

House coalition turns anticrime bill into riot suppression measure

WASHINGTON UPI — House Republicans and Southern Democrats have turned President Johnson's key anticrime bill into a riot suppression measure, handing the administration one of its worst legislative defeats of the session.

The coalition overwhelmed the House Democratic leadership Tuesday and forced revisions to put control of the \$75

million program in the hands of state governors and give the "highest priority" to quelling and preventing riots.

The bill would authorize a one-year start on improving local police forces across the nation, and the administration had hoped to maintain a national focus in the program and keep it free of racial overtones.

But in a key amendment adopted 256

to 147, the coalition virtually stripped the U.S. attorney general of control in administering the bill's wide ranging provisions for the modernization of the nation's police forces.

The amended measure was passed on a vote of 377 to 23, with 204 Democrats and 173 Republicans voting for it and 22 Democrats and one Republican voting against it.

Johnson could still hope for a comeback in the Senate, which has yet to consider the bill. But the same disgust with rioting and desire for local control of crime fighting that motivated the House Tuesday is almost as evident there.

The House added \$25 million specifically for antiriot training and equipment.

This would be in addition to a bill passed by the House last month to make it a federal crime to cross state lines or use interstate facilities, such as a telephone, to incite riots.

The antiriot funds were added to \$9 million in the bill to finance 60 per cent of the cost of projects for improving police recruitment, training, equipment and community relations.

The bill carries an additional \$22.5 million for preparation of comprehensive plans.

425 Hoosiers to be called for service

INDIANAPOLIS UPI Col. Robert K. Custer, Indiana Selective Service director, estimated Tuesday that about 425 Hoosiers will be called up for military service in October.

The Defense Department's October call Tuesday was for 17,000 and Custer based his estimate on past quotas for the state.

The Indiana quota for September was 565, for August 688, and for July 508.

The Defense Department said all October draftees will be inducted into the Army.

Roachdale community Head Start program for children is ending

This week will mark the closing of the Roachdale community Head Start program for children. The program, designed to create an environment to help children from lower levels develop their full potential and broaden their field of experience for the demands of elementary school, was held in cooperation with the North Putnam School system in the Roachdale High School building for the past eight weeks.

There are six summer pre-school programs existing in Owen, Clay and Putnam Counties. Each center adjusts its program to fit the needs of the individual children involved. Because the children's ages may range from three to six years, the types of learning situations must also differ. Generally, the programs attempt to create a warm and affectionate atmosphere where creative play and art projects are offered to help sharpen the five basic senses. This is the main objective of classes composed of mostly three or four year olds. Centers enrolling children aged five and six emphasize structured learning activities as well as creative art and play for those children who have had little or no experience with kindergarten but will be entering first grade next fall.

Roachdale's Head Start Center includes many five and six year olds who have made much progress toward being adequately prepared to enter the first grade. The program has included the following activities:

1. Large group learning sessions during which the days of the week, months and seasons, and the weather are discussed. There is also time for the children to discuss and share their experiences with their classmates.

2. Recess during which relay and other games are introduced to develop muscle coordination and emphasize the necessity to follow directions and to listen. Of course, these are not always routine things and times are frequent wherein the children enjoy doing and playing as they wish.

3. Structured learning situations in which the children are divided into small groups where a great deal of attention is given to each individual child. These groups work on number, shape, and letter concepts, sounds and listening skills, and elementary science. Each group is divided according to how much that particular child has already learned as well as his willingness to learn. But no child is ever placed into a learning situation where he would be made to

Kessler is new director

Harold D. Kessler, of R. R. 1, Elkhart, has been appointed to the position of Director of the County-Wide Special Education Program in Putnam County.

Mr. Kessler received an A.B. Degree from the college of Arts and Science at Indiana University in 1956, an M.S. Degree in Counseling and Guidance from the same university in 1959, and completed requirements for certification as a Director of Special Education in 1966.

He served as a Speech and Hearing Therapist in the Elkhart Community Schools for nine years following graduation from Indiana University. During the last two years he has been employed by the Michigan City Area Schools. His first year in this system was spent developing a Speech Improvement Program at the kindergarten level and a therapy program for the high school. Last year he served as teacher - coordinator for the educable mentally handicapped at the high school level and was also responsible for curriculum development.

Mr. Kessler has served on the State Advisory Committee in the Area of Speech and Hearing for the Department of Special Education in the State Department of Public Instruction, as a guest lecturer at the Indiana University Regional Campus in Gary, is past President of Elkhart Federal Credit Union of Elkhart County, and served as Chief of Military Pay for the 11th Air Borne Division during the Korean War. He is married and has one son.

Morning earthquake rocks Denver metropolitan area

DENVER UPI — An earthquake rocked the Denver metropolitan area early today, damaging homes, moving refrigerators and cracking driveways as far away as Golden, Colo., some 15 miles west of Denver.

There was no report of injuries or serious damage but authorities said the quake was felt as far away as Sterling, Colo., some 135 miles northeast of Denver.

The quake, unofficially measured at 5.5 on the Richter Scale, was twice as severe and much more widespread than any that has hit the state in recent history.

The quake struck at 7:25 a.m. and

first reports said it apparently was centered in the Derby area, seven miles north of Denver.

Police and sheriff departments in the Denver metropolitan area were flooded with calls from startled residents.

Telephone poles were reported cracked in the Denver area. Lamps and dishes were knocked off tables and several residents told police they were jarred out of bed by the quake.

Seismologists at Colorado School of Mines at Golden said the quake lasted 10 to 15 seconds.

Most of the damage apparently was in the Denver suburb of Northglenn, Colo.

Congressional leaders Would step up bombing

WASHINGTON UPI — Sen. John C. Stennis, D-Miss., called today for "increased and expanded" bombing of North Vietnam to hasten the end of the war. House Republican leader Gerald Ford said the attacks should be stepped up even at the risk of a wider war.

Opening Senate hearings on the effectiveness of the bombing as part of a broad, new congressional debate over air war policy, Stennis said either a bombing pause or restrictions on bombing could be "a tragic and perhaps fatal mistake."

Ford triggered a new flurry of controversy between "Hawks" and "Doves" Tuesday with an attack on the administration for putting may targets off-limits.

He was asked today if he favored in-

tensified bombing even if at the risk of bringing Red China or Russia into the war.

"Yes, I would," he replied. Stennis appeared to side with Ford who said Tuesday no more troops should be sent to Vietnam until restrictions are removed from the bombing. Stennis declined to bracket himself formally with Ford when reporters questioned him, but he commented that he felt the air was "should be enlarged."

State traffic toll 821

By United Press International

The death of a Tennessee woman Tuesday raised Indiana's 1967 traffic fatality toll to at least 821 compared with 904 a year ago.

Mrs. Alice O. Epps, 40, Lawrenceburg, Tenn., was killed Tuesday when a flat-bed tractor-trailer she was driving went out of control on U.S. 41 six miles north of Vincennes and plunged down an embankment.

A passenger in the truck, Robert Beckman, 30, Leona, Tenn., crawled to safety through a window and suffered only minor injuries.

Three are sentenced

ATHENS UPI — A military court Tuesday sentenced a lawyer to eight years in prison, an army private to a year and a tax collector to six months for "insulting the person of the king." A government spokesman also said 2,300 persons arrested after the military coup April 21 are still being held and will be released as they sign loyalty oaths.

Faces problems similar to those of Lincoln: Johnson

WASHINGTON UPI — President Johnson said Tuesday he is groping with some of the same problems that Abraham Lincoln faced a century ago, and expressed hope he could handle them

with Lincoln's "compassion and wisdom."

Johnson's reference to Negro unrest in the cities came when he accepted a bronze bust of Lincoln from an Illinois delegation led by Gov. Otto Kerner, chairman of his advisory commission on civil disorders.

