

# HEAD-QUARTERS, VINCENNES JULY 23, 1811.

## General Orders for the Militia.

THE murders and depredations which have lately been committed by the Indians in the Illinois territory, and the general aspect of Indian affairs throughout our north western frontier, makes it imperiously necessary that measures should be immediately taken to put the militia of the territory on the most respectable footing. With this object, the several Colonels and Commandants of corps are particularly charged.—They are to see that their men are all properly clothed, armed and equipped, as the laws direct; and that the captains enrol all the men that are subject to militia duty. The regiments of Infantry are in future to be designated by the following numbers, viz.—The regiment in Knox county, commanded by Lieutenant Colonel Commandant, Jordan, will be called the 1st Indiana regiment.

That in Clark county, commanded by Lieutenant Colonel Commandant, Bartholemews, the 2d Indiana regiment.

That in Dearborn, lately commanded by Colonel Chambers, the 3d Indiana regt.

That in Knox, commanded by Lieutenant Colonel Commandant, Decker, the 4th Indiana regiment.

That in Harrison, commanded by Lieutenant Colonel Commandant, Paddock, the 5th Indiana regiment.

That in Jefferson, commanded by Lieutenant Colonel Commandant, McFarland, the 6th Indiana regiment.

That in Franklin, commanded by Lieutenant Colonel Commandant, Noble, the 7th Indiana regiment.

And that to be formed in Wayne, the 8th Indiana regiment.

The following detachments from the militia will be immediately made, and hold themselves in readiness to march at a moment's warning, viz.

The whole of the 1st regiment.—The whole of the 1st battalion.—One Major, & three complete companies from the 2d battalion of the 4th regiment, these, together with captain Parke's troop of Vincennes Light Dragoons, to report to, and receive their orders from Lieut. Col. Decker.

One major, & three complete companies (two of them to be the light companies of captains Spencer and Berry) from the 5th regiment—one major, and two complete companies (the light company to be one) from the 2d regiment—and two complete companies from the 6th regiment; these, together with captain Beggs dragoons, to report to, and form the command of Lieut. Col. Commandant, Bartholemews.

The light company of the 3d—the light company (if any) if not another of the 7th, and the two light companies of his own battalion of the 8th, to form the command of major George Hunt.

The Commandants of each regiment will attend to the forming these detachments of their respective regiments; and as soon as they are completed, they will be placed under the command of the senior officer detached, who will immediately report himself and command, to the officer appointed to command the whole detachment—that is to say: the several detachments from Knox county, to report themselves to Col. Decker; those from Harrison, Clark and Jefferson, to Col. Bartholemews; and those from Dearborn, Wayne and Franklin, to Major Hunt. The Colonels respectively will be held responsible for a prompt and decisive execution of this order. Colonels Decker and Bartholemew, and Major Hunt, will receive their orders from the Commander in Chief. Captains Beggs and Parke, will exert themselves to fill up their troop to the establishment, as soon as possible.

By the Commander in Chief.

H. HURST, aid de camp.

## DETECT SWINDLING.

WHEREAS we Kelsey and Smith, as agents for Henry Parmele, have sold, bargained & conveyed, unto a certain *Wharton Reclor*, of Kaskaskia, Illinois territory, the right to make, vend and use a *Martising Machine*, in the territories of Upper Louisiana, Indiana and Illinois, for which machine the said Henry Parmele, of the state of Connecticut, has ob-

