

bers with the remainder of the Rifle
regiment was at Fort Osage, 30
miles below the mouth of the Kansas,
waiting the arrival of provisions.
On the 31st July the Western En-
gineer, was 30 miles below Fort Os-
age, ascending.
The same day the advance of the
sixth Infantry in keel boats were ten
miles above the mouth of Grand river.
—An accident had happened these
boats. In a rapid part of the river the
Cordelle, or towing rope, broke; the
boat swung, and drove down the cur-
rent until striking a sawyer, overset,
and went to the bottom. A soldier's
wife and child were drowned.—Grand
river enters the Missouri 240 miles
above its junction with the Missis-
sippi.
August 1. The foremost of the
steam boats, the Expedition, was
eight miles above Franklin (Boon's
Lick) lying to and repairing some of
her machinery.—The progress of this
boat up the Missouri had been at the
rate of eight miles a day!
August 2. The steam boat John-
son was thirty-five miles below Boon's
Lick, advancing.—Her progress had
been at the rate of six miles a day!
August 3. The steam boat Jeff-
erson was eight miles above the mouth
of the Great Osage.—The Great Os-
age enters the Missouri 133 miles
above its mouth. The Jefferson had
therefore made 141 miles in a period
of thirty days!—
The sentiment of the country, from
the day of the arrival of Col. John-
son's steam boats, was unanimous that
these boats were unfit for the Missis-
sippi. The truth of that sentiment is
now made manifest.
It is now certain that so much of
the expedition as depends upon the
progress of these feeble boats, will
not see the Council Bluffs this year.
That part however, which may go
forward in keels and barges may easily
arrive there.
Let no one attribute to the difficul-
ties of the river the wretched progress
which Col. Johnson's boats have made
in ascending it.—Captain Nelson's
voyage to Boon's Lick in the Inde-
pendence is a proof of the ease and
safety with which it may be navigated
in a boat properly built, of competent
power, and skilfully conducted.

WESTERN SUN.

VINCENNES:
SATURDAY, SEPTEMBER 4.

A communication signed "A ci-
zen of Sullivan county," has been re-
ceived and laid over for the inspection
of the editor, who is now absent. If
the writer feels anxious to have it
published, it would be advisable for
him to forward his name to the editor.
However when such grievances as are
complained of in that production do
exist, they may be remedied by legal
process.—Would not that be the bet-
ter way to obtain redress?

The second No. of a production
bearing the signature of "Knox," ad-
dressed to Gov. Jennings is also om-
itted, and will be presented to the ed-
itor for inspection on his return.

Expedition to Texas.—The Lou-
isiana Herald, of the 22d June, states
that orders have been given for the
troops at Natchitoches to march to
the Sabine, to prevent the passing of
auxiliaries or supplies to the Inde-
pendents in the province of Texas.

*From the American Centinel, printed
at Philadelphia, of August 7.*

Emigration.—One hundred and fifty
eight passengers arrived at this
port yesterday from the kingdom of
Great Britain and dependencies.

AGRICULTURAL.

By a letter from Bucks county,
Penn. we learn, that "the drought
continues, and surpasses any ever re-
collected here before. We have not
had a rain to wet plough deep, since
April; and for the last six weeks, not
sufficient to lay the dust. The crops
of corn and buckwheat must entirely
fail in this neighborhood. Hay and
oats produce only two thirds to for-
mer years; and many people who
have large farms, are now foddering
their cattle as in winter. Water is
extremely scarce also; and if we are
not blessed with rain shortly, I know
not what the consequence will be."

From the Washing City Gazette.

We learn that a meeting of the
cabinet was yesterday held at the
President's house, and that all the
members, viz. the president, the sec-
retary of state, secretary of the treas-
ury, secretary of war, the secretary
of the navy and attorney general, were
present. The subject of the late
despatches from our minister at Mad-
rid is said to have been the principal
subject under consideration.

From the Kentucky Reporter.
SUMMARY.

The president of the United States
arrived at Washington city on the 8th
inst.

The Hornet is under sailing orders,
probably to return to Cadiz.

It is believed there will be a ma-
jority in the district of Maine, of
10,000 votes in favour of separation—
so that Maine will undoubtedly be-
come an independent state.

