Lone Star Corp. Awards Contract For New Plant

NEW YORK — Lone Star Cement Corporation will award the general contract for construction of its new plant at Greencastle, Ind., to Huber, Hunt & Nichols, Inc., Indianapolis, according to an announcement today by Hans K. Frymann, Lone Star's vice president-engineering.

Construction work under the new contract, which Mr. Frymann stated is in the \$9-million range, will proceed immediately, inasmuch as the site preparation work has already been completed. The new plant, which will replace an older facility nearby, is expected to be on stream in time for the 1969 construction season.

Features of the new 4-million-barrel plant will include a single kiln 580 feet long, and an advanced process system utilizing a direct digital control computer.

Donald J. Cook To Be Honored By Alma Mater

On Saturday evening, June 3, Dr. Donald J. Cook will receive the "Outstanding Achievement Award" from Augustana College, Rock Island, Illinois, when he returns to his Alma Mater for Alumni Day activities and to attend the Thirtieth Reunion of his graduating class.

Professor Cook is head of the Department of Chemistry at DePauw University and is known nationally as a teacher and educator. He has lectured extensively at colleges throughout the United States as a "Visiting Scientist" for the American Chemical Society. He is the author of a number of scientific papers and a contributor to publications concerned with education in liberal arts colleges. In 1961-62, while on leave from his duties at DePauw, he served in an administrative capacity for the National Science Foundation, Washington, D. C.

Dr. Cook is listed in "Who's Who in America" and American Men of Science. He is a Fellow of the Indiana Academy of Science and post-president of the Indiana University Chemistry Alumni Association.

Proposed Draft Law Changes Before House

Bicycle Safety Check Saturday

"Ride your bicycle this summer" says PTA Safety Chairman Paul Buechler and "for safety's sake" ride your bicycle over to Northeast Elementary School this Saturday, May 27 from 9:00 to 11:00 a. m.

Under the cooperation of Chief of Police Roy Newgent and the direction of Policeman John Vermillion, bicycles will be checked for safety. This will include Mechanical and proper bicycle care.

The VFW has donated reflector tapes which will be placed on all vehicles which pass inspection. These tapes will also serve as a safety factor for sunless days and night riding.

All elementary and junior high boys and girls are urged to ride to Northeast this Saturday. The covered playground area will be used in event it rains.

Harry Stout, manager of the local Coca-Cola plant will provide free cokes for all boys and girls who participate in this PTA sponsored bicycle check.

Three Lodged In Jail Wednesday

Robert Capps, 20, and Milton Abrams, 20, both of Cloverdale, Route 2, were arrested and lodged in the Putnam County jail Wednesday by Sheriff Bob Albright.

Both young men were charged with malicious trespass by Albright.

George Spears, 37, Indianapolis, was also jailed Wednesday by State Detective Kenneth Wolfe.

Spears was booked for burglary and conspiracy to commit a felony.

Rabbit's Revenge

LA GRANGE, Ind. UPI — After hitting a rabbit, Glen I. Ditaman stopped his car, picked up the lifeless animal and carried it to a grassy spot at the side of the road. Another car stopped behind Ditaman's car, but three others didn't.

The collision resulted in an estimated \$1,514 in damages and a traffic ticket for Ditaman.

WASHINGTON UPI — The House, trying to allay fear of the "peace churches" but running into new problems with the Peace Corps, opens debate today on proposed changes in the draft law.

Chairman L. Mendel Rivers of the House Armed Services Committee said he would amend the bill to change the language of a provision which conscientious objector group claimed would send their sons to jail.

Peace Corps officials, however, expressed concern over a little noted provision which would exempt physicians commissioned in the Public Health Service (PHS) from the doctors draft.

The exemption, however, does not apply to PHS doctors loaned out to other agencies. There are about 300 PHS physicians assigned to the Peace Corps, Office of Economic Opportunity Food and Drug Administration, World Health Organization, and other groups.

Peace Corps officials are particularly upset over the provision because there are currently 141 PHS physicians attending to the medical needs of 13,000 Peace Corps volunteers in 52 countries. They were unsure of the impact the new rule would have on the corps' medical program.

During hearings on the draft bill, no testimony was taken on the PHS doctors.

The amendment was offered by Rep. Durward Hall, R-Mo., after the committee started writing the bill in closed session.

Hall, a physician, told newsmen he authored the provision because he felt service in these (Continued on Page 2)

Masonic Notice

Called meeting of Owen Lodge F&AM will be held Saturday, May 27 at 7:30 p. m. in Masonic Hall in Quincy, E. A. degree. Visitors welcome. Robert Sterchi, W. M.

The Greencastle Church of the Nazarene will celebrate their Fiftieth Anniversary Sunday, May 28.

The services will open with a Sunday School Rally at 9:30 a. m. The attendance goal is 300.

Three of the former pastors will be guest speakers during the day. Rev. Samuel Schimpf, will speak at 10:30 a. m., Rev. Mark Hamilton, at 2:30 p. m., and Rev. C. A. Newby, at 7:30 p. m.

A special Memorial Service in memory of the deceased members will be conducted at 6:45 p. m.

At 12:00 noon there will be a basket dinner at the Community Building at the Fairgrounds.

The Greencastle Church of the Nazarene was organized Oct. 7, 1917, with 36 charter members that day. The charter was left open for a short time and a few more joined them. This organization was under the direct leadership of Rev. Harry J. Elliot of New Castle, Ind., and under the District supervision of Dr. U. E. Harding. The organization was the result of a revival meeting held under a tent, located where the Standard Oil Station now stands. The meeting was conducted by Rev. Guy McHenry, platform manager; Rev. August Neilson, Evangelist; Rev. and Mrs. Jack Sanders, song evangelists, and Miss Juanita Carter, pianist.

The first pastor was Rev. Guy McHenry. A place for worship was secured over the drug store on E. Washington St., and became the home of the church for two years. In the fall of 1919 the old hotel on E. Washington St., was purchased and the upstairs was equipped for living quarters for the pastor, and the downstairs was prepared for the worship. The church continued at this location for 18 years.

In 1937, under the leadership of Rev. E. F. Singhouse, ground was purchased on N. Jackson St., and a new church was built. The Church and parsonage were arranged under one roof.

In the fall of 1945, during Rev. Jesse Towns' leadership an eight-room parsonage was purchased on W. Washington St., which has since that time made a comfortable home for the minister of the congregation.

In 1947, under the leadership of Rev. C. A. Newby, a program began to make new additions to the building and also to remodel the entire structure. Four new Sunday School rooms were added, two vestibules were constructed and the entire church was veneered with Bedford limestone. Fourteen Art-glass windows were installed and a concrete drive was laid on the north side of the church.

In 1956 under the leadership of Rev. Mark Hamilton an apartment building that was located in the rear of the church was purchased with the plan (Continued on Page 6)

General Telephone Starts Educational Aid Program

General Telephone has begun an employee-company matching contributions program of financial aid to education, it was announced today by Clifton E. McCormick, company president.

