

PUTNAM CIRCUIT COURT JURORS DRAWN

8 Major Railroads Strikebound By Locomotive Firemen, Engineers

WASHINGTON UPI — The nation's railroads today asked a federal judge to order striking firemen back to work on eight major railroads crippled by a surprise strike.

Judge Alexander Holtzoff heard the plea and promised a ruling this afternoon.

CLEVELAND, Ohio UPI — The Brotherhood of Railroad Locomotive Firemen and Enginemen (BLFE) struck eight major railroads across the nation today in an apparent new eruption of the long struggle over the elimination of firemen from railroad crews.

The union said the walkout was triggered by the railroads' refusal to put into effect an apprenticeship program for new engineers, some of the beneficiaries of which would be firemen who lost their jobs under a federal arbitration award.

The walkout coincided with the expiration of a "temporary" award by a federal arbitration board in May 1964, which provided for the eventual elimination of 90 per cent of the firemen on train crews in freight and yard service. So far, the jobs of more than 18,000 firemen have been eliminated as a result of the award.

The BLFE ordered its members to strike the Pennsylvania, Boston & Maine, Grand Trunk Western, Union Pacific, Illinois Central, Missouri Pacific, Central of Georgia and Seaboard Airline. The walkout became effective at 12:01 a. m., local time in the affected areas from Maine to the West Coast.

The railroads branded the strike illegal, claiming it was in violation of an injunction issued by a federal judge in Washington last Monday. The union, however, contends it is a lawful walkout resulting from railroad refusal to negotiate on its contract demands under provisions of the Railway Labor Act.

A spokesman for the railroads said they would seek a contempt action later today against the BLFE, charging defiance of the temporary restraining order handed down by U. S. District Court Judge Alexander Holtzoff which barred the union from walking out before April 5.

At the BLFE's Cleveland headquarters, union President H. E. Gilbert said in a statement that the strike was "authorized and legal and in keeping within our rights under the Railway Labor Act."

Committee OK's Record Publicity

WASHINGTON UPI — A House government operations subcommittee has approved a bill to give the public access to nearly all government records not involving national security.

The action Wednesday meant a showdown with President Johnson over the so-called "freedom of information" bill could occur sometime this spring.

It has been rumored that Johnson might veto the bill on objections that it would cause more problems than it solves. Justice Department spokesman have lauded the bill's intentions, but questioned whether such a complicated field could be covered adequately by legal specifica.

Actor Kills Snake

EL CENTRO, Calif. UPI — Actor George Peppard killed a deadly rattlesnake in his dressing room Wednesday, Universal-International Studios reported.

Peppard discovered the snake in his room when he returned from location filming of "To-bruk" in the desert 15 miles north of here.

The handsome blonde actor tossed a coat over the 4 1/2 foot long snake and beat it to death with a small end table, a studio spokesman said.

Local experts said the snake contained enough venom to kill two full-grown horses.

Monticello Men Killed In Crash

Three Monticello area men enroute home from an evening of bowling were killed early today in a two-car collision near Logansport which raised Indiana's 1966 traffic fatality toll to at least 328 compared with 297 a year ago.

The dead, all wearing bowling shirts, were identified by state police as Sam F. Altman, 25, driver of one car, and Alfred D. Bissonnette, 24, both of R.R. 1, Wolcott, and William G. Guingrich, 26, R. R. 2, Monticello.

Police said the car driven west on U. S. 24 about nine miles west of Logansport drifted across the center line of the highway and hit almost head-on a car driven by Harvey White, 29, Logansport.

White and three men riding with him en route home from work at a Monticello industrial plant were injured and hospitalized at Logansport. They were identified as Clarence Hughes, 22, Ernest Ballard, 21, and Harvey Adams, 22.

Music Program At DPU Chapel

Tomorrow's chapel program at DePauw University will be a duplicate of a concert given by members of the School of Music during a recent appearance in Kansas City, Mo.

"Facade: An Entertainment" will include music by William Walton, performed by the Faculty Chamber Players, plus poems by Edith Sitwell recited by voice instructor Nancy Rodger.

Appearing in the 10 a. m. public program in Meharry Hall will be professors Floyd Peterson, Robert Grocock, Cassel Grubb, and Miss Rodgers, Peter Hill of the Greencastle public school system, and students Nancy Nicoll, Richard Kress and Dorothy Randol.

The ensemble is directed by Professor Donald White.

Challenge Authority

INDIANAPOLIS UPI — The Marion County Residential Builders Wednesday filed a petition challenging the authority of the Indiana Public Service Commission to set rules for standards of service by municipal water utilities.

The petition alleged municipal councils have original jurisdiction in such cases and the PSC only appellate jurisdiction. It was expected to cause a delay in a scheduled case in which the Indianapolis Water Co. is seeking approval from the PSC for new rules on extension of mains for new customers.

"We heard a lot of them moving during the night, dragging away bodies," said 2d Lt. Dan

WASHINGTON UPI — Midnight tonight is the deadline for signing up for the medicare program's supplemental insurance against doctor bills.

Social Security spokesman said they expected 9 out of every 10 Americans over 65 would be enrolled in the voluntary program before the books are closed.

A last-minute surge of applicants was counted upon to push the national total over 17 million. All of the nation's 712 Social Security offices were to remain open until midnight to take care of late-comers.

The insurance coverage is available at a bargain premium of \$3 a month for men and women over 65. Benefits will begin July 1.

So far, about 1 million persons have turned down the plan. The Social Security administration is trying to make sure that another 1.5 million persons who had not replied by Wednesday would get a chance to say yes or no.

Commissioners Robert M. Ball reminded eligible oldersters that they could beat the deadline by sending a short-form application to medicare headquarters in Baltimore if it was postmarked before midnight.

These forms are available at the nation's 34,000 main post offices.

"Urban Sprawl" Major Problem

WASHINGTON UPI — Robert C. Weaver, Secretary of the Department of Housing and Urban Development, Wednesday told mayors of the nation's largest cities that "urban sprawl" is the major problem favoring his department.

Weaver addressed a luncheon meeting of the second National Legislative Conference of the National League of Cities which is holding a three-day meeting here.

Weaver discussed the administration's "demonstration cities" program which will work to provide funds for parks, recreation areas and other social projects in blighted cities over a five year period.

About 80 cities are currently under consideration for participation in the project which presently is pending in the House.

"The urgent need for such a program is obvious," Weaver said.

"There has already been a long period of massive growth with metropolitan area expanding far beyond the existing major drawing area around Mil-

(Continued on Page 2)

Lady Bird Better

WASHINGTON UPI — Lady Bird Johnson, a victim of laryngitis, was reported improved Wednesday. Her temperature was down and she expected to be recovered in time for a delayed trip to Texas Friday.

Mrs. Elizabeth Carpenter, the First Lady's press secretary, said Mrs. Johnson is regaining her voice—which was reduced to a whisper Tuesday—a d

"feels a little bit better." A sore throat still lingered, however.

Gov. Branigin Still Hopeful

INDIANAPOLIS UPI — Governor Branigin, on his way to a speaking engagement, Wednesday told newsmen all hope was not lost in the state's bid for a proposed atom smasher and indicated action on six community mental health centers was nearly completed.

Branigin borrowed a term from ice hockey in an apparent reference to the atom smasher planned by the Atomic Energy Commission. The AEC said Wednesday it would consider as final sites those six recommended by the National Science Foundation. Indiana was not included among them.

"The last man with the puck wins the game," Branigin said as he headed for South Bend. He apparently referred to a trip by Dr. Richard Grosh, who heads the executive committee which worked on Indiana's bid for the atom smasher facility, to Washington to confer with the AEC and Indiana congressmen.

Grosh was expected to ask the AEC if Indiana might be reconsidered as a possible site for the proposed \$300 million smasher.

The governor also told newsmen final planning was nearer than he expected on the mental health and retardation centers.

The Shuee firm as well as Mr.

Shuee, Ellis In Big Open House

Charles E. Shuee Real Estate and Insurance Agency and Joe Ellis Heating and Air Conditioning are holding open house at their beautiful new building, 104-108 North Vine Street Friday and Saturday.

Associated with Mr. Shuee

is his son, Claude Shuee, and Matt O'Keefe.

