—have been a girl's dress, a woman's silk stocking, and of all things, a mouse-trap!

A number of items of considerable value have been left in the theater, but fortunately were found by Mr. Macy. This group included \$104 in a woman driver's license envelope; a diamond-studded sorority pin, and a young man's billfold containing \$78.

Several billfolds, pocketbooks and purses with \$5, \$10 and up to \$54 have been found.

Bank books, check books and legal papers have also been left in the theater but were later claimed by their owners.

Wrist watches, a pocket watch and an expensive sport coat—the latter two still unclaimed—have been among the lost items.

Glasses, sun glasses, spectacle cases, fountain pens, pipes, toys, combs, sweaters, children's shoes, belts, ear rings, brooches and even clothes pins have all

found their way to the Voncastle office. Many of these are still awaiting ownership.

We've figured out all of the lost items but the woman's stocking and the mouse-trap—those two have us stumped!

If you want to see a couple of unusual eggs, take a glance in the Central Bank window at the two being displayed by Shirley Ann Beaman, of 202 West Columbia street.

You should have heard state policeman George Heck and Fire Chief Bill Lawrence arguing about buying a beef calf. It finally concluded in a partnership deal—not that they didn't trust each other!!!

Had an interesting fellow in the office Monday, who told us that he had hitch-hiked 10,284 miles since June 11th. Gene Lamberson, 32, is a coal miner but he also likes to see America first! He left his home in Martin's Ferry, Ohio, and as Horace Greely once advised, headed west to California. He carried proof of his travels and hoped to be home by Thursday. He left Greencastle for Michigan City where he planned to go directly east to his home.