The stock of the United States
Bank has been gradually rising until
it has, from 87 per cent. got up to
97 1-2—at New York 100 shares
were sold at that rate, and at Phila-
delphia 99 per cent. was asked.

In the early part of this month, there
was a violent hurricane at New-Or-
leans; many houses and vessels were
injured, among the latter the U. S.
ship the Firebrand, and other armed
vessels.

In some of the eastern cities the
heat has been excessive—the ther-
mometer has ranged from 96 to 101,
in the shade.

Intelligence from England as late
as June 17 has been received.—Cot-
ton and Rice continue to decline in
the Liverpool market.

The Cash-payment bill has passed
the house of commons. Many peti-
tions have been presented against the
foreign enlistment bill: it has been
ordered to be read a third time.

GOLD AND SILVER.

It is not generally known, that af-
ter the first of November next, agree-
ably to a law passed the last session
of Congress, no foreign Gold Coin
will be a legal tender. The effect
of this knowledge will be to throw in-
to our banks most of the gold coin
now in the United States, which will
be transmitted to the United States
Mint and be made into Eagles.

It ought also to be recollected, that
at the end of two years from the first
of April last, all foreign Silver Coin,
except Spanish Dollars and parts
thereof, ceases to be a legal tender in
the United States. *Rel's Gaz.*

We learn that the Russian minister
whilst on an excursion to Mount Ver-
non obtained from a tree, growing o-
ver the tomb of Washington, a small
branch sufficient to make a walking
stick, which he intends sending to
Russia, as a present for the emperor
Alexander in remembrance of our
beloved Washington, with the simple
motto "Mount Vernon" engraved on a
small gold plate fixed on its head.

ANTIQUE CURIOSITY.

On October 22d, 1777, fort Mifflin
was attacked by the British men of
war and frigates, without success.
The Augusta frigate and Merlia sloop
of war grounded; the Augusta took
fire, and blew up, the Merlia was has-
tily evacuated and burnt. Col. Sam-
uel Smith of Baltimore commanded the
fort.

Some few days since, an enterpris-
ing individual, in the habit of plying
up and down the Delaware, succeed-
ed in raising a gun belonging to one
of the above vessels; it is a double
fortified 24 pounder; and its high
state of preservation, after having laid
near 12 years in the water, makes it
a subject of curiosity. It appears to
have been cast in the reign of Geo. the
1st bearing his majesty's initials and
arms. It now lies at our navy yard
gate.—*Franklin Gaz.*

A CHRISTIAN.

"Sir John Mason, on his death bed
said, "I have lived to see five princes
and have been privy councillor to
four of them. I have seen the most
remarkable things in foreign parts,
and have been present at most state
transactions for thirty years together;
and I have learnt this after so many
years experience—that seriousness is
the greatest wisdom, temperance the
best physic, and a good conscience
the best estate. And, were I to live
again, I would change the court for a
cloister, my privy-councillor's bustle
for a hermits retirement, and the
whole life I have lived in the palace,
for an hours enjoyment of God in the
chapel."

H. Ruble

as a store.—He returns his unfeigned
thanks for past favors, and solicits a
continuance of a generous public's
patronage.

SPRINGVILLE.

THE SUBSCRIBERS
WILL OFFER THIS TOWN FOR SALE
On the 1st Monday of October next
This town is so planned for health
and convenience as to ensure general
satisfaction in that respect. It is situ-
ated in Owen county, on the bank of
the west fork of White River, and im-
mediately opposite to the site which
has been selected for the seat of jus-
tice of Owen. It is 16 miles distant
from Bloomington the seat of justice
of Monroe county, and nearer to it
than any other point on the river; and
the road between those places being
very good, SPRINGVILLE must be
principally the place of deposit for
that rich, populous and flourishing
county. It embraces several fine
springs not surpassed by any in the
country, and from which (at a trifling
expense) water might be conveyed to
any extremity of the town. Independ-
ent of these advantages the remarka-
ble healthiness of the place, and the
unrivalled fertility of the contiguous
country, make SPRINGVILLE a
desirable place either for the purpose
of speculation or of obtaining an agree-
able residence.
TERMS OF SALE.
One fifth of the purchase money
paid at the time of sale, one fifth in 9
months, one fifth in 13 months, one
fifth in 27 months and one fifth in 3