The plan provides that a financial contribution made by a General Telephone employee to an educational institution of his choice will be matched with a contribution of equal amount by the company. Contributions can be made to universities, colleges, junior colleges, and privately supported secondary schools anywhere in the United States. The company will match employee gifts from a minimum of \$25 to an aggregate total of \$1,000 per employee during a calendar year.

Employee gifts eligible for matching by the company must be paid in cash or in securities having a quoted market value and must be deductible for federal income tax purposes. The Company will make its contribution after the college or school certifies its receipt of the employee's donation.

"It has been a policy of long standing in General Telephone of Indiana and in our parent company, General Telephone & Electronics Corporation, to provide financial aid to education to the fullest extent of our capabilities. We hope this new matching program will encourage our employees to lend their fullest possible support," McCormick said.

McCormick stated that in addition to the matching program the company will continue to make contributions on its own to private colleges and universities.

"The matching program is a supplement to the gifts that General Telephone makes on its own and will continue to make to selected private colleges and universities within our Indiana territory. We make these contributions in recognition of the vital and increasing need for higher education in American society and of the growing need of our own company for ever better educated employees," he said.

Yanks Suffer Record Viet Combat Casualties

SAIGON UPI — The United States suffered a record 2,650 combat casualties in the Vietnam war last week including a new high of 337 men killed, American spokesmen said today.

They said 2,282 Americans were wounded and 31 listed as missing last week besides the 337 slain.

The previous high death toll for a week was 274. Savage fighting on the North-South Vietnam border last week ushered in the record killing.

The losses, suffered in repeated Communist assaults from within the border Demilitarized Zone (DMZ) which the Allies finally invaded Thursday, boosted to 10,253 the number of Americans slain and 61,425 the number wounded in the war.

Spokesmen said the Communists suffered 2,464 men killed last week — far greater than the number of Allied troops slain. But it was still short of the Communist high of 2,774.

Dr. Kerstetter To Get Degree

INDIANAPOLIS, — Butler University will award four honorary degrees at its 112th annual commencement exercises at 4 p. m., Sunday, June 11, in Clowes Memorial Hall, it was announced today.

Recipients of Doctor of Laws degrees will include:

Dr. Paul W. Cook, Jr., president, Wabash College; William C. Griffith, retired board chairman now honorary director of Merchants National Bank and Trust Company; Dr. William E. Kerstetter, president, DePauw University, and Samuel N. Regenstrief, chief executive officer, Design and Manufacturing Corporation, Connersville, Ind.

Dr. Alexander E. Jones, Butler, President, will confer the degrees.

He also will present diplomas to some 400 undergraduate and graduate students in liberal arts and sciences, education, business administration, pharmacy and music.

men killed in the week ending March 25, U.S. officials said.

They said the South Vietnamese troops lost 241 men killed and other Free World forces 50 more men slain last week. This meant 3.9 Communists died for every Allied soldier slain.

The previous high of 274 Americans slain came during the weeks ending March 25 and May 6. The week ending March 18 had marked the previous high number of wounded, 1,874.

Military spokesmen said the major campaign that triggered much of last week's bloodletting, the U.S. Marine Operation Hickory Nut sweep inside the DMZ, was in its final stages. They said the Leathernecks had withdrawn from the neutral zone to positions just to the south.

Inside the DMZ the Marines had battled two and perhaps three North Vietnamese regiments. The Leathernecks killed more than 600 Communists.

The Marines also helped the living — 9,600 refugees from the DMZ they and the South Vietnamese are aiding to resettle in safer land south of the border battleground.

DAYS REMEMBRANCES

Do you know that in the spring of 1919, amidst complete devastation, the Poppies bloomed in abundance on the battlefields of France, where so many of our men had fallen in battle, and that a replica of this poppy has become the Memorial Flower of The American Legion and the American Legion Auxiliary?

A simple flower, 'tis true,
But more—
A symbol of that sacrifice
Which made and kept us free.
And so,
Least memory dim with time
We wear
A Poppy for Remembrance

Mrs. Davis Entertains Twentieth Century Club

The 20th Century Club had a delightful covered dish luncheon with Mrs. O. L. Davis as the lovely hostess. Miss Carrie Pierce offered "Thanks" before the meal and presided at the business meeting as the president. Mrs. Geneva Shelley was in Michigan for a commencement for a grandchild.

A lovely program of songs was rendered by Mrs. John McFarland, accompanied by Miss Maria Tan. Miss Tan then played a few songs on an ancient Korean instrument and gave a beautiful piano selection.

This was followed by the collect and a business session. One of our recently departed members, Mrs. Omer Beck, was remembered and praise given to the devoted husband and the beautiful memorial service given by Rev. Jameson Jones at the time of her death.

The new programs were passed out by Mrs. Hugh Henry and a vote of thanks given to her and Mrs. Henry for making these. The new officers were presented as follows: President, Mrs. Clinton Gass; 1st Vice, Mrs. Russell Clapp; 2nd Vice, Mrs. Ralph West; Recording Secretary, Mrs. O. L. Davis; Corr. Secretary, Mrs. Albert Reynolds; Treasurer, Mrs. Grace Hurst.

The club was honored by having four guests: Mrs. Butler from Australia, Mrs. Brewer from Duluth, Minn., Mrs. William Jones, Mrs. Frankie Heckathorne and the two guests who gave the program, Mrs. McFarland and Miss Tan.

The club adjourned until the fourth Wednesday in September.

In Memory

In loving memory of our husband and father, Virgil Lancaster who passed away May 25, 1965.

He loved the world and all his friends,
Rejoiced in field and stream
The by-paths of his dreams
No task he thought too much to do
For those he loved, whose needs he knew.
It is not given us to know just where they go.
Or is heaven near or far away
No man can say
But there are times, we seem to hear
Him whispering softly in our ear
Don't worry, I am very near.

Sadly missed by Wife and Family.

Hints from Heloise

by HELOISE CRUSE

Dear Home Lovers:

Many of us have a kitchen window, a bathroom window, etc., that doesn't have a good view.

For instance, kitchen windows sometimes look out on trash cans or alleys. Or perhaps you have other windows that you like to have light come through but don't want people seeing in.

Why not frost them?

This will only cost you a few cents per window. Furthermore, it even saves washing those windows each month because the rain marks and the dust on the outside don't show! Buy some Epsom salts. Get the smallest jar you possibly can because it's going a long way when we dab our windows with it. This should cost you about 25 cents.

Four about two heaping tablespoons in a saucer and add one tablespoon of beer to it. This will foam.

Let it set for at least 30 minutes. The salt crystals will partially dissolve.

You will end up with a liquid that looks like absolutely nothing but it will make you an artist. And what an artist you're going to be!

