

[From the Missouri Gazette of August 31 and September 7]

Colonel David Musick and Lieut. Parker, (who were sent by the executive of this Territory to notify the inhabitants of Ouchata, Little Missouri &c. &c. to remove from the Indian lands, agreeable to the president's proclamation) returned a few days ago, after a fatiguing tour of about 12 or 15 hundred miles.— These gentlemen represent the inhabitants of Ouchata a most respectable and orderly people, well disposed toward the government, and willing to abandon the lands they have cultivated for years, if their respectful petition to government should afford them no lenity. Subsequent information, derived from gentlemen who have been at the Springs, confirm the opinion generally prevailing in this county, that no Indian nation claims the lands in question. A few families of the Arkansas, Quapeaus annually visit the Ouchata to hunt but have never set up a claim to the soil. Wretched indeed must be the fate of the numerous invalids who resort to the springs, if the farmers are driven off these lands. Surely the government framed for the noblest purposes, will not deal harshly with a deserving people worthy of its protection.

The Country Courier,

Printed by Abraham Vosburg, and edited by Barent Gardener. New York.

HIS paper is published twice a week, Mondays and Thursdays, on a large super royal sheet, in an octavo form, so that if the numbers are preserved, they will make two volumes in each year, each volume containing about eight hundred pages; making sixteen hundred pages a year. free of Advertisements for the small sum of five dollars a year.

The profit which can be made from such a paper is very small; and it is therefore necessary that a rigid system of punctuality should be established and adhered to. This can only be done by insisting on payment in advance. That system will be hereafter scrupulously adhered to, without respect to persons.

The same cause which renders punctuality indispensable, renders it necessary also, that the remittance be made, so that five dollars a year New York money, may be realized from it. Little or nothing can be realized if, when a five dollar bill is sent us, we are obliged to pay a broker from 11 to 25 per cent. to turn it into money current in this city.

It will follow, we trust, not less conclusively, that we ought not to be subjected to postage.

Upon these terms we are willing to publish the Country Courier, and whether we have to print it for fifty subscribers or a thousand, upon no other terms shall, or can we publish it.

Worth Attending To!!!

Will be exposed to the highest bidder at my house, on Tuesday the 15th October next ensuing, all the household and kitchen furniture of the subscriber, (which may not be sold before that time by private sale,) consisting of beds and bedding, chairs, carpets, tables, pictures, &c. &c. also a gig and harness, and many other articles, too tedious to mention.

Terms of sale: A credit of six months will be given for all sums of five dollars & over, by the purchaser giving bond with approved security, and bear interest from the date; but should payment be punctually made when due, the interest will be deducted. For all sums under five dollars cash down will be required.

There will also be offered at the same time, if not sold before, a healthy and trusty indentured negro girl, who has about twenty-eight years to serve—terms are, cash down or a negotiable note payable at the "Bank of Vincennes" in six months, to bear interest, and one good endorser.

Having sold out my stock of goods and expecting to remove to Kentucky in about one month, I request and expect all indebted to me to come forward and discharge their respective dues immediately, else they must abide by the consequences, that ought to and will most assuredly and inevitably follow—so judge for yourselves.

All those having demands against me, either by note or book account or otherwise, are requested to bring them forward properly adjusted for settlement.

B. J. HARRISON.
