We are authorized to announce T. C. BUNNIN as a candidate for County Clerk, subject to the decision of the Republican Nominating Convention.

We are authorized to announce the name of WILLIAM PATRICK as a candidate for Sheriff, subject to the decision of the Republican Nominating Convention.

LOUIS DUNFNEWG hereby announces himself as a candidate for County Treasurer, subject to the decision of the Republican Convention.

WEDNESDAY, MAY 22, 1872.

CITY COUNCIL.

Election of City Officers.

Opening of South Fourth Street.

The Council met last evening, pursuant to previous adjournment. His Honor Mayor Thomas in the Chair. Present, Reese, Clift, Miller, Whitaker, Otte, Byers, Crawford, Gilman and Bridenthal. Absent, Milligan.

The following bills were presented, read by the Clerk and allowed:

Police force.	\$455.00
Joseph Baker.	29.00
Louis Nelson.	3.00
—	3.00
Wm. Barwick & Son.	7.17
Thomas & Sherburne.	20.12
A. M. Haemmer.	8

The bill of the City Engineer for stationery was referred to the Committee on Accounts, not having been properly presented.

Mr. Crawford, from the Committee on Finance, to whom was referred the matter of the city directory, now being prepared under the auspices of Messrs. Ingalls, Walker & Co., reported that the committee had examined the manuscripts so far as written up. Believed the work would show the rise and progress of our city and its many advantages; hence would recommend it to the favorable notice of the public. On motion of Mr. Reese, the report was adopted by the calling of the ayes and nays.

Mr. Crawford, from the Committee on Fire Department, reported that they had made an examination of engine No. 1 and found it unsafe and unreliable in case of fire; recommended that it be sent to the manufacturers for the needed repairs, which cannot be done here or elsewhere, other than where they were made. He further offered a resolution to the effect that the Committee on Fire Department be authorized to open negotiations with the Fire Department of some other cities for the use of an engine during the time the one under consideration is being repaired.

The report was received and the resolution adopted, on motion of Mr. Whitaker.

Mr. Whitaker, from the committee on Streets and Bridges, asked an appropriation to the amount of \$125, to be used in making needed repairs on our streets. The amount was recommended by the City Engineer as necessary to make repairs needed in several different localities. The ayes and nays were called and the appropriation made.

Mr. Whitaker reported from the Committee to whom was referred the petition of the National State Bank and others, praying for the abatement of an alleged nuisance maintained by express and dray drivers, making their rendezvous just off Main on South Fifth street. He respectfully referred the matter to the Council, not feeling competent to decide the difference between the parties. Mr. Whitaker, however, recommended that if they are removed, that they be moved to Third street, which is a ninety foot street. No action was taken by the Council in the premises.

Mr. Whitaker, from the Committee on Streets and Bridges, offered a resolution to the effect that \$225 be appropriated to the reconstruction of a rickety old bridge at the crossing of Swan and Third streets. In explanation he stated that the matter had been long deferred, thinking that a sewer would be constructed at no distant day, in which event the expenditure for bridging would be unnecessary. Now, there was not much hope for that in-

provement right away, and the improvement had become an imperative necessity; that stone could be used in its construction which could be loosely laid and taken out for future use when the sewer should be constructed. Unanimously adopted.

The City Attorney asked further time in which to render an opinion in the case of Greenwald's petition for remittance of taxation, on account of a new phase of the matter presented by the petitioner after the opinion had been prepared. Granted.

Mr. Reese, from Special Committee, begged leave to report favorably on the petition of Samuel Archer, to build a lumber shed between Cherry and Main, with the provision that it should be ordered removed at the option of the Council. Report adopted.

Mr. Whitaker presented a resolution to the effect that the city Clerk is hereby directed to give twenty days notice to each of the five City Commissioners to appear at the office of said Clerk, on the 20th day of June, 1872, at 9 o'clock, to proceed to view the premises over which the proposed extension of South Fourth street, from Moffatt to the city limits on the south, will extend, pursuant to the petition of W. D. Griswold and others.

It is further resolved that the Commissioners be directed to estimate the damages and benefits accruing to such property holders, by reason of the opening of said street, and file the report with the Clerk within ten days thereafter.

Judge C. Y. Patterson here requested to be heard in the matter. By consent of the Council, Judge Patterson said:

MR. MAYOR AND GENTLEMEN: I don't think that this resolution should be passed here at this time, for various reasons. In the first place, if you will notice on the city map (the Judge illustrates) as the old Board of Health and Chief of Fire Department, were re-elected.

The Council accepted an invitation to attend in a body in the ceremony of decorating soldiers' graves on the 30th of May. Council adjourned.

Tour's full band accompanied the picnic excursion of the Centenary and Asbury Church Sunday schools, at Groodyke's Grove, to-morrow. The managers announce that they will delay no longer than then, "rain or shine," to supply the Association with any information in his power, should it be required.

On motion it was resolved to hold the first annual meeting of the association at the same place, in September next, when prizes will be contested for.

The annual meeting of the American Institute of Mining Engineers began at Cooper Institute last evening. A large number of members were present from various cities in this State and Pennsylvania.

The address of welcome was delivered by Abraham S. Swett.

A report for the year was then read.

