CASE OF CHARLES DAVIS.

The following affidavit exhibits the powerful efficacy of Swain's PANACEA in Chronic Rheumatism. This extraordinary case places in bold relief the absurd, the inflated prejudice, of certain of the faculty, or their manifestly wicked and unjust conspiracy to decry this invaluable medicine. It may perhaps humble the pride of science, but it will advance the interests, and relieve the sufferings of mankind, to have it known that when the patient had been nearly cured by the introduction, by stealth, of my medicine, the medical attendants being ignorant of the agency of the Panacea in the cure, delivered clinical lectures on his case, and built up a theory for the future treatment of Rheumatism; and have sent their students to all parts of the Union to practise on their fellow creatures upon such unfounded theories. Poor Davis! he had long pined and languished under what is called regular treatment, and under it would probably have descended into the grave; but happily for him he heard of the Panacea—He took it by stealth, and is alive to testify to its almost miraculous effects on him.

In former publications I have given cases of Rheumatism cured by this medicine, but if a knowledge of all those cures was utterly lost, and this case of Davis stood alone, I should feel entitled to pronounce the Panacea a specific in that prevalent & painful disease: and the man who could have the hardihood to deny the assertion must either undertake to prove this statement, sanctioned by the solemnity of an oath, to be false, or he must attempt to demonstrate, against reason and fact, that the cure was merely accidental.

If the delicacy of the patients would permit, I could publish numerous cases in this city, where the Panacea has been privately and successfully administered while the attending physicians have watched the progress of the disease, prescribed medicines which were never taken, and finally chuckled at the fancied triumph of their skill. Such a doubt this statement may be satisfied by calling at my office, where I am prepared to verify these assertions. Were I permitted to publish the evidence in my possession, it would cover certain gentlemen with confusion, and I ought not to have any compunctious visitings of conscience in doing it, for they have been my unsparing enemies, neglecting no opportunity of detraction, or of injuring me. They have toiled in vain. I have the great satisfaction to know that exactly as the evidence of its efficacy is spread before the public, so does the character of the Panacea rise in public estimation, and the demand for it increase.

WM SWAIM.

PHILADELPHIA ALMS HOUSE INFIRMARY,
February 16th, 1829.

TO WILLIAM SWAIM.

SIR—I write for the purpose of informing you of the successful use of your Panacea on me, after having been afflicted with Chronic Rheumatism for nearly five years. I am a cripple, but I do verily believe that even that might have been prevented if I had taken your medicine earlier. I will give you a brief but accurate history of my sufferings & cure.

I was chief mate of the brig Pimandra, captain William Yarnall, of this port, bound to Pernambuco. At that place I was attacked with a very severe pain in the right side about the last of November, 1822; in the following January it shifted to my shoulders and head, accompanied with sick stomach & loss of appetite. I then went on shore to an English Hospital, and remained 20 days, without deriving any benefit; from thence I went to private boarding, and employed a Portuguese physician. I was on shore at Pernambuco about six months, and found the disease increasing; the right foot became so much inflamed and swollen that I could not walk without a cane; my expenses rapidly increasing, and believing that a change of climate would be beneficial, I went to Bahia, and found in a short time that I was getting worse; there I entered the National Hospital, and staid 23 months; 17 months of the time I was confined to my bed; I lay six months in one posture, and often times I have been for ten or twelve days without eating—my right knee and right hand were much swollen; I suffered all but death.

I obtained a passage to Baltimore, and reached there in 38 days; I was carried immediately to the Baltimore Hospital and not expected to live until the next day. I remained there nine months; finding myself somewhat better, I came to Philadelphia, and went into the Pennsylvania Hospital the 12th June, 1826; left there at my own request the 29th of November, 1826, and immediately came into the Philadelphia Alms House Infirmary; after being here seven months,

