O'Lessker Raps Voting Record Of Rep. Roudebush

Karl O'Lessker, Democratic candidate for Sixth District Congressman, said Friday night that the Congressional voting record of his opponent, Rep. Richard Roudebush, "remains the principal issue in this campaign, and I intend to continue telling the people what that record is."

Speaking at a Democratic Party bean dinner in Greencastle, O'Lessker said, "the real questions in this campaign boil down to this: will the Sixth District be better represented by a Goldwater Democrat or by a moderate Democrat?"

"Roudebush has done more than just endorse Goldwater," said the Crawfordsville Democrat. "He is one of Goldwater's most enthusiastic supporters. His voting record in Congress is that of Goldwater follower."

"I believe that Roudebush's Goldwater sympathies have led him to vote time and time again against what our people wanted," said O'Lessker.

"It seems to me that the choice is pretty clear, 'the congressional candidate continued. "Those people of the Sixth District who believe that Goldwater and his ideas are best for Indiana and for America should vote for a Goldwater man for Congress. They ought to cast their ballots for Mr. Roudebush."

"But I ask all those people—Democrats, Republicans, and Independents—who believe in their hearts that the selection of Goldwater would be bad for our country and for our state, who believe that President Johnson more nearly represents the thinking and traditions of our people, I ask them to elect to Congress a man who shares their beliefs. I ask them to vote for Karl O'Lessker."

Federal Judge Speaks At DPU

Federal Judge James Parsons lashed out at the Black supremacy group, the Black Muslims, and also criticized White Americans for their ignorance of the Fourteenth Amendment in a speech yesterday at DePauw University.

Parsons, an articulate Negro appointed by President Kennedy in 1961 to the District judgeship of Northern Illinois, spoke before a convocation audience on the campus.

Illustrating the first of four elements he said were necessary to successful human relations, Parsons maintained many existing conflicts would be diminished if people "had a masterful grasp of the facts" about a situation.

He suggested that Negroes would divest themselves of Black Muslim association if they knew the racist group's true intent and tenets. He called it a "violent training program for hate, a diabolical cult."

And White persons, Parsons added, should quickly understand that meaning of the Fourteenth Amendment which

"so many Americans in their ignorance insist on deriding and decrying today."

The University of Chicago graduate and former college teacher and administrator, in what he called "a summons to greatness," added that survival of our civilization also depends on a philosophy of fairness characteristic of our democratic process, projective, and agnitive thinking, and moral courage to bring about change.

TOKYO UPI — Communist China maintained official silence Friday on Nikita S. Khrushchev's surrender of powers in the Soviet Union. But a Japanese newsmen reported that Peking considered the surprise development as a major victory in its bitter ideological dispute with Moscow.

Peking radio reported only an announcement of Khrushchev's "retirement" as premier and Communist party leader on its regular 7 a. m. newscast, the Kyodo news agency correspondent reported from the Chinese capitol.

He said the official party newspaper Peiping People's Daily delayed its deadline to print the news on page one.

Communist North Viet Nam also broadcast a brief announcement of the Khrushchev news. But it withheld official comment.

In Tokyo, a spokesman for Japan's pro-Peking Communist traditions' in the Kremlin party said Khrushchev's "dismissal was the result of con-leadership."

Elsewhere in Asia: Formosa—Nationalist Chinese authorities feared the change of leadership in the Soviet Union would lead to an improvement in Moscow—Peking relations.

South Viet Nam—Most Vietnamese expressed shock. Many feared that the new Soviet leadership might take a more active role in supporting the Communist Viet Cong.

South Korea—The Independent newspaper Kyonhyang Shinmun of Seoul expressed doubt that the new collective leadership will last.

spades and dummy's clubs, scoring the game and rubber. "Very nice of you, boys," he remarked gratefully. "You could have taken five diamond tricks."

"You can thank my partner," East growled. "He couldn't spare a high diamond on the third or fourth trump. He was saving the seven of diamonds for next Christmas."

NOT INNOCENT

"You're not so innocent," West retorted. "There was no hurry about leading the jack of spades. You could afford to lead the ace of diamonds first to see what I play. If I give you a high signal, you continue. Otherwise you still have time to shift to the jack of spades."

They were both right, of course, but South was just as glibly as either of them. He should make the contract without relying on both opponents to fumble.

South's correct play is to refuse the trump trick. If the opponents then shift to diamonds, dummy can ruff the third diamond. If the defenders do anything else, South can draw trumps and run the clubs.

Labor Leader Is Prime Minister

LONDON UPI — Laborite Prime Minister Harold Wilson spurned any mere "caretaker" role today and set out to run a tough, hard-hitting government despite his slim parliamentary majority.

