

Special Mattress Sale

Saturday, April 3

A fortunate deal last week gives me a truck load of mattresses valued at \$19.50 each which I will sell as sales stimulants on next Saturday afternoon under the conditions named below for the exceptional price of

\$15.85

The mattresses are made of near-white cotton layer felt, weight 45 pounds, covered with a fancy art tan-colored ticking, roll edge, double stitched. A high-grade mattress in every particular—such an exceptional value that they will be sold in a short time.

Conditions of Sale

1. No mattress will be sold before 2:30 p. m.
2. One mattress selected by the crowd will be ripped open along the entire center seam to show what quality of felt is used. All others guaranteed to be of same quality.
3. Only one mattress sold to a customer.
4. No deliveries will be made except in town and those must be made Saturday after the sale. All mattresses are rolled and paper-wrapped so country buyers can take theirs home in autos or buggies without danger of soiling.
5. Every buyer will have an opportunity of drawing a number one of which will entitle the lucky person to buy the "opened" mattress at half price, \$7.95.
6. When the mattresses are sold buyers will be offered a 30-pound Silk Floss (\$30.50) mattress at auction.

TERMS: Cash in hand. No mattress to be removed from truck until paid for.

Do not miss this opportunity to secure one of these bargains. Sale will be held in front of store. Truck load of mattresses will be there for inspection at 1:30. If the weather should be inclement, a few mattresses will be taken inside of store and sale held there.

This exceptional offer is possible because of the minimum amount of handling of mattresses, and the rapid turnover made by selling for cash only. This is your time to get a good mattress right in housecleaning time when you expected to get one anyhow.

TEEGARDEN

Well, as the Lapaz correspondent has written a few lines a few weeks ago and the "Muddy Street" singer has aroused himself from his long winter nap it is again our turn to report.

In our last "reporture" we gave a geographical survey of this mighty city of Teggarden. Today we will give you a little of its civil life. There never has been an election held but through the courtesy of the Lapaz scribe, "Honest Abe" is Mayor by proxy and Tim is secretary of State, while J. M. is Chairman of the House of Commerce. Other offices are supplied as needed.

What We Hope To Become.
A city of several thousand persons, and all we need is the people.

HOB0 NOW SCORNS THE BREAD LINE

Survey Made by Interchurch World Movement Shows That Even the Cheap Lodging House Is Going Out of Business.

The old "bread line" is gone from its accustomed place in the cities. In the slums throughout the country huddled queues of men no longer wait to be fed. Their passing is a symbol of the passing of the hobo.

Everywhere, for lack of guests, the cheap lodging houses are being abandoned. Only a few old, decrepit men remain in the Salvation Army Industrial Homes. In Kansas City the once crowded dormitories of the "Helping Hand" building are closed. In Lincoln, Neb., in 1915 there were 1,750 non-resident single men who applied for aid, while in 1918 there were only 138.

The hobo, the wandering worker who went to the lodging house and the bread line between his seasonal jobs, has been lifted from his old plane by the war. A study of the conditions of migrant labor is now being conducted by the Interchurch World Movement that it may lay the facts before the Protestant Churches of America, whose closer co-operation is its larger purpose. This study shows that the hobo has found a closer succession of jobs, a higher return for his labor. He has become almost a "steady" worker. He no longer needs his old refuges.

Beyond the reach of these agencies, he offers the Protestant Churches an opportunity to provide new means of influencing his life and maintaining his standard of living, and the Interchurch World Movement survey is determining how this may best be achieved.
