### TO BRETZ FOR GLASSES

The Wearing Of Glasses Denotes Intelligence

Age has nothing to do with it out common sense has.

A child of five may need glasses just as badly as an adult of sixty.

Perfect sight should be your first consideration and glasses worn if found necessary.

An Accurate Examination Will Determine the Matter Conclusively.

NEVIN E. BRETZ

Optometrist & Optician

130 S. Main St., Goshen

### POULTRY PAYS

Eight additional poultry demonstration farms to demonstrate methods urged by Purdue have been started in Scott County, making a total of ten in the county. County Agent E. L. Hawk reports. The summaries of the two farms that kept records throughout the year show the flocks averaging 450 and 182 hens respectively made an average labor income of \$1.82 and \$1.62 per bird. This is after all feed costs, investment, and depreciation on equipment were deducted. It is worthy of note that these demonstration farms are being looked to as a source of poultry information in their respective communities. This verifies the theory that a leader on a given project should be given something that will make him a profit as well as just a job to help his neighbors as the poultry demonstration farm record keepers are enthusiastic about the work and want to continue from year to year.

### SHORT TROUSERS FOR MEN

Men, it's just 100 years since long trousers began to come into fashion. Beau Brummel, the celebrated English society leader, had introduced them a few years before. His daring example had been copied by the "dandies" of the day. But most men held back, especially the conservative "substantial" ones, as they considered long trousers a childish form of masquerade and were afraid they would look ridiculous if they abandoned knee breeches. It has come to be dignity to wear long trousers. So they're worn. So, too, youth looks forward to the day when it can don its first pair of long ones—and join the ranks of the dignified posers.

Today it's the other way around. After a century, the pendulum swings and knee breeches are coming back. They are worn by golfers, engineers and other men of the outdoors, and on camping trips and hikes. Judging by ease and comfort, a great many men—if truth were known—would like to wear "knee pants" all the time.

Clothing predicts they will be worn commonly in offices, shops and on the streets within a few years. It certainly will be a revelation, eh? We have a sneaking suspicion that long trousers caught popular fancy because they hid such handicaps to beauty as bow-legs.

### PRICES IN BIBLE DAYS

Abraham paid 400 shekels of silver (\$200) for a piece of land for a burying place. In Solomon's time (1 Kings, 10:29) it is mentioned that the price of a chariot in Egypt was 600 shekels of silver (\$300). The price of a horse was 150 shekels (about \$75).

### AGED APPLE TREES

The apple tree is the longest lived of American fruit trees. In many parts of the East it is not unusual to find trees healthy and bearing fruit at the age of 100 years.

### Correspondence from the Neighborhood

#### Gilberts

Dale and Daniel Clem are recovering from an attack of chicken-pox.

Miss Minnie Cooper is visiting in Milford with Mr. and Mrs. Lloyd Sinning.

Mrs. William Weybright, who has been very ill for a number of days, is improving.

Carl Rowdabaugh spent Thursday evening with Mr. and Mrs. Willie Weybright and children.

Mr. and Mrs. Charles Harris and two children spent Sunday with Mr. and Mrs. John McGarity.

Mr. and Mrs. Floyd Rowdabaugh and son, Billie, spent Sunday at Rose Hill with Mr. and Mrs. Orlando Isley.

Robert Ryman and Miss Edna Wagner, of near Milford spent Sunday evening with Willie Weybright and family.

Charles Clem returned Sunday evening to South Bend, after spending the holidays with his parents, Mr. and Mrs. A. E. Clem.

Mr. and Mrs. Artie Geyer and daughter, Mr. and Mrs. Clarence Snyder, Mr. and Mrs. Earl Darr, Mr. and Mrs. Roy Miller and four children, were partakers of an oyster supper with Rev. and Mrs. Creman of Syracuse, Wednesday evening.

### CREAMERY SHORT COURSE AT PURDUE FEB. 9-14

The one week Creamery Field Superintendent short course to be given at Purdue University February 9 to 14 takes up the problems which are of interest to any one buying milk or cream from the producer. The course should be of equal interest to the men who are responsible for the weighing and testing of the milk and cream when received at the factory.

The object of this course is to enable men who are testing for butterfat, checking cream stations and cream station equipment and assisting the producers to better dairy methods to do their work more efficiently.

Factors that effect the testing of milk and cream and factors influencing the shortage and overrun at the cream station are factors taken up and discussed and methods suggested. Cream grading and lectures on feeding the dairy cow are also given.

Men who have taken this course in the past have found that the information obtained has been of great assistance in the field but they have been able to assist their patrons in many cases to better methods.

