CAPABLE EFFICIENT HONEST

Thanking the voters of this community for their support and consideration, I pledge myself, if nominated and elected to this responsible office, to give it my careful and conscientious attention, and assure the people that their trust and confidence in me will not be misdirected. Your support will be sincerely appreciated.

## WOOD MANAGERS FOR SUFFRAGE IN PRIMARY

GO ON RECORD FAVORING VOTE  
FOR WOMEN AT POLLS IN  
MAY BALLOTING.

**URGE LEGISLATIVE ACTION**  
Pass Resolution Supporting Equal  
Rights in Selection of Presi-  
dential Nominee.

Indianapolis—(Special) — Leonard Wood's Indiana campaign managers have gone on record in favor of equal suffrage at the primary voting in May. The Wood leaders take the position that the women already have the right to vote for presidential electors and should consequently be allowed to vote in the primary to express a preference for the presidential candidate.

At a recent meeting in Indianapolis the district managers of the Wood organization passed resolutions supporting equal rights at the polls and urging the ratification of the nineteenth amendment. The resolution, which was presented by E. O. King, of Huntington, associate manager in the Eleventh district, advanced the belief that the women, having by previous legislation the right to vote for presidential electors, have by inference, the right to vote in the preferential primary. It also advocated that if further legislation to make this legal is necessary that the special session of the legislature, if one be called prior to the primary on May 4, pass the necessary law to grant to the Hoosier women the right to express their choice for presidential nominees.

**Text of Resolution.**  
The text of the resolution is given herewith:  
"Whereas the state of Indiana has by statute given the right to women to vote at the general election for presidential electors.

"Whereas the importance of electing a nominee for the Republican party is hardly less important than electing the man so nominated.

"Whereas women are voting in many states of the Union and thirty-five states have already ratified the national suffrage amendment, only one yet lacking to make the necessary three-fourths, practically all the northern states being favorable to women suffrage, now.

"Therefore, we, the Wood state committee, urge and endorse the ratification of the suffrage amendment to the Constitution. Meanwhile, in keeping with our attitude formerly expressed, we look with favor on the opinion expressed by the attorney-general that the women of Indiana, having the right granted by statute to vote for presidential electors, also have by necessary inference, a right to vote a presidential preference at the May primary election, May 4, without specific legislation thereon.

**Recommend Legislation.**  
"If any legislation be needed, then we recommend that if the legislature of this state is convened in special session, it promptly enact a law granting to women the right to express a presidential preference May 4, 1920. And if a special session be convened we further recommend that Will H. Thompson and Charles Martindale, attorneys, and members of the Wood legal committee, be requested to draft the necessary bill to provide for the aforesaid proposed legislation; that said bill when prepared be delivered to the duly accredited representatives of the women to be presented to the state legislature by them for passage; if they deem it advisable and that the legislature be requested that said bill, if so presented be passed by said legislature; and further we pledge our support to aid in every honorable way to obtain the enactment of said legislation."

**Discuss Wood Tour.**  
It was pointed out at the meeting of the managers that the Wood campaign committee early in the campaign had gone on record in favor of the women voting at the primary.

Plans are now being made for General Wood's campaign tour in Indiana. The district managers have put in a request for one or more speaking dates in every congressional district and it is likely that the general will spend at least five days in Indiana. He is expected to make his trip in this state about the last week in April. Among the cities that have put in a request for him are Bloomington, Evansville, Terre Haute, South Bend, Ft. Wayne, Indianapolis, Richmond and Muncie.

It was announced here early in the week that Col. Theodore Roosevelt has issued a statement setting forth the reasons why Wood should be nominated and elected.

**Record His Recommendation.**  
"We need a man who will combine two principal characteristics in one," said the Roosevelt statement made public here. "First, the fearless determination to preserve law and order and the ideals of this country, and, second, the ability to conceive and put into operation the fundamentals of constructive, sane, liberalism. General Wood is this man. He is not a man that we have to take on trust. He is a man with a record which is his recommendation. He has handled the most difficult administrative work with consummate success, as his record in Cuba and the Philippines indicates."

