

first division of the Turkish fleet had sailed, and that the second division was about to follow. At the end of the preceding month, three Servian Deputies had arrived at Constantinople, bringing news that the Bishop of Belgrade was dead, and requesting the Porte to appoint his successor. The operations by land were continued against the Greeks and it is denied that those of Karasiskaki's had been crowned with any decisive success.

## MEDICINE STORE

On Market street, next door to S. Tomlinson's store, in the room formerly occupied by F. Dickson—where he is now opening Medicines just received. During the month of June, he will receive from Philadelphia, several packages additional, to complete the assortment, and make it ample. In conducting this business, he has engaged the assistance of *DR. WOOLVERTON*, which he hopes will enable him to accommodate those who purchase for family purposes to their entire satisfaction; the advantage of correct prescriptions to such, will be obvious.—Physicians purchasing, may be assured of every article necessary in practice, and of genuine quality; none other will be offered.—It will be made their interest to favor him with their custom.—Country merchants may find it to their interest to give him a call, for such medicines as they may want.

**DR. WOOLVERTON**, respectfully informs the citizens of Vincennes, and vicinity, that he has so far recovered his health, as to be able to assist *Doctor McNamee*, in the above business, and to resume his Practice, which he will do in the employ of *Dr. McNamee*.

Vincennes, June 1827.

## Sale of Seminary Lands.

**I**N conformity with a law of the state of Indiana, NOTICE IS HEREBY GIVEN, that on the first Monday of September next, and from day to day thereafter until the sale shall be completed,

## The Seminary Township,

in Gibson county, will be sold in Princeton, at Public Auction, in half-quarter sections: one fourth of the purchase money to be paid in hand, the balance at the option of the purchaser, to remain on interest for ten years, and thereafter at the option of the State Commissioners for that purpose, under the direction of the General Assembly. The interest to be paid annually in advance; and a failure for two years successively to pay such interest, shall occasion a forfeiture of the land sold. Title in fee to be made when the payment is made in full. The above land was selected nearly twenty years since for the use of a State Seminary, and is recommended to purchasers by every advantage of fertility of soil and beauty of situation. It adjoins the flourishing town of Princeton, 28 miles from the Ohio, 6 from the Wabash, and the same distance from White river.

On the first Monday of Oct next,

## The Seminary Township,

in Monroe county, will be sold at Bloomington, in the same manner and on the same terms. This tract of land joins Bloomington where the State Seminary is situated, and is inferior in quality to none in the state of Indiana. Both townships were selected prior to any sales in their vicinity, and have ever been considered the most advantageous that could be made. They have farms in every variety of improvement: the towns they adjoin contain six or eight hundred inhabitants each, and it may be safely stated, that for procuring desirable situations for permanent settlers nothing equal has been offered to the public for many years. The land is to be divided by the Commissioners, James Smith for the former township and James Borland for the latter, into three rates: the first to be sold at no less than three dollars and fifty cents per acre, the second two dollars and twenty-five cents, and the third one dollar and twenty-five cents.
