LATEST FROM BORDEAUX.

NEW-YORK, Oct. 16.

By the fast sailing sch. Gertrude, capt. Butman, in 35 days from Bordeaux, the Editors of the Mercantile Advertiser received papers of that city to the 3d Sept. inclusive, which do not however contain any news.

We learn verbally by this arrival, that the markets were good at Bordeaux, for sugar, coffee and cotton.

We also learn that the harvest in the south of France was abundant and well got in, but in the north it was indifferent; and that the vintage was short, and not more than one third of the usual crop was expected to be got in.

The British ship Mary Ann arrived at Boston on Sunday last, in 50 days from London, with two hundred and four Passengers. The Mary Ann was bound to St John's, N. B. but the passengers not wishing to go there, rose upon the crew, and brought the vessel into Boston.

Extract of a letter, dated London, 5th August, 1817.

"Every thing is extremely quiet, but to me it appears that awful pause which precedes a terrible eruption; the funds have gone up rapidly, but now decline, and it is an ominous fact, now generally understood, that the sellers are the old country stockholders, and the buyers are the speculators; trade does not revive, & while the spirit of gambling makes every thing alive round the precincts of the Stock Exchange, all without is gloomy and sad. I revert now to the new world, upon which I trust my dear friend is now safely landed."—Dem. Press.

PHILADELPHIA, Oct. 16.

The man who could refuse a proffered throne, and who, in time of danger, could not resist the voice of nature and the call of his country, is worthy of the homage due to virtue.

WILLIAM W. BIBB, late Senator in Congress from Ga. has received from the President the commission of governor of the territory of ALABAMA.—1b.

BRIEF SUMMARY,

The king of the Netherlands has appointed commissioners to negotiate a Commercial treaty with America. The conferences have been opened at the Hague.

A malignant fever is now raging thro' every part of Ireland, and many deaths have taken place.

Great preparations are making thro' Prussia, and other places on the continent for the celebration of the centennial festival of the Reformation by Luther. The emperor Alexander was on the eve of leaving St. Petersburg for 18 months, on a tour of inspection through the southern provinces of his immense dominions.

The differences between the Turks and Russians are likely to be amicably settled. A negotiation is said to be on foot for engaging the Sublime Porte to permit
