Nearly all oculists charge a fancy price for examining the eyes and fitting spectacles properly. You should remember that Dr. Crowley, the oculist, of 636 1/2 Main street, makes no charge for examining the eyes and properly fitting glasses, and he sells spectacles as cheap as you can get them anywhere, considering the quality of the glasses.
RESULT OF CLOSED SALOONS.
Two weeks from next Thursday is Christmas. Just think how much money can be saved in that time by forcing the saloons to obey the law. One hundred and fifty saloons selling an average of only \$5.00 each after 11 o'clock for twenty-one days means \$15,750.00 spent for liquors that could be saved and devoted to making glad the hearts of patient wives and children with Christmas presents. That sum of money would buy a beautiful present for every boy and girl in this city. There is nothing so elegant or useful as fine silver tableware, and E. W. Leeds has the most elegant line of silverware in the city. Go see his magnificent stock before deciding upon your purchases.
THE NEWS leads, other papers follow.

ADOLPH MOENCH,
the Celery King, has just received a car load of fine Michigan Potatoes. He has mincemeat, apple butter, jellies, pigs feet and the finest celery in the city.