Dip a piece of facial tissue into this liquid and wipe each window pane as if you were washing it.

Then while it is still thoroughly wet, go back and dab, dab and pat the pane with the wet tissue. It's going to look real messy.

To get an artistic pattern, this is exactly what you want. The most beautiful crystals will form on your window when it dries.

Light still comes through from God's sunshine, but you can't see IN from the outside, and yet you can see OUT. Even the sun glare is reduced.

The one thing I must caution you about is:

Your window panes must be CLEAN. I recommend washing them with some ammonia water to remove all the carbon, then wiping dry with facial tissues. Don't use a bath towel, a dish rag or a sponge because these contain a minute amount of grease or body oil.

When you want to remove the crystals, all you have to do is wash the window. Just plain water removes it.

Give it a try. You'll not only have fun doing it but you'll love the beautiful designs and enjoy the privacy too!

Dear Heloise:

Often I run out of drawing paper for my children.

So I bought an inexpensive

roll of brown wrapping paper, covered our picnic table with it and thumb tacked it down.

Now the children draw and color on this paper and love the idea.

When one side is used, I just turn it over.

Dear Heloise:

Please help!

We had a problem of rust in our water and in doing the laundry all my clothes were stained yellow.

I used a bleach to whiten but all too late. Discovered that I had set the stains.

Is there anything I can do to remove the stain from my clothes?

Can anyone help Emily solve her problem? If so, please write us in care of this paper. We'd love to hear from you.

Reds Behind Demonstrations

WASHINGTON UPI—Retired Lt. Gen. Arthur G. Trudeau, former chief of Army intelligence, said Wednesday that demonstrations are part of Communist pressure against the U. S. policy in Southeast Asia and more battles in Vietnam will be timed to coincide with the protests.

"I wish to make an unequivocal statement that the demonstrators in the streets of the cities of the United States are a force in direct support of the Viet Cong killing our troops in Vietnam and the leaders are taking orders and being supplied from the identical high command — The Central Committee of the Communist Party of the U.S.S.R."

He told the Senate internal security subcommittee that "I am sure many demonstrators are unaware of this situation."

Widow Winner In Beer Case

INDIANAPOLIS UPI — A Lafayette widow has won a legal battle to operate a disputed beer distribution ship after taking the matter to the Indiana Supreme Court.

Mrs. Imogene E. Biltz, widow of a former state policeman, had been denied the distributorship on the grounds it exceeded the legal quota for the Lafayette area. However, she carried the case to the Indiana Supreme Court which ultimately ordered the Indiana Alcoholic Beverage Commission to reverse its stand.

Tax Break Due For Businessmen

WASHINGTON UPI—American businessmen were promised a \$1.7 billion tax break today making it even more unlikely that personal income taxes will be raised this year. The House and Senate were both set to pass a compromise measure restoring the 7 per cent investment tax credit which was suspended Oct. 10 as an anti-inflationary measure.

The compromise, worked out Wednesday by a joint conference committee, allows businessmen to claim the tax credit or equipment ordered during the suspension period and delivered on or after May 24.

The revised version also provides a faster rate of depreciation on income-producing buildings finished after May 24, and expands the investment credit provision to allow businessmen to write off as much

as 50 per cent of tax liabilities over \$25,000. The law presently allows a write off of only 25 per cent of tax liabilities in excess of \$25,000.

In approving the \$1.7 billion tax break for business, Congress was expected to take an even dimmer view of President Johnson's proposed 6 per cent

surcharge on personal and corporate incomes. Rep. Al Ullman, D-Ore., stated he would not vote for a personal tax hike after restoring the investment tax credit, and Rep. John W. Byrnes, ranking GOP member of the house ways & means committee, said the tax surcharge was "dead" for 1967.

New Delay In Apollo Launch

CAPE KENNEDY UPI — The U. S. space agency ordered its first Saturn 5 moon rocket taken apart to inspect the second stage for cracks, creating a further delay in the effort to test fly the Apollo launcher.

The decision to dismantle the three-stage rocket was made after North American Aviation Inc. engineers found tiny "cracks or imperfections" in an identical stage at its California plant, and recommended that the first Saturn 5 be inspected.

The rocket had been set to send an unmanned Apollo spacecraft on a far-reaching sub-orbital test flight in mid-July. A space agency spokesman said the dismantling and testing operation "will impact the launch schedule."

Informed sources said the operation would take anywhere

from 10 to 30 days if no cracks are found.

The first Saturn 5 launch is already about eight months behind its original schedule. The latest target date for the unmanned flight has been Aug. 18.

Trashy Idea

JOHNSON CITY, Tex. UPI — An Oklahoma judge's one-man campaign to engulf President Johnson with junk mail has not built up much of a volume, a postmaster in Johnson City said Wednesday.

J. Russell Swanson of Enid, Okla., sends all his junk mail re-addressed to Johnson, with the return address reading: "from: A taxpayer." He has encouraged his friends to do likewise.

Opening lead—ten of spades. Many contracts seem impossible to make at one point or another of the play, but quite a few of these can be saved by keeping a cool head and seeking a solution not readily apparent.

Here is a typical case. South is in six notrump and West leads a spade. South can count nine tricks in spades, hearts and diamonds, and he therefore needs three more in clubs. To give himself the maximum chance of making the hand, he takes the spade lead with the ace and cashes the ace of clubs. This is a safety play to guard against East's having been dealt the singleton king, a holding that would cost South the

slam if he attempted a first round club finesse instead.

When East shows out, a critical situation arises, since ordinary methods cannot now produce the three club tricks South needs for the contract. Obviously, West will not go up with the king if declarer crosses to his hand with a heart or a diamond and leads a low club towards the queen.

To overcome the unlucky club break, South must arrange to endplay West so that he will yield three club tricks regardless of how he elects to defend.

South cashes three hearts and three diamonds, ending in dummy, at which point this is the position:

Declarer continues with the king of diamonds, discarding a spade from his hand. If West also discards a spade, South cashes the king and leads the jack of clubs, rendering West completely helpless. If West discards a club on the king of diamonds, South simply plays a club to the jack to make the contract.

Committed To Security Ward

COLUMBUS, UPI — A Columbus man who allegedly shot his father to death was ordered committed to the maximum security ward of Norman Beatty Memorial Hospital for mental patients.

James Shatto, 41, was committed by Judge William Lienberger of Bartholomew Circuit Court at the end of a sanity hearing. Shatto was held in the May 9 death of his father, Daniel Shatto, 83.

Authorities said the elderly Shatto reprimanded and struck his son for burning a small radio in the pot-bellied stove of the home where they lived, and the younger man grabbed a shotgun and fired a charge into his father's body.

State To Get Out Of 'Grocery Business'

INDIANAPOLIS UPI — Indiana will "get out of the grocery business" for its institutional employees beginning July 1, and none too soon, according to an audit made made public Tuesday.

