

THE BEST REMEDY

For Women—Lydia E. Pinkham's Vegetable Compound

Noah, Ky. — "I was passing through the change of life and suffered from headaches, nervous prostration, and hemorrhages. Lydia E. Pinkham's Vegetable Compound made me well and strong, so that I could do all my housework, and attend to the store and post-office, and feel much younger than I really am."

"Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all kinds of female troubles, and I feel that I can never praise it enough." — Mrs. LIZZIE HOLLAND, New York.

The change of life, the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

JUST DOUBLE

320 ACRES Instead of 160 ACRES

As further inducement to settlement of the Wheat (Raising) lands of Western Canada, the Canadian Government has increased the area that may be taken by a homestead to 320 acres—160 free and 160 to be purchased at \$5.00 per acre.

These lands are in the grain-raising area, where mixed farming is also carried on with unequalled success.

A railway will shortly be built to Hudson Bay, bringing the world's markets a thousand miles nearer these wheat fields, where schools and churches are convenient, climate excellent, railways close to all settlements and local markets good.

"It would take time to assimilate the revelations that a visit to the great empire lying to the North is as unfolded at every turn." — Correspondence of a National Editor, who visited Western Canada in August, 1908.

Lands may also be purchased from Railway and Land Companies at LOW PRICES AND ON EASY TERMS. For pamphlets, maps and information as to Low Railway Rates apply to W. D. Scott, Superintendent of Immigration, Ottawa, Canada, or W. H. Rogers, 3d Floor Traction Terminal Building, Indianapolis, Ind., and H. M. Williams, Room 20, Law Building, Toledo, Ohio, Authorized Government Agents.

Please say where you saw this advertisement.

W.L. DOUGLAS \$3.00 SHOES \$3.50

The Reason I Make and Sell More Men's \$3.00 and \$3.50 Shoes Than Any Other Manufacturer is because I give the wearer the benefit of the most complete organization of trained experts and skilled shoemakers in the country.

The selection of the leather for each part of the shoe, and every detail of the making in every department, is looked after by the best shoemakers in the shoe industry. It could show you how carefully W. L. Douglas shoes are made, you would not understand why they hold their shape, fit better, and wear longer than any other make.

My Method of Tanning the Soles makes them More Flexible and Longer Wearing than any others. Shoes for Every Member of the Family. Men, Boys, Women, Misses and Children.

For sale by shoe dealers everywhere. None genuine without the W. L. Douglas name and price stamped on bottom. Fast Color Evident Used Exclusively. Catalog mailed free. W. L. DOUGLAS, 107 Spark St., Brockton, Mass.

RATS AND MICE EXTERMINATED BY DANYSZ VIRUS

The wonderful, new bacteriological preparation, discovered and prepared by Dr. Jean Danyasz, Director of the Pasteur Institute, Paris, NOT A POISON. HARMLESS TO HUMANS, DOMESTIC AND OTHER ANIMALS, BIRDS, etc., yet fatal to rats and mice. The virus also is a parasite to the rat. Easily prepared and applied. HOW MUCH TO USE. Small house one tube, ordinary dwelling three tubes (if rats are numerous not less than six tubes). One or two dozen tubes for stable with hay and pigs attached. Similar quantity on each rat infested floor of warehouse or granary for each 5,000 square feet floor space. Towns or cities. 1 to 2 dozen per acre. Infested areas; 3 to 6 tubes per acre for open fields. \$5.00 in glass tubes, full directions round each tube. 1 tube 75c; 3 tubes \$1.75; or \$6.00 per dozen, delivered.

Independent Chemical Company 25 OLD SLIP NEW YORK, N.Y.

PISO'S

A HEART-BREAKING COUGH

is dreadful to suffer and despairing to hear. Why threaten the health of your lungs and the peace of your family when you can obtain immediate relief from PISO'S Cure? Remarkable results follow the first dose. Taken regularly it soothes and heals the irritated tissues, loosens the clogging phlegm and stops the cough. Pleasant to the taste and free from opiates. Children enjoy taking it. For throat and lung diseases, no matter how far advanced, PISO'S CURE IS INCOMPARABLE.