tained a patent from the United States—in payment for which the said Wharton Reclor, assigned to the said Kelsey & Smith, a certain note or obligation of a certain John A. Shaefer, of the city of New-York, for two thousand dollars: in part pay of which note, over and above the purchase money for the said patent right (which was one thousand dollars) the said Kelsey and Smith, advanced the said W. Reclor, five hundred dollars, and gave their obligations for five hundred more, when the whole of the said note should be collected: and whereas, by advices from the city of Philadelphia, lately received in this town, we have been informed that the said Wharton Reclor, and the said John A. Shaefer, had entered into a combination, by an interchange of notes or obligations to defraud the good people of the United States, the said Shaefer undertaking to negotiate the said Reclor's notes to the eastward, & the said Reclor undertaking to negotiate the said Shaefer's notes in the western country—and whereas, it appears from the same advices, that the said John A. Shaefer, had been confined in the state prison, in the city of New York, for felony, before the negotiation between him and the said Wharton Reclor,—and it further appears from the same advices, that since the negotiation between the said Shaefer and the said Reclor, the said John A. Shaefer, had absconded from the city of Philadelphia, after having negotiated the said Reclor's notes—and whereas, one of the said Shaefer's notes, given as aforesaid to the said Reclor, has been forwarded to the city of Philadelphia, where they were contracted for acceptance, and been protested for non-acceptance, the said Shaefer not being to be found.—This is therefore to forewarn all persons from receiving the said patent right, as aforesaid, from the said Reclor, as we are determined to take all legal steps to set aside the said contract.—Given under our hands, at Cincinnati, this 13th day of March, 1811.

## INDIANA TERRITORY, HARRISON COUNTY,

THIS day came William Brown, before me the subscriber, a Justice of the Peace, and made oath, that the certificate he obtained in the Land Office at Vincennes, the 18th of August, 1807, for the north east quarter of section No. 8, in township No. 2 south, of range No. 5 east, containing 171 acres and 22 hundredths, was burned in his house with all other effects that his house contained, subscribed the 23d day of April, 1811.

William Brown.

WM. ERVIN, Justice of the Peace for Harrison county.

ALL persons concerned are hereby required to take notice that in three months from the date hereof, I shall issue to William Brown, a duplicate certificate No. 129, dated August 18, 1807, for the N. E. quarter of section No. 8, in township No. 2 south, of range No. 5 east, unless previous to that time, some legal and sufficient objections are made thereto.

## LAND BUYERS LOOK TO YOURSELVES!!!

IF any person wishes to purchase and improve on a sure foundation, and to be in possession of a high, heartsome and healthy situation, such may be obtained in Butler township, on the new public road leading from Vincennes up to, and through the new purchase, containing 200 acres of as good land as any in the township, for corn, wheat, tobacco and meadow; two thirds of said lands are as heavy timbered as any in the county, consisting of walnut, locust, oak, hickory and ash, the other third handsome prairie. On the premises, there is a good commodious cabin, 37 by 17, two rooms below, with a large entry between, (fit for the comfortable reception of a genteel family,) an excellent smoke house, stables, cribs, and other necessary houses.—There is a field of 5 or 6 acres of fresh ground, also a good pasture, and a small excellent meadow, all under good fence, just before the door in a handsome view, in the prairie, there is a 12 acre field, also under good fence; there is not one pannel, upon premises but what is all well fenced and rided (as is generally called.)—The said lands are bounded on the south and east by heavy timbered public lands; and on the north and west by public prairie. The titles and boundaries are indisputable.—I am desirous and determined to sell, as I am no farmer, and the country not suiting my occupation. To the purchaser, the terms shall be made as easy as possible, and a bargain may be had. A further description is deemed unnecessary, as it is presumed that no person would wish to purchase without viewing the premises.—any person wishing to be well settled, and to follow the occupations of Farmer, Mechanic, Merchant &c. (Doctors only excepted) are requested, and will do well, to come, see and view the premises, and judge for themselves—neither taking my description for the excellency thereof, nor that of others to the reverse, as it generally is to be found that persons inclinable to sell lands, are too apt to vilify their neighbours, and extol the superexcellence of their own, or their connections—the design of such is obvious; therefore listen to, but regard not such—come see and view, and let your own eyes and judgments determine for yourselves.—The premises will be shown, on application to, (and the earlier the better) the intentional and determined vendor and proprietor, now living on the premises.