The Shuee firm as well as Mr.

Ellis and his employees invite everyone to see their new building and register for free gifts during the two-day open house.

There will also be refreshments for those who call.

April Term Will Start On Monday

No Flying Saucers Declares Pentagon

Medics Prescribe U.S. Regulation

WASHINGTON UPI — A group of doctors who believe auto health is a public health matter has prescribed a mandatory dose of federal regulation to help cure the ills they find in auto design.

The conference will explore various aspects of collegiate and professional broadcasting.

On April 16, Riggs, a junior at Cornell from 811 Shadowlawn Avenue, Greencastle, Indiana, will travel to Rutgers University in New Brunswick, New Jersey, to attend the Intercollegiate Broadcasting System Conference.

Cornell's KRNL-FM, staffed entirely by students, broadcasts primarily music with occasional special programs from 7:00 p.m. until midnight every night except Sunday.

Another aspect of the safety question was scheduled for discussion today before the Senate public works subcommittee. It involves federal funding of state auto safety research.

Dr. Seymour Charles, head of a group called "Physicians for Automotive Safety," told the subcommittee that highway carnage must be reduced through federal intervention—something doctors normally abhor."

"The auto industry, like the drug industry, should provide satisfactory proof of product testing for performance and occupant crash protection," Charles said.

Associated with Mr. Shuee

is his son, Claude Shuee, and Matt O'Keefe.

Members of the Elks are asked to meet at the Lodge Home at 7 this evening and then go to the Hopkins-Walton Funeral Home in Bainbridge to pay last respects to Harold Lieske.

Elks Notice

Friends of the family have collected \$15,000 as a reward for information leading to Danny's safe return, and two teenagers stepped forward as informants Wednesday.

"We shall gladly meet any terms and conditions for the release of the boy," the Goldmans said in their appeal Wednesday night. "We have \$25,000 in bills waiting to be delivered to you."

The husky gunman had demanded \$25,000 by 6 a. m. Tuesday, after which time the ransom would be doubled. He accused Goldman of "cheating" him out of some money, but Goldman said he did not recognize the man.

Early reports indicated U.S. casualties were light, although five helicopters were shot down in the fighting Wednesday. The four-man crew of one was known dead.

The 1st Division commanded by Maj. Gen. Lewis J. Fields and nicknamed "The Old Breed," joins the Marines' 3rd Division which landed in Viet Nam early in 1965.

But U.S. military spokesman in Saigon announced late today that 123 more Americans were killed in action during the week ended March 26. Another 515 Americans were wounded and four others missing in action or captured.

U.S. Air Force B52 bombers today attacked two Viet Cong base camps in Quang Nam Province, 25 miles southwest of Da Nang.

Huge troop-carrying Chinook helicopters moved in an artillery company today to support the Air Cavlemen, which had encountered only sniper fire during the night after a relentless barrage kept them pinned down throughout the day.

Members of the Grand Jury Petit Jury for the April term at the Putnam Circuit Court have been drawn by County Clerk Sam Conner.

The drawing of the jurors was in the presence of Jury Commissioners Moss Conner, of Cloverdale, and William Spencer of Russelville.

The new term will start next Monday, April 4th.

Jurors for the April term are:

GRAND JURY
Douglas W. Fellows, Washington Twp.
Charles S. Heiliger, Warren Twp.

John Guy Ratcliff, Russel Twp.
Marion E. Sears, Marion Twp.
Ralph Spencer, Clinton Twp.
Marion A. Huffman, Floyd Twp.
Joseph W. Hunter, Madison Twp.

Their statements were reported by members of the House Foreign Affairs Committee after McNamara and Wheeler testified in support of President Johnson's \$3.1 billion dollar foreign aid bill.

Rep. Cornelius E. Gallagher, D-N.J., was reported to have brought up the recent reports of saucer sightings when he asked McNamara if he thought potential new foreign aid clients had been trying to make contact with earth.

Leaders Call For Red Unity

MOSCOW UPI — Soviet and foreign Communist leaders called today for international Communist unity to help North Viet Nam fight its war against the United States.

Soviet President Nikolai V. Podgorny told the third session of the 23rd. Soviet Communist party congress that Russia is giving "economic assistance and weapons" to Hanoi.

Without mentioning past rejections by Communist China of unity pleas, Podgorny demanded "unity and cohesion of the international Communist movement."

The chief of the Soviet Far Eastern party organization, Vasily Chernyshov, said that the Sino-Soviet border "warmly support the party's political line and practical steps in the relations with the Communists party of China."

The 5,000-mile border between Russia and China running through central Asia and the Far Eastern Siberian provinces has been the scene of recent incidents between the two Communist giants.

Two foreign Communist leaders—Czechoslovakia's Antonin Novotny and Romania's Nicolae Ceausescu—both addressed the congress today. Novotny advocated the rallying of "the international Communist movement—the basis of all forces of peace and progress."

NATIONAL WEATHER OUTLOOK

INDIANA WEATHER: Partly cloudy today. Cloudy and not so cold tonight with showers probable. Considerable cloudiness and a little colder Friday with some rain or snow possible. High today in the 50s. Low tonight in the 40s. High Friday in the 50s. Outlook for Saturday: Generally fair and cool.

Obituaries

Keyt Services Here Saturday

Emmett C. Keyt, 60, well known Clinton township resident died early Thursday morning at the Putnam County Hospital.

Mr. Keyt was born, October 9, 1906, the son of Edwin and Bertha McClaine Keyt.

He was employed at Allisons in Indianapolis for fifteen years as a pipe fitter and plumber. Later he was employed by the State Highway until his health failed. He was a member of the Clinton Falls Methodist Church, the Morton Masonic Lodge and the Morton Eastern Star.

Survivors are: the wife, Clelia; two daughters, Betty Wallace, Greencastle and Norma Russell, Crawfordsville; two sons, William and Melvin Keyt, both of Greencastle, R.R.; two brothers, William, Greencastle and Raymond, Fillmore; nine grandchildren and other relatives.

Funeral services will be held Saturday at 1:00 p.m. at the Hopkins-Walton Funeral Home in Greencastle.

Friends may call at the funeral home after 7 o'clock this evening.

McCloud Rites At Roachdale

Mrs. Retta Mae McCloud, 68, Roachdale, died Wednesday at the Putnam County Hospital.

She was born October 26, 1897 in Indiana, the daughter of John and Mary Pinkerton.

Mrs. McCloud was a life-long resident of Roachdale community, and a member of the Barnard Baptist Church.

Survivors are: two daughters, Mrs. Betty Ruth Abney, Ladoga and Mrs. Margaret E. Williams, Roachdale; one aunt, Elizabeth Henry, Indianapolis; seven grandchildren; three step grandchildren, several nieces and nephews. She was preceded in death by her husband, Edgar McCloud.

Funeral services will be held Saturday at 3:00 p.m. at the Perkins Funeral Home in Roachdale, with burial in the Roachdale Cemetery.

Friends may call at the funeral home in Roachdale.

State Expected To Rest Case

FORT WAYNE UPI — The state may rest its case today in the embezzlement trial of Joseph J. Kohn, former manager of Red Comet Oil Co. service stations in Fort Wayne and Warsaw, in connection with a shortage a witness said totaled about \$91,000.

Kohn went on trial earlier this week on a charge of embezzling \$1,000. Another grand jury indictment charged an additional embezzlement of \$1,387.

But George Bumbaugh, who audited the Red Comet books in 1964, testified for the state he found shortage of \$85,000 and an additional shortage of \$6,000 was discovered about a month later.

A Local Teenager's View

By JANET STAUB

April showers bring May flowers but some March showers brought out the colorful splotches ahead of time.

World War I Veterans and Auxiliary of Barracks No. 114 will meet Friday, April 1st, at the Legion Home. Pitch-in supper at 6:30 p.m.

City firemen were called to the Pennsylvania Railroad tracks, south of the Poor Mill, at 2:45 Wednesday afternoon to extinguish a trash fire.

Mrs. Alice Bonewits, of West Lafayette, came to Greencastle Monday to visit with her cousins, Lotta and Bruner Thomas. She returned home Wednesday.