CURE

CUTICURA CURED HIM.

Ecsema Came on Legs and Ankles—Canadian Chief of Police Could Not Wear Shoes Because of Bad Scaling and Itching.

"I have been successfully cured of dry eczema. I was inspecting the removal of noxious weeds from the edge of a river and was constantly in the dust from the weeds. At night I cleansed my limbs, but felt a prickly sensation. I paid no attention to it for two years, but I noticed a scum on my legs like fish scales. I did not attend to it until it came to be too itchy and sore and began getting two running sores. My ankles were all sore and scabby and I could not wear shoes. I had to use carpet and felt slippers for weeks. I got a cake of the Cuticura Soap and some Cuticura Ointment. In less than ten days I could put on my boots and in less than three weeks I was free from the confounded itching. Capt. George P. Bliss, Chief of Police, Morris, Manitoba, March 20, 1907, and Sept. 24, 1908."

Potter Drug & Chem. Corp., Sole Props. of Cuticura Remedies, Boston.

WESTERN CANADA'S CROP YIELD FOR 1908 WAS SPLENDID.

Americans Profited Largely and Send Back Satisfactory Reports.

The census branch of the Department of Agriculture, Ottawa, Canada, has completed its returns of the showing of Western Canada's grain yield for 1908, and the report makes very interesting reading. In the three provinces of Manitoba, Saskatchewan and Alberta, which comprise what may be known as Central Canada, there was a total wheat yield of about 107,000,000 bushels, worth to the farmers about \$85,000,000; in addition to this the oat, barley and flax crops were worth another \$35,000,000. Letters have recently been received from many of the settlers from the United States. From these, that of Rev. Oscar L. King has been selected. He lives in the vicinity of Edmonton, Alberta, and what he says will be of interest to those who contemplate moving to Central Canada. Every line of the letters is interesting. Those who wish for further particulars as to how to secure homesteads and pre-emptions, should write any Canadian Government agent. Mr. King says:

I am well satisfied with Alberta. This country offers excellent opportunities for anyone to make a good home for himself and family if he is willing to put up with a few hard knocks for the first two or three years. But it is worth a few hard knocks to get a 160-acre farm of rich productive land with no mortgage on it. This province is well fitted for grains, stock raising and dairying. We have found the climate generally healthful, more healthful than Michigan, and although the thermometer sometimes drops to 40 degrees below zero in winter, yet we do not seem to feel that temperature any more than we did 5 or 10 degrees below zero in Michigan. We like the winters.

The Government takes great interest in the education of the people and quickly aids the settlers in establishing schools where they are called for. The schools though graded differently than those in the States are efficient and advancing. Our great drawback has been the limited and inadequate railway facilities, but new roads are being rapidly built and many more are projected through various parts of the province. The new policy of the Alberta Government to construct a great many branch lines throughout the province will greatly help all parts of the country. If those new settlers who have to go back a considerable distance from existing railroads and towns to find free homesteads will but locate along the line of a projected railroad they will in two or three years be near both town and railroad. When I first came to this country three and a half years ago the homestead I took up was 75 miles from a railroad town, now there is a railroad 25 miles north, another 25 miles south and a third is being built through my neighborhood.

I think the prairie country or country that is partly prairie offers much better opportunities than the prairie portions.

A 250,000 Bushel Elevator.

The John A. Salzer Seed Co., Box C, La Crosse, Wis., by all odds the largest farm, grass, clover, potato and vegetable seed growers in America, if not the world, have just broken ground for a unique seed elevator with storage and cleaning capacity of more than a quarter of a million bushels.

This great firm is sending out Clover Seed testing 99.55 per cent pure, a record justly to be proud of.

If you haven't Salzer's Catalog, look up their advertisement and write for it today.

Epigrams.

Inherited genius may be actually a fact, but there's no doubt about transmitted stupidity.

A man at 60 begins to realize that his grandfather was not so old when he died at 80.—Lippincott's.