The bust is the original by sculptor Augustus Saint-Gaudens. It was bought by a group of Illinois Democrats and Republicans as a gift for the President and is expected to be part of the proposed Lyndon B. Johnson Library at the University of Texas in Austin.

During a ceremony in the White House cabinet room, the President said, "we are going through some of the same problems as Lincoln had 100 years ago. I hope and pray we can handle them with the compassion and wisdom that he did."

During the day, Johnson also briefed 50 to 60 Democratic congressmen on his proposal for a 10 per cent income tax surcharge and explained its need to finance the Vietnam war and meet rising domestic costs.

Board of realtors enjoy steak fry

The Putnam County Board of Realtors held their annual steak fry at the home of Mr. and Mrs. Blanchard Ketchum in Cloverdale.

Those present, in addition to the hosts, were Mr. and Mrs. Ross Allee, Mr. and Mrs. William Jackson, Mr. and Mrs. O. B. Foster, Mr. and Mrs. C. N. Phillips, P. G. Evans, Darwin Duncan, Mr. and Mrs. Jim Ross, Mrs. Naomi Boesen and Mr. and Mrs. Ferril Rensinger of Indianapolis.

Mr. Rensinger is Executive Vice President of the Indiana Real Estate Association.

BOON UPI — The West German government asked Romania Tuesday for an official inquiry into reports of a plan to assassinate Foreign Minister Willy Brandt during a just-ended visit to Bucharest.

42 overdue

HELSINKI UPI — Forty-two persons in 17 boats were reported overdue today following a weekend storm on the coast during which coast guardsmen rescued about 600 persons.

229 Cong killed in bitter fighting

SAIGON UPI — American and Allied forces today reported killing 229 Communists in bitter fighting in South Vietnam's northern jungles.

In a display of U.S. firepower, Army 4th Infantry Division troops battled 10 hours in rice paddy swamps Tuesday and killed 65 guerrillas while losing only one American killed and four wounded.

South Vietnamese civilian militiamen guided by U.S. Army advisors grappled with Communist bands in a dozen fights Tuesday and killed 140 Viet Cong. Six Americans were wounded and the South Vietnamese suffered "light" losses.

U. S. Marine scouts, hunting down 700 Communists who escaped en masse July 15 from a South Vietnamese jail, Tuesday spotted one band 18 miles from the prison camp. The Leathernecks called in artillery and air strikes that killed 24 Communists. Not an American was scratched.

Auto Workers Union to take strike vote

DETROIT UPI — The United Auto Workers Union announced Tuesday its 400,000 General Motors Corp. members will take a strike vote the week of Aug. 20.

Leonard Woodcock, UAW vice president and head of the union's GM department, said the workers will be asked to sanction a strike in order "to bring the GM executives back into the world or reality."

The move was seen as the UAW's way of flexing its muscles by getting the strike approval so it can put more pressure on the giant of the auto industry. This is the fifth week of contract talks with GM, Ford and Chrysler.

UAW President Walter P. Reuther echoed the get-tough sentiment when he called upon his members Tuesday to be ready to fight if necessary this year for UAW demands.

Donald Bossart is new DePauw campus minister

Dr. Donald E. Bossart has been appointed campus minister of the Methodist Student Foundation at DePauw.

He replaces the Rev. Sam Kirk, who resigned as of May 31 to accept a position on the staff of the General Board of Education of The Methodist Church, Nashville, Tenn.

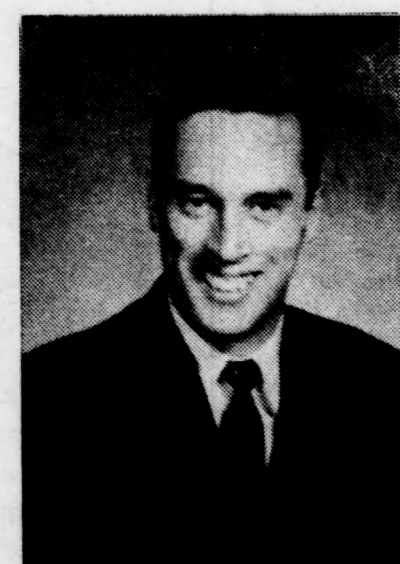

In announcing the appointment, Methodist Bishop Richard C. Raines also announced that Dr. Bossart had been transferred from ministerial membership in the West Wisconsin Annual Conference to the Northwest Indiana Annual Conference, as of August 1.

Since 1963, Dr. Bossart has been a campus minister in the Wesley Foundation at the University of Wisconsin. From 1957 to 1962, he was associate director of the Wesley Foundation at the University of Massachusetts and Amherst College, Amherst, Mass. In 1962-63, he was honored by the Danforth Foundation with one of its Campus Ministry Grants.

The 35-year-old minister was born in Latrobe, Pennsylvania. The physician who brought him into the world was Dr. Thomas St. Clair, now a resident of the Green View Apartments in Greencastle.

Dr. Bossart holds a Bachelor of Arts degree from Harvard University, with a major in economics, a Bachelor of Sacred

Theology degree and a Doctor of Philosophy degree from Boston University. His Ph. D., awarded in 1963, was with a double major: religion in higher education and psychology of religion.

His wife, Gay, is from Deadwood, South Dakota, and is a graduate of Willamette University, Salem, Oregon. They have three children: Kent, age 7, Alan, age 6, and Dona Gay, 4.

The Bossart family has just moved to Greencastle, and is living at the Foundation parsonage, 103 DePauw Avenue.

NOTES AND QUOTES

from BETTY H. SENDMEYER

County Extension Agent - Home Economics

- By Betty H. Sendmeyer, Co. Extension Agent, HomeEc.
- Now is the time to make pickles and relishes from the abundant current supply of cucumbers.
- Pickles and relishes add zest to food. Pickles are rather low in nutritive value in the amounts in which they are eaten. However, they do have a spicy, piquant flavor which adds "snap" to a meal.
- Two questions commonly asked about causes of failure concern slippery pickles and shriveling of pickles. Growth of bacteria cause pickles to become soft or slippery. Bacteria will grow if pickles are exposed above the brine or if brine or vinegar solution is too weak. The slippery quality of the pickles may be due to overcooking. Pickles will shrivel if too strong salt, sugar or vinegar solutions have been used. When strong solutions are desired, it is best to start with weak solutions. From day to day the amount of salt, sugar or vinegar can be increased.
- I would suggest the following directions for making good pickles.
1. Use only fresh, good quality vegetables and ingredients.
 2. Follow directions exactly from a reliable recipe.
 3. Use vegetables of uniform size.
 4. Store pickles, sealed airtight in a cool, dry dark place.
- The recipe below is one that many homemakers like because a small amount of cucumbers are worked with at one time and it takes such a short time to complete the process. They're good too!
- Crisp Pickle Slices**
- 4 quarts sliced cucumbers (medium-sized)
6 medium white onions, sliced
2 green peppers, chopped
3 cloves garlic
½ cup salt
5 cups sugar (or 2 cups light corn syrup and 3 cups sugar)
1½ teaspoon turmeric
1½ teaspoon celery seed
2 tablespoons mustard seed
3 cups vinegar
- Do not pare cucumbers; slice thin. Add onions, peppers and whole garlic cloves. Add salt, cover with cracked ice; mix thoroughly. Let stand 3 hours; drain thoroughly. Combine remaining ingredients; pour over cucumber mixture. Heat just to boiling. Seal in hot sterilized jars. Makes 6 or 8 pints.

Dear Folks:

You know those little colored glass hurricane lamps you buy with a candle in them that a lot of us put out on your patios, or balconies if you live in an apartment?

Well, as you know, when it rains, they're a mess because they get full of water and the wick gets wet.

If you turn an empty ashtray upside down over the top, it will keep out the moisture, either dew or rain. When the candle wick gets so low it's hard to light — try using a straw. Works until the entire candle is used up and you won't burn your fingers.

