SKIN SOFT AS A BABY'S AND WITHOUT A SCAR

"I have a niece in Richmond City, Indiana, who was born with a cleft palate, and she was very thin and small when she was a baby. I thought it was going to kill her, and I tried to get her milk and things to eat, but she just wouldn't eat. I finally took her to a doctor, and he said she was going to die unless she had something to eat. So I tried to feed her milk and things, but she just wouldn't eat.
