

By the President of the U. States.

WHEREAS, by an act of Congress, passed on the 17th of February, 1818, entitled "an act making provision for the establishment of additional Land Offices in the Territory of Missouri," the President of the U. States is authorised to direct the public lands which have been surveyed in the said territory, to be offered for sale:

Therefore, I, JAMES MONROE, President of the United States, do hereby declare and make known, that public sales for the disposal (agreeably to law) of certain lands in the territory of Missouri, shall be held as follows, viz: At St. Louis, in the said territory, on the first Monday in August, October, December, February and April next, and three weeks after each of the said days, for the sale of lands in the land district of St. Louis. Thirty townships shall be offered at each sale commencing with the most eastern ranges west of the fifth principal meridian line, and proceeding westerly.

At the Seat of Justice for Howard County, in the said Territory, on the first Monday in September and November next, and three weeks after each of the said days, for the sale of lands in the land district of Howard County. Thirty townships shall be offered at each sale: The first to be in a square form, and to include the seat of justice of the said county, as nearly in the centre as the situation of the surveys will admit, and the second immediately east of the first, and in the same form; excepting from sale in each district, the lands which have been or may be reserved by law for other purposes.

Given under my hand, at the city of Washington, the thirtieth day of April, one thousand eight hundred and eighteen.

JAMES MONROE

By the President.

JOSIAH MEIGS,

Comm'r of the General Land Office.

Printers of Newspapers who are authorised to publish the Laws of the U. States, will insert the above once a week till April next, and send their bills to the General Land Office for payment.

NOTICE.

ON the 6th of November next, I shall offer for sale a number of LOTS, in a new town called

CLINTON.

Situate in Davis county Indiana; about 40 miles above the county seat (Washington), about 60 miles northwardly from Vincennes, between 40 and 50 east of Terre-Haute, and 20 miles west of Bloomington, on the east bank of the west fork of White River, 6 or 7 miles above the mouth of Eel. The ground is airy and fertile, the air salubrious, & the waters sweet and transparent; from the river the land ascends gently a considerable distance back, affording an eminence of about 55 feet above the high water mark, (in the bank) then after passing a few rods on a level the ground gradually descends to a small infallible stream of cool and wholesome water, which may be conveyed through all the lower parts of the town by pipes with a small expense. In the upper part of this two springs of delightful drinking water; and to all who shall reside in the western parts of the town, the aforesaid eminence will afford a fair view of one of the most handsome navigable streams that ornaments this state; from the eastern parts of this town after the view passes about a mile over a rich plain, it meets small and fertile hills, embellished with springs of excellent sweet water. Free and lime stone quarries, stone coal, and a variety of timber for building and for Cabinet work. Very convenient to town is an excellent free-stone quarry belonging to the subscriber, the use of which shall be free to any purchaser, for the improving of his or her lot or lots, for and during three years from and immediately after the date of the sales aforesaid.

The subscriber will require of the respective purchasers, one third of the price of each lot within three months after the day of sale, one other third part of the purchase money within fifteen months & the residue within 27 months. Bond and approved security will be required of each purchaser, for those payments and on the completion of any such payment, a good and sufficient title will be given to each such purchaser, for each lot so paid for.
