Fire started in the roof of Wright Bros. blacksmith shop Monday afternoon caused by a spark from the chimney. A place on the roof six feet square was all ablaze when seen by our marshal, but prompt work by the bucket brigade soon smothered the blaze. The wind was blowing a stiff breeze and in a few minutes the fire would have been beyond control.
The Indiana Conference of the Evangelical Association held their forty-fourth annual conference at Urbana, Ind., April 2, 1896, which was a very pleasant session. None of the 75 members have been called to their reward during the past year. Some of the most important appointments to the Register readers are as follows:—New Paris, J. Rees; North Webster, R. Rain; Oakwood Park, J. M. Rogers. The Missionary subscription for the ensuing year was three thousand nine hundred dollars. The number of Y. P. A. are over three thousand in the conference. The undersigned is the manager of Oakwood Park for the coming year, for lot sales, picnics, conventions, soldier's reunions or summer outings of different kinds, apply to J. M. Rogers, agent, Syracuse. Notice of annual conference announced later.

P. hall, on Thursday evening, April 10, 1896, at 7:30 o'clock for the purpose of nominating one Clerk, one Treasurer and one Marshal, to be voted for at the coming town election. A full attendance is desired. By order of the Board.
ED. C. GRAHAM, Town Clerk

The Easter supper given by the Y. P. S. C. E. in K. P. hall Saturday evening was a decided success. An excellent repast was spread upon tables beautifully decorated, and the affair was liberally patronized by our people. Everybody agreed that the supper was "egg"-cellent. The receipts amounted to \$11.75 which sum will be used to defray the expenses of the society.
A telegram was received by Prof. Dolan Monday asking him to meet the United States Fish Commission car which would arrive in Syracuse on the early morning train Tuesday morning, and assist in making the plant of 2,000,000 white fish fry. The car was sidetracked and the spawn in cans, holding 40,000 to the can, were about equally distributed in Syracuse and Wawasee lakes. As we said last week, our lakes are now under government protection so far as spearing goes, and open violators of the law will do well to take warning in time, for Uncle Sam is not to be trifled with, and violators who are spearing nightly on our lakes had better take warning in time. A word to the wise is sufficient.

The Woman's Edition of the Goshen Daily News reached us, and proved to be indeed a production worthy of praise. In addition to the usual newspaper features, it had special Easter designs and attractions. The superb drawing which ornamented the first page, was designed by a Goshen artist, Mrs. Elizabeth Walker, and is the very best out of its kind that we have ever seen. Goshen writers were prominent among the contributors, and high talent and good management were seen in all the various departments. The lady reporter hustled for news, and she perhaps now understands some of the trials of the newspaper man. Hundreds of extra copies of the "News" were sent out, and we understand that the women's charitable enterprise met with liberal support by all. In the issue were seen many new and attractive advertisements, and typographically the paper had a very neat appearance.