The State Board of Accounts report concerned operation of the Indiana State Prison from July 1, 1961, to June 30, 1966, and showed \$10,833 in adjustments made because payroll deductions were not made in some cases for supplies and rent, and maintenance was drawn beyond the maximum set for certain employees.

Commissioner John Hatchett of the Indiana Department of Administration said that when

the new plan, adopted by the 1967 legislature becomes effective July 1, "there will be no issuing of food or other items from the storeroom to any employee. They will have to go out and buy groceries. There will be nothing issued free or sold from the institutions although meals still will be provided to employees in cafeterias."

Hatchett is conducting a review directed by Governor Branigin to determine which institutional personnel are entitled to maintenance allowance, under the new plan in which cash allowances are to be paid instead of drawing the groceries and other items from the institutional storerooms under a

point system. James Farmer, Branigin's administrative assistant, said the problem indicated by the state prison report "will be overcome by the new system. We will get out of the grocery business and pay cash equal to the maintenance where maintenance is justified."

In most cases, such maintenance is considered justified for wardens, doctors, and other personnel who are required to live on the grounds of the institution and who have responsibilities that may range over a 24-hour period.

The state prison report noted that "payroll deductions from employees of industries and

farms division for supplies and rent were not billed by the institution and transferred to general fund for the years 1963-64 and 1965-66." This total was figured at \$6,238 due the general fund.

In addition, the field examiners also warned that "vending machine profits are not deposited in inmate recreation fund as provided by law."

The profits from vending machines are deposited in the employees' welfare fund. We know of no authority for this practice."

Also included in the report was a charge of "improper handling of money of inmates leaving the institution." This was based on the fact some accounts were dormant with the inmate presumably having left the institution without taking his money with him.

New Riot Curbs For Hong Kong

HONG KONG UPI — Hong Kong authorities Wednesday announced new steps to curb efforts by leftist elements to disrupt traffic and spread Communist propaganda on this riot-scarred island.

Bus service was shut down in the main city Wednesday but the British colony was otherwise undisturbed by Peking-directed anti-government agitation.

It was Hong Kong's second day of relative tranquility following 11 straight days of Communist rioting.

The government Wednesday enacted a law enabling police to search for and seize any equipment used for broadcasting inflammatory speeches.

It said legal action can now be taken against anyone voicing incitement to violence of law-breaking. Power was also established to prosecute anyone trying to undermine police loyalty or public services.

The government said police were now traveling on trams to protect drivers threatened in recent days by leftist agitators.

Strict enforcement of a ban on all gatherings or demonstrations without police permission and a stern British warning London would not bow to leftist demands for authority were keeping the lid on potential violence.

Rosy Salmon Ring Makes Hot News

If you have a family of salmon lovers, you may already know this distinctive fish is not just for serving cold in a salad, but that some like it hot. And perhaps you've been fishing for different ways to dish it out. If so, you'll be happy to discover Rosy Salmon Ring. With its dash of dill and lemon, it's tangy as well as nourishing. And, it's a festive looking dish to add to your recipe collection. Serve quick and easy Rosy Salmon Ring for dinner soon. The center of the ring may be filled with green peas, accompanied by tomato sauce. Garnish with parsley, radish roses and lemon wedges.

Rosy Salmon Ring
30 double Krispy Crackers 3/4 cup finely diced celery
1/4 teaspoon pepper Lemon wedges
1/4 teaspoon dried dill weed Parsley
1 can salmon, 1 pound Radish roses
1/4 teaspoon grated lemon rind Green peas to fill center, optional
2 tablespoons lemon juice Tomato sauce, chili sauce, or catsup
3 eggs, beaten
2 tablespoons melted butter or margarine

Roll crackers into very fine crumbs, between two pieces of waxed paper. (There should be about 2 cups.) Mix with pepper and dill and set aside. Drain salmon, reserving the juice. Flake salmon into bowl, discarding dark skin and bones. Stir in juice from can, lemon rind, lemon juice, eggs, butter and celery. Add crumb mixture and blend well. Turn into well greased 8-inch ring mold (about 5 cups capacity). Bake in moderate oven (350°) for about 25 minutes, or until firm. To serve, loosen from mold with spatula and turn onto platter. Fill center with green peas or desired vegetable. Garnish with lemon wedges, parsley and radish roses. Serve with tomato sauce, chili sauce or catsup. Or, serve vegetable separately and fill center of ring with bowl of tomato sauce. Yield: 6 servings.

Realtor Week Is Underway

In honor of Realtor Week, Putnam County Board of Realtors join with their more than 85,000 colleagues across the nation directing public attention to their calling and the special character of the services they render.

"A Realtor" is a professional in real estate who subscribes to a strict Code of Ethics as a member of the local and state boards and of the National Association of Real Estate Boards."

Realtor Week will continue through Saturday, May 27. "The slogan this year underscores the resourcefulness of Realtors throughout the nation. For the prospective buyer who is experiencing a little difficulty in securing financing for property, the Realtor can suggest new money sources. For the family which needs more space for growth, the Realtor can find just the home which will fit their needs, both as to size and cost."

"Two-thirds of American families own their homes, a proportion virtually unrivaled anywhere in the world. "The advantage of home ownership, in convenience, in security, and as an investment, are boundless."

The National Association of Real Estate Boards, was founded in 1908, "With offices in Washington, D. C. and Chicago, NAREB furnishes Realtors with the latest information in real estate development, market conditions, economic trends, and new techniques."

Economy Out

VIENNA UPI — Czech officials have dismissed 10,500 coal miners in the district of Ostrava-Karvina since the beginning of 1966 and plan to lay off another 4,500 by the end of this year. Radio Bratislava reported Wednesday. A state official was quoted as saying the dismissals were necessary for the economy.

By BENNETT CERF

THE 1966 WINNER of the coveted title of the Burlington Club's "World Champion Liar of the Year" was Earl Fox, of Colorado Springs. Quoth Fox, "The food is so bad in a restaurant near my home that if it wasn't for the salt and pepper, the patrons would starve to death." Runner-up entries included "A minister baptized some converts in a nearby river and washed their sins away. The river became so polluted that all the fish died," and "I tried to paint my house, but couldn't get the lid off my five-gallon bucket of paint. So I turned it over and opened the bottom—and put the whole five gallons of paint on upside down."

Some time ago, Editor Herbert Mayes presented his seventy-year-old mother with a copy of Thomas Mann's "Joseph in Egypt." Mrs. Mayes reads a lot, but she's mighty particular about the books she sticks with to the end. This particular offering by her son failed to enthrall her. "Fufu," was her verdict. "Why, it's all about Joseph in Egypt!"

Now what in the world, postulates Charles McHarry, do the following have in common: Rock of Ages, Naivillwill, Whitefish Point, Brazos River, Keewaunaw, Hesta Head, and Umpqua? Of course, you knew all the time: each one is a U.S. lighthouse station.

