Prominent citizens of the district have joined in establishing the new church at the site of the old school house last fall. They have already completed the interior plastering and painting, and are now engaged in erecting the exterior walls. The church will be dedicated on Sunday, January 19th, at 11:00 a.m., and will be opened for public worship at 10:00 a.m. The program will include a brief address by a special speaker and a dedicatory prayer by a representative of the religious press. The church is expected to be completed in time for the opening services on Sunday, January 19th. The congregation is growing rapidly and the church is already in use for meetings and other purposes.