Noble E. Matthews, 48, city, was arrested on South College Avenue at 9:07 Wednesday night by Officer Russell Rogers and jailed for public intoxication.

Kappa Alpha Theta Alumnae chapter will entertain the seniors of the active chapter at a breakfast at 9:30 Saturday morning at the home of Mrs. Gordon Sayers.

With the coming of April, thoughts turn to vacation time, isn't it neat!

BY THE WAY: Eight more weeks of school for Greencastle students.

Plot Discovered

BEIRUT, Lebanon UPI — President Abdul-Salem Aref of Iraq has dismissed more than a dozen senior army officers who were allegedly plotting against his regime, according to reliable reports from Baghdad.

Roachdale O.E.S. Holds Installation

Roachdale Chapter held public installation March 26. Relatives and friends witnessed the impressive ceremony presented.

The chapter room was decorated with yellow roses, the Worthy Matrons elects flowers. The motto in the west, "Let the Right Hand Lead Thee," watch words, "Faith, Hope and Love," colors, "Bronze, Yellow and White, Emblem, Crown, Scepter United on the Cross.

The officers gave their opening drill, followed by the allegiance to the Flag, and singing of the National Anthem, and Pledge to the Christian Flag, and all repeating the "Lord's Prayer."

The Worthy Matron, Sister Mary Holland extended greetings to all present and expressed her appreciation and thanks on having opportunity to serve as Worthy Matron, and thanking all the officers for all the kindness extended to her for the past year. The Worthy Patron expressed his thanks. The Rev. Roger James offered Prayer and all officers retired to prepare for the installation, after Sister Eva Hicks was escorted to the East as installing Matron and assisted by Jo Ford, Chaplain, Paul Evans of Greencastle, Organist, Hazel Fitzsimmons installing Marshall.

The officers were invited into the chapter room and seated in

a semi-circle back of the altar. The roll of officers was called and the obligation was given.

Worthy Matron-elect was escorted East by her husband and little son, through a line of Past Matrons and Past Patrons. She was presented roses from the Chapter. Barbara Wilson and Mary Holland sang "How Great Thou Art."

Bro. Walter Taylor was escorted East by his two little grandsons through a line of Past Matrons and Past Patrons. Sung in his honor was "In The Garden." Other officers installed were.

Helen Bennington—Associate Matron

Franklin Ford—Associate Patron

Betty Ford—Secretary

Ruby Everman—Treasurer

Betty Wendling—Conductress

Jean Taylor—Associate Conductress

Madonna Barker—Chaplain

Betty Burdette—Marshal

Alda McCommon—Organist

Helen Wilson—Adah

Mildred Fitzsimmons—Ruth

Shirley Cloncs—Esther

Donna Craver—Martha

Leann Long—Electa

Goldie Perkins—Warder

John Burdette—Sentinel

Eva Hicks—Prompter

Mary Holland—Soloist

The retiring W.M. and W.P. was escorted to the Altar where they signed the Chapter's Bible and was presented gifts from the Chapter.

Refreshments were served to about 65 guests in the dining room. Gifts were presented to the installing officers and to Sister Esther and Bro. Walter. All enjoyed the social hour.

Mrs. Herbert To Attend Workshop

Mrs. Glendon Herbert, R. 3, Cloverdale, Ind., will attend Hoosier Recreation Workshop at West Lafayette from May 1-7. This will be the 4th year that Mrs. Herbert has attended this Workshop which is rated as one of the finest in the country for training leaders in all fields of recreation whether it be church, school, playgrounds and parks, 4-H Boy and Girl Scouts, senior citizens, home demonstration and county agents, or any other person connected with leisure time activities.

According to Mrs. Herbert some of the instructors at this year's workshop will include Paul Boehm, South Bend director of public recreation; Gordon F. Jones, recreation specialist, Purdue Extension Department; Janet R. MacLean, associate professor of Recreation at Indiana University; Joseph G. Wick, pastor for the Lafayette Christian Church; and many other recreation specialists. These instructors will train leaders in all phases of recreation including arts and crafts, music, outdoor education, games, square and round dancing, outdoor skills, day camping, how to develop recreation

programs, and many others.