The course will start promptly on Monday, February 9 at 10 o'clock and every one who wishes to take this course is urged to be present for the first day's program. Any one wishing additional information regarding the course should write to Prof. H. W. Gregory, Chief of Dairy Husbandry, Purdue University, Lafayette, Ind.

### THE STORK AHEAD

In Kosciusko County, there were 37 births and 22 deaths during the month of October.

It is not generally known that the finest artificial pearls are made on Cape Cod from fish scales. For hundreds of years the artificial pearl industry has been carried on along the Mediterranean, but only recently has an American fish been found suitable for the purpose. The scales of the codfish are macerated by machinery and mixed with a secret solution. Solid beads of milky glass are dropped into the solution from 6 to 25 times, and the necklace sells for from \$10 to \$200.

### Most Girls Can

Have Pretty Eyes  
No girl or woman is pretty if her eyes are red, strained or have dark rings. Simple camphor, hydrastra, witchhazel, etc., as mixed in Lavoptik eye wash, brightens the eyes and a week's use will surprise you. Regular use of Lavoptik keeps the eyes healthy, sparkling and vivacious. The quick change will please you. Dainty aluminum eye cup FREE. Thornburg's Drug Store. No. 5.

### HOUSEHOLD HINTS

Use steel wool to clean aluminum pans.

Choose a clear, breezy day for blanket washing.

Paint on window panes may be removed with vinegar.

Rub scuffed shoes with vaseline before applying polish.

Wash the leather chair with milk and it will look like new.

To keep black stockings from turning brown, use plenty of blue water.

Painted linoleum should never be scrubbed with a brush, but wiped with a damp cloth.

If you rinse with cold water a vessel in which you intend to cook the milk is not likely to burn.

Heat a lemon thoroughly before squeezing, and you will obtain nearly double the quantity of juice.

When boiling eggs wet the shells thoroughly in cold water before dropping in the boiling water and they will not crack.

In a custard recipe calling for several eggs one or more may be left out if one-half tablespoon of cornstarch is added for each egg omitted.

When sugaring doughnuts and crullers, put them in a bag with the sugar, and shake well. This is a saving in sugar and covers the doughnuts or crullers evenly.

Save the liquid from your mustard pickles and add to it salad dressing in place of fresh vinegar and mustard. Or when making sandwiches, mix it with the meat.

Wet a piece of chamois skin in warm water and wring it out lightly. After washing the window, rinse the chamois in clear water and squeeze it as dry as possible. Then go over the glass with it again and it will absorb all moisture and leave the glass shining.

When blankets are being washed, remember that the rinsing water must be soapy in order to make the blankets light and fluffy. Another point to be remembered is that all the waters in which the blankets are washed should be of the same temperature.

If you have trouble with cakes sticking to the bottoms of layer cake pans, try this method: Grease the pan thoroughly and then sift a little flour into the pan. Turn the pan upside down and shake out the flour. The flour that sticks to the grease will make the cake come out easily.

### REAL ESTATE TRANSFERS

(By Horton C. Frazer)

Enworth League Institute to W. Harvey and Sarah M. Green, Lot 44, Blk A, Epworth Forest, \$1000.

Julia A. Ott to Wm. and Chas. Byrket, Lot 21 and 22, S. & D. Addition, Syracuse, \$100.

### \$25 Per Acre

In Walton County, Florida, you can buy good land near Pensacola, a new town site on a large bay adjoining the Gulf of Mexico, east of the city of Pensacola.

This large estate which has been recently purchased by the Florida Realty Trust, for subdivision, on account of the fertility of the soil and the beautiful location of the new town of Pensacola, is just being placed on the market, thus giving an opportunity to get in on the ground floor, to buy land and lots at the beginners price, providing you invest while the proposition is new.

The railroad fare from Chicago, round trip, is less than \$75.00. The time required for going one way is 30 hours. The first excursion from Chicago by this company will be the middle part of January.

For further information write or phone, Omar F. Neff, Milford, Indiana. 36-2t

### SAMPLE OF EVERY PENNY

Kokomo, Ind.—Ben Bailey of this city, has a sample of every penny minted in the United States since 1810. In several instances, where the design of the coin was changed twice in a year, Mr. Bailey has one of each. The oldest coin was minted the same year Mr. Bailey's father was born.

Senator Couzens has come out flatly for complete publicity of income taxes paid. As a result he is receiving the denunciations of those who prefer secrecy, some even going so far as to admit that "dodging" is indulged in and that Couzens himself is one of 'em.