Indications were that Wilson might have an edge of only three or four votes over the combined opposition in the new parliament.

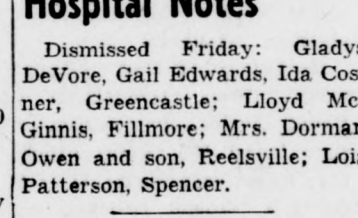

Wilson appointed the first seven members of a sharply streamlined cabinet, Friday night, less than three hours after being named prime minister. He appeared intent on fulfilling his campaign pledge to "get Britain moving."

He promised to announce more cabinet appointments today and to complete the list Sunday.

The ministers named Friday night were taking over their jobs this morning.

Johnson Buoyed By Ohio Tour

WASHINGTON UPI — President Johnson was buoyed today by the success of his six-hour campaign swing through normally Republican southwest Ohio where wild enthusiastic crowds threatened at times to mob him.

The Chief Executive cancelled political activities, including a scheduled weekend trip to Texas, to confer with top advisers at the White House on the recent developments in Russia and China.

A planned Texas campaign trip late Sunday apparently was dependent on the international situation.

Johnson emphasized prosperity and responsibility in leadership on his tour through Cincinnati and Dayton Friday. He drew some of the largest crowds of the campaign in the area. Several times his motorcade was almost engulfed when cheering throngs pressed against his automobile, denting the right front door in the crush.

At Dayton in a nighttime street rally, the President said the "only issue" in the campaign was "responsibility versus irresponsibility."

Barry Stumps In Buckeye State

EN ROUTE WITH GOLDWATER UPI — Republican presidential nominee Barry M. Goldwater today carried his campaign into Ohio industrial centers. Friday night in Chicago he declared that "forced integration is just as wrong as segregation" in the nation's schools.

The Arizona senator planned stops in four of the state's manufacturing centers on the final leg of a campaign trip which was to land him in Washington late tonight. He scheduled speeches in Mansfield, Akron, Canton and Youngstown.

It was Goldwater's second campaign foray this month into Ohio. The state gave its 26 electoral votes to Vice President Richard M. Nixon in 1960, but it is ranked as doubtful this time.

The senator expanded on his civil rights views Friday night at a \$100-a-plate fund-raising dinner in Chicago. Some 2,500 people heard him attack the bussing of school children to achieve racial balance, in a speech which was taped for later use on nationwide television.

The speech was Goldwater's first major campaign pronouncement dealing directly with civil rights. It was expected to be his major statement on the issue for the campaign.

"To me it is wrong to take some children out of the schools they would normally attend and bus them to others—just to get a mixture of ethnic and racial groups that somebody thinks is desirable. This forced integration is just as wrong as forced segregation."

Also on this same day individual pictures will be taken of every student. Again this year Interstate Studios will take the pictures. So remember boys and girls; look sharp and say cheese!

Tiger Cubs Defeated By Sullivan Gridders, 33-12

By John Clodfelter

Greencastle's fired up Tiger Cubs jumped out to an early 6-0 lead over Sullivan's Golden Arrows but could not hang on as Sullivan ground out five touchdowns for a 33-12 victory.

It looked like the local boys might be primed for their first victory of the waning football season when they scored with less than three minutes played in the first quarter. The touchdown came on a long scoring burst by quarterback Ray Churchill, who faked a quick pass on a third-and-three situation and raced seventy-eight yards from scrimmage for the score.

But, to the disappointment of the enthusiastic Homecoming crowd, the lead was a short lived one. Sullivan reversed the situation with three big T. D. plays in less than six minutes in the second period to hold a 20-6 halftime margin.

The first tally came on a thirty-three yard dash by Sullivan halfback Eddie Rambis, who scored two six-pointers and added two conversions for the evening; the second scoring effort was a three-yard smash by fullback Truman Wagoner, who matched Rambis' two - touchdown performance; and the third score was a one-yard plunge by Rambis, who had intercepted a Greencastle aerial on the thirty and returned it to that point.

Sullivan stretched their lead to 26-0 with less than three minutes gone in the third period on Wagoner's second T.D., this one a fifty-two yard jaunt with 9:22 remaining in the quarter.

Greencastle battled back for their second score of the contest late in the third quarter with a drive that started on their own eighteen. Louie Luzar ran for a first down on about his own thirty-three, and on the same play Sullivan was penalized fifteen yards for a personal foul to make it first-and-ten on Greencastle's forty-eight.