And don't forget, that if you have luau torches (tiki torches) on your balconies or in your yard, that when you pour the kerosene in them you can also pour oil of citronella in with it! I always pour in about one tablespoonful every time I fill up my luau torch.

It sure help keep bugs away.

I like three-layer cakes and have found that a regular-size package of cake mix will make three nice eight-inch layers instead of the usual two nine-inch ones.

They bake in less time and the finished cake when frosted is higher and looks quite elegant.

Mrs. Wm. Dalbey

One day I got the idea of melting paraffin and pouring it into the container to make a thin lining of wax. I was sure to coat all the inside surface that would come in contact with the soil and water.

One could melt old candles and save a little since the color of the wax doesn't matter. This doesn't harm the container and can be removed very easily with real hot water if the need should ever arise.

Last Friday evening Mr. and Mrs. Ronnie Allgood and children of Roachdale R. 1 and Mr. and Mrs. Robert Mitchell of Ladoga enjoyed a cook-out at the home of Mr. and Mrs. Lyle Clodfelter. The three families enjoyed eating fish at Colfax on Friday evening.

Mrs. O. M. Thomas and niece, Mrs. Beulah Sparr, drove over familiar roads in Putnam and Parke Counties Sunday afternoon. They were near Judson where Mrs. Thomas lived previous to her marriage.

Mr. and Mrs. Marion Huffman and family called on Mr. and Mrs. Rex Call Sunday afternoon.

Mrs. A. J. Sadler is visiting her sister, Mrs. Nettie Strebin, of Danville.

Mr. and Mrs. Harold Anderson of Crawfordsville were Sunday afternoon visitors of Mr. and Mrs. James Anderson.

Mr. and Mrs. Joe Stultz and sons spent Saturday evening at the home of Mrs. Stultz's parents, Mr. and Mrs. James Frazier, near North Salem. Others

present were Joy Thomas, Ron Frazier and Mr. and Mrs. William Woodrum, Jr., and sons. The occasion was the birthdays of Mr. Frazier, Marge, Greg and Jeff Stultz.

Mr. and Mrs. Michael O'Hair of Lafayette were weekend visitors of Michael's parents, Mr. and Mrs. Gale O'Hair.

Janet Scobee spent the weekend with Dorris Hessart, who is in summer school at Ball State at Muncie.

Mr. and Mrs. Jake Martin and Mr. and Mrs. Ed Scobee called on Mr. and Mrs. David Clodfelter Sunday evening.

Mr. and Mrs. Wayne Bettis were Sunday evening dinner guests of Mr. and Mrs. Leonard Bishop of Speedway. Mrs. Nell Bettis was also a dinner guest.

Smallest cotton crop in years

WASHINGTON UPI — The Agriculture Department today estimated the 1967 cotton crop at 8,332,000 bales, smallest since 1921. The estimate is 1,243,000 bales less than last year's small harvest.

This first official government production estimate of the year, based on Aug. 1 crop conditions, compared with a crop of 9,575,000 bales last year and the 1961-65 average of 14,935,000 bales.

The crop was held far below average for the second consecutive year by a federal program providing payments to growers who hold planting below their regular acreage allotments.

In addition, adverse weather caused heavy losses of planted acreage this spring in some growing areas.

The carryover of surplus cotton has dropped from a record-high level of close to 17 million bales in August, 1966, to about 12.5 million bales this year. It is practically certain to be reduced again as a result of this year's small crop.

Red gold

MOSCOW UPI — The news agency Tass said two "substantial" gold deposits have been discovered in the Moscow region. The agency quoted geologists as saying the deposits are at Voronezh, 300 miles south of the capital.

Deadly drink

MADRAS, India UPI — Madras is a "dry" city, so the people in one slum area turned to varnish as libation for a new Moon Festival Day celebration. As a result Tuesday, 28 persons were dead and doctors struggled to save the lives of 64 others.

Jan Lemmink Home From FFA Workshop

Jan Lemmink, daughter of Mr. and Mrs. Richard Rossok, 820 Stadium Drive, has just returned from an officers' workshop for Future Homemakers of America, where she was appointed to the office of Southwestern District Secretary-Treasurer. Jan has been active locally in F.H.A. since her freshman year. As a freshman she held the office of vice president; as a sophomore she was secretary; and during her junior year she held the office of president and was re-elected president for the coming school year. She is also employed part-time at Books Plus.

As a district officer Jan attended the workshop at Indiana University where she learned the duties of her office and helped plan the fall district meetings which will be held in October at Dale and Cascade High Schools. Leadership and its importance was stressed through various speakers.

The program of work for fall will cover jobs and how endless they are. There are jobs for each and every person if they only look for them. The spring meeting will bring out individuality. The girls will learn each is an individual and no two are alike.

Bomb injures British woman

HONG KONG UPI — A terrorist bomb concealed in a camera today blew up an information desk in the tourist-jammed Ocean Terminal Building.

The blast injured a 21-year-old British woman, the first European to be hurt by a bomb explosion since Communist-inspired leftists began planting home made charges around the British colony almost a month ago.

The woman, hospitalized in satisfactory condition, was the seventh person injured by terrorist attacks today. Two of the six others were also hospitalized.

The terrorists followed up a night of bloody fighting with two earlier bomb blasts. British authorities struck back with a series of raids and arrests that netted previously untouched Communist publishers.

Casualty reports showed about 15 persons were injured in the last 24 hours as Communist terrorists pressed their campaign to humble British authority in the colony.

Couple To Celebrate Golden Wedding

Mr. and Mrs. A. H. Hendrix, of Rosedale, Route 2, will celebrate their 50th wedding anniversary with an open house on Sunday, August 20, from 2 to 4:30 p.m. at their home.

They were married in 1917 at the home of the bride's parents, Mr. and Mrs. John Baumunk, of near Reelsville.

Mr. Hendrix is retired after 36 years of teaching. Mrs. Hendrix taught school before their marriage.

They have four children, John Hendricks and Joan Montgomery, of near Rosedale; Fran Sims of Terre Haute, and Mary K. Polizzi of Indianapolis.

All relatives, friends and neighbors are invited to the open house.

CAB report

WASHINGTON UPI — The Civil Aeronautics Board said Tuesday that miscalculated fuel consumption and inattention to fuel supply caused a triple-fatality plane crash last year in Indiana.

The crash last Aug. 26 in a wooded area near Terre Haute, Ind., killed the pilot, W. L. Bashaw, 45, Anderson, Ind., and two passengers, Ronald Frisby, 26, Anderson, and A. C. Sheldon, 47, Terre Haute.

The crash occurred during a flight from Pompano Beach, Fla., to Terre Haute.

Engagement Announced

Mr. and Mrs. Ralph Raab, R. R. 5, Brazil, wish to announce the engagement and approaching marriage of their daughter, Rosetta, to Delano C. Sanford, son of Mrs. Mary I. Kerr of Madison, New York, and the late Glenn F. Sanford. The wedding will take place Aug. 12 at 7 p.m. at the Croys Creek Congregational Christian Church, approximately 3½ miles south of U.S. 40 on the Clay-Putnam County Line. No invitations are being sent. All friends and relatives of the couple are invited to attend the wedding and reception at the church.

'Sea Monster' probe launched

BIDDEFORD, Maine UPI — There may not be any such thing as a sea monster, officials here concede, but they are trying to determine the identity of something that "looks just exactly like what a sea monster ought to look like."

The "Biddeford monster investigation" was launched after lobsterman Richard Gagne, 23, of Biddeford hauled up the partial skeleton of "the oddest looking thing I ever saw" wound in the rope of a lobster trap.

Gagne said it was about eight feet long with a "head shaped like the head of a snake. I've never seen anything like it before."

The skelton, which Gagne said still had some flesh clinging to it and a fin "that looks like a wing with the feathers of a bird on it," was found in 50 feet of water at the breakwater near the mouth of the Saco River in the Atlantic Ocean.

