real estate firm in Rancho Cordova, Calif.

While a give-and-take conversation over the coffee cups with Jim Kirkwood and McKinley Blough do not always set new records in moral rectitude, they are assured to keep one's wits sharp and his imagination bristling.

If you're driving on south Huntington street and see huge Sunoco Oil Co. signs at the Sunoco and D-X stations, located next to one another on the east side of the street, it's no reason to be alarmed. You are not seeing double.

Actually Sunoco bought out D-X, so Syracuse has two Sunoco stations, both operated by good station managers: Jack Spitzer and Bill Haney.

Well, then, how did Ev Ganz' American Industries sign get up right there amidst those Sunoco signs?

Incidentally, Money said his son Pat is back with his unit in South Viet Nam and has them in base headquarters for a rest. He was home recently following a fatal incident for some of his men when his unit was caught in an ambush.

Arnold Pfingst is showing friends a clever advertising piece his son Kingsley put out for his

Rick and Barb McClure recently returned from California where they were on a month-

long business and pleasure trip. Rick had under consideration several truck sales jobs in the southern California area.

Tom Prickett's slim waist line is the envy of his more rotund friends. Just how much did you lose, anyway, Tom?

Tom A. Knoop, manager of the W. R. Thomas Store in up-town Syracuse, will leave Friday for two weeks' National Guard summer camp at Camp Atterbury, Ind.

Pete Heckaman, a resident of Nappanee and Kale Island, knows when to move. He sold his Phoenix travel trailer manufacturing business located at the east edge of Nappanee to Caravans International, of London, England, recently, and shortly thereafter the travel trailer market began to flag.

Now he's constructing a 20,000-foot building near his former plant in which he will construct modular homes for the public market. He anticipates a huge new market here with George Romney's HUD getting the government behind low-cost housing.

Lewis S. Immel, who will become principal of the Milford elementary school this year, has been working at the administrative office of the Warsaw community school corporation during the summer.

That system lost a host of teachers during the summer and were caught short-handed in the administrative office.

The Lakeland school board plans a major overhaul of the Milford junior high school building next year, but it is too early to tell how far this will go.

A direct quote from McKinley Blough:

"Every human act is motivated either by the hope of reward or the fear of recrimination."

Tuesday, Aug. 5, marked the 30th anniversary this writer entered the newspaper business as an uninitiated novice of 21 years of age.

Jefferson's Budget Up Three Cents

The budget proposed by trustee Charles Mikel and members of the Jefferson township advisory board is up three cents from the current rate. The entire increase is proposed in the general fund.

The current rate of 24 cents has an 18 cent levy in the general fund and a six cent levy in the library fund. The proposed rate increases the general fund to 21 cents.

The three cent levy will raise an additional \$344.

PRAIRIE TOWNSHIP BUDGET DOWN

The proposed budget for Prairie township shows a reduction in the levy of 16 cents according to the legal notice which appears elsewhere in this issue.

The current levy has a total rate of 35 cents with 11 cents in the general fund, two cents for poor relief, eight cents for fire fighting and 14 cents for civil bond. The proposed budget is for 19 cents with 11 cents in the township fund, seven cents in fire fighting and one cent in recreation.

John W. Lutes is trustee of Prairie township.