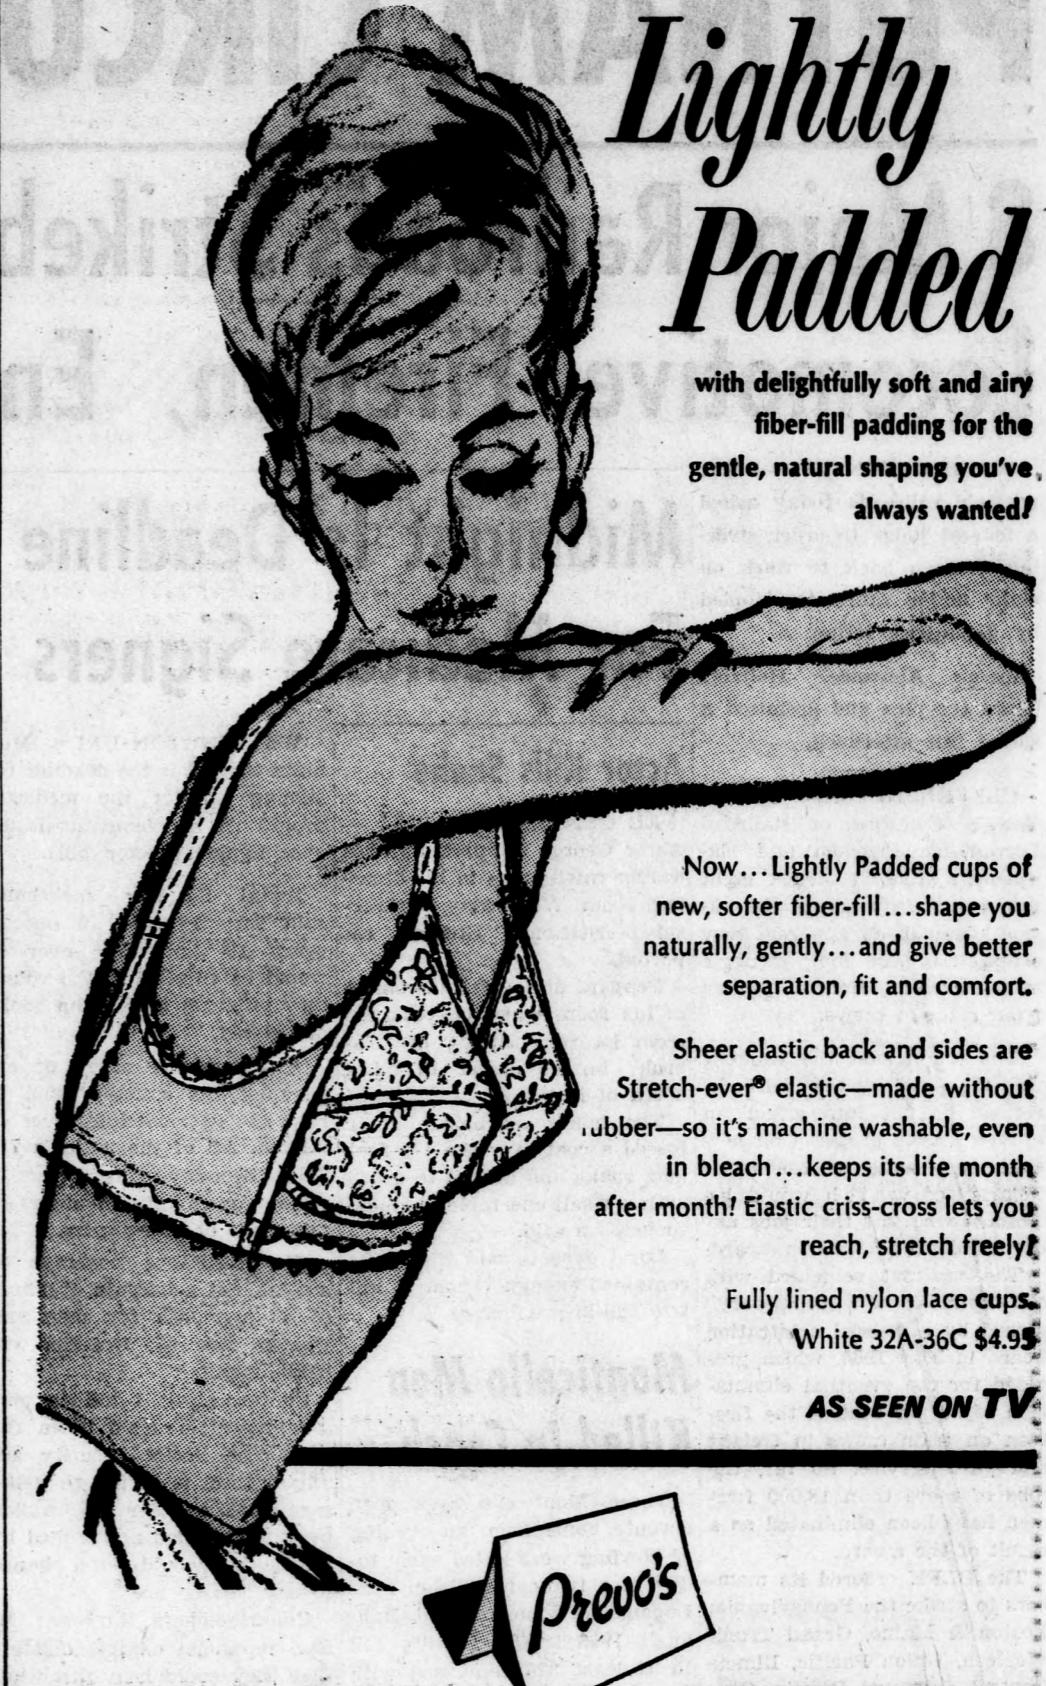

The workshop, where leaders learn by doing, is geared for be-

ginner in recreation leadership, as well as those with many years experience. Persons or organizations wishing information on the workshop should contact Mrs. Herbert.

Best Opening Lead
May Not Be Enough

By Alfred Sheinwold

The force of habit is very strong. We usually play the high cards of a long suit before we do anything with the low cards, and this is usually correct—but there are exceptions to all rules.

ace of clubs, ruffed another spade in dummy and took his high trumps to get a total of ten tricks.

KIND PARTNER

East was very kind: he screamed at West for only five minutes. An opening trump lead would defeat the contract, East asserted. West would get in with the ace of spades to lead another trump, and South would get only nine tricks.

All very true if South plays the hand according to habit. But South should make his contract even against a trump opening lead.

Declarer wins the first trump in dummy and returns the singleton spade. When East plays the eight, South should play low. Since South is sure to lose a couple of low spades no matter how he plays the hand, it costs nothing to lose one of them early.

East returns a trump and South wins. When declarer now leads a low trump to ruff in dummy, the ace falls and the hand is unbeatable. If the ace did not fall, South would draw trumps and lead the king of spades to force out the ace.

DAILY QUESTION

Partner bids one spade, and the next player passes. You hold: S-10 9 8 5; H-5 3; D-3; C-K Q 6 5 2. What do you say?

Answer: Bid four spades. Shows strong trump support, with a singleton or void in a points in high cards.

When today's hand was played West should have led a trump, but he actually led the king of diamonds. Thirty days on bread and water for the villain.

Declarer took the ace of diamonds and led a spade, using the king to force out the ace. West shifted to a trump, but it was too late.

South won with the ten of hearts, cashed the queen of spades and ruffed a spade in dummy. He got back with the side suit and no more than 9

BAINBRIDGE NEWS

By Mrs. Muriel Nelson, Correspondent

Mrs. Doris Webber of Greencastle visited Sunday afternoon with Mrs. Cari Darnall.

The PTA meeting for March was held in the school cafeteria. Meeting was called to order by the president, Mrs. Earlene Webber, followed by devotions by Mrs. Joan Martin. The secretary's report was read and approved. The treasurer's report was given, also report on the project committee to buy material for the elementary grades, first to six. Mrs. Donna Miles then talked on Health and Safety. Mrs. Eulene Jackson nominated the following officers nominated for the coming year. President, Mrs. Joan Martin; 1st vice, Harold Olcorn; 2nd. vice, Mrs. Donna Miles; 3rd. vice, Mrs. John McGuire, secretary, Mrs. Carolyn Fowler and treasurer, Morris Evans. A motion by Mrs. Rose South for the nomination to be accepted, Mrs. Betty McFarland seconded the motion and proper installation followed. Mr. Steele told of the coming school activities. The meeting was then adjourned.

Mr. and Mrs. Dorman Winger, who minister to the Christian Union church near Waynetown, will be song evangelists. They are both accomplished pianists and soloists.

Tim Coop will be guest speaker at the Somerset Christian Church April 3-8. This has been designated as Spiritual Enrichment Week and services are scheduled for 7:30 p.m. Sunday through Friday. Mr. Coop recently closed a three year ministry as youth minister of the Maplewood Christian Church in Terre Haute. He is presently associate minister of the Southland Christian Church in Lexington, Kentucky. Mr. Coop is a graduate of Minnesota Bible College in Minneapolis, and also had a student ministry with a church there.

Mr. and Mrs. Dorman Winger, who minister to the Christian Union church near Waynetown, will be song evangelists. They are both accomplished pianists and soloists.

The Somerset church is located one mile north of Brick Chapel on Route 43. The public is cordially invited to all of the services.

Gary Hall is minister to the Somerset congregation.

Left Dangling From Airplane

GOLDSBORO, N. C. UPI — A teenage paratrooper, whose parachute line snagged and left him dangling from an airplane, said Wednesday he was "mostly worried about the cold" as he was pulled through the air at two miles a minute.

"I was afraid I would freeze up there," Pfc. Michael A. McDonald, 17, of Missoula, Mont., told a news conference.

McDonald was making a training jump with units of the 101st Airborne Division Tuesday when the static line, which pulls parachutes open in mass jumps, failed to part from McDonald's chute. He dangled 1,600 feet above the ground as crewmen of the C119 vainly tried to haul him back aboard.

The force of the winds knocked the paratrooper unconscious for five to 10 seconds. He was pulled some 23 miles. Then the static lines on his chute broke, freeing him, and McDonald opened his reserve chute and drifted to safety in a tree top.

His reaction to the incident: "It was a funny feeling."

Business Deal

NEW YORK — Cities Service Co. and Continental Oil Co. announced they have each acquired rights to approximately 10 per cent of the anticipated total production of the Japanese Oil Concession in the Persian Gulf of Kuwait and Saudi Arabia owned by Arabian Oil Co. of Japan.

Buddhists Stage Saigon March

SAIGON UPI — About 2,000 Buddhist students marched through the streets in another anti-government demonstration today. They held symbolic "executions" of leaders of the ruling military junta and charged that American GI's "have turned our women into prostitutes and bar girls."

Buddhists have been demonstrating for three weeks against the military government headed by Ky, but always before presented a solid front in the struggle against Communism.

The demonstrations began March 10 after popular Lt. Gen. Nguyen Chanh Thi, a Buddhist, was ousted as commander of the country's five northern provinces. The demonstrators demanded early elections to select a civilian government.

Your Child And School

By David Nydick
By United Press International

Large numbers of students along with their parents and teachers are concerned about college admissions. Many take the "college boards" which are examinations used by colleges to assist in their selections of new students.

In Da Nang, about 380 miles north of Saigon, more than 3,000 persons staged an orderly anti-government demonstration. They gathered in Diem Hong Park and waved banners denouncing both the military regime and the United States.

The rally came just 24 hours

after the ruling junta met in extraordinary session and voted to set up a constitutional council to draft a new constitution.

Buddhists have protested this

would not be adequate to meet

their demands that the government be turned over to civilians.

The government's official

news agency said the junta also

adopted disciplinary measures

for handling both "military and

political" offenders.

Contrary to public opinion,

the scores on these examinations are not the most important factor in determining the choice of candidates. The college board scholastic aptitude test SAT ranks third after high school grades which are first

and recommendations of the school principal and guidance counselor which are second.

The fourth most important factor is class standing.

Make no mistakes. These are

important examinations. They

provide methods for colleges to

compare applicants from many

different high schools each hav-

ing its own standards and course of study. The point to understand is that these tests are only one of several measuring sticks which are used.

