

THE WESTERN SUN.

Vincennes, October 11, 1817.

The Masonic Oration by brother G. W. Johnston, delivered to Vincennes Lodge on the 24th June last, was accidentally mislaid,—we now present it with pleasure to our readers.

We are authorised to announce the following persons as candidates for the Legislature,

ROBERT BUNTIN, Jun.
GEN'L. W. JOHNSTON.
JOHN L. McCULLOUGH.

Mr. Auguste Chouteau, with Mr. De Mun and their companions, after 48 days confinement in the prison of Santa Fe, returned on Sunday last, to their rejoicing families and friends.

The American People; and particularly those of the western country, will hear with indignation and astonishment, that their fellow citizens of the oldest and most respectable families of Missouri, have, on the head waters of Arkansas, within the United States limits, been stripped of their property by a *Spanish Officer*, and compelled ignominiously to kiss, upon their knees, the stupid & oppressive mandate which consigned them to chains and a dungeon!!!

This despot of Santa Fe, seems to be characterized by ignorance, presumption & brutality. He recalls the remembrance of the soldiers of Cortes who tyrannized in that country 300 years ago. On the introduction of our townsmen he accosted them with a ferocious grimace. "I am glad to see you—you are very welcome—I shall probably enough have your heads cut off." He acted besides, we are told, under the real or pretended belief that the Mississippi continued to be the boundary between the U. States and his Catholic Majesty. And affected to speak of our governor with contempt for being so badly informed in this respect.

Persons of understanding and manners, in the Spanish Province, and indeed individuals of every description, lamented the causeless oppressions which were heaped with so much wantonness on these peaceful and unoffending Merchants. They were engaged, as they say and as we fully believe in their usual pursuits, under a licence from the governor of Missouri Territory, and within its heretofore acknowledged boundaries. And certainly on the waters which fall into the Mississippi.

We know not what indemnification can be made to those gentlemen for their personal sufferings, but we are very sure that our Government will take prompt measures with the Spanish court for the payment of a round sum of money equal in value to the property of which our Merchants have been despoiled.

We hope too that the adored Ferdinand will be instructed by this affair to place men of sense if not of humanity at the head of his Provinces.
