Public Land Debt.—An act having been passed at the last session of Congress, to provide for the extinguishment of the debt due to the United States by the purchasers of public lands, and instructions having been issued from the general land office, for carrying the same into effect we publish an extract from those instructions, for the information of those persons who may wish to avail themselves of the benefit of the act.

Extract of a letter from the Commissioner of the General Land Office, to the Registers of the several Land offices.

General Land Office, May 25, 1824.

"I enclose you a copy of an 'Act to provide for the extinguishment of the debt due to the United States, by the purchasers of public lands,' passed the 18th of May, 1824, together with a copy of the act explanatory thereof.

These Acts provide:—

1st. That all persons who have obtained, or legally hold a certificate of further credit, granted under the provisions of the several acts for the relief of the purchasers of public lands, shall, at any time previous to the 10th of April, 1825, be allowed to file a relinquishment, in writing, with the register of the land office, where the land was purchased, for any section, or fractional section, or any legal subdivision thereof, and apply the amount heretofore paid on the land relinquished, to the discharge of the amount due on any tract retained by such purchaser or legal holder of a certificate of further credit, provided they close their accounts for all the lands retained by them in your district, by relinquishment in full, or in part by relinquishment in part, and in part by cash, with a deduction of 37 1-2 per cent, on the cash part of the payment.

2d. That all purchasers, or the legal holders of any certificate of purchase, who may have obtained a certificate of further credit, on making complete payment in cash, at any time previous to the tenth of April, 1825, of the whole amount due, and to become due, shall be allowed a discount of 37 1-2 per cent, on the amount due, including interest.

Under this provision of the act, any particular tract may be paid for at the option of the holder of the certificate of further credit.

You will receive by this mail all the forms necessary to enable you to make your monthly returns of the lands relinquished, and of those finally paid for, under the provisions of these acts.

The relinquishment to be filed with the Register, is in the same form as that required under the several acts for the relief of the purchasers of public lands, and will be received under the same regulations.

All divisions and subdivisions of land are to be made in conformity with the first section of the act making further provision for the sale of public lands, passed the 24th of April, 1820.

Discounts heretofore allowed on payments made on land relinquished, are to be considered a part of the sums to be transferred to complete the payment of land not relinquished.

Interest heretofore paid on payments made on lands relinquished, is not to be considered as part of the sums to be transferred to complete the payment of land not relinquished.

Payments made on land relinquished in one district, cannot be carried to the credit of balances due in another, as the transactions of different land offices cannot be blended together.

The certificate of further credit must be filed at the time of completing the payment, and if it shall have been lost, the party must take the same measures, and file the same description of evidence, as have heretofore been required in cases of lost certificates."

EDWARDSVILLE, JUNE 23d, 1824.

HAIL STORM.—This town was yesterday visited by one of the most violent storms of hail, that is to be recollected in the western country. The storm commenced about four o'clock, in the afternoon, and lasted from 25 to 30 minutes; the wind blowing from the north east.—The ground was perfectly covered with hail, some of which were nearly 6 inches in circumference. In this place every thing of the vegetable kind, is destroyed; the gardens are perfectly stripped, and the corn beaten to the earth; all the window glass on the north-east side of the houses are broken.

We believe that the storm has not extended to any considerable distance, but so far as it extended it has completely destroyed the hopes of the husbandman.

J. Shinn's Panacea.

THE subscriber having discovered the composition of SWAIM'S celebrated PANACEA, has now a supply on hand for sale, he has reduced the price from \$3 50 to \$2 50, or by the dozen \$24.

All charitable institutions in the United States, and the poor, will be supplied gratis.

If the citizens of the principal cities & towns will appoint an agent to order and distribute this medicine to the poor, it will be supplied.

This medicine is celebrated for the cure of the following diseases:—Scrofula or king's evil, ulcerated putrid soar throat, long standing rheumatick affections, cutaneous diseases, white swelling and diseases of the bones, and all cases generally of an ulcerous character, and chronic diseases, generally arising in debilitated constitutions, but more especially from syphilis, or affections arising therefrom; ulcers in the larynx, nodes, &c. And that dreadful disease occasioned by a long and excessive use of mercury, &c. It is also useful in diseases of the liver.

CERTIFICATES.

I have, within the last two years, had an opportunity of seeing several cases of very inveterate ulcers, which having resisted previously the regular modes of treatment, were healed by the use of Mr. Swaim's Panacea, and I do believe, from what I have seen, that it will prove an important remedy in scrofulous, venereal, and mercurial diseases.

N. CHAPMAN, M. D.

Professor of the Institutes and Practice of Physick in the University of Pennsylvania.

I have employed the panacea of Mr. Swaim in numerous instances, within the last three years, and have always found it extremely efficacious, especially in secondary syphilis, and mercurial disease. I have no hesitation in pronouncing it a medicine of inestimable value.