Buddhists have been demonstrating for three weeks against the military government headed by Ky, but always before presented a solid front in the struggle against Communism.

The demonstrations began March 10 after popular Lt. Gen. Nguyen Chanh Thi, a Buddhist, was ousted as commander of the country's five northern provinces. The demonstrators demanded early elections to select a civilian government.

MECHANICAL ASTRONOMER—The sketch (upper) illustrates the operation of the Orbiting Astronomical Observatory, a mechanical astronomer scheduled for March 28 launching at Cape Kennedy. NASA's breakdown sketch (lower) shows its various parts. The OAO is 10 feet long, weighs 3,000 pounds, and is one of the most advanced of unmanned spacecraft. Its seven telescopic eyes will peer at stars never before seen from Earth because of atmosphere. It will orbit 500 miles out. Solar panels open to a 21-foot span.

Abilities Plus Practice Give Voice To A Career

By ROBERTA BOESCH

Allen Swift is a born mimic, and he has a career in radio and TV commercials, a field that has a wide appeal for many aspirants.

Known as the "man of 1,000 voices," Swift is in constant demand to give the proper "personality" to an endless stream of products. *Teek The Flange*

He has been behind a plumber's plunger on TV, a blinking flashlight battery, and the voice that advises that one dab of a favorite hair cream is just as good as two—to mention a few examples.

In the 1950s, he was heard as all the voices on the "Howdy Doody Show," for which he also wrote the script. In addition, he has done the animation for "Terry Toon Cartoons" and has gone underwater for the kiddies to become Diver Dan and his pals. He has also been many, many ghosts, including Casper, the friendly one.

"How did you start doing commercials?" I asked him.

"And what advice would you pass on to men and women who would like a job or career in this field?"

Favorite Pastime

"To answer your questions in sequence," Swift said, "I have been practicing and doing things with my voice ever since I was a child. Mimicry was my favorite pastime in school and in the service. When I started to work, I used it to entertain in night clubs."

Swift went into radio after the war. Later he was in TV. He got started doing commercials when people who heard him on the "Howdy Doody Show" asked him to do certain voices on radio and television commercials.

Swift's advice for those who have the very specialized talent needed for this field is: "Practice, Practice," because (1) the field is a highly competitive one and (2) aspirants now auditioning have to compete with those already well-established.

"But there are many good ways to practice," Swift said. "For instance, read every billboard you pass on the road. Pick up newspapers cold and read them aloud. Use a tape recorder, and spend as much time practicing as you would if you were already in business."

Local Beginning

"Start in your local station and try to get a job there," Swift said. "When you have had training and experience, you can hit the big centers in New York, Chicago, and Los Angeles."

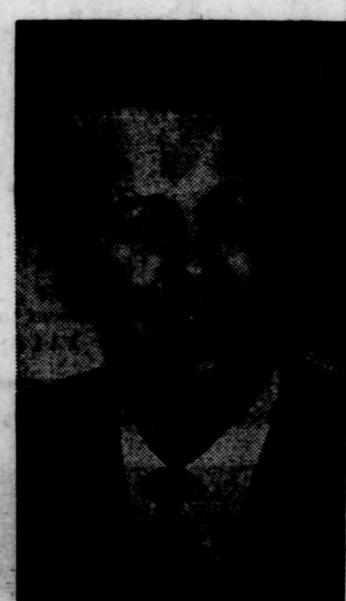

"Finally, get the reaction of others to your work and com-

3. Immediate response to all calls and complaints.
4. One Deputy on night duty.
5. Sheriff's office and jail will be operated on a minimum budget.

VOTE REPUBLICAN

Roush Presses For Dunes Park

WASHINGTON UPI — Rep. J. Edward Roush, D-Ind., said Wednesday the proposed national park at the Indiana Dunes would be a "definite incentive to the total economic development of Northern Indiana." It would compliment the nearby deep-water port at Burns Ditch, he said.

Roush also blasted opponents unwilling to compromise on the port-park issue. "The noise-makers are trying to persuade people that a national lakeshore park would 'hamper economic development' . . . that this is basically an economic fight between Illinois and Indiana," Roush said.

In a prepared statement, he charged that "Any 'fight' at present is really between those who seek economic and recreational opportunities for a better Indiana and those whose selfish interests force them to oppose a program they have not evaluated."

His Illinois reference was to Sen. Paul H. Douglas, D-Ill., who originally opposed establishment of a port at Burns Ditch and charged it would prevent the proposed park from becoming reality.

But Douglas later joined with Indiana Sens. Vance Hartke and Birch Bayh, Jr., both Democrats, in a compromise which included both the port and park in the rivers and harbors bill passed in Congress last year.

Roush said he would propose amendments to the measure at House Interior Subcommittee hearing April 4 offered by "concerned and informed citizens" for his bill authorizing establishment of the park. The subcommittee was scheduled to hold four days of hearings on the measure.

Give Flag Back

LONDON UPI—Britain returned the green, white and gold flag that Irish rebels flew over Dublin's post office when they rebelled in the 1916 Easter uprising.

The flag, which had been in the Imperial War Museum in London, was returned to Irish officials Wednesday.

"As this is the 50th anniversary of the rising, presumably this was the appropriate time to hand it back," said a spokesman at the Commonwealth Relations Office.

LOVE INTEREST

HOLLYWOOD UPI — Angie Dickinson and David Janssen will play the love interest in "The American Dream" at Warner Bros.

Some 60,000 of handicapped children are presently striving to meet the needs of approximately 5,000,000 such children of school age, a number far under the 200,000 trained teachers needed to do an efficient job, says the Easter Seal Society.

Queen Elizabeth of Britain was coronated Jan. 15, 1959.

Auto Hits Pump, Damage \$20,000

MICHIGAN CITY UPI — A car smashed into a gasoline pump at an Indiana Toll Road service area near here early today, causing damage in ex-

cess of \$20,000.

The two occupants of the car fled on foot but were later picked up and taken to LaPorte County Jail for questioning. The gasoline pump burst into flames and three cars were damaged and a fourth destroyed.

Police said the car, owned by Sam Evans, Chicago, was pulled up to the pump when the brakes grabbed and it swerved into the pump. The car then struck a light pole and rolled into the parking lot where it sideswiped a second car. The light pole fell on a third car and flames from the burning pump destroyed a fourth car. There were no injuries.

ishments of Stalin's one-man rule, but not to give him full rehabilitation.

This trend was begun after Premier Nikita S. Khrushchev was unseated in October, 1964. Khrushchev had launched the de-Stalinization campaign at the 20th congress in 1956.

Diplomatic observers have noted that during its 17-month rule, the post-Khrushchev leadership also had dropped the rocket-rattling and extravagant boasts of the ex-premier for a more business-like approach to Russia's foreign and domestic problems.

NOTICE TO TAXPAYERS
OF ADDITIONAL APPROPRIATIONS
Notice is hereby given to the taxpayers of Putnam County, Indiana, that the proper legal officers of said County at 10:00 a. m. on April 13, 1966, will consider the following additional appropriations which said officers consider necessary to meet the extraordinary emergency existing at this time.

COUNTY REVENUE
Cents: **General Expenses** \$1,361.50
County Taxes 600.00
Pavilions 600.00
County Home: 200 Repair of Old Jail 2,000.00
New Repair of Main Bldg. 200.00
New Department 200.00
Total Co. Revenue 6,011.50

COUNTY HIGHWAYS:
Road Signs 2,000.00
Total Co. Expenses 6,011.50
Total of all additional expenses: \$7,681.50

Taxpayers appearing at such meetings shall have a right to be heard thereon. The additional appropriations as finally made will be automatically referred to the State Board of Tax Commissioners, which Board will hold a further hearing within fifteen days at the County Auditor's Office of said County, or at such other place as may be designated. At such hearing taxpayers objecting to any of such additional appropriations may be heard. Interested taxpayers may inquire of the County Auditor where and when such hearing will be held.