Gagne's brother Peter said, "the eye sockets on the head are bigger than the head itself. I can put my fist in each one of them." He said the eyes were on the side of the head, like those of a snake's.

The Coast Guard station at Fletcher's Neck confirmed the Gagnes' story. "It looks just exactly like what a sea monster ought to look like," Chief Boatswain's Mate Robert Nelson said.

Boy suffocates in grain bin

NEW HAVEN, UPI — Michael Meyer, 8, New Haven, suffocated Tuesday when he fell into an oats-filled grain bin at the farm of his uncle near here. Allen County authorities said the boy apparently lost his balance at the top of the two-story bin while helping his cousins check the contents.

His body was recovered within a short time but efforts to revive him failed and he was dead on arrival at a Fort Wayne Hospital.

Delete slights

MADRID UPI — Anti-Semitic references to such things as "ritual crimes" and "thankless people" have been removed from more than 150 textbooks, the newspaper ABC reported Tuesday. It said the decision to remove "offensive expressions against the Jewish people" was taken as a result of the second Vatican Council.

Try and Stop Me

By BENNETT CERF

THE TOWN'S most notorious deadbeat suddenly appeared in Dentist Pullman's torture chamber and paid a long-overdue bill in full. "That last letter you sent me," he confessed admiringly, "would get money out of a stone. How did you ever dream it up?"

"I didn't," admitted Doc Pullman, hastily pocketing the unexpected check. "I just selected the best parts from letters my son sends me from college."

Murgatroyd Bopkin was the kind of honest—and fearless—husband who confessed to his wife that a red-headed dancer in a nearby nightclub was making his heart go pitty-pat. The understanding wife demanded that he take her to inspect this new light of his life. So he did. "It's that gorgeous blonde third from the left," he told her proudly. "And see the little redhead next to her? That's our neighbor Sussman's girl."

The wife studied the two for a moment, then announced firmly, "I like ours better."

QUICKIES:

One of Houston's more enterprising auto dealers has a pile of small foreign cars in the center of his showroom with a sign: "Take one!"

Traffic problems: Urban, suburban, and suburban drivers. At the cost per ounce of a girl's 1967 bathing suit, it is estimated that a man's overcoat would sell for \$1,123.14.

Television In Review

By ROBERT MUSEL

NEW YORK UPI — "Now wait a minute. I'm not a bum," said the bum. "I'm with the FBI. I happen to be in disguise. I'd like to be in this scene."

Well, that's one of the hazards of using New York City as background for a television series. You film in the streets and take your chances and every now and then you run into something like the dialogue above.

"I thought," said Jack Warden, star of the new "N.Y.P.D." series on ABC-TV "that he was going to use the old line: 'Give me a dollar sixty for a bottle of wine or I'll run you all in.' But he didn't really bother us and you've got to expect something like that on the Bowery."

"N.Y.P.D." the initials for New York Police Department, is described as a police drama series and it not only has the cooperation of the cops but Mayor John Lindsay, himself, came down to the little studio in Greenwich Village — formerly the old Polish dance hall — to wish the venture well.

Lindsay has been campaigning for more film-making in the metropolis but at the moment N.Y.P.D. is his only capture which may explain why the local gendarmes opened its files for the story lines to the producers, Talen Associates.

Warden, whose most recent starring series was "The Wackiest Ship in the Army," thinks the half-hour dramas are gutsier than most. He was filming one about the blackmailing of homosexuals. A prominent businessman, also known to be a homosexual, agreed to act as a decoy to nab the extortionists.

"I hope the series opens with that," said Warden whose own career, incidentally, would make good television viewing — professional boxer, dance hall bouncer, tugboat deckhand, life-guard, paratrooper and one of the best all-around actors in the business.

Powerfully built, as might be expected from that precis, Warden said he didn't mind filming with hundreds or even thousands of onlookers.

"Acting is concentration," he said. "People don't disturb you. Within the concentration you can even use them. The fact that we are working in the districts where the stories actually happened is helpful. We spent a whole day at the morgue — on the roof. We've been all over the place, the Bronx, Brooklyn Heights, Greenwich Village.

"We're using an actual police station, hCharles Street, for the exterior of the precinct from which I work as a Lieutenant in

homocide with Frank Converse and Robert Hooks as my aides. We were shooting on the liner United States one day and complained about the noise of fire engines. What we didn't know was that there was a small fire on the other end of the ship. We've been in saloons, steak houses and hotels."

Warden said he thought "the

big innovation" of the series was the use of the smaller 16 millimeter camera (instead of 35 millimeters).

"You can get tremendous actuality with it because of its small size," he said. "You can do running shots and walking shots with the camera moving along. You can practically get into keyholes with it."

Foreign News Commentary

By PHIL NEWSOM

Thailand, having firmly committed itself on the side of the United States and its other allies in Vietnam, now fears it may be left out on a limb.

Rather than a cessation of the bombing of North Vietnam as a preliminary peace move, they want to see it stepped up. They oppose any peace agreement unless it includes once and for all an end to the Communist military threat in Southeast Asia.

This is because of all the allies in Vietnam, Thailand alone fronts on Red China and already is the target of a terror campaign directed from China and North Vietnam.

An inconclusive peace in Vietnam, the Thais feel, simply would permit the Communists to turn their full energies against them.

When presidential emissaries Maxwell Taylor and Clark Clifford returned from their pulse-taking trip to Asia with word that the allies favored the continued bombing of North Vietnam or even increasing it, they were echoing the voice of Thailand.

land.

The Thais are important to the war effort since more than half of the American bombers which attack North Vietnam are based on Thai soil.

Therefore, when Bangkok speaks, Washington listens.

Like everyone else, the Thais are tired of the war and would like to hasten its end.

Unlike the stop-the-bombing advocates, they believe the way to do it is to extend the bombing to strategic dikes on the Red River Delta, to bomb Haiphong harbor and possibly Hanoi itself with the double objective of demoralizing the people and destroying the economy so that North Vietnam would be eliminated as a threat to peace for many years to come.

The dikes, Haiphong Harbor

and Hanoi are targets which the United States so far has specifically rejected.

Whether or not the Thais are right, they speak for some experience.

In 1962, Thai Foreign Minister Thanat Khoman told this correspondent in Bangkok that

any more to permit Communist participation in the government of Laos simply would give them an opportunity to build up for another attempt at taking over altogether. The attempt failed but Khoman's prediction that it would be made proved only too correct.

Avoids disaster

MOSCOW UPI — A crippled TU114, the world's largest airliner, made an emergency landing at Moscow's Domodedovo airport Tuesday with an estimated 180 persons aboard. The news agency Tass said the plane had a damaged landing gear. The agency item was a rare departure from the usual Soviet practice of making no mention of air disasters or near disasters.

Dim viewers

MOSCOW UPI — The Soviet Communist party newspaper Pravda Tuesday accused Hollywood of taking over the European movie industry, "inflicting grave losses of film art."

Women are busy preparing homecooking

By HORTENSE MYERS

INDIANAPOLIS UPI — Seventy-four central Indiana mothers and housewives are busy today preparing extra food for 135 visitors assumed to be hungry for home cooking.

The visitors are boys on their way home to the British Isles after attending the 12th World Boy Scout Jamboree at Faragut Park, Idaho. Included in the group to arrive by plane Friday are 90 Scots, 30 Englishmen and one Irish lad plus their 14 adult leaders.

Dr. Olga Booher, Indianapolis, one of the busy mothers, said "We are supposed to show them how we live here, to make them members of the family." The visitors will stay with the Hoosier hosts for a week before continuing on to their homes.

Dr. Booher, who has a full-time career as a physician and also has some extra professional responsibility this week because of the absence of her physician-husband, said she felt the visitors "should not be kept on a dead run all the time."