Evacuation Of Yanks Ordered

CAIRO UPI — The United States today ordered the "temporary evacuation" of all official American dependents in the United Arab Republic, the U. S. embassy announced.

An embassy spokesman said the evacuation of the 433 American women and children dependents will begin Saturday.

He said they will be flown to Athens on commercial airliners.

The U. S. embassy, which earlier advised tourists and businessmen to stay out of the Middle East where an Arab-Israeli war was threatening despite international diplomatic peace-keeping activity, today advised Americans living in this country to leave if transportation was available.

Farm Officials Preparing New Grain Trade Treaty

WASHINGTON UPI — Government farm officials estimate they will be ready to submit a proposed new three-year international grain trade treaty to the Senate for ratification by July or August.

The pact will provide an increase in minimum commercial prices for wheat moving in international trade, and it is expected to have the backing of most U.S. farm organizations. But the best thing about it, according to critics of recent federal farm policies, is the one big item which was left out of

the agreement.

U.S. spokesmen in the recent concluded "Kennedy round" of trade negotiations tried for nearly four years to get agreement on a proposed "international grains agreement," which was to include fixed import-volume agreements by the European Common Market and other importing areas.

Coupled with this, the pact would have had a system for dividing the fixed market among exporting countries at any time market prices dropped to a pre-determined minimum.

The drive for a fixed import guarantee collapsed late in the negotiations when the Common Market refused to budget beyond a figure which U.S. officials regarded as worse than no guarantee at all.

Instead of taking the Common Market offer, U.S. officials decided to take a chance on the prospect that overseas demand for grain will continue to expand faster than European production.

As a result, the grain agreement to be signed later this year includes just two facets:

—Minimum export prices are increased by 23 cents a bushel to a level about 10 cents below recent market prices.

—Wealthy nations including the United States and the Common Market nations have agreed to contribute 4.5 million tons of grain per year to developing nations.

The agreement will not have

any hard-and-fast machinery for automatically bringing a halt to the competitiveness of exporting countries that may offer wheat for sale below the proposed new minimums. Instead, the pact will provide a loose system of consultations between exporters when and if the floor is breached.

U.S. officials maintain that this, from the standpoint of American interests, is preferable to any stricter system of

enforcing the new price floors. Officials say a loose arrangement is most practical because there are so many types and grades of wheat that it is hard to determine for certain that the floor has definitely been breached for some particular type. Also, they add, the United States has enough market power to bring any really serious price-cutting under control by threatening a retaliatory trade war.

'Package Deal' Aim Of Soviets

LONDON UPI — The Soviet Union was reported today to be aiming for a "package deal," linking a Mideast peace commitment to de-escalation of the Vietnam war.

Diplomatic reports said the Soviets are playing hard to get for a joint east-west Mideast peace initiative, pointing to the American "aggression" in Vietnam as the major obstacle to cooperation.

All the indications point to Moscow's determination to exploit the current Mideast crisis to the hilt, using it for a further Soviet entrenchment in the area and as a means of diplomatic pressure on American Vietnam policy, the reports said.

The Russians were said to be using the argument that the Vietnam war makes cooperation with the Americans on peace moves in the Middle East difficult, if not impossible.

In Moscow British Foreign Secretary George Brown is currently seeking to win Russian cooperation for a Mideast peace initiative.

Soviet Premier Alexei Kosygin told him pointedly Wednesday that the solution of the world's problems "does not depend on you and me."

In London, Communist diplomats were dropping strong hints that the Mideast crisis cannot be seen "in isolation," and must be tackled in the light of "American aggression else-

where," especially in Vietnam. Diplomatic observers cautioned that there is therefore more to the present crisis than meets the eye.

They recalled that last month Soviet Party Chief Leonid I. Brezhnev called at a conference of party leaders in Karlovy Vary, Czechoslovakia, for the removal of the American 6th Fleet from the Mediterranean.

Reds Manhandle British Diplomats

TOKYO UPI — Two British diplomats were reportedly manhandled and coated with glue Wednesday when they were run out of Shanghai despite Red Chinese assurances of "safe conduct." A British government spokesman in London said Peter Hewitt, the British representative in Shanghai, and an unidentified official from the British mission in Peking were attacked, kicked and covered with glue by Red Guards and workers while they were leaving for Peking at Shanghai Airport.

A British Foreign Office spokesman said Hewitt had ask for and been given assurances of safe conduct from Chinese authorities.

A strong British protest was expected. Peking authorities ordered Hewitt and the other official out of Shanghai within 48 hours Monday in retaliation for police breakups of Peking-inspired Communist rioting in Hong Kong that day.

Hewitt's charge d'affaires office in Shanghai had been ransacked by demonstrating Red Guards last week. That outburst was also linked to Communist demonstrations against British rule in Hong Kong.

U.S. 6th Fleet Plans Training

NAPLES, Italy UPI — Seven ships of the U. S. 6th Fleet carrying a landing team of 2,000 Marines were sailing from Naples today on what a military spokesman described as "a normally scheduled training operation."

A 6th Fleet spokesman said "a reinforced battalion landing team" would carry out amphibious training operations in the Mediterranean.

The spokesman declined to say where the ships were headed.

The ships returned only May 17 from North Atlantic Treaty Organization NATO maneuvers and the spokesman said today's departure was "regularly scheduled."

The 6th Fleet's standing orders in the Mediterranean include being ready for emergency action, ranging from a show of the flag to evacuating U.S. and friendly citizens and amphibious operations.

The Jolly Green Giants held their 8th meeting May 24 at the Vocational Building.

Kathy Ruark presided as president. She led the pledge to the flag and Teresa Sutherland led the 4-H pledge. Roll call was answered by naming our favorite food. Dues were not taken.

There was no old business. Mrs. Pershing told us that this was the last day to turn in our cards.

Rebecca Aker and Pam Pershing led group singing.

A demonstration was given by Pam Pershing.

Foreign News Commentary

By JOSEPH W. GRIGG

LONDON UPI — Did French President Charles de Gaulle deliberately play Britain's Prime Minister Harold Wilson for a sucker over his bid to join the Common Market?

That question is being asked with increasing insistence in parliamentary lobbies and on the London diplomatic cocktail circuit.

It has been prompted by the devastating — some think almost contemptuous — brush-off with which De Gaulle in his May 16 news conference dismissed Wilson's loudly publicized decision to take Britain into the market, from which France's earlier veto had barred her four years ago.

Wilson aides, of course, deny the prime minister had the wool pulled over his eyes.

However, they do admit that what De Gaulle told Wilson and Foreign Secretary George Brown privately in Paris in January was quite different from what he said publicly at his news conference.

De Gaulle, it is said, then ran through the same list of objections to Britain's entry that he did in his news conference. But Wilson, according to aides, felt he provided satisfactory answers to all of them.

Furthermore, De Gaulle's whole tone is said to have been quite different.