The Cubs were forced to punt on fourth down, but received a big break and an automatic first down as Sullivan

roughed the kicker, Rob Weathers. This put the ball on the enemy's thirty-four.

Luzar moved the ball to a first down on the next play and Churchill followed suit by moving the ball another ten yards to the thirteen. From there the Tigers reached paydirt on a pass from Churchill to Steve Burns.

Sullivan's final score came with only 1:31 remaining in the game on a short plunge by senior halfback Jim Smith; the extra point was a pass conversion, Gambill to Sines. The game ended with the Cubs in Sullivan territory hopefully firing the ball for one last scoring bomb, but the clock read 33-12 as time defeated their effort.

Despite the twenty-one-point margin the Cubs played a spirited game. Had it not been for that fatal six minute period in the second quarter, the complexion of the contest would have been quite different.

The Tiger Cubs tangle with arch rival Crawfordsville on the opposition's field next week.

Saddle Club Enjoys Meeting

October—the month of the year for those who have horses as a hobby as well as the individuals that have the animals as a business. As the crops are harvested more gates are left open and so much more good riding area is available to the horseman. It's colt weaning time too; always an interesting and exciting time. Saddling the favorite horse, cutting out and bringing in the desired animals then separating them from their mothers, then comes the halter breaking, hoof trimming, mane and tail clipping, getting used to grain in their diet, worming, tetanus and other shots. More feeding and fence mending to be done but still a little time for a canter through the woods so beautiful in fall colors and a squirrel or rabbit scurrying for cover through the rustling leaves.

The Williams farm was host to the Bainbridge Saddle Club members and anyone interested in horses Sunday, October 4, and the weather failed to cooperate and it turned out to be the first cold spell of the season so that cut down on the size of the crowd, but the number totaled more than one hundred and seventy-five even though they had to sit in their cars to keep warm. Those brave enough to stay out in the wind had dug out their winter coats. Blanket-wrapped persons were a common sight. Cold drinks went begging but coffee went like "hot cakes."

Judge for the free horse show was Lucy Jordan and Art Prather did the announcing. Winners were:

Pleasure, 15 and under—Nancy Marks, Rachel Webb, Susan Robinson, Bob Patton, Judy

Nichols. Pleasure, 15 and over—Dave Jenkins, Penny Sample, Betty Watts, Mary Zeller.

Equitation — Dave Jenkins, Penny Sample, Nancy Marks, Rachel Webb, Susan Robinson. Barrel Race, 15 and under—Lance Anderson, L. Anderson, Pam Patton, Ron Hays, Don Hays.

Pole Bending, 16 and under—Lance Anderson, Ron Hays, Max Watts, Mary Zeller, Bud Skinner.

Key Hole—Lance Anderson, Ron Hays, Dick Anderson, Mary Zeller, Floyd Richardson. Reining, Open—Dave Jenkins, Mary Zeller, Darrel Elmore, Dick Anderson, Bob Lear.

Through Tire — Ron Hays, Bud Skinner, Max Watts, Mike Knauer, Mike Zeller.

A viener roast followed the show and did the heat from that fire feel good. Only about fifty of the hardest and warmer dressed braved the cold wind to stay. The following Saturday night was the regular meeting at the Fairgrounds Community Building. About one hundred were present to enjoy the delicious basket dinner and the square dance that followed. Mel Cruis furnished the music and called for the dancing. Four couples accompanied him and demonstrated this type of dancing. Preliminary instructions were given to beginners so that the floor was full for each dance. Members were enthusiastic about learning so it was voted that the club pay part of the cost for members wishing to take the lessons.

The last of the vacations in Brown County are being planned for Teachers Institute weekend.

The Buttery ride at Baker's Camp will be the first Sunday in November.

Ball Club Will Stay In Cleveland

CLEVELAND, Ohio UPI — The Cleveland Indians board of directors will not be moving the Tribe for at least one more year, but it appears that there's more smoke coming from the teepees than meets the eye.

In a climatic meeting Friday, the board unanimously voted to keep the Indians in Cleveland and accept the city's offer of a ten year lease with option to renew it on an annual basis after one year.

Some ten days ago, the directors decided to wait and see what the city would do about its proposal for a renewal of the lease after two years, instead of one. The city changed its mind and gave the Tribe what it wanted.

Although most of Cleveland was happy about the decision, much speculation was bantered about concerning the backing down done by the city. The stadium will be overhauled with new seats, a new press box, an escalator, and improved rest rooms.

Keane May Be Yanks' Manager

NEW YORK UPI — Johnny Keane, who came out ahead of Yogi Berra in the World's Series, appeared today to be the most likely candidate to take his job as manager of the New York Yankees.