The menu she is planning includes the foods her own three sons like best. Although the hostesses were advised to serve their regular meals, some of the mothers interviewed admitted they had obtained recipes for haggis, Scotch broth, Yorkshire pudding and other dishes traditionally associated with their visitors, just in case the boys are homesick for them.

Dr. Booher has one advantage the other hostesses lack — her husband, Dr. Norman Booher, is on the staff at Faragut Park and has talked to the two boys who will be visiting their family.

"He says they are Scots, and one is 6-2 and the other is 6-4," she reported.

Nineteen-year-old Philip Booher and his 17-year-old twin brothers, Robert and John, have gone through scouting from cub to Eagle rank and each is enrolled in a different college — Butler, Purdue and Franklin. They are nominated by their mother to plan any extra events in addition to those already arranged by the Central Indiana Boy Scout Council.

Mrs. Maynard F. Craig, Zionsville, also has three sons who are planning to help show their two English visitors how Hoosiers live.

"I am program counselor for the Girl Scouts and I thought they might like to see a Girl Scout camp," she added. Camp Gallaheue is adorned with girls.

Mrs. Craig went to the library and located a book on English cookery, just in case fried chicken didn't satisfy.

Mrs. Branson Agler, Shelbyville, who has four children of her own and will have two 16-year-old Scots as guests, said "I expect to cook a lot of food." She said backyard neighborhood picnics are a favorite in her community and one of these is

planned.

Her husband also hopes the young Scots will be interested in attending a Rotary Club meeting, and a get-together with the other Shelbyville families who have visiting Boy Scouts is contemplated.

Mrs. Paul E. Isley, Indianapolis, whose husband is a scoutmaster, will wait until her expected guest arrives to decide whether to cook American or Scottish food. The Isley guest is to be a 25-year-old adult leader and the Isley's 23-year-old son will be home from the Air Force to help entertain him.

"I wonder if he would like cherry jubilee?" Mrs. Isley pondered.

Shopping Guide

The following guide to the nation's food buys for the week end was prepared by the Departments of Agriculture and Interior for United Press International.

WASHINGTON UPI—August is sandwich month, and this August weekend's variety of abundant foods includes several that may make perfect partners for your ingenious sandwich creations.

In the meat department, steaks are plentiful. Why not try a steak and cheese sandwich to add variety to your menu? Along with steaks, roasts, broiler-fryers, turkeys, ham and bacon are in good supply. Bacon, lettuce and tomato sandwiches are long-time favorites. And tomatoes are plentiful, too!

Other protein foods in the spotlight as plentiful this month are peanut butter and fish—both hearty sandwich mates. Canned tuna, fish sticks and portions are plentiful on a national scale, plus other fish you may favor—plentiful in your locale.

Also in ample supply are fruits and vegetables to serve with your sandwiches. In vegetable bins this weekend, are corn, onions and potatoes plus—in some areas — beans, cabbage and green peppers, and of course, tomatoes which are rapidly being harvested and brought to market!

Try fresh fruit for dessert. Many fruits are high in vitamins, low in calories. Cantaloupes are in good supply, joined by limes and blueberries in some areas.

Branigin accepts second portrait

INDIANAPOLIS UPI — Governor Branigin's second "official" portrait apparently will be acceptable to the chief executive and his staff.

The governor, who allowed artist Helen Duckwall only a few hours of sitting time when she painted the first portrait, was discouraged by much non-artistic advice to the effect that "it doesn't look like you."

So the next time, Branigin allotted approximately 11 hours to Miss Duckwall for sittings and the new painting arrived at the Statehouse Monday.

"It looks like a real good

job," Branigin said. The portrait shows the governor seated in a chair, with his glasses held in his hands and the eyes and facial expression conveying the sense of humor which some of his staff felt was absent from the first portrait.

Chinese Reds defy ultimatum

JAKARTA UPI — Chinese Communist officials Tuesday defied an Indonesia ultimatum and refused to lower the illegal 10-foot high walls surrounding the Peking embassy in Jakarta.

A law restricts the height of walls in Jakarta to three feet. The Indonesian government had given the Chinese Reds until Tuesday to cut down the wall to the legal limit. It warned the Indonesians would knock off the seven feet if the Chinese didn't.

Indonesian officials told newsmen later they had informed embassy officials that the deadline for cutting down the wall had expired. They said the Chinese said they would not lower the wall until the government paid for damages suffered by the embassy during an attack by Indonesian youths last Saturday.

Six Indonesians were injured in the attack, five of them by bullets. The Indonesians claimed shots were fired from within the embassy at the demonstrators while the Chinese claimed the Indonesians shot each other in the confusion.

The demonstrators also set fire to several buildings inside the embassy compound before troops arrived and dispersed them.

Relations between Peking and Jakarta have deteriorated steadily since the abortive 1965 Communist coup which ultimately led to the ouster of President Sukarno and his left-leaning supporters from power.

LITTLE LEAGUE CHAMPS — Little League Champions in Greencastle this year with a 12-2 season record were the Coan Pharmacy sponsored White Sox. The squad is pictured above with their team manager. The boys are (front row, left to right) Marvin Douglas, Stacy Spencer, Randy Jones, Rick Wokoun, Richard Hall, Tony Fenwick, Billy Earl, (back row) Manager Ernie Cook, Steve Litchford, Doug Wokoun, Bruce Coyner, Terry Maurer and Jay Stevens. Duncan Burkhardt and Jerry Shonkwiler were players not present for the picture, along with coaches Joe Litchford and Marvin Douglas.

LITTLE LEAGUERS — Greencastle Little Leaguers have just about completed an action-packed season and the Red Legs are no exception. They finished with a hearty 8-6 record. Pictured are team members (front row left to right) Larry Wood, Kelvin White, Ray Trent, Keith

Gorham, Bill Jeffries, Mark Jeffries, (second row) Manager Bud Wood, Mark Hamm, Robert Knauer, Terry Black and Mike Covert. Coach Jerry Wood was not present for the picture, along with players Steve Akins, Philip Fisher, Scott Wall and John Reel.

Indians whip Orioles; Adcock sent to showers

Cleveland manager Joe Adcock had every reason to be happy. The Indians had just scored a pair of runs in the ninth inning to beat the Baltimore Orioles 5-3, and no one could blame the husky manager if he wore a big smile.

But Adcock's face was red with anger.

"It's a terrible thing, trying to win ball games when a man like Emmett Ashford is umpiring," he snapped. "He's not fit to work in this league. This is the second time he could have cost us a victory this week," continued Adcock, who was ejected from the game in the ninth inning. "He didn't even have the nerve to throw me out while I was on the field. He kicked me out after I got to the dugout."

Adcock's bitter remarks stemmed from a series of rubeisms in the game's last two innings. With Cleveland leading 3-1 in the eighth, Luis Aparicio walked, bringing Frank Robinson to the plate. Cleveland left-hander Ed Connolly's pitch appeared to hit Robinson and he trotted to first, and Aparicio took second.

Ashford, the plate umpire, then conferred with first base umpire John Flaherty and, after examining Robinson's hand, ruled the pitch had not struck him. Play resumed, but Aparicio remained at second, despite protests from the entire Cleveland infield. Ashford ruled the pitch to Robinson was a ball and since time had not been called, Aparicio was entitled to advance.

After a 10-minute argument, with Oriole manager Hank Bauer contending Robinson had

been hit and Adcock claiming Aparicio should return to first.

Play was finally resumed with Aparicio on second. Robinson then lined the next pitch into the left field bleachers for his first home run since June 21 to tie the game at 3-3.

"I didn't call the pitch anything," explained Ashford. "After conferring with Flaherty,

we decided it was a ball and Aparicio was entitled to second."

The Indians eventually won the game in the ninth when Larry Brown scored from third on Boog Powell's error.

