MANY FEATURES SCHEDULED FOR MEETING, JAN. 11

PROFIT FROM PASTURE AND SOIL CONSERVATION SESSION HERE

A team which highlighted the Iowa-Minnesota Livestock and Land Institute will be a feature of next Friday's program at Gobin Memorial church during the annual meeting of the Putnam County Soil Conservation District and the Central National Bank's "Profit from Pasture" program.

Melville H. Cohee, Chief, Project Plans Division of the Soil Conservation, and practical farmer D. E. Blake of Webster City, Iowa, will discuss the program which Mr. Blake follows on his 383 acre farm.

Mr. Cohee is a Hoosier, reared on a Clinton county farm, and graduated from Purdue University. He joined the staff of the Soil Conservation Service in 1934 and now works on program development and farm conservation for more than 500 soil conservation districts in an eight state area. Prior to World War II, he spent a year in seven European countries studying their soil conservation and flood control developments which dated back to 1875. A member of the War Food Administration's staff, and was chairman of the U. S. Department of Agriculture's Interbureau Committee on Soil and Water Conservation.

Mr. Dwayne E. Blake operates his 383 acres of land with only the assistance of one full time hired hand. He operates on a four year cropping rotation and maintains a beef breeding herd of 50 Hereford cattle. In addition he has 50 brood sows, having marketed in 1950 more than 30,000 lbs. of beef and 137,000 lbs. of pork. By utilizing the grain and hay on his farm, he has realized \$158 for each \$100 of feed fed to his livestock.

Mr. Blake has always cooperated closely with his county agricultural agent, and has been a co-operator with his local soil conservation district, serving as a member of the district board of commissioners.

This part of the program will utilize colored slides to portray each step in the program which Mr. Blake has followed. Those who recall similar discussions at past meetings of Profit from Pasture will know the real value of this part of the day's program. Last year the story of the Delaware-Pennsylvania Brandywine Valley Association was presented, and James J. Wallace of Ames, Iowa did an outstanding job the year before.

Reservations for the program are beginning to come in, and another capacity crowd of 500 is expected. Those interested in the program are urged to send their reservations in without delay to the office of County Agent K. W. Harris, or the Central National Bank.

Odd Animals Kill Ill. Sheep

KANSAS, Ill., Jan. 5.—(UP)—A band of farmers beat the brush today in search of a couple of mysterious, vari-colored sheep-killing animals reported by residents and described as weighing from 50 to 250 pounds.

Forest B. Reesley, night constable, said he had been flooded with calls during the last two weeks by persons who said they had seen "orange lions, dark brown cats and black jaguars."

"We're going out and look for 'em," said Reesley, "maybe we can get a few rabbits anyway." Reesley said "seven or eight" sheep have been killed in the Kansas area and residents in various sections reported seeing tracks the size of a man's hand.

One farm youth said he saw "a terrible looking cat" that weighed at least 200 pounds and fired a shot but the beast fled.

Schoolteacher Lela Allen said that she has been unable to sleep because of howling screams she attributed to the animals. Allen Adams told Reesley he was out in his field when he came face to face with a "big shaggy thing that looked like a lion." Adams said the animal scampered into the woods before he could get a "good look."

CUBS LOSE IN LAST 3 MINUTES OF NET BATTLE

ELLETTSVILLE COMES FROM BEHIND TO DEFEAT LOCALS, 53-47

Superior height under the basket resulted in the downfall of the Tiger Cubs Friday night as Ellettsville came from behind in the closing minutes to defeat the Greencastle high school netters, 53 to 47.

With two minutes to go, the Cubs were leading the host Ellettsville squad 47 to 43. Overeagerness on the part of the locals and some splendid work by Porter, who stands 6'6", and Bastain, 6'5", on rebounds enabled Ellettsville to forge ahead, 49-47 with 20 seconds remaining.

The Cubs tried to get the ball but this weakened their defense and the winners sank two quick buckets to hold a 53 to 47 victory at the final gun.

Greencastle's boys played one of their best games so far this season, according to Coach Tom Goldsberry Saturday morning.

The Cubs jumped into a four-point advantage at the end of the first quarter, leading 11 to 7. Ellettsville warmed up during the second period and the contest was knotted at 24-24 at half-time.

At the end of the third frame, the Cubs were trailing by three points, 32-29.

It was then that the locals rallied and went ahead of their opponents, 47 to 43, with three minutes to go, only to bow out in the last few seconds.

Billy Brown rang the bell for 16 points for the Cubs. Bobby West registered nine points.

May, Porter and Lovins were the big guns in the Ellettsville attack, these three young men accounting for a total of 45 points.

Greencastle's B team came through again with colors flying, whipping the Ellettsville B squad, 40 to 26 in the curtain raiser.