ALL WINDSOR'S SOUTHERN SYRUP FOR CHILDREN: teething; softens the gums, reduces inflammation; allays pain, cures wind colic. 25 cents a bottle.

REVIEW OF INDIANA

Milton Noe, aged 65 years, while hauling logs at Nabb, had a leg broken by a log rolling on him.

Andrew Carnegie has given the Swedish Lutheran church of Laporte \$1,500 for a new organ fund.

Sunday service on the Winona interurban line was inaugurated last week and the patronage was very heavy.

F. W. Tucker, pure food inspector, has started another crusade against the butchers and slaughtering establishments at Logansport.

The Richmond Young Men's Business Club believes that city has a population in excess of 25,000 and will take a special census to determine the fact.

The oil business in Huntington County is practically a thing of the past. Wells are being plugged and the operators are gradually retiring to other fields.

For the first time, in twenty-one years, and this time due to illness, David L. Smith, who conducts a grocery store at Hursttown, failed to traverse his usual route with his huckster wagon last week.

The work of planting four hundred thousand tomato plants in the hot beds was started last week at the Peru Canning Company's grounds, at the factory. They will be transplanted to the cold beds on or about April 15.

Forty-three years ago Mrs. Thomas Morton, of Madison, stepped on a knife and the blade broke off in her foot. Last week a physician removed the inch long piece of broken steel from the top of her foot, the silver in that time having worked through between the bones of her instep.

George Beuhler, near Rochester, has just returned to Martin Quinn, of North Manchester, the sum of \$3 which was overpaid him when Quinn purchased some hogs of Beuhler thirty-one years ago. Beuhler discovered the error soon after the deal was made and expected to hand the overplus back in a few days, but the men did not again meet until last week, when Beuhler promptly repaid the \$3.

The explosion of a coal oil stove in the home of Charles Cooper almost wrecked the kitchen and dining-room, and Cooper was so badly burned that it is feared his eyesight will be impaired. Mrs. Cooper's hair was singed and her ears and nose blistered. The house was saved from destruction by the husband picking up the burning stove and tossing it out at the door, which had been blown open by the explosion. Cooper lives in Elwood.

While working about a portable saw-mill on the farm of W. L. Summers, near Middletown, Alonzo Boram, 33 years old, fell in such a manner that his right arm struck a circular saw, and before Boram could get up his arm was cut off near the elbow. The injured man wrapped his coat about the bleeding stub of the arm and walked a half mile to the home of the Summers family and sat on a veranda while awaiting the arrival of Dr. Waters from Middletown.

It has been many years since maple sap flowed as freely as it is now flowing in Cass County sugar camps. Geo. Emery, who owns 500 maple trees, says he has never known a year when prospects for a bumper crop of maple sugar were better. His trees are yielding sixty barrels of sap a night, and the loss sustained by buckets overflowing, he says, will make ten more barrels. Others who own sugar camps report the same thing. Sap is flowing freely and the kettles are kept boiling night and day.

It will not be surprising if next year calves at the Winona Lake Dairy, run in connection with the Winona Agricultural Institute, have wooden legs, grow red oak horns and possess an inherited propensity for eating sawdust. Wilbur Lowman, who had charge of the dairy, was called away from Winona Lake and during his absence left the cows in charge of Frank Breaks. For three days the latter shoveled sawdust into the feed boxes, mistaking the sawdust particles for bran, which was kept in a box close to the sawdust receptacle.

Edward J. Allison, editor of the Hope Journal, published at Hope, Bartholomew County, deposited \$275 in dimes in the Hope bank recently. This was the amount of money he has saved in the last two years after he stopped smoking cigars. About two years ago Mr. Allison suggested to Joseph A. Spauld, president of the Hope Bank, that they both quit tobacco. Mr. Spauld likes his cigars and declined to quit. So the editor decided to go it alone. He said he would save every day the amount he had usually spent for cigars, and began putting away his dimes. The pile of dimes grew and grew. Mr. Allison got afraid to keep all the dimes around the house and carried them to the bank, where he deposited them to his credit. He is still leaving cigars alone and will continue to save his cigar money in the future.