Editor C. Cooper, Auditor Putnam Co.
Mar 31-April 7-8

NOTICE TO TAXPAYERS
OF ADDITIONAL APPROPRIATIONS
Notice is hereby given to the taxpayers of North Putnam County School Corporation, Putnam County, Indiana, that the proper legal officers of said Municipal Corporation at their regular meeting dates at 8:00 a. m. on April 13, 1966, will consider the following additional appropriations which said officers consider necessary to meet the extraordinary emergency existing at this time.

Commutative Building Fund Amount
To provide for the acquisition of land for the construction of new school buildings for classroom purposes and uses as described in the 1965-66 Budget Burns' Ann. Statutes of Indiana 1965, Supplement \$327,743.83

Taxpayers appearing at such meetings shall have a right to be heard thereon. The additional appropriations as finally made will be automatically referred to the State Board of Tax Commissioners, which Board will hold a further hearing within fifteen days at the County Auditor's Office of said County, or at such other place as may be designated. At such hearing taxpayers objecting to any of such additional appropriations may be heard. Interested taxpayers may inquire of the County Auditor where and when such hearing will be held.

Hubert McNaugherty, President; John Crosby, Vice President; William Luther, Secretary; William Etcheson, Jr., Treasurer; Andy Gross, Member; James Summers, Member; John Mardette, Member, Board of School Trustees. Mar. 31-April 7-8

NOTICE TO HIGHWAY CONSTRUCTION CONTRACTORS

Notice is hereby given that sealed proposals for the construction of certain highway improvements will be received by the Indiana State Highway Commission at its offices in the Indiana State Office Building, Room 1313, Indianapolis, Indiana, until 10:00 a. m. Eastern Standard Time on April 13, 1966, and that the bids will be publicly opened and read immediately thereafter in the Chambers of the Indiana Senate, State Capitol Building. Bidders are invited to inspect the following: **CONTINUOUS CONCRETE PAVEMENT AND FOUR BRIDGES AND DEMOLITION** in the Crawfordsville District on the following:

CLAY AND PUTNAM COUNTIES — Project L-70-2 (26) 20,446 miles on I-90 from 1.8 miles southeast of Ashville to the east end of the Bridge over Deer Creek. This project includes the following: 1. A reinforced concrete girder and continuous steel beam (L-70-41-5377) 4 spans (2 at 47'6", 2 at 51'6") on skew, on the Clay-Putnam County Line Road over I-70. A continuous reinforced concrete slab (L-70-34-5378) 2 spans (2 at 47'6", 1 at 51'6") on I-70 over relocated Cross Creek. A reinforced concrete girder and continuous steel beam (L-70-32-5378) 4 spans (1 at 47'6", 2 at 51'6", 1 at 54'6") on I-70 over 1.4 miles southeast of the Clay-Putnam County Line. A continuous reinforced concrete slab structure (L-70-34-5377) 2 spans (2 at 47'6", 1 at 51'6") on I-70 over Elkhorn Creek 1.4 miles southwest of Pleasant Garden. This project includes demolition items.

CONTRACT B-7061 — Bids are invited on **CONTINUOUS BEAM** & **GIRDERS** on the Crawfordsville District on the following:

PUTNAM COUNTY — Project No. L-70-1 (31) 30. Structure No. L-70-34-5364, Carrying Relocated Wabash Creek, 4.5 miles Northwest of SR 43, 6 miles (1 at 54'6", 4 at 55'1", 1 at 56'6", Skew Rd. 33', Piling: Steel Enc. Cons. Pile, Enc. Drysdale, Koufax Become The Highest Paid Pitchers In History

LOS ANGELES UPI — Loyalty, determination and a flare of gambler's instinct paid off in a \$230,000 salary package for Sandy Koufax and Don Drysdale to divide today as the highest paid pitchers in baseball history.

Breaking their 32-day hold-out, the brilliant hurlers signed one-year contracts Wednesday to pitch for the Los Angeles Dodgers. It was the second "final offer" submitted by E. J. (Buzzie) Bavasi in two days, but this one added cash to the tune of \$120,000 for Koufax and Drysdale \$110,000. There was

no official confirmation from the Dodgers of the breakdown. Koufax thus becomes the second highest paid player in the game, trailing only Willie Mays of San Francisco, and he and Drysdale are Nos. 1-2 in the all-time pay derby for pitchers. The previous high was \$85,000 for Warren Spahn.

Drysdale and Koufax promptly went to work in earnest to prepare for joining the team in Phoenix, probably Saturday.

Koufax was so skeptical about the negotiations, he had not started to work out. "Now I wish I had," said Sandy.

Los Angeles Fans Are Now On Cloud Nine

From Vero Beach to Brooklyn to Sunset Strip, countless Los Angeles Dodger fans celebrated Wednesday.

The world champion Dodgers are on top of the baseball world again.

As it wasn't enough for the Dodger faithful to have Sandy Koufax and Don Drysdale back in the fold again, they also savored Claude Osteen's two-hit shutout of the Cincinnati Reds that should mean he's ready to back up the K and D combo for the second straight year.

It even prompted exuberant Los Angeles Mayor Samuel W. Yorty to send the following telegram to the mayors of major league cities: "Koufax and Drysdale have signed. The October weather in Los Angeles is ideal. I advise you to get your World Series reservations in early."

Mayor Yorty may seem a bit premature but once Koufax and Drysdale signed their 1966 contracts, the Dodgers immediately became 5-2 favorites out on the Las Vegas odds boards to repeat their 1965 miracle.

Just before Koufax and Drysdale signed their contract for a package in excess of \$230,000 — figured to be \$120,000 for Koufax and \$110,000 for Drysdale — Osteen nailed down the opening day assignment by the Cincinnati Reds, 4-0.

While the Dodgers were getting back to their old ways, the New York Mets continued to act very strangely. The amazin' Mets, on top of the National League Grapefruit standings with a 10-6 record, snapped the Washington Senators five-game winning streak, 5-2.

The Mets failed to get a hit off Jim Duckworth for six innings but jumped on reliever Fred Kreutzer for four runs in the seventh to sew up the victory.

The Chicago White Sox, the major's best team this spring with a 16-4 record, returned to their winning ways by snapping a two-game losing string with a 4-2 triumph over Baltimore. John Romano singled in two runs in the sixth inning to give Jack Lambeau the win.

The Detroit Tigers boosted their record to 12-5 by clattering the Atlanta Braves, 11-7 on a five-run sixth-inning highlighted by Jim Northrup's bases loaded triple.

Dick Radatz, the one-time

Two More Entries Are Made In Big 500 Field Gordes Vaults 14 Feet 2 Inches

INDIANAPOLIS UPI — Gordon Van Liew of Houston, Tex., today entered two new Offenhauser-powered, rear-engine cars for Bobby Unser, Albuquerque, N. M., and Chuck Stevenson of New Port Beach, Calif., to attempt to qualify for the 50th running of the Indianapolis Speedway 500-mile auto race.

Joe Huffaker is building both cars on the West Coast with independent liquid suspension chassis.

A former national champion, Stevenson retired from competition in 1954, two years after he grabbed the title. He returned

to racing in 1960, however, and this will be the 10th "500" he has appeared for.

Unser is a seven-time winner of the Pikes Peak Hill Climb and will be driving one of the new, super-charged "Offy" units. He has qualified cars for the past three Memorial Day classics, but has never gone the dista nee.

The latest entries pushed to 34 the total number of cars entered for the May 30 races, with 20 veteran drivers already named, along with four rookies. Ten cars have no drivers listed for them.

SOUTH BEND UPI — Bob Gordes of South Bend Riley pole vaulted 14 feet 2 inches Wednesday night in the city indoor track meet.

His mark, set in the Notre Dame fieldhouse, was 1 1/4 inches better than the existing state outdoor record. Mike Hanna of Pendleton set the mark of 14 feet 1 1/4 in 1963.

Gordes' best effort outdoors last season was 13 feet 7 inches.

The meet was won by Adams with 51 points with Central next with 38, followed by Washington 37 1/2 and Riley 23 1/2.

COOLING OFF A HOT COMBO—Winners of the Sebring 12-hour race, Ken Miles (left) and his co-driver, Lloyd Ruby, get the cup and champagne treatment above. The two drove a Ford Roadster XI to victory in the tragedy-hit race, averaging 98.631 miles per hour. Two accidents claimed the lives of Bob McLean, Canadian driver, and four spectators. McLean was killed when his car went out of control, hit a pole and burst into flames. The spectators were killed when a Porsche went through a fence into the crowd.