2 Die In Fire Near Eminence

Herman Taylor, 65, and his aged housekeeper, Mrs. Elva Bradley, 82, were burned to death in a mysterious fire that razed Taylor's farmhouse near Eminence in Morgan county last night.

Loren Wilson, former principal of the Eminence high school, and neighbors saw the fire and found Taylor's body outside the blazing structure. The body of Mrs. Bradley was found later inside the house.

Mrs. Oran Little, another neighbor, said a mark over Taylor's heart might be a bullet wound and said a robber might have killed him and set fire to the house.

Morgan county authorities began an investigation.

Tugboat Takes Freighter In Tow

LONDON, Jan. 5.—(UP)—The tugboat Turnoil reported today that it had connected a line to the stricken freighter Flying Enterprise and was towing it in the rough Atlantic southwest of Ireland.

London shipping circles received a radio message from the tug at 9:37 a. m. (3:37 a. m. CST) saying it had attached a line and was taking the ship to Falmouth, near the southwest tip of England, 375 miles away.

The freighter's Skipper, Capt. Henrik Kurt Skansen, and a young English seaman, made fast the towrope on the crippled vessel.

Earlier reports said efforts to connect the two vessels were made throughout the night but were thwarted by fog.

The towing gear was passed to the Turnoil at 9 a. m. (3 a. m. CST). The U. S. destroyer Wilard Keith radioed that this took place in an early morning fog and drizzle.

This marked a victory for Carlsen in the first stage of his fight to save the ship and its cargo—worth an estimated \$2,000,000. The skipper had fought the turbulent seas for (Continued on Page Two)

ALLIES ACCEPT RUSS PROPOSAL IN SUBSTANCE

WESTERN POWERS AGREE TO TALKS MINUS KOREAN ARMISTICE ANGLE

PARIS, Jan. 5.—(UP)—The western powers have decided to accept in substance a Soviet proposal for a prompt high-level meeting of the United Nations Security Council as long as it does not deal with a Korean armistice, informed sources said today.

The decision was reported to have been taken at a special caucus early today of the 11 sponsors of a proposal to bolster veto-free machinery against aggression.

Russia on Thursday proposed the special top-level Security Council session at which leaders, perhaps foreign ministers, would try to break the Korean cease-fire deadlock and also survey the cold war situation in general.

The western powers, however, adamantly opposed any idea that the council take up the issue of the Korean truce negotiations. The United States expressed grave fears that the Russian move, which came as a surprise, might disrupt the discussions at Panmunjom.

But informed sources said the west had accepted the Soviet proposal to discuss the cold war in the Security Council in an effort to determine if tension might be eased. This marked recognition of wide support among small nations for that part of the Soviet proposal.

It appeared unlikely, however, that the western powers would take part in a special council meeting until after a Korean armistice has been achieved.

The Russian plan also called for abolition of the UN's collective measures committee—a group studying a plan by Secretary of State Dean Acheson to not only streamline anti-aggression machinery but also to authorize assignment of regional groups like the Atlantic Pact to act quickly on behalf of the UN in any future "Koreas". Soviet Foreign Minister Andrei Y. Vishinsky charged Thursday that this program might provoke a war.

Pair Nabbed Due To Alert Cashier

RICHMOND, Ind., Jan. 5.—(UP)—An alert bank cashier was credited today with the capture of two Indianapolis Negroes who authorities said admitted passing four stolen money orders of \$100 each.

Police said Robert T. Jones, 25, and Andrew Beeler, 25, would be returned to Indianapolis to face federal charges. They said Beeler was free on bond on charges of violating the fire-arms act and petit larceny.

They were caught yesterday after a cashier recognized serial numbers on the notes from a postal bulletin. Two of the money orders were passed in the First National Bank and two more in the Second National Bank.

Postal authorities said the notes apparently were from a pack of 60 stolen at an Indianapolis post office on New Year's eve.

It's Blackwood For Bridge

The bidding:

2 NT Pass 3 S Pass
3 NT Pass 4 C Pass
4 D Pass 6 D Pass

The Blackwood convention is useful only on those hands where all you need to know to decide about a slam is the number of aces and kings held by your partner.

On many hands, however, that information is not enough. In such cases the Blackwood convention will not solve your problems. Other methods are needed and often they require complete partnership understanding.

In today's hand, for example, when his partner opened the bidding first hand with one diamond, Mr. Champion immediately starts thinking about a grand slam. It was almost certain that Mr. Masters held the ace of diamonds.

In any case Mr. Champion could have found out about that very easily by bidding four no trump. But he figured that after gaining that information, he still would be undecided as to whether a grand slam was a worthwhile risk.