Henry Weller, of Goshen, was fined under the pure food law for disposing of two sacks of middlings that had been improperly tagged. He pleaded guilty and was assessed a fine of \$20 and costs, but the fine was suspended.

Marvie Smith, the 14-year-old son of County Coroner Smith, of Brazil, while driving a horse attached to a delivery wagon, was thrown from the wagon. His right leg was caught in the front wheel and he was dragged almost a block.

William A. Hopkins, 73 years old, of Anderson, is dead of injuries which he received recently when he fell from a ladder at a factory. He leaves a widow and three children.

The Spanish-American war veterans of the 158th Indiana Volunteers will hold a reunion in Crawfordsville May 20, at the time of the annual State G. A. R. encampment to be held from May 19 to May 21.

The Rev. W. W. Tevis, Stewart S. Beale, Dr. F. M. Sparks, of Rushville; Arnold Spenser, of Indianapolis, and Charles Tevis, of Cincinnati, left recently for Lawrenceburg on a duck hunting trip.

Forty-three pairs of Hungarian part-ridges have been set at liberty on the game preserve adjoining Waveland. About five hundred acres are covered by written agreement, but enough other farmers have pledged themselves not to allow any birds to be killed for five years to bring the total acreage up to two thousand acres.

Clarence Maley, a general merchant at Clifford, has received a letter signed by "The Death League of Clifford," which orders him to leave the place within the next ten days under penalty of death. It is said that several letters of similar nature, all signed by "The Death League," have been received by prominent citizens of the town. Maley's letter was found under the front door of his store.

"Mamma, please take this; it will cure your cold," exclaimed little Genevieve Bresh, 5-year-old, of Linton, as she is said to have fed her mother, Mrs. Robert Bresh, a dose of poison. Three hours later the child found her mother in death throes. The woman's husband is under Federal indictment for rifling the mail of his sister-in-law. Just after taking the deadly morphine tablets the woman averred she had purposely placed the poison where her daughter would find it.

Shackled with irons that weighed twenty pounds and securely handcuffed, Jesse Grant, one of the most desperate criminals ever confined in the Ohio Penitentiary, who served a term for burglary and larceny in Cuyahoga County, was taken from the gates of the big prison in Columbus, Ohio, on the completion of his sentence to the Union Station to catch a train bound for the Jeffersonville Reformatory. Grant escaped from the Jeffersonville prison about nine years ago by playing sick.

The jury at Odon in the case of Barekman vs. Fox for \$10,000 damages returned a verdict in favor of the plaintiff, and fixed his damages at \$1,800. The case grew out of the killing of Barekman's son by Fox's automobile.

Walter Dulin, a colored boy of Stearns, has been indicted by the Warren County grand jury for stealing nineteen chickens from Philip Wiggers, a farmer. Dulin confessed to Deputy Sheriff Ezra Garrison that he stole the chickens because he "was hungry and lubed chickens."

It has just been brought to light at Bedford that a marriage license was procured a week ago for a girl who is only 13 years old. The girl's age was given as 28. The license was granted to Thomas Braxter and Jessie Allen, and the affidavit to the girl's age was made by Edward Evans. The first intimation of fraud and perjury in obtaining the license was made when Elijah Allen, father of the girl, called on Prosecutor John H. Underwood, who is at present acting as deputy prosecutor, to file an affidavit against Evans for perjury.

The mad dog scare in Monroe County is still on. A large dog belonging to David Conrad, in the east part of the county, ran amuck and created a panic among a crowd of school children. The animal was shot before biting any one. A mad cat was killed in the neighborhood a few days before. Dr. H. T. Stephenson, of Indiana University, who was bit by his collie dog, afflicted with the rabies, will return from Cincinnati this week, as will also Charles Dunlap, son of the county commissioner, Lyman Dunlap, who was bit by a cow said to be mad. Neither has experienced any serious results, as both took the Pasteur treatment.

