This is the season of the year a man is apt to forget his early religious training. We know whereof we speak, we have been there. We refer to putting up the festive stove pipe. The neglect of this might cause you trouble, and others may have to suffer for your carelessness.

One hears much discussion concerning the pay given teachers of the public schools. There ought to be among the tax payers persons, not teachers, who can intelligently discuss this question of teachers' pay. The columns of The Register are open to a calm dispassionate presentation of either side. If you have ought to say worth the saying, here is an opportunity to get a large audience.

MARTINSBURG DOINGS.

By Coxey.

Everything lovely in our quiet little suburb.

J. A. Ketrings, our hustling grain merchant, was at the county seat Friday and Saturday.

Link Cory's new brick dwelling will soon be completed.

Mrs. N. E. Bunch, wife of N. E. Bunch, Supt. Marshall Co. Asylum, was the guest of Mrs. J. M. Blair a few days this week.

Eighty-eight bushels of wheat and upwards are the size of the loads that are delivered at the elevator.

Look out charley, there will razors flying in the air when Jim returns to claim his own.

Some of the young bloods from up town are in the habit of coming down in our quiet little suburb of evenings occasionally and making life hideous for our peaceful citizens with their wild and woolly west performances. We would be very thankful if our marshal would look after the chaps.

Agent Blair says—jumping on trains has got to come to a stop. First violation can expect to pay a fine.

O. L. Cory expects to ship two cars of stock to Buffalo in a few days.

Say! Are you going home?

Our elevator is taking in several car loads of grain daily. Farmers are hauling their grain from Leesburg, Milford, and other points to our market. Highest weights and highest market prices accounts for it.

Freight traffic seems to be picking up on the B. & O.

John where did you get that cat?

S. Windsor thinks of going back to Alabama in a few weeks.

Mrs. J. M. Blair spent Saturday and Sunday with her parents at La Paz.

Mrs. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful for such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at Hoopingarner & Miller's drugstore.

CHICAGO INTER OCEAN.

Chicago newspapers have lately gone into merchandising in connection with their efforts to increase their circulation to such an extent as to involve them in some difficulty with their large advertisers who object to the low price and good values offered. The most notable instance of this is The Inter Ocean, which was compelled to discontinue its very popular Book Department for no other reason. It continues its World's Fair Portfolio Department however, which is delivering about 11,000 per day at present and has just added a comprehensive series of "Views of the World," and a book of music called "Harmonized Melodies," on the same plan. They are sold at a certain price provided the purchaser presents a certain number of coupons cut from the paper.

Let us remind you that now is the time to take Dr. W. H. H. Strieby. It will do you good. It recommends itself. Hoopingarner & Miller.
