We Ask the Attention of Every Reader of This Paper This Week

NINETY-SIX PER CENT OF ALL THE PEOPLE IN THE UNITED STATES EARN LESS THAN \$2,000 A YEAR.

Therefore, it behooves every one of you to learn to read this paper week by week with two purposes: One, that you may post yourself upon the general news. The other, that you may post yourself upon the advertising news.

The day is past when anyone can afford to overlook this second feature. It is the road to economy in every home. There isn't a day passes when money cannot be saved or when better goods cannot be bought for the same money simply by following carefully the advertising news that is published here.

The reason for this is very simple: advertising is the cheapest, quickest and best method of salesmanship that has yet been found. Therefore the most progressive merchants advertise.

And naturally, when you want the cheapest or the best article, of any kind, it is fair to assume that the most progressive men will have it for sale.

Every shrewd merchant advertises in this paper because there are thousands of you readers eager to see this advertising when it appears.

He knows that you are looking for whatever good merchandise news he has to offer. And if any merchants so far discount your value to him as not to advertise in the paper you read, you can well afford to discount his value to you.

If any merchant is so careless as to overlook the great combined purchasing value of thousands of you readers every week, the chances are he is overlooking many a good merchandise value when it comes his turn to go into the markets and buy.

So learn not only to read the advertising news in this paper every week, but also learn to rely upon it for everything you need.

There isn't one family that cannot reduce its cost of living at any time simply by carefully reading and buying entirely through the advertising pages of this paper week by week.

VERA CRUZ WORTH VISITING

Mexican City Has a Number of Attractions That Invite the Wandering Tourist.

Vera Cruz is a city of contrasts. Its vividly painted houses of red, blue and yellow, built close to the narrow streets, have grated windows and heavy, forbidding doors, which give little evidence of the charming interiors with their patios, palm-shaded, filled with exotic flowers and cooled by fountains.

Modern street cars look out of place in the same streets with burros laden with merchandise, fruits and vegetables, and caballeros in their broad sombreros, vividly colored blankets, enormous spurs and silver-mounted saddles. Even the tropical climate is in sharp contrast with the snow-capped, extinct volcano, Orizaba, which towers almost 20,000 feet into the cold air above. Although this peak is nearly fifty miles away from the city, it can be plainly seen from there and makes a beautiful picture standing white against the sky or catching all the colors of the sunrise.

Another point of interest is the ancient fortress of San Juan d'Ulloa, which is built on an island, connected to the mainland at the northern end by a long sea wall. It has a fair exterior, being painted a pure and radiant white, but hidden beneath this innocent mantle are dark and noisome dungeons where many political prisoners of Mexico have been kept for years.

Turning hastily from this unpleasant scene, gentle reader, let us retrace our steps to the center of the city, which is marked by the plaza. This is a large and beautiful square filled with palms and flowers, and watched over benignly by the ancient and stately cathedral. Every evening during the band concert it is the quaint custom of the youths of Vera Cruz to promenade around the square on the outside of the walk in one direction, while the young girls, carefully watched over by their duennas, walk in the opposite direction on the inside. In this way most Mexican flirtations are begun.

TAKE IT IN TIME

Just as Scores of Walkerton People Have.

Waiting doesn't pay. If you neglect kidney backache, urinary troubles often follow. Doan's Kidney Pills are for kidney backache, and for other kidney ills. Walkerton citizens endorse them. Mrs. F. O. McAllister, Church St., Walkerton, says: "Whenever my kidneys show signs of being disordered, I used a box of Doan's Kidney Pills and I am quickly relieved. At such times, my back becomes lame and sore and sharp pains pierce me when I bend. I also feel generally run down. As soon as I have such troubles, I use Doan's Kidney Pills and they put my kidneys in good condition."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McAllister had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

DON'T BE CARELESS ABOUT YOUR HEALTH

When the liver is not acting properly the system becomes full of poisonous accumulations, the kidneys and intestinal glands become sluggish and a general debilitated and nervous condition exists. The blood becomes impure, the circulation sluggish and the brain clouded.