The weird turnabout to a strange season of baseball developed Friday when Berra was fired as Yankee manager and Johnny Keane handed in his resignation as pilot of the St. Louis Cardinals.

Yankee General Manager Ralph Houk said a successor to Berra would be named within a week. He said that three or four men were under consideration, including Keane and Al Dark.

Soviets Fail To Win Gold Medals

TOKYO UPI — The big question at the Olympics so far is whatever happened to the Russians in the track and field events?

With three full days of competition at National Stadium already concluded, the Soviets combined men's and women's track and field team still is looking for its first gold medal.

Up to now, the Russians have managed to collect only one silver and four bronze medals and as one Japanese observer put it, "we most assuredly expected much more from them."

The two leading theories about the Russians track and field team are: 1. It's getting old, and 2. It appears to lack the old college spirit which characterized Soviet trackmen in the past.

Russian officials naturally deny both allegations but the fact remains the U.S.S.R. no longer seems to be the international power in track and field events which it was in days gone by.

In Olympic competition here so far, the Soviets were completely shut out in the men's 800, 1,500 and 10,000 meters and although they picked up a bronze medal in the women's javelin, their former world champion, Elvira Ozolina, finished fifth in the event.

Dick Sikes Has Three-Shot Edge

LAS VEGAS, Nev. UPI — Dick Sikes, a champion among the amateurs but an also-ran during his few months in the pro tour, moved into the third round of the Sahara Invitational golf tournament today holding a solid three-shot lead over an all-star field.

The 24-year-old rookie from Springdale, Ark., played it cozy Friday for an even-par 71 to go with his smashing 62 on opening day for a 133 total — with Al Geiberger and Tommy Aaron his closest pursuers at 136.

N. Y. Jets Face Houston Oilers

By United Press International

The New York Jets, striving to stay clear of the cellar in the Eastern Division of the American Football League, meet the Houston Oilers — the team they must beat — at Shea Stadium tonight.

The Jets, who have finished last in the division two years in a row, will pit fullback Matt Snell against Oiler halfback Sid Blanks in what may prove to be the battle for rookie of the year honors. Both Snell and Blanks are tied for second place in rushing yardage behind Buffalo's Cookie Gilchrist. Snell, a 219-pound Ohio State star, set two Jet records last week against Oakland. He had the most carries, 26 and the most rushing yardage, 168 in one game.

Pravda upheld the "principle of peace co-existence between states with differing social orders as advanced by V. I. Lenin."

Pravda said the new government of party First Secretary

Leonid I. Brezhnev and Premier Alexei Kosygin "will pursue an active line for the convocations of an international meeting of all Communist parties."

Industry sales in 1963 totaled a record 402,000 units with an installed value of \$450 million, he said, and total 1964 sales, double the amount just three years ago.

"With more money to spend," Gray said, "the public is upgrading its purchases. Consumers widely exposed to air conditioning elsewhere clearly are putting high priority on it for their homes. We expect a continuing growth in demand in the years ahead."

Today's issue of Pravda, the Soviet Communist party newspaper, underlined the reassurances given by U.S.S.R. ambassadors in Washington, Tokyo, the United Nations and other capitals.

Russ Reaffirm Peace With West

MOSCOW UPI—The new Soviet regime reaffirmed today that it would continue ex-Premier Nikita S. Khrushchev's peaceful co-existence with the West. Its stiff line toward Communist China may bend, but not much.

It denounced the deposed Khrushchev himself as "harmful."

Today's issue of Pravda, the Soviet Communist party newspaper, underlined the reassurances given by U.S.S.R. ambassadors in Washington, Tokyo, the United Nations and other capitals.

Today's issue

Attend church and give Jesus a chance to rewind the mainspring of your life.

SOURCE of POWER

It looks easy!

In no time at all this solid log is cut clean through. There's a reason. Because back of the saw is sufficient power to do the job... penetrating power. Oh, the power that could be loosed from your life and mine if we were but willing... inexhaustible power... mountains of power that could penetrate a wicked world and turn it Godward. Jesus said, "All power is given unto me." Then why not make contact with God this very day - *the source of real power*. He said, "Lo, I am with you always." Attend church and give Him a chance to help *rewind the mainspring of your life*. Link it up with the billion-volt-dynamo in the Power Room of The Most High.

This message is dedicated to the building of a more spiritual and a greater church going community under the auspices of the Greencastle Ministerial Association and is being sponsored by the following individuals and business firms who want, as their only return, to see more people attending church. The church needs your support. The community needs the church.
