ACCIDENT IN VERMONT.

Concord, N. H., March 20.—While
a washout on the Concord railroad
was being repaired yesterday, a
freight train that was waiting to
cross, was run into by a passenger
train and four persons were severely
injured, two believed fatally. The
engines and baggage car were wrecked,
and six or seven freight cars dam-
aged.

Langdon, N. H., March 30.—The

contract for the building of the Mar-
quette & Mackinaw railroad was to-
day awarded to eastern parties, who
were represented by H. B. Crosby, of
New York.

The Normal Model.

Numbers of delighted spectators
have, during the day, commented on
the accuracy with which the model
of the State Normal school, placed on ex-
hibition to day at the Central School
House, has been made. All of the rooms
are faultlessly copied in detail.
So exact have been the builders
and so earnest their desire to faithfully
represent the natural, that they
have left shavings in the attic, and
allowed moths to collect there, and
dust to reign undisturbed. Who
ever heard of an attic that was
not so? The building is mounted on a
pedestal, at the top of which is some
information relating to the schools.

The Gazette ventures the assertion,
that all of the curiosities taken to Phil-
adelphias from the schools, this model
will attract the most attention. Its cost
will be \$300.

Marshall Matters.

Marshall, March 31st 1876.
The Republicans of Marshall town-
ship met on Wednesday at 1 o'clock.
A. Fish Bartlett was elected Chairman,
and Will Wilkin Secretary. They got
into quite mire before they adjourned
in consequence of the Frost Harlan
faction, by previous arrangement, try-
ing to beat J. L. Ryan. Their preju-
dice against Mr. Ryan grows out of
his interpreting the law governing the
support of bastard children, to the
effect that Mr. Ryan did not do his
(Ryan) best in the collection of the
stamp land money, that he
brought in the hands, and use of
well known individuals for several
years, amounting to about \$8,000.

D. D. Dall, C. Y. Harlan and M. O.
Frost, were chosen as delegates to the
county convention.

There will be a very warm canvass
this summer, both parties being
sanguine of success.

THROWN OUT.

A Horse Belonging to Pat
Carroll runs off.

While Mr. Pat Carroll and his two
sons, John and Willie, were going to
the funeral of Mr. Raiter, at 2 o'clock
this afternoon, the horse became frantic
and ran off, striking a passing horse
near corner of Twelfth and Tippencanoe
streets, and dashing off, threw the
boys out, and seriously injured one of them.
The buggy was not greatly
damaged.

The Chinese Question.

San Francisco, March 30.—In view
of the present anti-Chinese move-
ment, the managers of the Chinese
companies yesterday sent a cable
dispatch to Hong Kong, as follows:

Laws have been passed and mea-
sures are being taken to discourage
Chinese immigration. Inform the
Chinese they must not come.

Life and property if they come
Please advise. Signed by six com-
panies. The Chinese merchants ex-
change mass meetings, to consider
the Chinese question, is set for next
Wednesday night. Gov. Erwin will
preside. Similar meetings will be
called in other places.

REINSTATEMENT.

The Indiana State Lodge of A. O. U. W.
suspended on account of illegal
and non-penalized is readmitted.

At a recent meeting of the Supreme
Lodge of A. O. U. W., the United
States at Covington, Ky., the matter
of Indiana's suspension was brought
up for consideration. The State lodge
had been suspended on account of a
debt of \$120. In this meeting, at
which Col. Gration Cookerly was a
delegate it was ascertained that so far
from the State of Indiana owing a bal-
ance to the Supreme lodge, it owes the
State lodge about \$300. The difficulty
was adjusted and all now works swim-
mingly. Lodge No. 1 now has a mem-
bership of about 50 persons.

Amusements: START THEATRE.

The New Stadt Theater was opened
to the public last evening, with an ex-
cellent performance of the drama of
"Marianne" a German version of
"Marianne or the Bells of Fourburg."

The Stadt Theater is the old time
Theater on Fifth street, known from time to time, by the
name of Theater, Comedy, Adelphi, and Harmonia Hall.

The stage is in charge of Mr. Wm.
Pellissier, an actor of ability and ex-
perience, who assumes the leading roles,
in the dramas. Madame Pellissier is
the leaping lady of the establishment.

The balance of the company is com-
posed of resident amateurs. The ac-
tion was good throughout, and the
German citizens present (and the hall
was crowded with them) seemed to
enjoy the performance highly.

It is fitting to a person unac-
quainted with the German language to
watch and listen to a performance of
this kind. There are many speeches
which you will understand from ac-
companying actions, just as well as
though they were spoken in your own
tongue. Every German to whom ye
gay GAZETTE mentioned the matter
last evening declared that the perfor-
mance was immense.

RAILROAD NEWS.

Items Called From Every Source.

The stupidity of some people is of
such monstrous proportions, as never
to fail to be a source of interest. Yes,
they say that Gay Taffeta is supposed
to be standing near the window of the
ticket agent's office at the Union depot,
and a big mud eater asks for a ticket
to Auburn (Auburn he means). He
wanted to know the price of
such a ticket, and was told. He "lowed" he'd take it, Mr.
Girdner got the ticket, stamped it and
brought it to him, and was not a little
astonished to hear the fellow drawl
out, after the whole operation was
done, "I guess I'll take a round trip."

No. 1 on the Midland Road, which
should have gotten here Tuesday at
3:15 P. M., arrived yesterday morning
at 2:30 A. M., and snow drifts were the
immediate causes.

Mr. Van Valkenburg, agent of the
Vandalia line at Greenville, Ills., who
was in the city several days in the
early part of the week, has returned
home. He says that the little wif,
which was left in the train, as it stopped
there one night, is in the hands of
Mr. and Mrs. Bolton, doing finely, and
growing like a young plant. They
think of naming it "Vandalia," in
commemoration of the manner in
which first found its way to them.—[Express.]

Miss Hattie Morgan, of Richmond,
Ind., is in the city making arrange-
ments for a term in the Normal school.

That whisper on the I. & St. L. rail-
road has grown to a bellow. Ten con-
ductors have been beheaded. It causes
much remark, and the why is not ap-
parent.—Journal.
