

DePauw Seniors To Hear Sermon By Dr. Bauman

A pioneer in religious television, Dr. Edward Bauman, has been chosen to deliver DePauw University's baccalaureate sermon Sunday, June 7, President William E. Kerstetter has announced.

A professor of theology at Wesley Theological Seminary in Washington, D.C., Dr. Bauman will address approximately 490 graduating seniors at the traditional service.

Though Bauman has concentrated his ministry and teaching in the East since his DePauw graduation in 1948, his work has become well known elsewhere via his religious television series broadcast throughout the United States and to American bases overseas.

A college credit course on the Bible — the nation's first, the weekly series is in its sixth year on the commercial television circuit.

Awards by the unique series include an "Emmy" from the Washington Chapter of Television Arts and Sciences and citations from The American Association of University Women, the National Religious Publicity Council, and the Indiana Council of Churches.

Harper's Magazine editor, John Fisher, described Bauman's work as "evoking an overwhelmingly enthusiastic response" and a "demonstration... that even the soberest kind of educational broadcasting doesn't have to be dull."

Dr. Bauman was graduated magna cum laude from Boston University's School of Theology in 1951; he earned the Ph.D. from Boston three years later. He was a pastor in Massachusetts and Ohio before accepting The American University's chaplaincy and a teaching post in the department of philosophy-religion.

The 37-year-old lecturer, teacher and world traveler has four books to his credit, including one to be published next month by Westminster Press, Beyond Belief.

A native of East St. Louis, Ill., Dr. Bauman is an ordained Methodist minister.

'Little 500' At DPU April 10-11

The DePauw University Student Union is sponsoring its annual "Little 500" weekend on April 10 and 11. Students from Wabash College and Indiana State as well as DePauwites and residents of Greencastle will be on hand to welcome the coming of Spring with the festivities.

Friday afternoon, April 10, young ladies from each of the sororities will start the celebration with the "Mini 500" — a tricycle race in front of the Student Union Building. Afterward, the spectators will be welcomed to a dance inside. Later, that same evening the famed singing group, "The Lettermen," will perform in concert at the Greencastle High School gymnasium.

Saturday is the big day. Teams of four men from each of the living units on campus will compete in a gruelling and colorful thirty-five mile bike race. The teams have been practicing for this event for several months. As the date of the race approaches, feelings are beginning to run high in the fraternities.

The events on the DePauw campus the weekend of April 10 and 11 are sure to herald the coming of spring with plenty of noise and excited fun.

Pay Respects To Gen. MacArthur

NEW YORK UPI —The body of old soldier Douglas MacArthur lies in public repose today to receive the last respects of the nation for which he fought as a general in three wars.

A general of the Army MacArthur, who until his death was the nation's highest ranking military officer, lies in the armory of the Seventh Regiment which he served as a brigade commander in World War I.

The public was to be admitted to the Park Avenue armory at 10 a.m. EST where the big brass doors would remain open into the night—until there no longer were any mourners wishing to enter.

Before the public is allowed in to pay its respects, a brief memorial service will be held in the oak-paneled conference room where the body rests atop a four-foot bier. Clergy of the Protestant, Catholic and Jewish faiths will offer prayers and Lt. Gen. Garrison H. Davidson, commanding general of the First U.S. Army, will place a wreath at the casket as the personal representative of President Johnson. The private services were to begin at 9:30 a.m.

MacArthur's body was moved a few blocks from a funeral chapel to the armory at 4 a.m. EST. The flag-draped casket was transported in an eight-wheeled motorcade through nearly deserted Manhattan streets during a driving rainstorm. It was accompanied by eight military pallbearers, two color guards and 20 honor guards from the five armed services.

The body of the general, who died Sunday in Walter Reed Army Medical Center at the age of 64, is clad in a plain tropical orded uniform, devoid of the many medals-in-which he won during a 61-year career as a soldier. Only the five stars of a general of the Army were pinned on his jacket.

The steel-gray GI-issue casket in which MacArthur lies was open at the top with an American flag draped across the lower portion.

MOSCOW UPI —The Soviet Union today rallied more support for its ideological light with Communist China and published new denunciations of Peking for "slander on the Soviet people."

The Communist party newspaper Pravda printed pledges of support from the Communist parties of Bulgaria, Poland, Czechoslovakia, West Germany, and from leaders of the Soviet party for the policies of Premier Nikita S. Khrushchev.

The Soviet press was keeping up the attacks on Peking at home while Khrushchev, touring Hungary, made anti-Chinese speeches abroad.

Pravda, following up a personal attack on Moa Tze-tung in Monday's Izvestia, said a meeting of the Uzbekistan Republic Central Committee denounced the "anti-Leninist platform and splitting activities of the Communist party of China."

One speaker, K. Murtaazayev, said the Chinese Communists "are afraid that cooperation with the U.S.S.R. might bring to China the fresh cleansing wind of the ideas of the 20th and 22nd party congresses."

It was at these congresses that Khrushchev started and carried through his denunciation of Stalin. One of the charges Moscow brings against Peking is that it is a Stalinist regime.

Izvestia Monday made a rare personal attack on the leader of a foreign Communist party when it accused Mao of promoting a personality cult, the same charges—made against Stalin.

The government newspaper said this of the Chinese:

"They blow the fanfares for the whole world to hear about the major successes they have allegedly achieved without the aid of the socialist countries, about the grandeur and genius of the present day leadership of the Communist party of China and in particular Mao Tze-tung. 'He has been transformed into an idol, to bow before whom is in China the highest sign of devotion to communism.'"

It also charged that Mao showed "great admiration for Genghis Khan, the Mongol chieftain whose hordes conquered much of what is now the Soviet Union 800 years ago."

"The 800th anniversary of the bloody conqueror Genghis Khan has been celebrated with much ado in China," Izvestia said. "In the situation of the chauvinist craze reigning there, it is no wonder that the notes of praises sung to the old feudal great-power chauvinism and the times are close to the heart of Mao."