**Codfish Had Swallowed Watch.**  
The fishing smack Hoodeneaganset, Captain Skidmore of Essex, Conn., had, among several interesting marine relics, a lady's gold watch taken from the stomach of a codfish near the reef off Nantucket, Mass. The timepiece is marked on the interior of the case, "George, No. 8722, London, England," with no date. It is in a perfect state of preservation, with the hands marking 12:15 o'clock.—The New England Fish-eries.

Our For Sale ads bring results.

## A GARDEN WINNER

They're at it again. Let Uncle Sam's schoolboys and girls once get an idea and they don't desert it in a hurry. The call for the 1920 U. S. School Garden Army was no more than issued until winners in the 1919 season were busy. School children in 1919 produced \$48,000,000 worth of foodstuffs, 2,500,000 kiddies competing. The photo shows a Louisville (Ky.) schoolboy who won a prize with his 62-pound pumpkin. The Department of the Interior sponsors the move.

**Excess of Food Blamed.**  
Dr. Pritchard, an English practitioner, believes that most of the digestive troubles of infants and young children are due to excess of food. And, besides the direct derangements of the stomach and intestines, these have an effect upon the whole system and may in the long run make it more susceptible to catching other diseases.

**Electric Fire Logs.**  
Electric fire logs, which have been used on the stage for several years, are now available for other uses. These fire logs are made of imitation wood, consisting of three or more logs naturally grouped for interior fireplaces and outdoor campfires. The logs are of translucent material and asbestos, re-enforced with metal, and are made hollow for the insertion of electric bulbs. The bark and cut ends of the logs are artistically designed and hand-painted to give the natural appearance of partially burned logs.

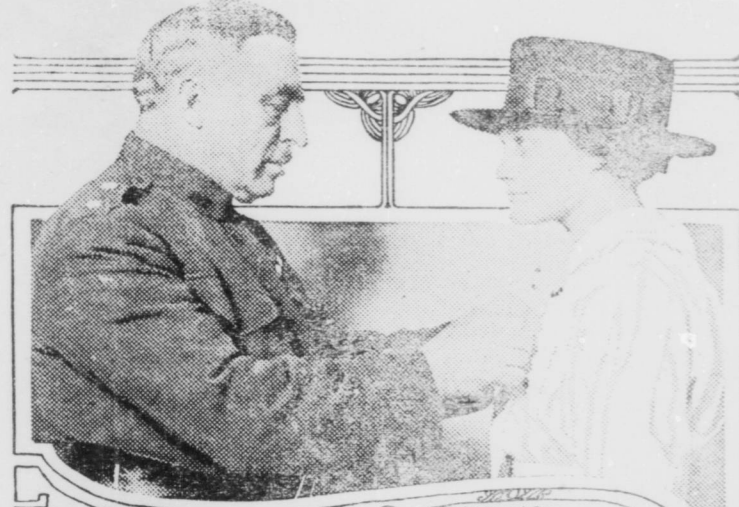

By shading the translucent and opaque parts properly and providing for reflection from below, the logs, when illuminated, glow with the natural bright and darker shading of burning wood logs. The fire logs can also be obtained in the form of a large log with imitation ash heap, for large old-fashioned fireplaces.

**Bits of Secret Far Eastern History.**  
The after-dinner confidential chat of a British naval officer with a French Bluejacket at a Sydney hall in 1853 cost the British empire New Caledonia. Our French friend had for many days cast longing eyes on Captain Cook's discovery of 1794. So had we. But the hint given of our intention to annex enabled our rivals to land and take possession three hours before we came to the scene. Thus we lost not only New Caledonia and the adjacent isles, but the Loyalty group and the New Hebrides; for it is an open secret that the throat of the impossible New Hebrides condominium will soon be cut and France will gather in this gem of the Pacific. It may bring balm to remember that as the French beat us on the post for New Caledonia so we beat them by a nose for Maoriland in almost exactly the same way.—Sydney Bulletin.

**NEW "DIAMOND POINTS" ISSUED.**  
Folder Gives Results of World Survey Conference and Plans for Financial Campaign.

A new edition of "Diamond Points on the Interchurch World Movement" has been issued by the Literature Department. In addition to pointed, terse information about the origin, nature, scope and plans of the Movement, contained in the leaflet originally issued, the new folder gives, in a dozen short paragraphs, the result of the World Survey Conference, together with plans for the financial campaign, the training and pastors' conferences and the evangelistic and life enlistment programs.

