

sury without a dollar. Time, and time only, must put an end to such a state of national misery. Commodore Porter, it is strongly reported, has left the service.

The Spanish packet, No. 4, arrived at Havana on the 25th from Cadiz, full of troops. Cadiz has been declared a free port.

It was reported at Havana, that a strong military force was expected to leave Spain, under the command of the count de Espagne, destination unknown. The Spanish squadron, consisting of two sail of the line, four frigates, six sloops of war, and several smaller vessels, were at anchor in Havana.

The ship Charleston, from Vera Cruz, brought 102 passengers. The expulsion of the Spaniards continued.

TO THE VOTERS OF KNOX COUNTY.

The tenor of a friendly and dispassionate call made upon me by a portion of my fellow citizens throughout the county, together with the distinct evidence it affords, strengthening my own wishes, that in the selection of proper persons to represent the oldest county in the state, in the next Legislature, public interest will alone be consulted by the considerate of both parties, has enhanced the pleasure with which I allow my name to be added to the list of candidates.

That the individuals who may be thought best calculated to advance the peoples wishes should be selected, free of every extrinsic consideration, is my earnest wish. Our immediate interests, and our ultimate aggrandizement, in population, wealth and trade, are so vitally dependant upon the long delayed improvement and extension of our navigation, that it is sincerely believed every personal and party consideration should merge in this great object. If we are to be allowed to avail of the liberal donation of land made by the general government, is proven by experience to be a matter mainly dependant upon ourselves; and this consideration can no longer be overlooked without a forfeiture. Actuated solely by a desire to render myself useful, I fondly hope a long experience, with the aid of various sources of intelligence, will enable me to meet the just expectations of my fellow citizens in regard to this, and some other matters of general concern, which must be disposed of at the ensuing session.

I am aware, however, that during a period of thirty-three years residence in Indiana, in the constant performance of various duties, no mortal could expect to be found entirely exempt from faults both of omission & commission: but he who with integrity of heart, seeks to persue the interests of the country, and the wishes of his fellow citizens, may measureably hope for a fair comparative estimation. Offering my services under the circumstances, and upon the grounds stated, and at a time of life when any active interference or struggle to receive votes will not, I trust, be expected of me, I shall only add, that if I be one of the candidates selected, the renewed confidence will strengthen my former obligations, to increased exertions for your welfare, and invigorate my zeal in advocating such measures as seem best calculated to promote your happiness and prosperity.—With respect, your fellow citizen,

G. W. JOHNSTON.

In pursuance of a certain decree of the Circuit court in Chancery, at their March term, 1829, made in a certain suit, wherein Daniel Dolohon was complainant, and Mary Dolohon was defendant, I will expose to public sale to the highest bidder, for cash, at the court house door in Vincennes, on Monday, the fifteenth day of June next, between the hours of ten o'clock, A. THE PHILADELPHIA SOUVENIR,
PUBLISHED EVERY WEDNESDAY,
EMBELLISHED WITH TWENTY ELEGANT QUARTO
COPPER-PLATE ENGRAVINGS OF REMARKABLE
VIEWS, CELEBRATED PERSONS, AND QUARTERLY
PLATES OF THE FASHIONS,

"Now that the winter of our discontent is made glorious summer by the Sun of JACKSON—or in other words the storm which has agitated our political horizon being now dispelled—the publisher deems it advisable at the commencement of the New Year, to return his thanks to his patrons for the favours already bestowed, and inform them, and the public that he enters upon his duties with renewed prospects of rendering it still more interesting than at any former period—he has completed his arrangements, and is now in the receipt by every packet which arrives here or at New York from England, of the most interesting periodicals, from which he will be able to furnish his readers with the latest literary productions of merit, instead of receiving them second hand from publications in this country—for those who attach an importance to the Proteus changes of fashion, he has been induced to add La Belle Assemblee, which is believed by the gay world, to hold the "mirror up to nature," and which will enable him to present them with the earliest notice of all changes in taste & fashion which are constantly taking place, and from it to select the elegant engravings with which it is adorned to grace the pages of the Souvenir quarterly—in short, no expense has been spared that will be likely to add to the value of our publication.

But whilst our attention is thus directed to what transpires in Europe, it shall not permit us to neglect NATIVE MERIT—and we shall freely select from American publications what seems adapted to our purpose—and last but not least, we have succeeded in enlisting in our interest many valuable correspondents, both in this country and in Europe whose productions would do credit to any publication, and were we at liberty to give their names to the public, would add lustre to any work to which they were attached—in short, no exertion will be spared to render

"THE SOUVENIR," in all respects worthy the patronage of the public, both as a cheap and elegant emporium of useful and interesting information, and a valuable repository of choice specimens of Miscellaneous literature. Strict attention will be bestowed on its moral tendency, and a constant watchfulness preserved over the cause and interests of virtue.