Elsewhere in the American League, Chicago beat Detroit 6-4 after losing 2-1, Minnesota edged Washington 3-2, Boston

topped Kansas City 7-5 after dropping the opener 5-3 and New York stymied California 1-0.

In National League action, Philadelphia nipped San Francisco 5-4 in 10 innings, Chicago downed Pittsburgh 8-4, Cincinnati blanked Houston 3-2 in 11 innings and Los Angeles defeated St. Louis 6-2.

Don Buford dashed home from second with the deciding run when Dick McAuliffe booted Ken Boyers two-out ground-er in the 10th inning to give the White Sox a split with Detroit. The Tigers had taken the opener, also a 10-inning affair, when McAuliffe scored from third on J. C. Martin's passed ball.

Rich Rollins homered with two out in the eighth inning to give the Twins a victory over the Senators and move them into second place, one percentage point ahead of Boston. Rollins homered off reliever Dave Baldwin, who struck out the four previous batters.

Norm Siebern's two-out, two-run single with the bases loaded in the ninth inning snapped a 4-4 tie and gave the Red Sox a split of their doubleheader with the Athletics. Danny Cater and Ken Harrelson drove in two runs each and Jim Hunter had two hits and drove in a run as the A's took the opener.

Bill Monbouquette pitched seven innings of shutout relief and Tom Tresh accounted for the game's only run with a first-inning single as the Yankees trimmed the Angels.

Monbouquette ended the game in the third inning after starter Fred Talbot injured his wrist.

Jim Ninowski sent to Washington Redskins

Quarterback Jim Ninowski, who once threatened to quit pro football because "you get tired of being tossed around like a toy," had an old idol for a new boss today in Washington.

Ninowski, a holdout this season, was sent to the Washington Redskins by popular acclaim on the part of Cleveland owner Art Modell Tuesday in a trade that sent the Redskins' No. 2 quarterback Dick Shiner to the Browns.

The Redskins see action tonight against the visiting Chicago Bears which kicks off the week's exhibition activity.

George Halas starts his 40th National Football League season as Bears coach and arrives in Washington with 1966's leading rusher, Gale Sayers, and a new quarterback, Jack Concanon who was obtained from the Philadelphia Eagles for tight end Mike Ditka.

Washington coach Otto Graham, one of the all-time quarterback greats in pro football when he performed for Cleveland, was reluctant to let

Shiner go, "but when the trade was offered, I felt we needed an experienced backup man for Sonny Jurgenson."

Ninowski, 31, was Cleveland's No. 4 draft choice in 1958 after a standout season with Michigan State. The Browns traded him to the Detroit Lions in 1960, but required him in 1962. He lost that starting job to Frank Ryan. During his pro career, Ninowski completed 435 of 901 passes for 29 touchdowns.

Shiner is a fourth-year pro, but always played in the shadow of Washington's No. 1 quarterback since his graduation from the University of Maryland.

Giants coach Allie Sherman made immediate use of Williams when he placed the 6-2, 235-pounder at the right line-backing position in Tuesday's workout. Williams will have to fight veteran Larry Vargo and rookie Joe Sissel for the post.

Sherman will test the trio against the Atlanta Falcons in the opening exhibition game of the pre-season grind for both clubs. Action takes place at Ithaca, N.Y., Saturday afternoon.

In Saturday night games, Pittsburgh is at Green Bay, Dallas at Los Angeles, Philadelphia plays Minnesota at Tulsa, Okla., and St. Louis tackles New Orleans at Shreveport, La. The American Football League has three Saturday night games on tap—San Diego at Miami, Kansas City vs New York at Birmingham, Ala., and Houston at Oakland.

St. Louis may be minus three starters against the Saints. Running back Roy Shivers, offensive guard Ken Gray and defensive end Joe Robb are hobbled by knee injuries.

Starting center John Schmitt of the Jets was confined to the camp infirmary with a virus and coach Weeb Ewbank planned to use John Matlock from last year's taxi squad as his replacement against the AFL champion Chiefs.

Heavy practice planned today

INDIANAPOLIS UPI — With time running out before Saturday night's Indiana Shrine Bowl football game here, the two participating teams of high school all-stars planned heavy practice sessions today.

Both coaches, Dick Young of the North and Red Faught of the South, planned full-scale scrimmages among today's three workouts for each team.

In a similar scrimmage Tuesday at Anderson, the North's first team beat the second string 12-0 with Bob Belei of Gary Wallace and Willard Rice of Kokomo scoring the touchdowns.

In a scrimmage at Franklin, South quarterback Willie Lenzy of Indianapolis Howe threw a pair of touchdown passes but a tough defensive unit kept the pressure on him throughout the workout. Jim Esters of Evansville Central intercepted one pass and knocked down five others.

Young devoted part of Tuesday's workout to an effort to try to develop a punter for Saturday night's clash. Guard John Purtillo of Highland appeared the likely choice.

Rick Barry may sit out 1967-68 season

SAN FRANCISCO UPI—Figure on Rick Barry, one of the game's top players, sitting out the 1967-68 season and the new American Basketball Association getting off the ground without a single National Basketball Association player on its roster.

Barry lost out in his bid to jump from the NBA San Francisco

Warriors to the ABA Oakland Oaks Tuesday when a San Francisco Superior Court judge upheld the older circuit's controversial option clause.

As a result, Barry, who led the NBA in scoring last season with 2,775 points, must either play out his option with the Warriors or sit at home.

His chances of playing with the Warriors seem slim since his presence on the team as a "lame duck" would create an awkward and embarrassing situation. Also, if he decides to come back, the possibility exists that the Warriors would trade him. But under the circumstances, which NBA club would want him — for just one year?

Thus it seems apparent that he will stay at home in Oakland and serve the Oaks in a promotional capacity. Because of the court ruling his three-year \$75,000-per-year contract with the Oaks, which he signed last June 20, now is put off until Oct. 1, 1968.

Barry always could appeal Judge Robert J. Drewes' decision — actually a temporary in-

junction restraining him from playing for anyone else except the Warriors — but the appeal process is slow and the 1967-68 season would be nearly over by the time his case got on a court calendar.

Judge Drewes, in upholding the contract, said Barry was fully aware of the option clause in his NBA pact when he signed with the Warriors.

"There can be no doubt," said Drewes, "that defendant (Barry) deliberately breached his solemn contractual obligation to play for the plaintiff (Warriors), and the court so finds."

Equipment will be issued Friday

Football equipment will be issued Friday evening at 6:30 p.m. to all high school boys interested in playing football, according to Greencastle head football coach Bob Bergman. The issuance of equipment includes freshman through seniors only.

Insurance slips and physical forms will also be collected at the meeting. Any boy who does not have a physical or insurance form can obtain one from the principal's office anytime this week.

Bergman commented that examinations by doctors should be completed by Friday so that all physical slips can be collected.

The decision had far reaching consequences since it in effect upheld the legality of pro football and pro hockey option clauses as well. Warrior owner Franklin Mieuli and one of his attorneys, Richard Archer, saw it that way anyway.

"This is an historic day for all of us (club owners) in sports," said Mieuli.

"This was a decision that had to be made one way or the other," said Archer. "Naturally, I'm glad it went the way it did." Barry, at his parents' home in Roselle Park, N.J., said he was undecided at the moment about what he would do, although Bruce Hale, his father-in-law and head coach-general manager of the Oakland Oaks, said there would be no appeal of Judge Drewes' decision.

"I'll have to play with San Francisco or sit it out," said Barry, "but I just don't know what I'll do."

Cotton's plans finalized

INDIANAPOLIS UPI — Now that Cotton Nash, homerun slugger for the Indianapolis baseball Indians, has his basketball plans finalized for next season, maybe he can get back to smashing homers.

Nash, who averaged 23 points per game with the University of Kentucky, went to Louisville Monday to sign a contract with the Colonels of the American Basketball Association.

