The championship fight between Joe Louis, heavyweight champion of the world, and Max Schmeling, the German challenger, has been postponed. The reason given was that the two fighters had weighted over the limits for the championship fight. Joe Louis was to come in at 265 pounds and Max Schmeling at 269 pounds. The fight was scheduled for 11 night because of rain. When asked if the fight would be rescheduled for another night, Joe Louis replied, "I don't know." Joe said that the next fight would be in London, England. Joe Louis is to appear in London May 28th. The fight in London will be the first time Louis has fought outside of the United States. BEAUTY WITH THE FOREIGN STAMP

Hollywood—Feeling that the American public, as a whole, has not been in touch with the true beauty of the foreigner, a new effort is being made to bring the foreigner into closer contact with the American public.

In the past, the foreigner has been represented in American films as a comic figure, a character of low intelligence, or a person who is not interested in American life.

This new effort seeks to change this impression by presenting foreigners in their true roles and by stressing their contributions to American culture.

The project is being conducted by the National Alliance of Postal Workers, which is an organization of postal workers, and is to be commended in bringing the foreigner closer to the American public.

The project is funded by the United States Government, and is being directed by Dr. H. R. Morrison, director of the National Alliance of Postal Workers.

Other members of the project include:

- Mr. Washington, director of the National Alliance of Postal Workers,
- Dr. H. R. Murray, director of the National Alliance of Postal Workers,
- Mr. Washington, director of the National Alliance of Postal Workers,

The project is expected to attract a large audience, as it is being presented in a very interesting and informative manner.

The first showing of the project is scheduled for next month, and is expected to be repeated at least once a week.

The success of the project will depend on the support and cooperation of the American public.

BANKSTOWN SAYS:

The Future of the Negro

New York City, July 25—The Negro in American society is in a state of transition, according to a recent study made by a group of social scientists.

This study, which is based on a survey of more than 1,000 Negroes, shows that the Negro is facing a period of great change, both in his personal and social life.

The study also shows that the Negro is becoming increasingly aware of his own culture and is beginning to take pride in his own heritage.

The Negro is also becoming more active in community affairs, and is beginning to demand a greater share of the spoils of American civilization.

The study concludes that the Negro is in a state of transition, and that he must be given a chance to develop his own potentialities.

STATE HOUSING COMMISSION

Hard upon the heels of our congratulations to Dr. Theodore Cable, who has been named by the governor a member of the state housing commission, we beseech the body as a whole to give more than passing consideration to the condition of colored people in the State of Indiana.

Whereas we do not agree that good housing is the necessary panacea for much of what ails the low-income group, the colored people, it can not be successfully de-jederstoned if our nation, will raise fine social and health psychologies.

An editorial concern for this writing is the question of segregation in the labor situation, the problem of race relations, our defense, but his appointment of Dr. Cable would appear to indicate a change of heart. Good old governor, how do you feel, when we name a board for the city, the major is tenderly affected also there will be surface evidence that this matter of housing for low-income groups is not so much pretty speech.

This commission has the rare opportunity of setting the national housing code, the cause of checking disease, wiping out slums and laying the foundation for a finer more humane life for the "little man."

COLORED YOUNG DEMOS SCARCE AT CONVENTION HERE

Three visiting Deemos and eight of the local variety were at the national convention here last week. Questions founded in rumor have demanded if the report of a party of being departed or even relieved. Many of the persons expected to be seen were not in evidence and a quiet canvass accomplished as to the Deemos was questioned. Could Dick Hefler's cold shoulder and the Governor's frequent refusal to receive "the faithful old long-time lapsed Deemos" a trifle bitter? Just what was the reason eleven Deemos only showed for this festive and important occasion?