A CARD OF THANKS

For thirty years, 1935-65, this unsung community followed their basketball teams through the seasons and journeyed to Greencastle for the tourneys, full of hope and enthusiasm, and returned beaten and bewildered with tear stained cheeks, often a bridesmaid but never a bride. We became known as "those slobs in the south end of the county." The theme song became "We'll Get Em Next Year." Then during the 1963-64 season we began to notice the "B" team, at the close of the season someone said "Why they're undefeated." We all came back the next November "gymless" and started again, after a very good season we emerged with a County, a Sectional and a Regional Championship under our belts and everyone kind of stared at each other in disbelief but idiotically happy. This year the disbelievers said "Well, that's it, they won't be that good again." After an 18 game scheduled season unmarred by a loss, a slap in the face by Bainbridge in the County Tournament, several broken fingers, noses and a round with mononucleosis, we started for Brazil and braced; Brazil, Terre Haute, and Evansville, and finally we ended up at Hinkle House. The people kind of looked at each other in the stands, as if to say "pinch me I'm dreaming." We lost the ball game but not the pride, everyone came home to a bonfire and stood at least 10 feet tall. This little group of perfectly ordinary looking boys had elevated us out of the mud and up on cloud nine. So we say to you, THANK YOU

THANK YOU FROM OUR HEARTS AND WE WILL NEVER FORGET YOU

TV in review

By Rick DuBrow

HOLLYWOOD UPI—Everyone in television knows how movie producers are raising a fuss over the way video cuts up their films with editing and commercials. George Stevens even went to court over the showing of "A Place in the Sun" on NBC-TV.

Nobody, however, has bothered to look at the other side of the problem: the fact that some television series have combined several episodes and released them in theatres as movie versions, eliminating the commercials in the process. One of our producer friends called up the other day, deeply disturbed by this lack of commercials.

"I'm thinking of suing," he said. "I think there's a historic legal principle involved."

"What's that?" we asked.

"A creator has rights. The original quality of his work should be preserved. If I turn out a show built for commercials, then you're ruining the price by taking them out."

"You mean—?"

"That's right—my work is being emasculated by those butchers who take out the commercials."

"And—?"

"And my reputation as a television craftsman is at stake. You can't just haphazardly pull a commercial out of a show and expect it not to be noticed. I spend many hours making sure the advertising breaks have just the right pacing and tone for one of our products."

"I'm beginning to see your point."

"Well, of course. Audiences can tell the difference right away. After a few minutes, they want to get up and get a beer or a sandwich or make a telephone call or whatever—but they won't be able to with this new continuity."

"You think it's radical, then?"

"More than that. Careers will go down the drain. People like myself who've spent years learning the business. Suddenly a sponsor or a network notices that you can construct a show that holds up without commercials—and they won't trust you again."

"You mean—?"

"That's right. Soon a man is a laughing stock with his friends who thought he knew his business. My agent called the other day and said he saw the movie version of one of my shows, and told me that the action moved much too swiftly."

"Did he have any ideas?"

"Yes, he said it needed a commercial."

The Channel 5: Danny Thomas' daughter, Marlo, will star next season in a new half-hour situation comedy series, "That Girl," about a high-spirited young lady who "leaves the comfort of her parents' home to make her own way as an actress" . . . Miss Thomas

recently won an enthusiastic critical reception in the London production of the Broadway-originated stage comedy "Barefoot in the Park."

Vietnamese In Demonstration

DA NANG, Viet Nam UPI—An estimated 2,000 students and civilians demonstrated here Wednesday against American "interference" in Vietnamese internal affairs. They demanded a personal apology from President Johnson for the alleged beating of a Vietnamese by a U. S. Marine.

The students defied a warning by Premier Nguyen Cao Ky against such outbursts and demonstrated for about two hours in front of the downtown Thong Nhat Hotel where American troops are billeted.

The demonstrators protested an incident that happened in Da Nang earlier involving a U. S. Marine truck driver.

The transportation workers of the city staged a 250-truck demonstration. The trucks wound through the city streets for more than two hours blocking and clogging traffic both civilian and military.

At one intersection, a U. S. Marine truck driven by an American serviceman collided with one of the trucks. There was a small squabble.

But the demonstration leaders charged the Marine had beaten the Vietnamese truck driver. By the time the story was a few hours old, the leaders were accusing the Marine of beating at least a half dozen Vietnamese.

Six Sites For Atom Smasher

WASHINGTON UPI—The Atomic Energy Commission AEC announced it will select one of the six sites recommended by the National Academy of Science for a proposed 200 billion electron volt atomic accelerator.

The recommendations were made by the academy last week from a list of 85 submitted to it by the AEC last September.

Sites recommended by the academy are at Ann Arbor, Mich.; Brookhaven National Laboratory, Upton, N. Y.; Chicago; Denver, Colo.; Madison, Wis.; and Sierra Foothills, Calif.

AEC Chairman Glenn T. Seaborg said in a statement that after review of the academy's report "the commission has reached the conclusion that the best site will be found among those recommended by the academy."

FUMBLER
DALLAS UPI—Quarterback Don Meredith of the Dallas Cowboys fumbled 16 times during the 1964 season to set a negative National Football League record.

IRS News

INDIANAPOLIS UPI—The Internal Revenue Service today advised employees who file declarations of estimated tax that the new tax withholding system may eliminate the need to file an estimate for 1966. For those who still must file, the estimated tax payment required may be reduced.

Estimated tax declarations are generally required to be filed only when the estimated tax liability for the year exceeds income tax withheld by \$40 or more.

The new graduated withholding rates, signed into law on March 15, range from 14 to 30 percent in separate rate schedules, for single persons and married persons.

The new rates apply to all paychecks received on or after May 1, 1966. This means that tax will have been withheld at the old rates for the first four months of this year and will be withheld at the new rates for the balance of 1966.

Single employees who earn more than \$5,000 a year and married persons who earn over \$10,000 will be particularly affected by the change in rates.

The demonstrators protested an incident that happened in Da Nang earlier involving a U. S. Marine truck driver.

The transportation workers of the city staged a 250-truck demonstration. The trucks wound through the city streets for more than two hours blocking and clogging traffic both civilian and military.

At one intersection, a U. S. Marine truck driven by an American serviceman collided with one of the trucks. There was a small squabble.

But the demonstration leaders charged the Marine had beaten the Vietnamese truck driver. By the time the story was a few hours old, the leaders were accusing the Marine of beating at least a half dozen Vietnamese.

The fact sheet contains tables which show the amount of tax withheld on wages up to \$260 a week, under both the old and new withholding system. It shows, for example, that a married man with a wife and two children who earns \$200 a week would have an additional withholding of \$2.40.

IRS suggested that those who have already filed estimates for 1966 and want to amend them should wait and make the change when the June 15th installment is due. The reverse side of the bill for the June 15th installment can be used to amend the estimate.

Refers Dispute To Home County

INDIANAPOLIS UPI—Governor Branigin said that a dispute which arose in his home county of Tippecanoe over challenges to 20 candidacy declarations may be referred to back to the county election board.

The governor said that he and James Noland, the other Democratic member of the State Election Board of which Branigin is ex-officio head, had no opportunity to confer personally Tuesday.

However, Branigin said he and Noland had discussed the matter and "it may be referred back to the county. There is no reason it can't be settled there."

The dispute was over the legality of filings by a group of 20 Tippecanoe County candidates for precinct committee men on the Democratic ticket May 3.

In Lafayette, Richard T. Heide, Lafayette attorney, signed an affidavit stating that the papers had been filed in the presence of a notary and that the fact the notarizations were missing from the comments was due to "inadvertence" on the part of Democratic Central Committee vice chairman Louise C. Wheeler, who filed 40 declarations in a group.

Weather Blamed For Price Hikes

WASHINGTON UPI—You say the cost of groceries is sky-high, lady? Well, blame it on the weather.

That, in a nutshell, was the Agriculture Department's answer today to the question of why the nation's food prices rocketed last month.