Nash slugged eight homers in eight games with the Pacific Coast League Indians a few days ago and has a season total of 20.

Cloverdale is ousted Sunday

Cloverdale's Babe Ruth baseball all-stars were given the oust Sunday in the second game of their own Double Elimination Tourney held at Cloverdale. Bainbridge took a 4 win from them in a nine inning contest.

Greencastle thumped Monrovia in the same round 9-1.

The first round of the tourney found Bainbridge rolling over Monrovia 10-0, Cloverdale shutting out Greencastle 11-0, and Spencer stunning Eminence 21-0.

The tourney will continue on Friday evening with Bainbridge tangling with Spencer at 5:00 p.m. Saturday action will catch Eminence vying with Greencastle, Cloverdale taking on the winner of the Friday evening contest, and the two winners meeting Saturday evening.

Boys picked to play for the Cloverdale Babe Ruth all-stars were: Phil Haas, Bob Fenwick, Dave Elmore, Bill Steele, Charles Coon, Terry Hoffa, Jim Steele, Rex Steele, Mark Hervey, Mark Jones, Ronnie McKamey, Bob Smith, Jeff Holsapple, and alternates Terry Powell and Gary Schwomeyer.

Missourians leading 4-0

GARY, UPI — The rain-delayed North Regional Senior Little League baseball tournament resumed here today with Festus-Crystal City, Mo., leading Elyria, Ohio, in the first game.

The Missourians were leading Elyria 4-0 Tuesday when rain halted play in the fourth inning of the tourney's first game. It was to be resumed at that point today.

Today's second game matched Lowell, Ind., against West Madison, Wis.

The regional winner will advance to next week's Senior Little League World Series at Des Moines, Iowa.

NEW SPORT

NEW YORK UPI — Danny Whalen, 49, who served as trainer with the Pittsburgh Pirates from 1959 through 1966, was named to a similar capacity with the New York Knickerbockers of the National Basketball Association.

YANKS WINS

TOKYO UPI — Fifth-ranked welterweight Ernie Lopez of Las Vegas, Nev., scored a technical knockout over third-ranked Mushashi Nakano of Japan Tuesday.

Clark suffering from hepatitis

BANGKOK UPI — Retired Supreme Court Justice Tom C. Clark has been evacuated by air to the United States with a case of severe infectious hepatitis, the U. S. embassy said today.

Clark was stricken Friday with a stomach upset and general exhaustion during a visit and placed in a U. S. Army hospital here.

An embassy spokesman said Clark was being flown in a U. S. military aircraft to Andrews Air Force Base at Washington, D. C., probably will be placed in Walter Reed Army Medical Center, the spokesman said.

There was no indication where Clark might have contracted the ailment. But it was unlikely he did so here because hepatitis generally requires an incubation period of several weeks to develop.

Clark had been traveling under State Department auspices since early June. He had visited several Asian countries before arriving in Bangkok.

His wife accompanied him on the evacuation plane.

Clark announced his resignation from the court when his son, Ramsey, was named U. S. Attorney General.

Vandals active in South Bend

SOUTH BEND, UPI — Sporadic vandalism, which has flared here occasionally since a racial disturbance two weeks ago, broke out again Tuesday night with the firebombing of a dry cleaning establishment on the city's west side.

Police said two molotov cocktails were thrown at the firm but both struck the outside of the building and did no damage. Officers said witnesses reported seeing a group of Negro youths throw the bombs and flee down an alley.

It was the second consecutive night of minor trouble in the city. Windows at the LaSalle Neighborhood Youth Center were shot out Monday night, causing about \$700 damage. The center was the scene of a battle between police and Negro youths two weeks ago.

Police Capt. Nester Stachowicz testified before the South Bend Safety Board Tuesday that he heard what sounded like a shot coming from the center before police opened fire the night of July 26. Negro leaders had complained earlier that the police fired on the center without reason.

Stachowicz was the first police officer to testify at the hearing since it began last week.

He testified that police under his command at the center had orders not to fire unless they were fired upon. He said he saw a flash inside the center and then heard an explosion followed by the shattering of a plate glass window. He said he heard another shot from behind him and assumed it was one of his men returning the fire.

"That's when I knew things could get out of hand," he said. Stachowicz said he ran into the center and fired a burst from his submachine gun into the ceiling in an effort to restore order.

It was after the battle at the youth center that Mayor Lloyd Alle- appealed for state help and Governor Branigan sent state troopers and National Guardsmen here on standby duty.

Reports from county agent

The corn silk beetles have infested most of the corn fields in Putnam County, reports county agent Paul Jackson. These beetles are the adults of the northern root worm which hatches in fields of corn in June and feed upon the corn roots until emerging now to feed upon the silks. The beetles are winged, have hard shells, are green in color and are about one quarter of an inch long. They are sometimes referred to as green pickle bugs.

The real damage caused by the silk beetles is the cutting off of the corn silk before the grain has been pollinated. Jackson says that he thinks that most of the corn in this county has already been pollinated so he does not expect damage to be great. For best control of the bugs spray should be applied before seventy-five per cent of the silks have emerged. If the silks are out and are healthy, pollination will occur in about a day. When pollination has taken place, the silks will start to turn brown.

Spraying the corn fields at this time is recommended only if five or more beetles are found per ear and if the field is at least twenty-five and not over seventy-five per cent silked. Control of the beetles is best attained by an application of insecticide to the soil in the spring before the corn is planted.

their annual two week summer field training at Camp Atterbury on August 19, it was announced today by Major General John S. Anderson, Adjutant General, State of Indiana.

The men will train in lieu of the cancelled "Operation Kittyhawk," a training exercise which was to include National Guard troops, regular Army personnel and all facets of military reserve and regular forces. The brigade is commanded by Col. Robert E. Wilson, Indianapolis and has its headquarters in Columbus. Those training will be from units based at Danville, Jasper, New Albany, Washington, Tell City, Shelbyville, Seymour, Greensburg, Connersville, Martinsville, Salem, Scottsboro, Fort Wayne, Boswell, Richmond, Winchester, Monticello, Rensselaer, Portland, Kokomo, South Bend, Kempton, Elkhart, LaPorte, Elwood and Indianapolis.

A Brigade review will be on the Atterbury parade grounds Friday, August 25, at 6:30 p.m. Persons wishing to attend are requested to check in at Building 6119, Camp Atterbury, for instructions.

Training at Atterbury will consist of combat training at all levels from squad to brigade.

The men will return home September 2.

Citizens want Carmichael bad

WASHINGTON UPI — The Justice and State Departments are receiving thousands of letters from irate Americans urging that black power militant Stokely Carmichael be barred from returning to the United States or prosecuted for sedition. The letters, officials said, tend to blame the Johnson administration for allowing Carmichael to travel to Communist Cuba where he has called for organized guerrilla warfare in American cities.

Many letter writers have urged that if Carmichael does return to the United States from the Communist meeting, he be deprived of his American nationality and prosecuted for treason.

The Justice Department has clamped a tight lid on speculation about the possibility of sedition charges being filed against Carmichael. Sources said, however, that he has been under close scrutiny since the summer of 1966.

A department spokesman conceded Carmichael's Havana statements are under review, but said he has stayed until now within court-defined boundaries of allowable free speech and is still legally untouchable by federal prosecutors.

At this point, it would appear impossible either to prosecute Carmichael for treason or take away his citizenship, the spokesman said.

Fullbright raps "Great Society"

HONOLULU — Sen. J. William Fulbright Tuesday said President Johnson's great society is "a sick society" and that the United States has become "a symbol of violence and undisciplined power."

He said the nation's hope was in the "remarkable younger generation."

In his latest attack on the administration's policies, the chairman of the Senate Foreign Relations Committee asked:

"How can we commend peaceful compromise to the Arabs and Israelis when we are unwilling to suspend our relentless bombing of North Vietnam?"

