We have a line the gals go for
(Have you seen our Spring Fashion Show?)

YOU can't fool the ladies when it comes to styling.

From clothes and hemlines, to cars and color schemes—they insist on a fresh new look and a fresh new change—and anything else won't do.

So it's easy to see why the gals—bless 'em!—have been going for Buick in a great big way—going for the glamorous modernity of these new-day automobiles ever since the first public showing a few short months ago.

From the beginning, they've been going for the sleeker, longer, lower lines—the futuristic shaping of the new windshields—the stunning décor of the striking new fabrics—the clean simplicity of the new instrument panels.

But you ought to see how they go for the gay new car models in Buick's Spring Fashion Show! Fresh new Convertibles, Rivieras and Estate Wagons never before available—and in gorgeous new summer colors never shown before!

And you ought to see how they go—as the men certainly do—for the

thrilling new V8 power, the buoyant new ride, the superb new control, and the almost effortless handling ease that are all part and parcel of every new 1954 Buick.

Why not visit our Spring Fashion Show and see for yourself the fresh new tomorrow that's here now—in today's Buick? Then we can show you the prices that make this beauty the buy of the year.

MOB ATTACKS FRENCH CHIEF IN GENERAL'S FIRING

The disciplining of French Marshal Alphonse-Pierre Juin (right) because of his public criticism of the European Defense Community plan, brought a screaming, booing mob (left), to a ceremony attended by Premier Lanier and Defense Minister Rene Pléven. Screaming "Long Live Marshal Juin" the mob jostled the two statesmen about and a flying wedge of police had to rescue Pléven (wearing glasses) and escort them from the ceremony. Juin had been stripped of army posts and privileges and may be relieved as commander of Central European NATO forces.