Columbia City and Warsaw, with populations about the same, probably have a greater number of widows than any other two cities of the same size or somewhat larger in the Middle West. Warsaw always has been cited as an example in this respect, but it remained for Columbia City to equal it in one section of the city. Some person with the time enough has figured it out and after taking a poll of the widows in the west end of that city, west of Line street and between Jackson and Market streets, found that thirty-five widows live there and few widowers in comparison. It is figured that the women are longer-lived than the men and at the rate men have been dying Columbia City, the home of Governor Thomas R. Marshall, will be an Adamless Eden after a while.

Many farmers in the vicinity of Columbus are now sowing "lazy oats," so called because they are scattered on top of the ground. They say this method is as good as preparing the ground before the oats are sown.

Herbert Nally, living near Patoka, is in a critical condition as the result of injuries received while out riding. He was thrown from his horse and the animal fell on him. His left side is paralyzed and he has been unconscious since the accident.

An Electric Rat Killer.

An electric rat killer is the latest means designed for slaughtering rodents. Recently it was tried in Trieste, France, and it is claimed that it produced good results.

The "killer" is made so that it can be lowered into drains and other infested places. It consists of a shallow tray, with a bottom lined with closely spaced metal points, alternately connected to the positive and negative terminals of a high tension electric circuit. The animals are promptly electrocuted as they step on the points in attempting to reach the bait. The apparatus destroys only rats and similar vermin, and it is affirmed that there is no risk to cats and other domestic animals.

IT BECAME SERIOUS.

A Case That Developed Alarming Features.

Mathias Campbell, 218 E. Nebraska St., Blair, Nebr., says: "For years I had been suffering spells of pain in the back and loins, disordered urine, pain in passing, bad odor, etc. The least move hurt me, and I could not turn in bed without help. I took a friend's advice and used Doan's Kidney Pills. The trouble disappeared entirely and has not returned."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

The Playwright.

He said: "To make a successful play is easy, as I have found it: Take any scandal that comes your way, And scribble some words around it."

STATE OF OHIO, CITY OF TOLEDO, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1898.

(SEAL) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

Unequal Distribution.

The head waiter at the banquet was in a towering rage.

"They paid that word singer \$50 for half an hour's talk," he fumed; "and all I got was \$6.55, mostly in nickels!"

Rheumatism, Neuralgia and Sore Throat will not live under the same roof with Hamlin Wizard Oil, the best of all remedies for the relief of all pain.

Crushing Sarcasm.

Mr. Hewlins—Fourteen dollars, madam, is an outrageous price to pay for a hat!

Mrs. Hewlins—If I should buy the planet Saturn for a hat you'd think I oughtn't to pay more than 39 cents for it.

A Simple and Safe Remedy for a Cough or Throat Trouble is Brown's Bronchial Troches. They possess real merit. In boxes 25 cents. Samples mailed free. John I. Brown & Son, Boston, Mass.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded 50c.

England has 144 churches over every 100,000 people. In Russia there are only fifty-five churches for a similar number.

Good Housekeepers Use the Best. That's why they use Red Cross Ball Blue. At leading grocers, 5 cents.

The blood thrown out by the heart travels seven miles in an hour, or 4,200,000 miles in a lifetime of seventy years.

A Domestic Eye Remedy.

Compounded by Experienced Physicians. Conforms to Pure Food and Drugs Laws. Wins Friends Wherever Used. Ask Druggists for Murine Eye Remedy. Try Murine in Your Eyes. You Will Like Murine.

The Servant Problem Again.

"Did you hear that Mrs. Skiddoo caught her husband flirting with that pretty cook she engaged a month ago?" "Is it possible?" "It is, indeed. She was terribly upset by it."

"I should imagine she would be. Did she send the cook away?" "Why, no. She sent her husband away."—Judge.

Limited Ambition.

Nagrus—Say, Borus, if you expect as an author to be one of the foremost—Borus—I don't. I'd be satisfied to be merely one of the six best.