The Society now numbers 200. After the reading of various scientific papers, the meeting adjourned.

NEW YORK, May 22.—The Times' Washington special says that there is excellent reason for the statement now made that Senator Schurz actually voted in favor of reporting the supplemental articles to the treaty by the Foreign Relations Committee, and that he will probably vote in favor of consenting to negotiations. It is understood Senator Sumner has prepared one of his great speeches in opposition to the ratification. He is in high temper over the proposition, and denounces it in unmeasured terms.

The Tribune's Washington special says, that the Robeson Investigating Committee held a final meeting last evening and listened to the reading of the minority report of Chairman Blair. The majority report, signed by Sergeant Peters and Warner, fully exonerates the Secretary from any violation of law or honor of any sort in the transactions investigated which had previously been submitted to the committee. Mr. Blair's report takes the ground that the law was violated in the payment of the Seor claims, and severely censures Robeson for his action in the premises.

Mr. Archer, a Democratic member of the committee, stated that while he disagreed to the majority report, he could not fully concur with Blair in all his arguments and consignments. He will prepare a short statement defining his views and present it as a second minority report. All three reports will be made to the House to-day, and the committee discharged from further service.

The Herald this morning publishes an official report of Lieut. Commander White, of the United States steamer Kansas, to the Navy Department, regarding his action in protecting the steamer Virginian, which he conveyed to sea, at the request of the American Consul at Aspinwall. The Virginian having been threatened by the Spanish man-of-war Pizarro. The attitude taken by Commander White in taking prompt action to resent the insult to the American flag, and has the unanimous approval of the Secretary of the Navy.

The receipt of the report from Aspinwall and the gallant action of Lieutenant Commander White, has greatly increased the anxiety at the Navy Department to hear from Captain Davis, of the Wyoming, who is alive to a man.

The whole world rejoices at the safe arrival of his son, Captain Zacheus, father of Horace Greeley, died at Wayne, Erie county, Pennsylvania, December 18, 1868, aged eighty-six. John Greeley lived temperate in all things, an upright and respectable farmer, and was in the full enjoyment of his faculties until a few days before his death. Always a Democrat in politics, he was a stern upholder of the war for the Union.

The Herald prints the following:

"Voorhees was here last week with a carpel-bagger named Clark, of Galveston, Texas, came up and said: 'Mr. Voorhees, I must congratulate you upon your bold and manly speech. It gave our side universal satisfaction.' When the man had turned away, Voorhees said, with a long oath: 'Great God! there must have been something wrong in that speech if the scoundrel carpel-bagger sees anything in it to praise.'"

Jim Cavanaugh, formerly a Congress delegate from Minnesota, is in the city. He is enthusiastic for Greeley. He says he will cast his vote for him.

The New York says the proprietor of the World has changed, and that the controlling interest has been purchased by prominent Republican politicians. The sale is not to be made public until after the Democratic Convention meets.

It is to continue to oppose the nomination of Greeley at Baltimore, as in that way it can render the most effective service to Grant. Little, if any, change is to be made in its editorial department.

There is no doubt that an immense sum has been raised to be used exclusively for the purpose of having a straight Democratic ticket nominated at Baltimore. Radicals say that if that is done, another dollar need be expended to make Grant's election sure.

Mr. Whitaker—in defense of my motion, I would say that I think it would be better not to risk in the matter, as it seems to be a matter of considerable importance.

Mr. Whitaker—I am perfectly willing to refer it to a special committee, and move that the Mayor appoint a committee of five specially to investigate the matter. Seconded and carried.

The Mayor appointed Bridenthal, Byers, Whitaker, Clift and Reese.

The Mayor here made a lengthy verbal statement, in substance that the old Council imposed on his shoulders the matter of employing some person to look after small pox patients. That he had employed Sam Dodson, who did all in his power, unaided, to take care of the patients purchasing needed articles for their sustenance; that over one thousand dollars had been paid out by himself (the Mayor) and by bills allowed by the Council. That at present there are five small pox patients in the city, the disease being slightly on the increase of late. His Honor, after locating the cases, and stating that Mr. Dodson wanted to be relieved from the unpleasant duty which occupied his time, asked the Council to take some action to relieve both Dodson and himself of their responsibility in the premises as at present exists. No action was taken except to re-institute the custom adopted by the old Council, and the appointment of

Committee on Pest House, consisting of Crawford, Bridenthal and Clift.

The Mayor and Mr. Crawford were appointed a committee to take in hand the matter of distributing the city maps.

The Mayor then reported the sale of hand engines to the city of Crawfordsville for \$500 and receipt of check in payment. On motion the check was delivered to the City Clerk, and various inquiries made by several members as to when and where he should go home after the adjournment! [Laughter.]

The Council then proceeded to the election of city officers, which resulted as follows:

Police Board—Crawford, Whitaker and Clift.

Board of Public Improvements—Reese, Miller and Crawford.

Board of Health—Young, Ball and Kenster.

Chief of Fire Department—Wm. Van Brunt.

The old Board of Health and Chief of Fire Department, were re-elected.

The Council accepted an invitation to attend in a body in the ceremony of decorating soldiers' graves on the 30th of May.

Council adjourned.
