## BLANK DEEDS,

To the Editor of the Western Sun.  
Claims for Property lost, &c.  
During the late War.

MILITARY AND GENERAL AGENCY,  
Washington City, 10th March, 1817.

SIR—For the information of your read-  
ers, should you think proper to publish  
it, I take the liberty to apprise you that  
the act passed on the 9th day of April,  
1816, entitled "an act to authorize the  
payment for property lost, captured or  
destroyed while in the military service  
of the United States, and for other pur-  
poses," has been amended by an act of  
the late Congress, so as that the

1st Section limits the provisions of the  
9th section of the former act, to build-  
ings occupied by order, as a place of de-  
posit for military and naval stores, or as  
barracks for the military forces. Claims  
under this and the 9th section aforesaid,  
to be investigated by the Commissioner  
and reported to congress.

2d Section provides for the appoint-  
ment of special Commissioners as form-  
erly who are requested to take an oath  
of office. Commissioners authorized to  
appoint an agent in behalf of the United  
States, to join with the special Commis-  
sioners, when he may deem it expedient.

3d Sec. provides for payment of any  
horse, mule, ox, waggon, cart, sleigh or  
harness lost in service, except when the  
risk was to have been incurred by the  
owner.

4th Section extends the provisions of  
this and the former act to cases of prop-  
erty lost, captured or destroyed in the  
wars with the Indian tribes subse-  
quent to the 18th February, and prior to  
the first day of September, 1815—and  
the 5th and last section, provides that  
all claims of 200 dollars or upwards,  
shall be reviewed by the secretary of  
War, and may be confirmed or rejected  
by him.

I am sir, most respectfully,

JOSEPH WATSON.

This agency will undertake to  
collect claims of the above description,  
and all others on government.

**BLANK CHECKS,  
FOR SALE at this OFFICE  
LETTER PAPER.**

## NOTICE.

BEING authorized to lease the Uni-  
ted States' SALT WORKS AND  
SPRINGS, on the Saline creek, in this  
territory, which is deemed advisable to  
divide into five separate parts, proposals  
for renting each part for the term of 3  
years, will be received by me at Kaskas-  
kia, till the 17th day of June next.—In the  
mean time the agent residing upon the  
premises, will give every necessary in-  
formation relative to the manner in which  
the division is proposed to be made.

Persons making proposals will be  
pleased to attend to the following out-  
lines:

1. It not being intended to require any  
advance of money for improvements that  
have been made, nor for any metal now  
employed in the manufacture of Salt at  
those works; the most effectual stipula-  
tions to keep the works constantly in  
good order, to keep the requisite quan-  
tity of metal in constant use, and to re-  
turn at the expiration of the lease, the  
works in the best order for continuing  
the manufacture of salt, in a subsequent  
lease, (including for that object any  
change of the lines of pipes, which the  
operation of the business may render ne-  
cessary) will be required.

2. The usual restrictions to prevent  
the waste of timbers, and disorderly be-  
haviour at the works, will be inserted in  
the contract.

3. The greatest quantity of salt that  
can be made will be required to be made.

4. The highest price at which the salt  
will be allowed to be sold, will be 75 cts.  
per bushel, at which price a right will be  
reserved to the government to purchase  
the whole, or any part thereof.

5. One object of dividing the pre-  
mises being to derive every possible benefit  
from fair competition, it is intended to  
prescribe such regulations, as will pre-  
clude any one lessee from being either  
directly or indirectly concerned with any  
other lessee, or in any other manufactory  
of salt; and at the same time prevent the  
competition from degenerating into un-  
fair opposition, or a resort to any means  
injurious to the works.

6. A violation of the stipulations con-  
tained in any lease proposed to be made,  
will produce a forfeiture thereof; and the  
possession of the lessee is to be consid-  
ered of such a qualified nature, as to im-  
pose no difficulty whatever on the part  
of the government, to prevent its taking  
immediate possession of the leased pre-  
mises and disposing of them as it shall  
think proper.

7. The highest rent proposed to be  
given, will naturally claim the prefer-  
ence.—But it must be distinctly under-  
stood, that the character and ability of the  
person making proposals to perform the  
contract, not less than the proposals  
themselves, will be taken into considera-  
tion, and none need make proposals with  
the hope of obtaining any future altera-  
tion of their contracts, in consequence  
of any casualty, to which the works are  
liable.

8. Persons making proposals must  
come forward prepared without delay  
to give the most indisputable security,  
otherwise their proposals will not be con-  
sidered.

Further details will be made known  
on the 16th June next
