BOYS TODAY... LEADERS TOMORROW

For our youth, "to live and learn" is not enough. To live and learn in freedom and cooperation is the promise of a bright future for our community. That's why we are proud of the work of our Boy Scouts, helping others and keeping "physically strong, mentally awake and morally straight." We take this occasion, the 25th anniversary of their founding, to wish the Boy Scouts of America "happy adventures in Scouting."