A neglected liver causes chronic constipation, jaundice, gall-stone and very often cancer.

Glundo Tonic acts upon the whole glandular system of which the liver is the chief gland. If this glandular system is in good working condition disease has no chance to fasten itself upon you. The best time to doctor is when you begin to feel tired, achy or languid.

To neglect one's self when that tired, draggy feeling is present may mean weeks of severe illness. Let Glundo Tonic remove that feeling and give you life and health.

Mothers who have nursing babies should use Glundo Tonic to keep their bowels well regulated and their system in a good condition. This will regulate baby's bowels and help it to withstand the heat and germs of summer.

Glundo Tonic can be obtained at drug stores or direct from the Glundo Aid Company, Ft. Wayne, Ind. Large \$1.00 size only.

SHE IS HAILED "ANGORA QUEEN OF WEST"

It has often proved true that destitution and want in the extreme are the opening of the very channels to success. Such was the case of Mrs. Margaret Armer, who about 20 years ago was left a widow with six small children, with only a section of arid land in New Mexico as a means of support.

Today she is the proud owner of 3500 pure bred Angora goats, which she has made a business of breeding. Mrs. Armer says her success is due to a thorough understanding of the goat industry and the ability to make quick decisions in purchasing desirable foundation stock.

Some of her sires have gone as far as South Africa and New Zealand.

Three hundred bucks and dams are auctioned each year, few selling for less than \$500 each.

CORRESPONDENCE

LAPAZ

Glen Farver has a new girl at his house and is all smiles.

Glen Cushman, a former Lapaz boy, was calling on old friends Sunday. He is in the oil business at Delhi, Ind., and doing well.

Blanche Thomas, of near Koonitz lake visited Mrs. Whittinger Sunday. He raised about seven thousand bushels of onions this summer. Our crop of hard cider drinks is turning out well with some small ones in the hill. The wormy apples seem to give the desired kick to this brand of booze. We heard a fellow trying to throw his socks up through his coat collar.

Wilson Reynolds and wife left Sunday evening for eastern points. On their return they will spend some time in Michigan with Mrs. Reynolds' parents.

There are several muck fires along the B. & O. railroad that will creep into farmers' fields in the fall, then damage suits will follow.

C. O. Lud, our hustling butcher, bought a new truck to help take care of his increasing business. He sits straight up and the music the engine makes seems to be a musical virolo to the new owner as he spins down the road. Last week he headed towards Walkerton, bought a load of poultry, started for home feeling all O. K. Not looking back until he drove up to the butcher shop to unload the endorse had come out and ducks and chickens were strung from Walkerton to Lapaz. Muddy Street was lined with ducks making speeches for the gas city mayor. Jo Bowers got four or five coops for his chicken hatchery. An old rooster from north with the city mayor in hot pursuit, an old hound took after the mayor and for a time things looked bad for the rooster, but he was long coupled, the mayor's gas got low, the hound gave up. The rooster won. Lud is still looking for his poultry.

Lost between here and Walkerton about two months ago one Muddy Street scribe, smooth face, has a marble top, weight about 200 pounds, pleasant disposition except when he has the flu. When last heard from he was writing for the Independent. Also one candidate for the gas city, has gray moustache, kept a general store in Tecumseh, started to run for mayor and never came back. When last seen was making a speech on Good's sawdust pile; went south past Joe Bowers' hen house, was still talking. Election is coming on and his friends fear for his safety. He was a former correspondent for the Walkerton paper. If any of the correspondents know anything of his whereabouts please let us know, as there is important mail awaiting him.

Gigantic New Zealand Trees.

The sizes reported in some New Zealand trees are astonishing. Each of two giant trees from the vicinity of the Waihopia forest is stated to have yielded 235,788 feet of sawable timber, which is about twice the product of the largest known trees of California, and equivalent to the entire production of nearly three acres of good European forest.

Significance of Wedding Ring.

The wedding ring is a relic of barbarism. It signifies the band by which the woman was bound to her lord and master.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.