## SHAVING SHELLS IN THE ARGONNE

War nursing was to Miss Edna Coughlin, a Goodrich nurse of Akron, O., just what she expected. But the reward was more than she expected. She was the only woman nurse who saw field service in the advanced area of the Argonne sector, bravely administering to the gravely wounded under the fire of shell and aerial bombs. When General Leonard Wood visited Akron recently, he paused to pin on the Distinguished Service Medal—for heroic performance—the reward she had not expected. She is now Mrs. W. J. Quinsler.

## NOTICE

STATE OF INDIANA  
COUNTY OF ST. JOSEPH  
IN THE SUPERIOR COURT OF ST. JOSEPH COUNTY  
The Chicago, Lake Shore & South Bend Railway Company

vs.  
Joseph E. Kaley and Mary E. Kaley.  
NOTICE IS HEREBY GIVEN to Joseph E. Kaley and Mary E. Kaley to appear on the 28th day of April, 1920, at nine o'clock a. m., before the Honorable Chester Montgomery, Judge of the Superior Court of St. Joseph County, to show cause why the property described and sought to be condemned in the complaint and as therein prayed for, should not be condemned as prayed for, by the Chicago, Lake Shore & South Bend Railway Company, plaintiff, against Joseph E. Kaley and Mary E. Kaley, as defendants, the property being sought to be condemned being a strip of land situate in St. Joseph County, State of Indiana, to-wit:

Beginning at the Southwest corner of a certain tract of land containing Ten and Twenty-nine-hundredths (10.29) acres, and described in a warranty deed conveying said Ten and Twenty-nine-hundredths (10.29) acres to the Chicago, Lake Shore and South Bend Railway Company by Joseph E. Kaley and Mary E. Kaley by deed dated the Fourth day of April, 1907, and recorded in deed record 136 on page 422, with a strip of land Forty (40) feet in width of which the center line is Twenty (20) feet West from said corner, extending South to the Michigan Road to property owned by one Ridenour, for right of way purposes.

2. Also a part of Section Three (3), Township Thirty-seven (37) North, Range Two (2) East, beginning for the same at a point in the west line of said Section Three (3) a distance of Six Hundred (600) feet south the Northwest corner thereof; thence East on the south line of territory conveyed by said Kaley to the Chicago, Lake Shore & South Bend Railway Company, a distance of Three Hundred Twenty (320) feet; thence in a Southwesterly direction a distance of Three Hundred Ninety (390) feet, more or less, to the intersection of the North line of the Lincoln Highway West with the east line of a forty (40) foot strip leased by said Kaley to said Chicago, Lake Shore & South Bend Railway Company as right of way; thence west along the north line of said Lincoln Highway West, a distance of sixty (60) feet, more or less, to the west line of said Section Three (3); thence North on the West line of said Section a distance of Two Hundred eighty (280) feet, more or less, to the Southwest corner of lands heretofore conveyed by Kaley to the Chicago, Lake Shore & South Bend Railway Company as a gravel pit; excepting therefrom Twenty (20) feet as the east half of a highway upon the West line of said Section, and a strip Forty (40) feet wide adjacent, upon the easterly side thereof, and used as right of way by said Chicago, Lake Shore & South Bend Railway Company in reaching said gravel pit. The quantity of land included in the triangular piece, exclusive of the above named exception, is Eighty-six-hundredths (8.86) acres, more or less, to be condemned and appropriated in fee simple.

3. Also lessors do hereby lease to said lessee for right of way purposes, a parcel of land Forty (40) feet in width from east to west and beginning on the line with the north line and immediately west of the tract above described, extending due south to Lincoln Highway West.

4. Also, a right of way Thirty (30) feet wide from east to west, beginning at the angle road, which is the first road South of Lincoln Highway West, which crossed the west line of said Section Three (3) at a point about Four Hundred (400) feet south of Lincoln Highway West, adjacent to the east line of Section Four (4) and extending southward about Two Thousand (2000) feet to the Southwest corner of Ridenour's land; thence on an eight (8) degree curve to right Five Hundred Six and Twenty-five-hundredths (506.25) feet; thence in tangent to said curve in a Southwesterly direction Five Hundred Thirty-five (535) feet; thence on a Ten (10) degree curve to right Seven Hundred (700) feet to a junction with present right of way of the Chicago, Lake Shore & South Bend Railway Company, and being the same lands now occupied by the Railway Company for right of way purposes.

