It is understood that the contractor is to be at the expense and risk of issuing the supplies to the troops, and that all losses sustained by the depredations of the enemy, or by means of the troops of the United States, shall be paid by the United States, at the price of the articles captured or destroyed as aforesaid, on the depositions of two or more persons of credible characters, and the certificate of a commissioned officer, stating the circumstances of the loss, and the amount of the articles for which compensation shall be claimed.

The privilege is reserved to the U. States, of requiring that none of the supplies which may be furnished under any of the proposed contracts, shall be issued, until the supplies which have been or may be furnished under the contract now in force, have been consumed.
