YOUR SUPPORT IS SOLICITED

## RALPH N. SMITH For Congress

The primaries are held on Tuesday, May 4, and the time is short and I will not have time to see all of the voters of the district personally. I think I am qualified to represent you in Congress. Have practiced law for twenty-four years, and in that time have come in contact with every phase of life. I am not a practical farmer, although born on the farm and lived there until I was eighteen years old, and have had a good deal to do in my profession with their business.

I believe, fellow democrats, that we want a candidate who can make a campaign and especially in the light of the Goodrich Tax Law, which is met with such disfavor, we ought to be able to win upon that issue alone.

I will appreciate your support at the primaries and promise you that a clean, vigorous and efficient campaign will be made for the election if nominated, and that no democrat will need to apologize for their candidate.

We notice that the Silver Street scribe went over to Gas City to do some grafting with his molasses, then the same dust pile loomed up and spoiled his business there.

The Lapaz scribe and the Muddy Street are good friends and have known Gas City ever since it stuck its head out of the water, and we are going over there to take the mayor in the band wagon and put him to digging out civet cats.

Mrs. Guy Ross called upon Frank Coil Sunday.

Must surely take off my hat for the beautiful poem that the gas slingers wrote last week. It brought the thoughts to my mind of a beautiful stanza I read:

We would advise the Silver Street scribe to save a few gallons of molasses until election is over, for you can sell it you have them to the gas candidate for mayor to sweeten up on. It will taste much better to him after his defeat. He will know then that civet cat got out of the rabbit hole.

Mr. Dolph thinks it will be a tight race but we hear differ with him for the speeches he is trying to make will upset his campaign wagon, sure. Muddy Street alone will go against him by 37,000.

Just Where and How  
Is the Money  
to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

1 FOR THE CHURCH'S WORK AT HOME. A score of times come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Whole are compelled to turn away more children than they can receive.

2 FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

3 FOR HIGHER EDUCATION. Of the 40,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools; and you have only to read their list of alumni and alumnae to measure the value of their contribution to America.

4 FOR RELIGIOUS TRAINING. At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washingtons and Lincolns if with dies out of the hearts of its youth?

5 FOR THE CHURCH'S WORK ABROAD. Influences came first from the Orient thirty years ago nearly all plagues are Oriental plagues. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.

6 PREACHERS' SALARIES. The preacher is called the "forgotten man," and well he may be. Eight out of ten preachers are paid less than \$20 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.
