

made mention of a peasant named Pheodor Vacitity (Theodore Basildes) 75 years old who was married but twice & has a very numerous family. His first wife lay in twenty-seven times: she was brought forth of four children at a time at four births; of three at a time at seven births; and of twins at 6 births; so that in all she brought forth 69 children. His second wife gave birth to 18 children in eight deliveries—so that in 35 labors of his two wives, that peasant became the father of 87 children, of whom 83 are now living."

Inundations in Switzerland.

Many parts of Europe, as well as the U. States, have suffered greatly during the present season, from heavy & drenching rains. Accounts from Switzerland dated early in July, state, that in consequence of the powerful and continued rain, the lake of Constance had overflowed both its banks and in some places to a great depth—in some districts (says one account) only the roofs of the houses are visible, & the population have sought refuge in Arrenburg, in the city of Constance itself the lake has spread into the streets—The Grisons the Rhine and the Landquart, have furiously burst their banks; and in the Rinthal the country is covered with water."

Affairs of South America.

FROM LATE LONDON PAPERS.

According to letters from Spain nearly the whole of the Spanish cavalry, to the number of 2000, (another paper says 20,000) were about to assemble in Andalusia. It is added that they were about to embark 3 or 400 at a time for South America. Another article states that 11 men are to be taken by lot from each regiment of the line in Spain, & the whole force thus assembled, amounting to about 6000, it is said will be sent to South America.

Whatever may be our sentiments respecting the struggles for independence in South America, we shall neither connive at rebellion on the one hand, nor despotism on the other. As however, Great Britain is in a state of amity with the several powers of Europe, it becomes her to be careful that no measures are adopted in this country inconsistent with our amicable relations. The following facts are therefore particularly entitled to the notice of our rulers. A ship called the Two Friends, is now lying at Spithead, on board of which are upwards of 100 English officers who are avowedly going to support the independents in South America. There are we are assured agents for these independents now in London and at Portsmouth, who promise to all Englishmen who are disposed to join their cause, one rank higher than what they held in the British service. These officers are also promised \$200 each on their arrival on the Spanish Main to defray their passage. We hear besides, that 5 ships are now fitting out in London supposed to be for the same destination. We have no doubt but Ministers will act discreetly on this occasion but we deem it our duty to submit the subject to their attention.

From the Slave, June 14.

The Portuguese Ambassadors at several courts have received precise instructions from their Government to declare that it has not the smallest intention of seizing upon any of the Spanish possessions in South America; and that the country of which it has in fact taken possession will be restored as soon as Spain shall have re-established its authority on the river la Plata.

It is certain that this declaration of the court of Brazil has made the most favorable impression on the Ambassadors of the mediating powers, and that in the last great conference which took place at Paris on this head, not only was this very satisfactory declaration taken into consideration but this led to discussions which may be of great importance towards the maintenance of order and tranquility. The insurrections both in the Brazils and other parts of South America were taken into serious consideration. Engagements are spoken of which the courts enter into, and which they invite all other Powers; including the UNITED STATES OF NORTH AMERICA to join, not only not to afford any kind of assistance to the people who are in a state of insurrection but entirely to break off all intercourse with them. It is expected that several particulars relative to this will be made public."

For a full July 8.

Letters of a notification from the Ger-

manic Diet to all the Powers of Europe, to the Grand Seignior of Tuskey, & to the United States, are to be dispatched before the recess. By these the Germanic Confederation proposes to treat with the several States as European Powers.

One Hundred Dollars Reward.

ANAWA, from the subscriber on the night of the 31st August last a negro man named

SAM CARR.

6 feet high weight 200 & upwards when in health, left leg smaller than the other from a white swelling, which occasions him to limp smartly—hands & feet large—broad flat nose, very black he is one of the greatest hypocrites and liars perhaps in the world of his color, very smart shrewd cunning fellow—professes to be a methodist, prays regularly night and morning in his family. I purchased him out of Jail, at \$560 at this place, of Eisha Green, of Tennessee, from whom he runaway. He has with him a Riffle gun, brass mounted, Tomahawk and Butcher knife—wearing apparel of all kinds, bed cloathing to a considerable amount. ALSO.

ALICE, the wife of SAM, very black, small woman large mouth & eyes handsomely shaped small hoioow feet—small toes short, she has considerable cloathing also. I wish them to be well searched when taken, as I believe they have upwards of \$200 with them, as I have lost money lately out of my desk—they have with them a yellow girl 12 or 13 years old, the daughter of Alice a servant to John Harbin—I will give the above reward for Sam & Alice,