The said Railway Company asks to condemn said strip for its use as a street and interurban railway to be operated by electricity.

WITNESS the hand of the Clerk of said Court and the seal, this 11th day of April, 1920.

WILBUR M. WARNER, Clerk St. Joseph Superior Court.

F. J. Lewis Meyer, Atty for Plaintiff.

**Flaws in Diamonds.**  
Flaws in the diamond consist largely of black or carbon spots. These are formed of uncrystallized carbon. Nature in the case of the spotted diamond stayed her hand before she had completed the process of perfect crystallization.

## Lowe's

that stands wear and tear

Dragging furniture, the scuff of grown-ups and the rough and tumble of children will not injure it. It dries hard and stays hard—that's why it is called Lowe's Hard Drying Floor Paint.

This paint is made especially for floors. Easy to

use—paint the floor today and walk on it tomorrow. Easier to keep clean—just mop it off.

We recommend this floor paint and want you to know more about it. Come in and look at the display panels; ask, also, for descriptive literature.

**Walkerton Lumber Co.**

Walkerton, Ind.

## Paints

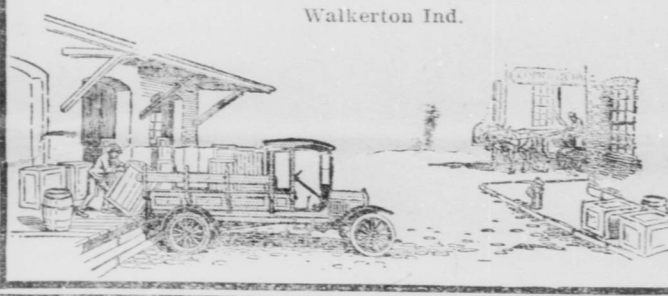

## Ford

THE UNIVERSAL CAR

The Ford One Ton Truck is serving business just as faithfully and economically as does the Ford Touring Car serve all the people faithfully and economically. The Ford Truck is a necessity to the grocer both in delivering goods and in bringing goods from the stations, docks and from the country. It is an ideal motor car because there isn't a want of the farmer or business man that it doesn't supply in the way of quick transportation at a minimum expense. Come in, examine the Truck, and let us talk over the subject.

## Try This Pleasant and Effective Home Remedy For Coughs and Colds

IT WORKS LIKE MAGIC AND COSTS BUT LITTLE TO PREPARE

If you want a cough medicine that is surely fine for coughs, colds, hoarseness, bronchial affections, croup and throat irritations, get 3 oz. of Glando Pine (50 cts. worth) with full directions for preparing and you can make a full pint of excellent cough medicine. Glando Pine gets right at the cause of the cough. The first dose relieves, it opens the air cells and makes you breathe easy. Children love to take it. When prepared according to directions it will not separate as some of the inferior cough medicines do.

George Pollick, a painter and decorator of Logansport, Ind., says, "I took a severe cold which settled all through my system. I had severe pains in my chest and lungs. My throat was swollen and sore. Glando Pine gave me relief almost instantly. I consider it very fine for coughs and colds."

Mrs. John Polter of 359 S. Williams St., Paulding, Ohio, said, "I neglected to doctor a cold which settled on my lungs. My cold grew worse until I coughed almost constantly, I began to spit blood. I lost in weight and looked so bad that people thought I had tuberculosis. I finally tried Glando Pine. The first bottle helped me. I continued its use until I was cured. I firmly believe that Glando Pine saved my life."

To avoid disappointment be sure you get Glando Pine. Once you have used it you will never want to be without it in your home.

Manufactured only by the Glando-Aid Co., Fort Wayne, Ind.

Walkerton, Ind.

## Children's Ailments

**DISORDERS** of the stomach and constipation are the most common diseases of children. To correct them you will find nothing better than Chamberlain's Tablets. One tablet at bed time will do the work and will make your child bright and cheerful the following morning. Do not punish your children by giving them castor oil. Chamberlain's Tablets are better and more pleasant to take.

**Chamberlain's Tablets**