The government confirmed Tuesday what housewives already knew—that bigger grocery bills pushed the cost of living to another record high in February.

The consumer price index rose one-half of 1 per cent last month, but retail food prices jumped 1.5 per cent.

Said New York housewife Mrs. Mary Connelly, "I feel sorry for the people with children. In my home, there's only myself and my husband and the higher prices don't bother us too much. I know the meat prices are way up. Even the

YOU'RE TELLING ME!

By WILLIAM RITT
Central Press Writer

FOLLOWING a Senate passage, the House is considering a bill calling for a three-year \$3.5 million study of whether or not the U. S. should switch to the metric system. Since the cost of such a changeover is estimated at \$50 billion—that study might seem worth it—if it results in a big, fat "No!"

In the metric system, temperature is measured by Centigrade degrees. This means we possibly no longer will be able to blame heat and cold waves on that fellow Fahrenheit.

The change might, in a sense, be a big boon to business since we would need to discard our old scales, yardsticks, cook books, etc., and get new ones.

The office taper is, incidentally, one of those violently against switching to the metric system—says it would be a crying shame to say goodbye to inches, feet, yards, miles and gallons—especially gallons.

price of chickens, which have been very low, have been climbing steadily."

The severe winter storms of January took their toll of fruit and vegetable crops and slowed down distribution across the nation in January, according to Agriculture Department economists.

In addition, the relatively low number of hogs on farms and ranches last fall and in the early winter played a key part in pushing meat prices up by about 2 per cent from mid-January to mid-February, the period covered by Tuesday's cost of living report.

As for milk, that's another matter. The Agriculture Department is having to persuade some of the nation's dairy farmers to increase milk production by suspending for a while scheduled seasonal price declines in minimum farm prices for bottling milk in 45 federally regulated milksheds.

Dairy farmers feel they're not getting good prices for their milk and they're warning the government of possible widespread shortages. Thus milk prices will probably stay up. And it's one reason for the Pentagon's decision to substitute margarine for butter on occasion in its mess halls and galleys.

He told the Senate Commerce Committee that existing legislation based on voluntary action should be given a chance to prove its effectiveness.

The administration proposals would authorize the commerce secretary to impose federal standards for construction and design of autos unless the industry itself improved safety features.

Pyle said: "Federally imposed national standards for motor vehicle safety constitute the ultimate weapon in the war against traffic accidents and, like all ultimate weapons, it should be used as a last resort."

"We believe that there al-

ready are means which will be effective. We recommend that Congress give them the time to become effective."

"The administration's priority on effective voluntary action should both in the short run and the long run result in greater automotive safety. In any standard-setting situation there is always the danger that

a standard intended to put a floor under performance may operate to put a ceiling on top of performance."

The head of the safety organization criticized Congress for emphasizing auto safety design during recent hearings while ignoring other important factors such as driver education and vehicle maintenance.

Injuries Fatal

AUBURN, Ind. UPI — Jay H. Goetschius, 75, Auburn, died Wednesday in Souder Hospital here from injuries suffered Tuesday night when he fell head-first down the basement steps of his home. His skull was fractured.

NOTICE OF ADMINISTRATION
In the Circuit Court of Putnam County, Indiana.
Notice is hereby given that Lucy Logan was on the 18th day of March, 1966, appointed Administrator of the estate of Daphne Lily Logan, deceased.
All persons having claims against said estate, whether or not now due, must file the same in said court within six (6) months from the date of the first publication of this notice or said claims will be forever barred.
Dated at Greencastle, Indiana, this 18th day of March, 1966.
Samuel M. Conner, Clerk of the Circuit Court, for Putnam County, Indiana.
Probate Cause No. Est. 66-36.
Attorney
William L. McClellan
Mar. 24-31-Apr. 7-3

NOTICE OF ADMINISTRATION
In the Putnam Circuit Court, Estate No. 66-28.
Notice is hereby given that First Citizens Bank & Trust Company was on the 20th day of March, 1966, appointed Administrator of the estate of Mabel McMire, deceased.
All persons having claims against said estate, whether or not now due, must file the same in said court within six months from the date of the first publication of this notice or said claims will be forever barred.
Dated at Greencastle, Indiana, this 20th day of March, 1966.
Samuel M. Conner, Clerk of the Putnam Circuit Court.
Attorney, James M. Houck, 11½ South Indiana Street, Greencastle, Indiana.
Mar. 24-31-Apr. 7-3

British Voters
Cast Ballots

LONDON UPI — Britons crowded into polling places today to choose a new 630-member Parliament. Bookmakers gave 66-to-1 odds Prime Minister Harold Wilson's Labor government would be returned to power with a sweeping mandate.

The weather was cool but dry, favoring a good turnout among the 35.9 million eligible voters. The turnout was expected to at least equal the 77 per cent total of eligible voters who gave Wilson's party a slim majority in October of 1964.

This time, Wilson was expected to emerge with the greatest majority—possibly 200 seats—since Sir Winston Churchill was swept out of office.

LEGAL NOTICE
IN THE MATTER OF THE ESTATE OF JAMES J. & FREDIE COUNTRY MILL CREEK CONSERVANCY DISTRICT — MORGAN CIRCUIT COURT — CAUSE NO. C 66 C 63

NOTICE TO FREEDOMERS, NATURAL AND CORPORATE OWNERS OF LAND IN THE TOWNSHIPS OF ADAMS, ASHLAND AND GREGG IN THE COUNTY OF MORGAN, STATE OF INDIANA; AND IN THE TOWNSHIPS OF ALLEN, JEFFERSON, MARION AND MARION IN THE COUNTY OF PUTNAM, STATE OF INDIANA; AND IN THE TOWNSHIPS OF FRANKLIN, CLAY, MARION AND HENDERSON IN THE COUNTY OF HENDERSON, STATE OF INDIANA; AND IN THE TOWNSHIPS OF TAYLOR AND JENNINGS IN THE COUNTY OF OWEN, STATE OF INDIANA; AND TO ALL OTHER PERSONS INTERESTED IN THE FORESTED LAND IN THE COUNTRY MILL CREEK CONSERVANCY DISTRICT IN MORGAN, PUTNAM, HENDRICKS AND OWEN COUNTIES, STATE OF INDIANA.

NOTICE IS HEREBY GIVEN that on the 4th day of March, 1966, a Petition for the establishment of a Conservancy District, to be known as the Four County Mill Creek Conservancy District, was filed in the office of the Clerk of the Circuit Court of Morgan County, Indiana. Said Petition was docketed this same date and is now before the Court and pending.

The Court has set the 27th day of March, 1966, at 10 o'clock A.M. as the time at which the Court shall hear and act upon the Petition and also hear and act upon any objections, or remonstrances, or both, filed thereto. Said hearing shall be held in the Court Room of the Morgan County Court House, Martinsville, Indiana.

Said Petition proposes a Conservancy District to be established within Morgan County, Putnam County, Hendricks County and Owen County, Indiana, and in parts of the following townships:

MORGAN COUNTY:
ADAMS TOWNSHIP, ASHLAND TOWNSHIP, GREAT CREEK TOWNSHIP.

PUTNAM COUNTY:
CLOVERDALE TOWNSHIP, JEFFERSON TOWNSHIP, MARION TOWNSHIP.

HENDRICKS COUNTY:
FORTIN TOWNSHIP, CLAY TOWNSHIP, JERION TOWNSHIP, LIBERTY TOWNSHIP.

OWEN COUNTY:
TAYLOR TOWNSHIP, JENNINGS TOWNSHIP.

Said Petition proposes such a Conservancy District be established for the following purposes:

Flood Prevention and Control; Improving drainage; Developing forests, wildlife areas and parks and recreational facilities where feasible in connection with beneficial water management and flood control drainage, which purposes may be accomplished within the watershed of Mill Creek, being that territory described in said Petition, by such structures, channel improvement, ditch and other works, and the adoption of other soil and water management techniques as may be approved according to law.

This Notice is given by the petitioners pursuant to order of the Morgan Circuit Court, Morgan County, State of Indiana, dated 4th day of March, 1966.

RAY RAINWATER, CLERK OF THE MORGAN CIRCUIT COURT.