There would still be the possibility of a diamond loser. Suppose, for example, Mr. Masters' hand was:

S-Q 6 3 2
H-9
D-A-K 8 2
C-K 3 2

That hand is a sound opening and yet the odds would be against bringing in the diamond suit without loss.

Mr. Champion therefore decided to paint a clear picture of his hand and let his partner make the final decision. He jumped the bidding in hearts, then bid spades and clubs and finally jumped to six diamonds after Mr. Masters rebid that suit.

The six diamond bid made it clear to Mr. Masters that Mr. Champion had been very willing to play the hand in diamonds all along.

How could he have bid three other suits, then? It looked like at least two of the other suits were bid for the purpose of indicating no losers.

Masters had never indicated anything more than a bare minimum opening and yet his partner had taken him to six-diamonds and without checking on aces and kings in the South hand.

Holding a diamond suit of pretty good proportions and a partial fit in Mr. Champion's heart bid, Mr. Masters read the situation correctly and bid the grand slam which was easily made.

WEDDING ANNIVERSARY—Wednesday, Feb. 2nd, 1881, the 63rd anniversary of the marriage of Mr. Simpson Harris and Miss Isabel Lister, was celebrated in a good old-fashioned way, at their residence in Washington Township—Mr. Harris was a soldier of the war of 1812 and can tell you many tales of the march, camp and battle-field, and with sparkling eyes, can tell about "Old Hickory" and the cotton bales for he was there. Of his occupation before and after the war we don't have particulars until the time of his marriage, which occurred in 1818, near Greensboro, N. C.—After their marriage they were made overseers of a number of colored people belonging to a wealthy planter. And they can tell you much of those "old slavery days"—A few years after their marriage they concluded to try their fortunes in the North, and came to this county, where they have since resided. We regret that time and space will not admit of further details. Hoy they battled with the wilderness, and kept along with the tide of progress until they had gained quite a comfortable home and their children grown to manhood and womanhood—We cannot give the actual age of these people, as their family records were lost, and they cannot remember. The old gentleman is supposed to be about 100 years old; his wife a few years younger, but past 80 years. Considering their age, their health is remarkable. The old lady can get dinner for company now almost, if not quite, as quick as any of the girls."

Mrs. Louise Bridges gave a report on the Outlook lesson. The safety lesson was a round table discussion by all members present. Roll call was "something received for Christmas."

During the business meeting the club voted to buy a Health Bond. The treasurer's and sick committee's reports were given. Plans were made for the turkey dinner, to be given for the children of Putnamville school, which we hope to have on Valentine Day.

The club enjoyed two contests given by the hostesses, then refreshments of ice cream, wafers and coffee were served, the meeting then being adjourned to meet at the home of Mrs. Louise Brown on Tuesday, February 5th.

Bainbridge C. W. F. Met With Mrs. Masten

On Wednesday evening, Jan. 2nd the C. W. F. met at the home of Mrs. Walter Masten. Because of bad weather only 8 members were present.

Mrs. Noble Fry opened the meeting and conducted the business part of the meeting.

Lucille Curran, who was leader for the month, took charge.

Mrs. Davidson had the devotions using as her theme, "In The Beginning was God."

The lesson was on the Christian Mission of Mexico.

This was very interesting subject and well given by Lucille Curran.

Several letters and notes of thanks from service boys were read. After our regular dismissal refreshments were served.

Announce Marriage Of Daughter

M. and Mrs. Harry C. McAllister of Bainbridge, formerly of Indianapolis, announce the marriage of their daughter, Delores Joanne to Pfc. Harold H. Day Jr., of Camp Belvoir, Va. The wedding took place Thursday, Dec. 27, at 8 p. m. in the parsonage of the Broad Ripple Methodist church with the Rev. Sumner L. Martin officiating in the presence of the immediate families and a few friends.

A reception was held at the home of the bride's uncle and aunt, Mr. and Mrs. J. Fredrick Long of 5037 Evanston Ave., Indianapolis.

After a plane trip east the couple will make their home in Washington, D. C.

The bridegroom is the son of Mr. and Mrs. Harold Day of 3500 Ralston Ave., in Indianapolis.

Mrs. Moore Hostess For Xmas Meeting

West Madison Home Demonstration Club held the Christmas meeting at the home of Mrs. Howard Moore on West Walnut Street Road. In spite of the very slick roads, 12 members and five guests were present to enjoy the delicious turkey dinner, with all the trimmings and a very interesting meeting afterward.

The president, Mrs. Ray Evans, called the meeting to order at 1:30 p. m. and presented the county president, Mrs. Emory Brattain, to install the new officers. The candle light service was very impressive. Officers for 1952 are: president, Mrs. Kenneth Skelton; vice president, Mrs. Everett Ellis; secretary, Mrs. Joe Wright; treasurer, Mrs. Ivan Ruark; song leader, Mrs. Ray Evans, and publicity chairman, Mrs. Ira Moore.

