It is calculated that the Catholic Church in this country has received an accession of nearly 30,000 members within the last five years, by emigration. Preparations are said to be making in Austria and other Catholic Countries, to send out 600,000 emigrants during the year 1836. This will give them a large majority over any other religious denomination.

VEGETABLE Rheumatic Drops.

MANY articles are before the public, as a cure for that most obstinate and tormenting disease, the Rheumatism; and from close observation we are led to believe, that they have to a very great extent, failed to produce that desirable result—and may it not be attributed to the fact, that articles said to cure this troublesome disorder are also recommended to cure almost every disease with which our frail bodies are attacked, and in their preparation that object is kept in view, viz to have the medicine a cure for all diseases.

The Vegetable Rheumatic Drops are offered to the public as a remedy for Rheumatism and as no case is known where a perfect cure was not affected, we are justified in declaring it a valuable medicine for that painful disease and for no other is it recommended.—Price 50 cents.

THE only specific ever offered to the public from which a permanent and radical cure may be obtained, of that disagreeable pain, the TOOTHACHE, with all its attendant evils; such as fracturing the jaw in extricating the teeth, which often proves more painful than the toothache itself, and cold passing from the decayed teeth to the jaw thence to the head, producing a rheumatic affection, with many other unpleasant effects, such as a disagreeable breath, bad taste in the mouth &c. all of which are produced from foul or decayed teeth, I am happy to have it in my power to offer to the world, a remedy that will not only remove the pain, nine times out of ten if properly applied, but preserve the teeth from further decay, and arrest the disease in such as are decaying and have not commenced aching, restoring them to health and usefulness.

A SLANDERER.

Whereas, heretofore, to wit, on the 1st of April last, Mr. ABRAHAM MILLER, late of Decatur county, now of Switzerland county, reported to various persons, that MICHAEL TOSH, late of Fayette county, Pennsylvania, was a negro, or a man of color; which statement is totally false—which can be verified by respectable testimony. To persons unacquainted with the general character of said Miller, we will state that it is currently reported, that he was convicted in Decatur county, Ia. for stealing Hogs—broke custody, and that a reward of ten dollars, is offered for his apprehension.

N. B. He is now in this county, and can be apprehended, at any time, by a vigil at office.

HENRY GULLIO No, JOSEPH FULTON.

July 6.

This is to certify that I was acquainted with Michael Tosh, and lived near him in the state of Pennsylvania, about 20 years, the same Michael Tosh, who was grand-father of Daniel David of Switzerland county, Indiana,—and during said acquaintance of twenty years—I never to the best of my recollection heard it even insinuated that he was blood related to the negro race of people.

And believe the report now in circulation that he was related to that race of people is wholly without foundation in truth—and further it was my opinion then, that he was a German, and never knew any thing to the contrary. Given under my hand this 28th day of April 1835.

acknowledged in our presence, James F. Hukill, Henry Myers.

JOSEPH CAMPBELL, JOSEPH H. KRIGHT, September 5, 1835.

This is to certify, that Martin Overtur of Ripley county, state of Indiana, have seen me, Yosh, of the state of Pennsylvania, Fayette county, and believe him to be a man that had no negro blood in him, nor neither did I ever hear it said by any person or persons, in Pennsylvania, that he had any such blood in him, nor did I ever hear any such thing in this country, by any person or persons until about the 19th of April, 1835, and then I heard it from Abraham Miller, of Switzerland county, Indiana, April 28, 1835.

Signed in the presence of Martin Overtur, Hiram Overtur.