"How can we commend Democratic social reform to Latin America when Newark, Detroit and Milwaukee are providing explosive evidence of our own inadequate efforts at democratic social reform?"

"How can we commend the free enterprise system to Asians and Africans when in our country it has produced vast, chaotic, noisy dangerous and dirty urban complexes while poisoning the very air and land and water?"

He claimed the Vietnam war was "poisoning and brutalizing our domestic life... the great society has become a sick society."

Wall Street Chatter

NEW YORK UPI—Bache & Co. says the stock market may be in for a period of consolidation in the near term but, judging from its demonstrated resiliency, higher prices may be in line after the pause. The company says the major near term factor affecting the market will be the outcome of the indecisive auto negotiations.

Jay F. Gershkoff of C. B. Richard, Ellis & Co. thinks the market could reach a temporary top in the near future, probably followed by a period of consolidation and regrouping. The analyst anticipates another strong upward surge toward the end of the year provided there is a pickup in the economy.

Holders of jobs set new record

WASHINGTON UPI — The government reported today more Americans held jobs in July than at any time in the nation's history. At the same time, unemployment during the month dropped slightly to 3.9 per cent.

The number of persons employed during July was 76.2 million. Unemployment stood at 3.2 million.

One of the main reasons for the July increase was an influx of teen-agers into the labor force for the summer. There were 10.7 million youths between the ages of 16 and 21 employed during July, an increase of 400,000 jobs over July, 1966.

Kenneth Ward of Hayden, Stone, Inc. believes the market's progress this fall could be tempered by such uncertainties as the auto strike deadline, the debate over the 10 per cent surtax proposal and the already strong headway made by the Dow Jones industrial average. He believes, therefore, although the trend seems bullish, caution should be exercised in making new commitments.

NEW YORK UPI—Strength in some of the economic indicators, including the recent advance in machine tool orders, improvement in construction, carloadings and auto economy, says Alexander Hamilton Institute.

The investment advisory firm said it believes this uptrend bolsters its views that "cautious optimism" is currently the wisest attitude for investors.

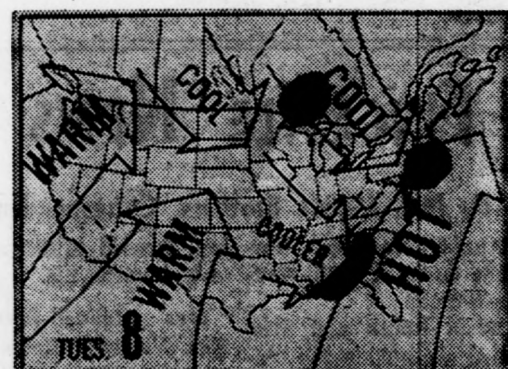

Oil tank is damaged by fire

EAST CHICAGO, UPI — Fire broke out on an oil tanker late Tuesday night and two sailors leaped into Lake Michigan to escape the flames.

Authorities said George Wygant, Philadelphia, Pa., and Walter Berkley, Toledo, Ohio, jumped into the water from the tanker Great Lakes and swam to shore.

Cause of the blaze and damage to the tanker, owned by the Sinclair Oil Co., were not determined. It took firemen about an hour to contain the flames.

House approves space program

WASHINGTON UPI — Congress sent to the White House Tuesday a \$4.9 billion authorization bill for the civilian space program that directs a slow-down for the period following a lunar landing.

By voice vote, the House gave final approval to the compromise measure authorizing the fiscal 1968 program of the National Aeronautics and Space Administration (NASA). The

Senate accepted the revised version last week.

Despite warnings from NASA officials that the \$5.1 billion they requested was the minimum needed to maintain momentum and hold space teams together, Congress cut a total of \$234 million from the authorization.

More than half the authorization—\$2.5 billion—is for pressing ahead with the Apollo pro-

gram aimed at landing men on the moon by 1970. Congress cut only \$25 million from this program.

However, economy forces concerned about Vietnam war spending cut NASA's request for post-Apollo orbiting laboratories by about one-third, to \$348 million, and trimmed funds for a 1973 voyager landing on Mars from \$72 million to \$42 million. This could reduce the latter to an orbiting probe.

Pope to make announcements

VATICAN CITY UPI — Pope Paul VI is expected to announce shortly additional reforms in the Roman Curia or governing body of the Catholic Church, including the possible creation of a centralized finance ministry and upgrading of the secretariat of state, a Vatican source said Tuesday.

The source said the changes will be announced in a "Motu Proprio" to be issued by the pontiff "around the 20 or 22nd of this month."

Soil moisture is still sub-normal

LAFAYETTE UPI — Topsoil moisture showed an improvement last week but gains in most areas were minor, agricultural statistician Robert E. Straszheim reported today.

Straszheim's weekly crop report said pastures also made slight gains during the week and retained the "mostly fair" rating of the previous week.

Central and northwestern counties were considered most deficient in soil moisture, while southern counties appeared to have the most ample supplies, the report said.

Eight hurt in camper mishap

RICHMOND, UPI — M-Sgt. Samuel Hanna, 41, Scott Air Force Base, Ill., and eight members of his family suffered minor injuries Tuesday when their camper overturned on Interstate 70 near here.

They were released after treatment at a local hospital.

Hanna's wife, Mary Louise, told Wayne County sheriff's deputies that she lost control of the camper after a tire apparently blew. She said she heard a hissing sound just before the vehicle overturned.

Occupants of the camper in addition to the Hannas and their four children were Mrs. Hanna's mother and sister and th sister's child.

Two comment on miniskirts

SAIGON UPI — Prime Minister Nguyen Cao Ky declared Tuesday he had no objections to miniskirts—unlike election rival Tran Van Ly who said he will ban them if he becomes president.

But vice-presidential candidate Ky skirted the issue when it came to his wife.

"I don't like my wife to wear miniskirts," he told newsmen, "but I wouldn't object to other people wearing them."

Madame Ky wore a miniskirt herself a few weeks ago. But apparently she has been listening to her husband.

"I think miniskirts are all right," she said "... for young girls."

Presidential candidate Lt. Gen. Nguyen Van Thieu, the chief of state, took a fence-straddling stand on the issue. "In my capacity as a citizen," he said, "I have no objection to this fashion." Grinning, he added that as president he might object.

U.S. will close Libya air base

Libya and the United States today began negotiations on the early shutdown of the sprawling U.S. Air Force base at Wheelus, last American air base in the Arab world and training site for U.S. pilots assigned to Europe.

Israeli military officials said they uncovered and smashed a Bethlehem-based Arab terrorist ring bent on sabotage in Israeli-occupied areas of Jordan. Thousands of Israeli tourists streamed into old Jerusalem where striking Arab shopkeepers were back in business.

Egyptian officials in Cairo made final preparations for Thursday's visit by Yugoslav President Tito.

The semi-official Cairo newspaper Al Ahram said Tito's talks with Egyptian President Gamal Abdel Nasser would center on the role of nonaligned nations during coming U.N. General Assembly and Security Council sessions.

The paper in effect denied earlier reports from outside Egypt that Tito was bringing Nasser a compromise solution to the Middle East crisis.

Israeli officials said Tuesday more than 30 Arab terrorists linked to the El Fatah sabotage organization were arrested after an Israeli officer recognized one of their leaders.

The officials said the Arabs admitted they planned sabotage inside Israel and in Israeli-occupied territory.

In Jerusalem, the Israeli government was reported considering restoration of military rule over conquered Arab lands to prevent growing unrest from burgeoning.

The potential threat was underlined by Monday's Arab general strike in Israeli-held old Jerusalem.

Libyan Foreign Minister Ahmed Bisht conferred today with U.S. Ambassador David Bayson on the closure of Wheelus.

Libya requested six weeks ago that all foreign military bases on Libyan soil be evacuated as soon as possible.
