Mortuary.

William T. Rentfrow was born in Benton township, Elkhart county, June 25, 1864 and departed this life Jan. 6, 1909, aged 44 years 5 months and 6 days. He was united in marriage to Francis Ritter Dec. 23, 1891 and to this union was born 3 children, Hazel, Charles and Harry. Their mother departed from this life February 11, 1899, nearly 10 years ago and all this time he has managed to keep his children together and provide for them. He and his wife embraced religion a number of years ago and were honored members of the church in this place for a long time. He was also a member of the Woodman Order and carrying an insurance policy of \$2,000.

He leaves to mourn his loss 3 children, a father, 2 brothers, 3 sister and a large circle of friends and neighbors who very much regret his sudden departure.

Interment in Syracuse Cemetery, Charles Wilcox officiating.

Myers - Grissom

Heating the entire house WITH ONE STOVE

The above illustration shows our HOLLAND HEATER placed in the sitting room stove which is connected with two Radiators placed in rooms above, also with Radiator in next room, thus heating these rooms above with hot water from the stove in the sitting room.

Without Extra Cost for Fuel

saving the expense of an extra stove and the labor of carrying up fuel and bringing down the ashes. Then there is the convenience of having hot water to use night and day. A connection can be made to carry hot water to the bath where it will be a great convenience in feeding and will keep the drinking water for stock in the right temperature—thus doing away with the cost of a tank heater.

If your house is heated with a hot air furnace no doubt there are rooms that are not satisfactorily if so, a HOLLAND HEATER can be placed in the furnace which can be connected by pipes to Radiators placed in the cold rooms as shown in the above illustration and will not require extra fuel.

The foregoing will undoubtedly bring to your mind ECONOMY and COMFORT which you can enjoy at a nominal expense. THINK OF IT all parts your house comfortable in the coldest weather. Hot water day or night, no extra expense for fuel and no extra labor. The price will appeal to all.