The general is said to have talked in a calm, reasonable manner that gave no hint of what one British newspaper called the "velvet veto" he held up his sleeve.

Wilson is known to have come away from the meeting with De Gaulle convinced he would not block Britain's bid a second time — in fact, that with reasonable concessions by Britain, his application stood a good chance of success.

British officials have made an effort to put a brave face on the news conference rebuff. But it is known neither Wilson nor Brown was expecting or prepared for it. Both were said to have been deeply shocked.

The question now being asked is: Where does Wilson go from here?

Officials concede he has little choice but to press on with his effort to get into the market, remote though his chances of success now appear to be.

But his prestige is bound to take a nosedive.

At the end of last year, before he and Brown set out on their tour of Common Market capitals, Wilson assured Parliament he would make a formal membership bid only if chances looked good.

When he whipped a reluctant Labor party into line in support of his bid, he did so with every appearance of confidence Britain would get in.

Thus, if and when it becomes generally apparent he was led up the garden path by De Gaulle, the prime minister could be in political trouble.

At the very least, he will have a lot of explaining to do how it could have happened.

Bank Robbery Suspect Caught

INDIANAPOLIS UPI — An Indianapolis man was arrested in Georgia on a charge of participating in the \$59,237 holdup of the Eagle branch of the American Fletcher National Bank & Trust Co. here a week ago.

The FBI announced that James L. Campbell, Jr., 38, Indianapolis, was apprehended at Acworth, Ga., suspected of

being one of three men involved in the May 17 robbery.

Two gunmen held up five employees and three customers and escaped in a car driven by a third man.

The FBI did not say whether Campbell was suspected of being one of the bandits or the getaway driver.

Campbell at the time of the robbery was free on appeal bond following his conviction on federal bank robbery charges at Nashville, Tenn., last Jan. 26.

He was convicted in connection with the \$9,400 holdup of a bank at Ardmore, Tenn., following his arrest in Indianapolis.

in mind to tear it down and make it into a parking lot. Also new pews and pulpit furniture was obtained.

In 1959 under the leadership of Rev. Samuel Schimpf, a building program was begun for a new Educational unit—11 new rooms, plus an 18 foot extension for the upstairs auditorium, plus an Assembly Room downstairs for the Primary Department. The labor was largely donated and was under the supervision of Wm. Andrews, who was the superintendent of the new building program.

In 1964 new aluminum doors were installed at the entrance of the Church. The parsonage has been redecorated and the exterior painted.

In 1966 the sanctuary of the Church was air-conditioned and the stained glass windows repaired and reconditioned. New class and assembly room equipment has been installed in the Junior, Primary, Kindergarten, and Nursery Departments. This includes new chairs, tables and chalkboards.

Plans have been made to sell the present parsonage and purchase new property.

The membership of the local Church is 141. The Sunday School enrollment 387 and the average weekly Sunday School attendance is 196. During the year of 1966 a total of \$6,358, was given for World Evangelism and Benevolences.

In 1966 sports fishermen in Washington State caught over a half million salmon in the water of Puget Sound and the Pacific Coast.

TWELVE YEARS MAKE A BIG DIFFERENCE—Sandy Amoros, former Brooklyn Dodgers star, has returned to New York, a refugee from Cuba at age 37, broke and homeless. At left Sandy is shown making his magnificent one-handed catch in 1955 of a drive by the New York Yankees' Yogi Berra, helping the Dodgers to beat the Yanks 2-0 and win their first World Series. At right is Sandy today—his emulation of that catch being a trifle hazy.

Cincinnati Will Get Franchise

NEW YORK UPI — Pete Rozelle, commissioner of the joint pro football leagues, today announced Cincinnati would receive a franchise in the American Football League and begin play in 1968.
 The franchise, the 26th in professional football, will play its first season in Crosley Field, home of baseball's Cincinnati Reds, and will move into a new stadium in 1969, Rozelle said.
 No owner of the franchise was named, and Rozelle said it would be announced at a later date.
 Gov. James Rhodes of Ohio was present at the announcement along with Myron Bosh of the Cincinnati City Council. Rhodes said, "the state of Ohio extends its appreciation and gratitude for this honor."
 Cincinnati had a National Football League franchise in 1933 when it won three, lost six and tied one. The team was winless in eight games before being shifted to St. Louis in 1934. The franchise folded after that season.
 Cincinnati also played in the NFL in 1921 and failed to win in eight games.

Three Tips For Safe Driving

Here are three quick tips for safe summer driving from an authority at Quality Adjustment Service, national automobile physical damage specialists:
 1. Remember that sudden braking can cause a skid on rain-soaked surfaces. That's particularly true if your tires are worn smooth.
 2. Deep water can cause soaked brakes that won't function or will function poorly. Remember to drive slowly through water. You can further reduce the possibility of soaked brakes by driving with one foot on the accelerator and one on the brake pedal when going through water.
 3. If your engine stalls because of vapor lock (when vaporization causes the gas-air mixture to be thrown out of balance), open the hood to increase air circulation and, if possible, apply a wet, cold cloth over the fuel line that leads to the carburetor.

Bids For Boat Docks Let For Monroe and Raccoon

Contracts have been let by the Indiana Department of Natural Resources for new floating boat docks at Fairfax Recreation Area, on Monroe Reservoir and at Raccoon Lake State Recreation Area. It is hoped the contractors will be finished by mid-July.

The Fairfax docks are south of Fairfax Beach near the launching ramp. They will accommodate 40 boats at the 10x20 foot slips, all being covered.

The Raccoon Lake docks also have 10x20 foot slips and will accommodate 40 boats, but half of the spaces are not covered. Rental for covered docks at all Department of Natural Resources facilities is \$200 per year. Rental is \$50 for uncovered space.

When available, space is \$4 per day for covered docks and \$1 per day for uncovered.
 Boat-owners should contact area superintendents to determine whether rental dock space is available. Monroe Reservoir is in Monroe County south of Bloomington and Raccoon Lake is in Parke County east of Rockville.

Willie Mays, Mickey Mantle and Roger Maris are the only active major leaguers to hit 50 or more homers in one season.

FISHING'S A Family Affair

by JOAN SALVATO

MORE PEOPLE go fishing for black bass than any other fish in the United States. Besides being available in virtually every state, the black bass possesses many of the fine sporting qualities that separate game fish from other fish. It also is a superior fish for eating.

Although "fisherman's luck" plays a part in the day's success, study and knowledge about angling and fish habits help a great deal.

In studying the habits of largemouth bass, I find they thrive best in shallow weed beds and in river backwaters, and even those located offshore are usually in less than 20 feet of water. Bass especially like vegetation and stick close to lily pads and tree stumps.

Young bass feed mainly on tiny shrimp and crawfish. As they grow, the bass adds frogs, crawfish, insects, and small fish, including young cousins, to its daily diet. Voracious in their habits, two-inch bass will begin feeding on smaller fish.

Around the calendar, black bass feed most heavily in the spring and summer, tapering off in the fall and winter months.

While most anglers favor early morning and late afternoon as best bass fishing times, many of my biggest catches have occurred during the heat of the day.

Out for bass, I usually start off by picking likely spots along the shore, that show where bass might hide and also find food. Bass are lovers of edges, like shores, docks, shoals, and drop-offs.

One of my best secrets is to ask lots of questions of local guides, bait shop proprietors, and boat livery operators.

CLOVERDALE NEWS

By Mrs. Ralph Fry

The alumni banquet of Cloverdale will be held Saturday, May 27. Registration will start at 5:30 p.m., and dinner is at 7:30 p.m. Classes of 1917 and 1942 will be honored guests. Send reservations to Mrs. Vivian Madden at Cloverdale.

The Cloverdale Homemakers Extension Club met Wednesday afternoon, May 17, with Mrs. Edith Patterson. The club was called to order by the president, Mrs. Melba Haltom. The pledge of allegiance to the flag was led by Mrs. Belle Lasley and the Home Economics Creed was led by Mrs. Esther Fry.

The history of the song of the month, "Shenandoah," was read by Mrs. Belle Lasley. Roll call was answered with a "favorite saying when you become angry." The reports of the secretary and treasurer were given and approved. The club voted to change the Cloverdale Demonstration Club name to the Cloverdale Homemakers Extension Club to coincide with the name of the state organization. The lesson on health and safety was given by Mrs. Esther Fry and Melba Haltom. A coin collection was taken. The club adjourned to meet June 21 with

Mrs. Morgan at the Community Building. The hostess served refreshments of punch, cookies and mints.

The Past Matron Club of Cloverdale held its Party Time dinner at Torr's Wednesday evening, May 17. Mrs. Mary Logan, Mrs. LaRue Gray and Mrs. Marjorie Bitzer were in charge of the meeting. The meeting was called to order and Mrs. Hallie Sipple returned thanks. Every one did justice to a delicious dinner. Eighteen members and two guests, Mrs. Dorothy Farmer and Mrs. Alta Cooksey, were present.

Contests were won by Mrs. Betty Williams and Mrs. Mabel Herbert. Mrs. Mary Logan entertained with "The Story of Past Matrons Going to the County Fair." She also read poems, "One Jewel," and "Memories of the Past."

Mrs. Mary Markin received the prize for holding the Lucky Napkin. The club adjourned for the summer and will meet Sept. 17 with Mrs. Marjorie Hutcheson.

Mrs. Gertrude Ziegelman and Mrs. Lula Michael returned home from the Putnam County Hospital Wednesday.

Mr. and Mrs. R. J. Cary of Houston, Tex., have been guests of her sister and husband, Mr. and Mrs. Arthur Johnson.

Mrs. Mammie Cummings returned home from the Putnam County Hospital Friday.

Mr. and Mrs. Arthur Johnson visited their parents, Mr. and Mrs. M. C. McAfee, and Mrs. Lelia Johnson of Bedford.

Mrs. LaRue Gray attended the Cagle Ten and Four Club at the home of Mrs. Marilyn Choate Wednesday.

Mr. and Mrs. Wilbur Huber entertained Sunday Mr. and Mrs. Kent Huber and daughter of Brownsburg, Barbara and Sharon Williams, Mr. and Mrs. Robert Huber and Mr. and Mrs. William Huber of Fillmore. Callers in the evening were Bruce Parker, Vickie Alexander and Kaye Jordan.

Mr. and Mrs. James O. Archer of Stoutsville, O., were guests of Mrs. Eva Craggs from Wednesday till Monday. They attended Red Men and Pochontas State Conventions at Hannibal, Mo.

A large crowd attended the Little League supper Saturday evening in the Community Building.

Mrs. Frank Fisher of Brazil was a guest of her brother, Ben Clevenger, and his wife over the weekend.

The Legion Auxiliary Post 287 will meet May 29 at 7:30 p.m. at the Legion Home. Members are urged to attend.

Miss Linda L. White became the bride of Johnny Price Hester in the Cloverdale Church of Christ Sunday, May 21, at 5 p.m. Hester is the son of Bro. S. F. Hester and Mrs. Clara Hester of Cloverdale. The bride is the daughter of Mr. and Mrs. Shirley Wayne White of Cloverdale. Brother Guy Hester of Elmore, brother of the groom, performed the ceremony. Matron of honor was Mrs. B. W. Hester of Booneville. Best man was Bro. B. W. Hester of Booneville. Dennis Sutherland served as usher. A wedding dinner for immediate members of the two families was held in the Community Building following the wedding. The couple will be moving to Henderson, Tenn., where he will enter Harding College.

Out of town guests included Mrs. Guy Hester and family of Elmore, Mrs. Dennis Berlin and family, Miss Madge White, Mr. and Mrs. Connie Stevens and family, Mrs. Brenda Hulik and daughter, all of Plainfield, Mr. and Mrs. Howard Church and family of Indianapolis, Mrs. Calvin C. Church of Coatesville, Mrs. V. W. Church of Quincy, Mr. and Mrs. Clarence Hodges and family and Mrs. Thomas Hodge of Belle Union. The bride is the granddaughter of Mr. and Mrs. V. W. Church of Quincy and Mr. and Mrs. Charles H. White of Cloverdale.

Mrs. Georgiana Rockwell Tinscher of Indianapolis was calling on friends Saturday in Cloverdale. She was a guest over the weekend of Mrs. Esther Fry.

Visitors of Mr. and Mrs. Glen Furr and family for the commencement exercises were Mr. and Mrs. Mack Furr and family of Acton, Mr. and Mrs. Oycie Mann of Danville, Mrs. Arol Groner, Mr. and Mrs. Glee Truesdel, Miss Ruth Hadley and Diana Denny.

and daughters of Indianapolis visited his mother, Mrs. Maude Farmer, Sunday.

Mrs. Juanita McMurtry and daughter, Marilyn, of Bainbridge, attended the Commencement exercises at Cloverdale Sunday evening.

NOTICE OF PROPOSED OFF-STREET PARKING FACILITIES

Notice is hereby given that the Board of Public Works and Safety of the City of Greencastle, Indiana, has here-tofore adopted a resolution approving plans, descriptions, plans and drawings, and finding it to be necessary for the proper protection of the public safety and welfare and of public utility and benefit to the City of Greencastle and its citizens, to acquire and improve the following described real estate for off-street parking:

Part of Lot Number 133 in the original plat of the Town, now City of Greencastle, bounded as follows, to-wit: Beginning in the center of the east line of said lot, thence north 51 feet, more or less, to the northeast corner thereof; thence west with the north line of said lot 56 feet; thence south 51 feet, more or less, to a point due west of the place of beginning; thence east 56 feet to the place of beginning.

