

sia The St. Petersburg journals contain a long report of the operation in Asia up to the 8th of August; from which it appears that Gen. Paskewitch has met with some further successes. After a conflict, in which the Turks are said to have lost 300 killed and 150 prisoners, including seven officers of rank and the Russians including a Major General and six privates killed, and four superior officers and sixty privates wounded, took possession of Char and other villages, and also of the camp of Osman Pacha, who was completely routed.

There are several accounts as to the nature of the conditions of peace insisted on by Russia. The following are given as the most authentic:

"The Porte to pay to Russia, for the expenses of the war, twenty five, or as other account say, thirty millions of the silver rubles, for which a period of twenty years is to be granted, during which the principalities and the fortress of Silistria should remain in the possession of the Russians.

"The payment in addition, of the indemnity to Russian subjects, stipulated in the Convention of Ackerman, (all the articles of which the Porte again agree to fulfil,) and which amount to forty eight millions of Turkish piastres. The said payment to be made in three instalments. After the payment of the first, the Russian army to retire to the Balkan, on that of the second, over the Balkan, and on that of the third, over the Danube.

"The Fortresses of Akhalzik, Akhalzik, Poti, and Anapa, in Asia, to be ceded to Russia.

"In Europe the Fortresses of Tournoul, Kale, Giurgevo, and Abailow, (on the left bank of the Danube,) to be razed and not again rebuilt.

"The five districts hitherto separated from Servia to be re united to that province, and to enjoy the same privileges.

It is said that a communication has been received at Portsmouth, from an officer of the British Naval Squadron, dated off Tarapis, in the Bosphorus, August 28, narrating the capture of Choumby, by the Russians, after an obstinate resistance from the Turks. It was carried by assault; and the Vizier, with all his staff, were prisoners. He states that the invaders were advancing with confidence, and had pushed on two heavy columns, one to seize the castles on the European side of the Hellespont, and the other to seize those upon the same side of the Bosphorus. This is probably nothing more than a stock jobbing report.

FRANCE.—The excitement against the New Ministry continued. The inhabitants of Grenoble, or a portion of them, have petitioned the King against the Ministry against whom they make several weighty charges.

PROSPECTUS.

THE INDIANA JOURNAL,

WILL BE PUBLISHED, AS HERETOFORE, TWICE A WEEK,

During the ensuing session of the Gen. Assembly.

IT is known to the public generally, that the INDIANA JOURNAL was published twice a week during the last session of the General Assembly, and that this was the first and only attempt which had been made, in the state of Indiana, to issue a newspaper more than once a week. A very considerable additional expense, over and above the ordinary expenditure of a weekly paper, was necessarily incurred by the semi-weekly publication. Encouraged, however, by the liberal patronage which was afforded on that occasion, flattered by the general satisfaction with which that effort was regarded, and anxious to continue to afford the fullest and earliest intelligence of the Legislative proceedings, we have been induced again to undertake the task—and we do so with every confidence of an increase of patronage, and of presenting additional claims to support. The time, it is confidently believed, has arrived, when a publication of this kind—through the medium of which only a FULL and EARLY account of the proceedings of our General Assembly can be conveyed to the public—will be sustained without being burdensome to the publishers. The honour of the state, and the interest of the people, alike demand such a publication.

In regard to the accomplishment of the proposed undertaking, we can only pledge ourselves that every possible exertion will be made to meet the public expectation. For a sample of the manner in which the proceedings will be reported, reference is made to our semi-weekly publication of last winter. By additional experience, and an increase of exertion, we hope to discharge our duty still more satisfactorily. Important documents, reports of committees on subjects of general interest, and as full a sketch of the debates as our limits will allow, will be speedily and carefully inserted.

It was our intention, sometime ago, to enlarge our paper to an imperial size, and publish but once a week as usual. Further reflection, however, has convinced us, that the proposed plan of issuing twice a week will be much more satisfactory to the public, although much more expensive to us. By this plan we will not only be enabled to publish nearly twice as much matter, but we can also disseminate it much earlier. It is still our intention, as soon as practicable, to issue our weekly paper on an imperial sheet.

Terms of Subscription.—To those who enter by the year, no increase will be made on the present subscription price, which is TWO DOLLARS in advance TWO DOLLARS and FIFTY CENTS at the end of six months, or THREE DOLLARS at the end of the year. For three months, including the Session, the price will be ONE DOLLAR; and during the Session only, SEVENTY-FIVE CENTS—to be paid in both instances at the time of subscribing, or during the session of the Legislature; which it is believed may be generally effected through members and others, whose business will require their attendance at the seat of government during the session. Particular attention will be paid to forwarding papers according to direction.

Gentlemen to whom this Prospectus is forwarded, will confer a particular favour on us, and it is hoped promote the interests of the public, by presenting it immediately to their neighbors and friends, in order that they may have an opportunity to patronize the undertaking should they deem it worthy of patronage—after which they will please to return the same to the Editors at least as early as the meeting of the Legislature.