After other business was concluded Secret Sisters were revealed and new names for 1952 were drawn. Under a beautifully lighted Christmas tree were gifts for everyone making a fitting close of a very happy day.

All were very glad to have present a former member, Mrs. Charles Bruner, from Indianapolis. Other guests were Mrs. Wendell Thomas, Mrs. Tim Ruark and son, Jimmy and Jimmy Skelton.

The January meeting will be on the 23rd, 1:30 p. m. at the home of Mrs. Robert McCullough.

The Clinton Homemakers Home Demonstration Club will meet at the home of Mrs. Herbert Cooper Jr., Tuesday, Jan. 8, at 1:30 p. m.

Mrs. Harold Wysong will present the lesson, Outlook, and the roll call will be answered with "A Way to Improve our Club."

FREIGHTER IN TOW

a week, most of it alone. Yesterday he was joined by the English seaman.

The Overseas Towing and Salvage Company, which operates the tugboat Turnoil, estimated the towing speed probably would be slow—two or three knots.

This would mean it would take about a week to reach Falmouth.

EXTRA!

WASHINGTON, Jan. 5—(UP)—Narcotics agents turned their fire on "large-scale operators" today after a nationwide round-up of more than 500 known drug peddlers.

Narcotics Commissioner Harry J. Anslinger said the mass arrests in every major city in the nation would be completed today. The next step, he said, will be indictment of many big narcotics operators by a grand jury which has been investigating secretly for more than a month.

Every person arrested in the lightning-light raids had sold drugs to a government agent, Anslinger said. The narcotics bureau has had about 250 agents working under cover for more than a month preparing for the crackdown, he said.

New York led the list of cities in the crackdown with 66 arrests, 13 of them women. Fifty persons were arrested in Philadelphia and more than 40 in Chicago. There were more than 30 arrests in Washington and 24 in San Francisco.

8TH ARMY HEADQUARTERS, Korea, Jan. 5—(UP)—United Nations forces struck north in a three-pronged attack on the snow-covered western front today to regain the last of the ground yielded to the Reds Dec. 28.

Far to the northwest, 20 American Sabrejets beat off 40 Communist MIG-15 Jet fighters

trying to break up a raid by other U. N. planes on vital enemy railway lines running from Manchuria to the front.

The airmen awaited the development of gun camera films before making any victory claims in the 20-minute dogfight.

Allied ground forces on the western front jumped off in the pre-dawn darkness west of Korangpo. They dispersed one enemy platoon with the aid of artillery and forced two more at other points to withdraw at least 600 yards.

Tuesday Reading Circle To Meet Jan. 8th.

MONUMENTS TO COURAGE

Progress in science has not been without opposition. Ignorance, superstition, and reluctance to accept the new frequently have impeded advance. Use of an anesthetic to ease the pain of childbirth was once derided by a clergyman, who called it a decoy of Satan. An eminent physician rejected the explanation of childhood fever when it was revealed that unclean hands of attendants spread the disease. Jenner, Lister, and others endured crushing ridicule and criticism. The vast assortment of life-giving drugs available today represents the contributions of the world's great medical scientists, past and present—enduring monuments to their courage, conviction, and intellect.

Sunday school lesson topic for this Sunday: "Finding the Christ" Scripture text: John 1:35 to 49.

Beginning Tuesday night, Jan. 8, at 7:00 p. m., we are beginning a course of Bible study. It will consist of two (2) one-hour classes each Tuesday night, running three months. Rev. Austin Elmore of the Beech Grove Baptist church will be the teacher. If you are really interested

in studying the Word, in knowing the will of the Lord, come and study with us. Bring pencil, paper, and be sure to bring along your Bible. You wouldn't wash without water, neither can you study God's Word without your Bible.

Come join us in our worship services every Sunday. We'd love to have you, and you would surely be blessed by coming into the Lord's House on the Sabbath. We preach nothing but the Bible, no Saviour but Jesus, and Him crucified. He died on the cross for you. Come to church for him.

ALL ABOARD!

Thrilling—that cry! It seems to harness the power of a locomotive to the wheels of time. Ominous, though! It is a solemn reminder that opportunities which are allowed to pass can never be overtaken.

Next Sunday, in many a church across the land, the sexton will glance at his watch, then raise his hand to toll the tower-bell—a peal both thrilling and ominous.

For in Church a man can link his soul to the ageless, eternal Truth. And the deep, stirring experience will carry him into new adventures in happy, fruitful living.

Such an opportunity no man may lightly let pass. It is the road to peace and blessing for ALL.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