Also, a part of Lot 133 in the original plat of the Town, now City of Greencastle, described as follows, to-wit: Beginning at the southeast corner of said lot, thence east on the south line of said lot, 38 feet and 2 inches; thence north to the north line of said lot; thence west to the northwest corner of said lot; thence south with the west line of said lot to the place of beginning.

Also, a strip of land 19 feet in width off of the east side of Lot 124 in the original plat of the Town, now City of Greencastle.

Also, a part of Lot Number 133 in the original plat of the Town, now City of Greencastle, described as follows, to-wit: Beginning at the southeast corner of said lot, thence east on the south line of said lot, 49 feet; thence west parallel to the south line of said lot 108 feet to the north line of said lot; thence north to the north line of said lot; thence east on the north line of said lot, 49 feet to the southeast corner of said lot; thence south with the east line of said lot to the place of beginning, being a strip of ground 49 feet in width taken off of the south side of said Lot Number 94.

Also, the north half of Lot Number 93 of the original plat of the Town, now City of Greencastle, Indiana, except the following, to-wit: Beginning at the southeast corner of said north half lot, and running thence north along the east line thereof 14 feet and 6 inches to a mark in the sidewalk, which mark is 36 feet and 8 inches south of the northeast corner of the north half lot; thence west parallel to the north line of said lot 41 feet and 7 inches to a mark in the concrete floor; thence south parallel to the east line of said lot 14 feet and 6 inches to the south line of said north half lot; thence east along said south line 41 feet and 7 inches to the place of beginning.

Also, a part of Lot Number 78 of the original plat of the Town, now City of Greencastle, Indiana, described as follows, to-wit: Commencing at the northeast corner of said Lot 78, thence west 24 1/2 feet to the south line of said lot; thence east 24 1/2 feet to the southeast corner of said lot; thence north with the east line of said lot to the place of beginning, EXCEPT the following, to-wit: Beginning at the southeast corner of said Lot Number 78, thence north on the east line thereof 49 feet to a point; thence west parallel to the south line of said lot 49 feet to a point on the south line of said lot which point is 24 1/2 feet west of the place of beginning; thence 24 1/2 feet east on said south line to the place of beginning.

Said resolution finds the probable cost of the project to be \$113,000 and proposes that the project be financed through the issuance of Parking Facilities Revenue Bonds of the City of Greencastle, Indiana.

The plans, descriptions, plans or drawings and the general estimate of cost which have been prepared are now on file in the office of the Clerk of the Board of Public Works and Safety of the City of Greencastle, Indiana and are available for public inspection. The Board of Public Works and Safety of the City of Greencastle, Indiana will meet on the 6th day of June, 1967, at the City Hall, in the City of Greencastle, Indiana, at 7:00 o'clock p. m. at which time said Board will hear all persons interested in or affected by such proceedings will consider remonstrances or objections filed and will finally determine the public utility and benefit of this project to the City and its citizens.

By Order of the Board of Public Works and Safety of the City of Greencastle, Indiana, this 4th day of May, 1967.

DAILY CRYPTOQUOTE — Here's how to work it:

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

BELLE UNION COMMUNITY NEWS

By Alma Hurst

Mrs. Bryan Woolridge has recently received word that her son, S/Sgt. James A. Bell had been awarded the Joint Service Commendation Medal by Col. Hugh G. Masten and signed by Admiral Shop. This was received in the presence of 4,000 people and is the highest non-battle award given. Mr. and Mrs. Woolridge were very happy to receive this notice along with their son's picture receiving the award.

Mrs. Florence Meadows of Indianapolis spent last weekend with her son, Earl Nickerson and family.

Mrs. Alma Hurst, Mrs. Gladys Huber, Clovia Quinlan and Mrs. Roy Diel, spent Wednesday at Terre Haute. En route home they visited at the Diel home near Reelsville.

It was a happy occasion for the Dennis Buis family and Mrs. Buis when their son arrived home May 17th. Wayne completed 14 months overseas duty. He is the father of a 7 months old son whom he had not seen.

More than 1,500 gathered in the Fillmore gym Tuesday evening for the Commencement exercises.

Mrs. Bessie Wilson of Indianapolis spent last Wednesday with her daughter, Mrs. Earl Nickerson and family and helped celebrate the birthday of Mrs. Nickerson.

Mrs. Evelyn Cline spent Wednesday with Mr. and Mrs. Lawrence Cline.

Mr. and Mrs. John Long and Sue Ann of Mooresville visited Mr. and Mrs. V. V. McCammack Sunday afternoon.

Mr. and Mrs. Daniel Pleake and Mrs. Janie McCammack were at the Methodist Hospital in Indianapolis Sunday to visit George McCammack, who remains in a serious condition.

Roscoe Hill, former resident here, who now resides in Lebanon observed his 72nd birthday, May 14th. He is retired from the Railroad, having suffered a stroke several years ago.

Memorial services will be held at the New Providence Church Sunday, May 28, instead of the first Sunday in June as in recent years.

Frank Cash, well known farmer of this community, passed away early Sunday morning at his home. Funeral services were held at the Whitaker Funeral Home in Cloverdale Tuesday afternoon. Sympathy is extended to his family.

Glenn Mark, local resident, has been admitted to the Putnam County Hospital for treatment.

The Kindergarten Class was taken to Indianapolis Monday to visit the zoo. They were accompanied by Mrs. Sam Allen. The day was well spent and enjoyed by all.

Ho! Ho! Ho!

RIVERTON, WYO. UPI — The Riverton Garden Club is a bit miffed at the reaction of a huge rectangular redwood planter it placed at the entrance of Central Park here.

The coffin-shaped box has been dubbed "The Jolly Green Giant's Grave."

Branigin Names Board Members

By Hortense Myers

INDIANAPOLIS UPI — Gov. error Branigin announced the appointment of an important new board to administer Indiana's mandatory vehicle inspection program.

The board and the new department will have status equal with that of the Indiana State Police Department.

The 1967 Legislature, in establishing the state's first mandatory vehicle inspection program, decided to create an entirely new department rather than handle the major undertaking through an existing department.

Branigin's appointees were: James A. Briggs, Indianapolis Republican, an attorney, to a four-year term.

Robert A. Smith, Indianapolis Democrat, president and general manager of the Century Tire & Auto Parts Co., to a three-year term.

Cornelius Alig, Jr., Indianapolis Republican, vice president of Indiana National Bank, to a two-year term.

Charles W. Harbison, Spencer Democrat, director of public relations for the Meridian Insurance Co. and former safety education officer for the state police, to a one-year term.

"I wanted to get a good board and one that was not dominated by the industries affected," Branigin said.

The board will establish possibly 5,000 inspection stations in the state, primarily in garages and filling stations.

Branigin said he plans to call the new board to a first meeting in his office "sometime before July 1." July 1 is the date the new law becomes effective although inspections will not begin at least until sometime in 1968, and possibly not then.