all the time close confined to my bed, and when no more medicine was administered to me, I had no alternative but to try SWAIN'S PANACEA, then it was I made known my situation to you, and received one bottle of your medicine, which was secretly conveyed into the ward by Mrs. A. Snell; in using it I was obliged to use caution, as the attending physician had given particular instructions against its introduction into the ward, saying, he did not wish his patients to take it, as it was no other than a quack medicine. After taking half of the first bottle I began to feel better, and my appetite increased; I slept better; after the second bottle the pain ceased, and fifteen days afterwards I was able to walk the streets on crutches, to the astonishment of all who knew, or had seen, my condition. A month previous to my taking the Panacea I could span my thigh with one hand, and many who saw me while sick, knew me not when they met me in the street. I can safely say that I now enjoy good health, and have ever since, having taken but one dose of salts since that time.—Swain's Panacea is entitled to the praise of my cure.

CHARLES DAVIS.

CITY OF PHILADELPHIA, SS.

Personally appeared before me, George M. Dallas, Esqr. Mayor of the city of Philadelphia, Chas. Davis, also of said city, Mariner, who being duly sworn according to law, doth depose and say, that the facts stated in the foregoing letter are just and true.—Subscribed and sworn before me this 16th day of February, 1829.

G. M. DALLAS, Mayor.

PHILADELPHIA, February 16th, 1829.

I hereby certify, that Charles Davis, the person whose name is attached to the foregoing letter and deposition, sent for me to visit him in the Philadelphia Alms House Infirmary, in the spring of the year 1827, and at his request, I called on Mr. Swaim and obtained some of his Panacea—I previously expressed to Davis my opinion, that Swain's Panacea would be of no use, as I considered him more like a dying than a living man; he however urged me so much on the subject, that I finally consented to be the messenger. Mr. Swaim very politely gave his medicine without charge, and I conveyed the first bottle, secretly, to Davis; he was then a patient in the men's Clinical Ward; the second bottle was taken in like manner by my daughter, while he was yet in the same ward. In the July following he was perfectly restored to health, and remains so, being entirely free from all disease.

The Superintendents have taken this method of receiving proposals and entering into articles, believing it to be the best and most expeditious, and making the least travel and expense to persons wishing to contract. It is expected that persons laying in proposals will attend punctually at the places and times before mentioned, as no other notice will be given, and no delay made.

THE WORK IS TO BE DONE IN THE FOLLOWING MANNER:

The Road is to be opened eight feet wide, the timber on that width cut down and removed. The central part of thirty feet to be cut in the following manner, to wit:—All the trees of one foot in diameter (at one foot from the ground), and under, to be cut level with the surface; all from one foot, up to eighteen inches, to be cut not exceeding nine inches; and all over eighteen inches diameter to be cut not exceeding fifteen inches from the surface; and all stumps within the said centre of thirty feet, must be rounded and trimmed in such a manner as to present no serious obstructions to carriages. On the remaining fifty feet, all the stumps must be left not exceeding one and a half feet in height. The work must be commenced immediately, and completed by the first of February next. No advances of money will be made, but monthly payments to contractors, equal to three-fourths of the value of the work actually performed. Should any person offer for more than one section, he will specify distinctly and separately each section; and not more than ten miles will be given to any one contractor. Commencing at Indianapolis, the Road will be divided both Eastwardly and Westwardly, into sections of one mile each, in the following manner, viz:—Eastwardly, from the 71 mile tree to the 70, to be the first section Eastwardly; from the 70 to the 69, the second section, and so on to the Ohio state line. And Westwardly, beginning at Indianapolis, from thence to the one mile tree to be the first section; from the one to the two mile tree the second section, and so on to the Illinois state line.

Persons (who are strangers to the Superintendents) will forward, or produce testimonials of character and capacity to perform the work. Letters sent by mail, must be post paid, and directed to the Superintendents of the Cumberland Road, and endorsed, Proposals.

As a considerable number who hold land over which the road passes have not as yet relinquished their claims to the United States to the width of said road, it is to be distinctly understood, that not a tree is to be cut down on such parts of the road; and in order that persons may not lay in proposals for such non-relinquishments, we give the following list of names and situation of the land over which the United States have no control, having obtained no relinquishments, to wit:
