Baby Boo Booked Solid; Does 22 Tricks, Pulls Tent Stakes

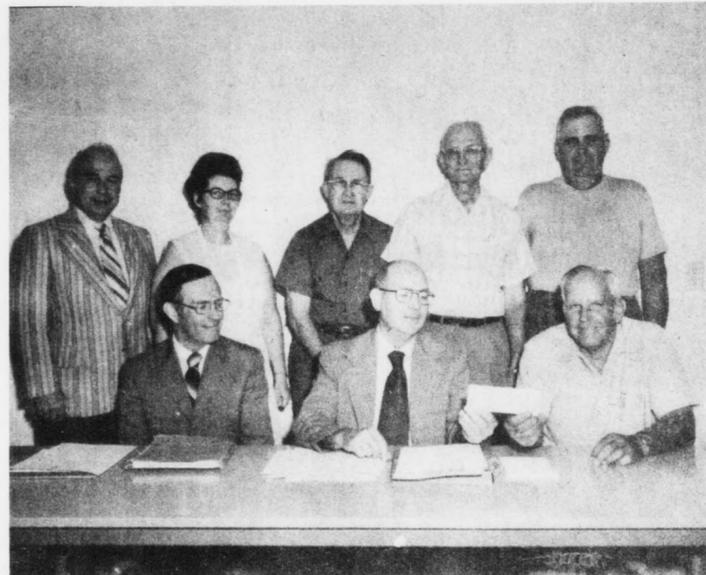

Baby Boo was invited to lead the Putnam County Fair Parade this year but she declined. She is booked up solid until the end of October and then she plans to return to Putnam County for a well-earned rest.

Now at 23, Baby Boo is the star attraction at the Royson Bros. circus. This circus is noteworthy locally, since it was organized by Leroy "Red" Lunsford, a Putnam County resident who has a farm on the Mt. Olive Road.

While Baby Boo has a routine of 22 tricks, she is constantly reminded that even stars must do some of the dirty work. She must pull circus wagons, pull tent stakes, help pull up the tent poles and do a lot of other menial jobs.

Baby Boo has sort of a mixed up schedule, since she spends her winters in the cold north of Putnam County and then travels through the south in the summer. Her winter quarters are in the large barn on the Mt. Olive road farm of Red Lunsford, where she is made comfortable in a heated stall.

Cliff Monnett purchased Baby Boo from the late Roy Bible, who bought her in Florida. Where she spent the first 10 years of her life is a part of her past that only she knows.

Meeting in the city Thursday to close the \$200,000 Watershed loan to the Little Walnut Conservancy District for flood retarding structures and stream channel clearances in the Little Walnut Creek Watershed were these officials involved in the project. They are front row, from left, James Houck, attorney for the district; Wilmer K. Haromon, acting chief, community programs FHA and

Tilghman Ruark chairman of the Little Walnut District. Back row, from left, Vance Clodfelter, FHA supervisor for Putnam and Clay counties and assisted in the preparation for the loan; Barbara Mann, provided secretarial assistance for the district; Ralph Call, district member and William Wright, vice chairman for the district.

Baby Boo, 23, poses here with LeRoy 'Red' Lunsford and his granddaughter. The elephant rolls back his trunk seemingly ready to trumpet his call which gave him his name. Before arriving in Putnam County he would attempt his adolescent call around salesgirls who gave him the name.

Kirby Injured In Cycle Mishap

Michael G. Kirby, 25, Route 1, Center Point, was injured in a motorcycle accident on the Manhattan Road southwest of Greencastle at 6:55 this morning.

An automobile fire sent Greencastle firemen to 700 Broadway at 6:05 p.m. Sunday. They reported that a Fiat

Trooper Bob Hunt of the Putnamville State Police Post reported that Kirby was southbound on a 1972 Triumph when he lost control of the vehicle on a sharp curve northeast of the Mt. Olive Road and went into a ditch.

He was taken to the Putnam County Hospital in the Whitaker ambulance suffering from a broken left ankle and severe mouth lacerations. Trooper Hunt estimated the damage to the motorcycle at \$200.

Although the Chamber of Commerce is eight years older than the Declaration of Independence, its functions are still misunderstood by many people.

Basically, the Chamber of Commerce is the central agency for community development of business, industry, the professions and all civic interests. It does the job that no individual can do alone, rendering many services which benefit all citizens.

This broad concept of the Chamber of Commerce isn't shared by everyone. The idea persists that certain classes get the lion's share of the benefits and should, therefore, bear the cost.

Here are a few typical remarks which bear on the above observation: "I am not a member of the Chamber of

Commerce since I can't participate in dollar day or other special sales events." "My business isn't uptown, so the chamber doesn't do me any good" and "I'm a professional man and in my line, we are not interested in promotions."

This line of thinking reflects the idea that the Chamber of Commerce is a commercial enterprise, interested solely in making fat the cash registers of local merchants. This is only a partial truth.

Stimulating business is an important part of the chamber's work, but its activities extend to many other phases of Community life.

Included in the Chamber's many interests is its public relations program. The organization serves as the front door to the community. Newcomers who may become

your customers, your clients, your neighbors or the family in the next pew at church find in this office a source of information which helps them to get better acquainted with their new environment. In many instances, these new people wrote the Chamber of Commerce for a preview of Greencastle before making a decision to move here.

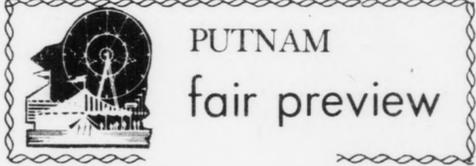

Through the efforts of this office, community residents are becoming less friendly to traveling door knockers who set up shop on your front porch and are loathe to leave until you have bought their wares.

Access to the state Better Business Bureau is another avenue of service available through the Chamber of Commerce. With this connection it is possible to check

the reliability and reputation of firms moving into this area to do business. And this information will include the "white marks" as well as the possible black ones.

While this is only a partial list of services paid for by your Chamber of Commerce

membership, one point needs to be made clear. The chamber is not class-centered. If you live within what a tourists' guide might call "easy driving distance" from Greencastle, you have derived benefits from this office.

Queen Hopefuls

(This is the fourth in a series of features on the 10 candidates for the Putnam County Fair Queen contest to be held on July 30.)

Cynde Lawrence, the daughter of Mr. and Mrs. Don E. Lawrence of 901 Hillcrest Dr., will also be competing in this year's Putnam County Fair Queen contest.

The unusual spelling of Cynde's name is attributed to her mother, who chose the first part of "Cynthia" and added "de", rather than the conventional spelling, Cindy.

Cynde is a senior at Greencastle High School and looks forward to having a good time during preparations for

and the actual contest. She said that she has most enjoyed meeting people through the competition.

Miss Lawrence is majoring in business and English and is active in GAA, Y-Teens and Job's Daughters. Her future plans include attending Indiana University and becoming a Certified Public Accountant (CPA) or attending Ball State to become a fashion designer. Her interest in this field was derived from an acquaintance of the same occupation.

Cynde has a younger sister, Cheri, 15.

'Fine Turn-Out' For Senior Citizens Meet

"We had a fine turn-out," Mrs. Roy Johnson, president of the Putnam County Council on Aging and Aged said about the second quarterly meeting of the group held last Thursday.

At that meeting Wanda McKee, a director of a senior citizens center in Bloomington, led a discussion on senior citizens centers and the organization and develop-

ment of Bloomington's facility.

The local meeting was a learning session for the county group and other interested persons to find out about the Bloomington facility and how its set-up might relate to the proposed Putnam County Center.

"We compared our situation with theirs (in Bloomington) and found some

similarities," the president explained.

"For instance some of their activities are tied in with the university (University of Indiana). That is something we could do here by working with DePauw.

"Programs with students and senior citizens working together could be worked out."

Hathaway Reports On '73

Jehovah's Witnesses' Sessions

With "one of the largest series of religious conventions in history" announced by the Jehovah's Witnesses planned for this year, Don Hathaway, presiding minister of the Greencastle congregation of the Witnesses, said most local delegates would attend the convention in Chicago.

The Watchtower Bible and Tract Society in New York has revealed completion of plans for 69 "Divine Victory" international assemblies in 46 countries around the world.

In the United States the sites include White Sox Park in Chicago plus: Yankee Stadium, New York; Veterans Stadium, Philadelphia; Tiger Stadium, Detroit, Michigan; Astrodome, Houston, Texas; Three Rivers Stadium, Pittsburgh, Pennsylvania; Royals Stadium, Kansas City, Missouri; Oakland-Alameda Stadium, California; Dodger Stadium, Los Angeles, California and Atlanta Stadium, Atlanta, Ga. Gulfstream Park will be uti-

lized near Miami, Fla.

Hathaway made it clear that the conventions are not affiliated with any other religious movement. "The objective of these meetings and the purpose of convening is not remotely related to any other campaign planned for 1973."

He singled out Key 73 in his discussion. "The slogan for Key 73 is 'Calling our continent to Christ.' However, divergent groups associated with this campaign disagree among themselves regarding its overall objectives."

Quoting "Christianity Today," Hathaway cited Key 73's goal is to "try and give every person in the United States and Canada a real chance to say yes to Jesus Christ and to become a dependable member of his church."

Some religious writers see the campaign as a "publicity stunt" for the "unchurched and inactive in the so-called Christian community." Hathaway said he felt

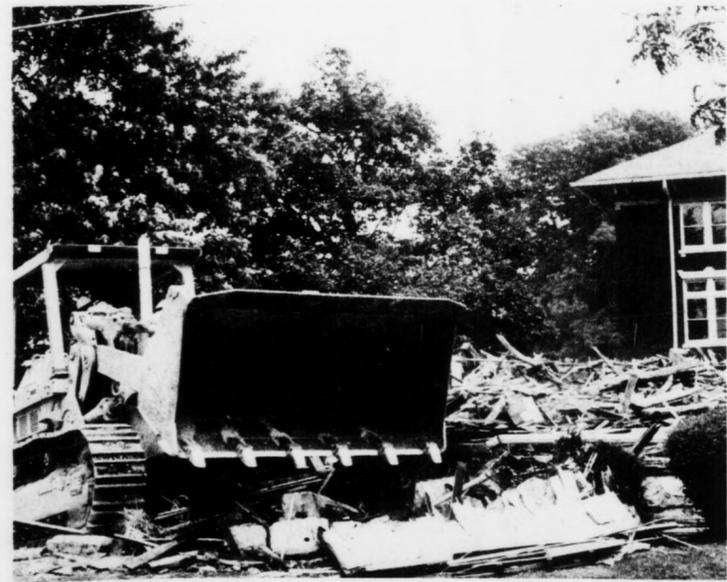

Christendom's problem of apathy, division and declining membership are caused by a lack of genuine knowledge of the Bible by its members and disagreement over its multitude of doctrinal differences.

"For example," he said, "consider the issues of abortion, separation and divorce, changing moral standards, war and peace, authenticity of the Bible, family responsibility and religious teaching. People point to religious leaders and their divergent viewpoints of such questions. They don't agree among themselves so how could the general membership be at unity in its viewpoints? It's impossible."

Hathaway pointed to the Witnesses' conventions as an illustration of a worldwide group of Christian people unified both organizationally and doctrinally.

He said the conventions will provide Jehovah's Wit-

She added that one of the problem areas with the senior citizen center idea is that of stimulating participation by elderly men.

At Bloomington they noticed there weren't many men at the center so they worked out plans for male participation such as tours of the area. The men did respond to this type of activity. Again, this is something we could do here," she noted.

State Police Investigate Accident Near Groveland

Trooper Jack Hanlon of the Putnamville State Police Post investigated a personal injury accident one mile east of Groveland on U.S. 36 at 5:30 p.m. Friday.

He reported that vehicles involved were a 1968 Chevrolet being driven by Esther Springfield, 56, Indianapolis, and a 1972 Oldsmobile being driven by John Williams, 33, Champaign, Illinois.

Injured were Mrs. Springfield and Walter Cole, 35, also of Indianapolis, a passenger in the Springfield auto.

Mrs. Springfield suffered a possible broken left wrist and Cole suffered lacerations on his left arm and left leg.

Trooper Hanlon said the Springfield car was going west on 36 and Cole thought that she had fallen asleep. He grabbed the steering wheel causing the car to go into a skid on the sandy blacktop hitting the Williams

The two injured were taken to the Hendricks County Hospital at Danville in the Roachdale Perkins ambulance.

Trooper Hanlon listed the Springfield car as a total loss and estimated the damage to Williams' Oldsmobile at \$600.

The Greencastle Police Department reported two property damage accidents Saturday.

The first one occurred at 2:23 p.m. in the parking lot of the Double Decker Restaurant on Indianapolis Road, east of Greencastle.

A 1965 Oldsmobile, driven by Ruby Stitzle, 59, Reelsville, was backing out of a parking space and apparently failed to see a 1969 Dodge driven by Judith Lynn Hayes, 17, 625 East Anderson Street, Greencastle. The Stitzle vehicle was damaged an estimated \$50 to the right rear fender and deck and the Hayes auto was damaged an estimated \$350 to the right rear fender, right rear door and the right front fender.

The second accident occurred at 5:35 p.m. on South Indiana Street, across from the Elks Lodge.

A parked 1968 Opel, owned by John E. Knudson, 813 Gardenside, Greencastle, rolled backward into another parked car, a 1968 Mercury owned by Walter L. Boles, Clayton, Indiana. The parking brakes apparently failed

nesses with a comprehensive program to build upon an already existing faith.

"These persons are neither 'unchurched nor inactive,'" he said. "They are active, not passive, Christians.

"Secondly," he added, "it provides us with an opportunity to travel to other parts of the country or the world to see this unity of purpose in action. It is responsible for helping us accomplish the work we are committed to do--declare the good news of God's kingdom by Jesus Christ as mankind's only hope.

"It is not merely a matter of 'calling people to Christ.' Rather, it is helping people see Christ in his proper position today as the enthroned king of God's kingdom and soon to exercise his rulership toward this earth.

"That action by Jesus Christ will accomplish what the theme of these international conventions denotes: 'Divine Victory.' It will bring man what he so sorely needs--peace and unity."

Phil Fry Earns High FFA Honor

Phil Fry, son of Mr. and Mrs. Noble Fry, Route 1, Roachdale, was presented with his Hoosier Farmer Degree at the State FFA Convention at Purdue University last week. The Hoosier Farmer Degree is the highest presented by the Indiana FFA and only two percent of the total FFA membership receive this award.

Fry was member of the North Putnam FFA Chapter for four years. He served on many committees, was treasurer during his sophomore year, and president during his junior and senior year. He was also district VII sentinel.

He participated in soils, dairy, livestock and parliamentary procedure team judging. Fry's farming pro-

gram includes 24 sows and approximately 200 feeder pigs. He is also starting a beef herd and has rented an 80 acre farm with a cropping program of corn and soybeans.

Fry's other activities included membership in 4-H for 10 years; member of the North Putnam High School Newspaper Staff; working in the visual aids department; member of the Honor Society; alternate to Boy's State; and was a member of this year's varsity track team. He is also active in church work and has served at the Parkersburg Christian Church as Sunday School Secretary for four years.

Fry's future plans include developing his farming program to its fullest.

Friday Night Fire Does \$1,500 Damage

A Friday night fire did an estimated \$1,500 damage to a residence at 606 Howard Street.

Greencastle firemen were called at 11:45 p.m. They reported that the house was owned by Duffy Hughes and occupied by Curtis Hughes.

A short in a night light on the second floor of the dwell-

ling was the cause of the blaze. Five hundred gallons of water were required to douse the flames.

Damage was estimated at \$1,000 to the contents and \$500 to the building. It was the 98th run of the year for the firemen who returned to the station at 1:05 Saturday morning.

Vows Solemnized For Miss Rebecca Poe, Steven Litchford

In an air of beautiful simplicity, the vows of marriage were solemnized for Miss Rebecca Lynn Poe and Steven Fenton Litchford on June 9 in the First Christian Church with the Reverend Morris Finch performing the double ring ceremony.

Parents of the couple are Mrs. Charles A. Poe and the late Mr. Poe and Mr. and Mrs. Joseph Loring Litchford.

The bride, given in marriage by her brother, Bruce Michael Poe, wore a gown of candle-light satin. The fitted empire bodice was fashioned with a net yoke and Victorian collar with long bishop sleeves of embroidered organza ending in deep satin cuffs. The hem of the modified A-line skirt was encircled with a deep band of re-embroidered Venice lace edged with seed pearls. Smaller pearl encrusted flowers outlined the neckline and the cuffs. Her camelot hat was covered with matching material and featured tiny dropped flowers of lace and seed pearls ending in loversknots. Her only ornament was her mother's heirloom brooch of Amethyst which was pinned at the neckline. She carried a crescent-shaped bouquet of ivory orchids, and miniature carnations interspersed with babies-breath.

Miss Laura Lynn Hampton was maid of honor and Miss Suzan Lee Litchford, sister of the groom, was bridesmaid.

The attendants were dressed alike in floor-length gowns of hand screened printed silk in shades of pink and blue, fashioned along empire lines with deeply flounced sleeves ending in full elbow length ruffles and featuring sweetheart necklines. They carried miniature baskets of pink carnations and blue corn flowers tied with dainty cascading satin bows.

Wesley Scott Smith served as the groom's best man and Mark Allen Jeffries was usher-groomsman. Jeffrey Joe Litchford, young brother of the groom, was ring bearer.

Mrs. Evan Crawley organist, played the processional wedding march Trumpet Voluntary by Purcell, Jesus, Joy of Mans Desiring, by Bach, Theme from Romeo and Juliet, Theme from Love Story, and the recessional wedding march Trumpet Tune and Air by Purcell, she also accompanied Mrs. Emily Hampton, soloist in a lovely rendition of The Lords Prayer by Malotte.

The chancel of the church was banked with palms. A brass urn in front of the communion table was filled with pink carnations and greenery. Five branched candelabras decorated with bouquets of carnations and greenery flanked the altar. The pews were adorned with arrangements of pink carnations, greenery and babies-breath each containing a lighted taper.

The brides mother selected a Dior blue dress of polyester silk shantung trimmed with burgundy tarpunto ribbon and wore matching burgundy slippers. Her corsage of miniature carnations was pinned to her matching clutch bag.

The grooms mother chose a hand screened printed crepe gown with an over-jacket of horizon blue. Her corsage was a crescent of pink carnations.

After the ceremony, the bridal party received in the church foyer. The wedding reception was a sit-down buffet held at Putnam Inn. The wedding cake and punch bowl were placed on a table in the front of the room and after the cake was cut by the bride and groom, cake and punch were served by Misses Lori Kersey, Jan Gruenholz and Cathy Chase. The buffet table was placed in the rear of the room and was presided over by Mrs. Homer Leucus.

Out-of-town guests were Mr. Frank Ashworth, Miami, Florida, Dr. and Mrs. N.J. Knoy, Bamberg, South Carolina, Mr. and Mrs. Bertis Wood Bloomington, Indiana.

The young couple will reside in Columbus, Indiana for the

summer season and will enter Vincennes University in the fall.

Rehearsal Dinner

Following the rehearsal practice Mr. and Mrs. Joseph Loring Litchford entertained with a supper for the wedding party and out-of-town guests at Torrs. Places were set for twenty guests in one of the private dining rooms. Gifts were presented to the bridesmaids by the bride and to the ushers by the groom.

Wedding Breakfast

Mrs. Richard E. Lemmink was hostess for a breakfast in honor

of Miss Rebecca Lynn Poe on June 6 held at the DePauw Student Union Building. Guests were seated at the U-shaped table. A beautiful centerpiece of mixed spring flowers centered the table and pink satin ribbon runners were carried the length of the table. Individual gifts of sachet were placed by the place cards for each guest. The bride-elect was the recipient of a kitchen basket "gift of goodies". A delicious breakfast of fruit ambrosia, cheese fondue with ham, danish rolls and hot tea and coffee were served.

WORRY CLINIC

By George W. Crane, Ph.D., M.D.

Heed Arnold's questions! For Women's Libbers are demanding a change in school books (plus a needless waste of time by 38 state legislatures) to try to make women the same as men. They seem to think God was wrong! Basic sex differences are inborn!

CASE X-543: Arnold T., aged 29, is a school principal.

"Dr. Crane," he began, "the advocates of Women's Lib have even attacked our school textbooks.

"For they claim that little girls are taught to seek secondary positions in life, even by the time they enter kindergarten.

"So they want our textbooks to stop directing a girl's thinking along the usual feminine channels.

"Indeed, they believe a boy should be trained to consider cooking and household chores as much his goal in life as they are the aims of the girls in class.

"Dr. Crane, are sex differences innate or are they chiefly a result of indoctrination after birth?"

COMPARATIVE PSYCHOLOGY

A partial answer to this moot question can be found by studying birds and animals.

In most species of birds, the female builds the nest, hatches the eggs and feeds the fledglings.

However, in some cases the male sits on the eggs. He may even build the nest. And the males often assist in feeding the young.

But we assume it is instinctive for the usual female to be a nest builder and caretaker of her young.

When a sow is about ready to deliver her pigs, she also makes a nest, using sticks and straw, while the boar is a spectator.

And among the other domesticated animals, you will find that male dogs and cats seldom fight with a female of their own species.

At feeding time, a male dog may growl and snarl at the female, just to drive her away from the food pan.

But the real dog fights occur between 2 male canines!

And when a mother dog has had a litter of puppies, the males keep their distance.

If they snoop too close to her young, the mother dog growls and the males drift away.

For they seem to have either a sense of gallantry at such times, or know that a mother animal will fight like a male when it comes to protecting her young.

Apparently, the basic sexual differences are based on heredity and glandular secretions.

For by injecting female hormones into a male dog, we can make him more submissive and docile.

The reverse is true when male hormones are injected into females.

Farmers are now injecting female hormones into chickens and cattle to increase the fat content of their muscle tissue,

thereby producing more tender chickens and steak.

The government has even recently demanded a reduction in this practice, lest those hormones adversely affect the human males that eat such meat.

So Women's Libbers better leave the textbooks alone, since the basic sex differences between human boys and girls are chiefly innate.

Send for my booklet "Sex Differences Between Men and Women," enclosing a long stamped, return envelope, plus 25 cents.

For divorces are needlessly caused by lack of a thorough understanding of the different sex outlook of men vs. women!

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 25 cents to cover typing and printing costs when you send for one of his booklets.)

Catchup or chili sauce makes a good base to use as a sauce for roasted fresh pork spare-ribs.

Icelanders Cool Lava From Volcano

HEIMAHEY Iceland (AP) — Imagine waking up one winter's night with a volcano come to life near your home town, fuming, flaming, thundering and threatening to engulf you.

Would you curse or cry? Or just leave?

The 5,273 folk of Heimaey, biggest in the Westmann Island group south of Iceland, did all these things when Kirkjufell erupted less than a mile from their village center Jan. 23.

Today they're fighting back. Their battle began even while the disaster was in its full fury. Most families fled the fumes and lava cinder. But led by Prof. Thorbjorn Sigurgeirsson, a physicist at Reykjavik University, some islanders stayed behind to try to cool and control the lava flow, which had

begun to menace Heimaey's harbor and lifeline.

In past volcanic disasters, local authorities concentrated on saving life and property, then settled back to wait until the earthy furnaces had spent themselves.

But Sigurgeirsson took the attack to the elements themselves. He had established during the nearby Surtsey eruption 10 years before that flowing lava can be stopped and solidified if cooled to 750 degrees centigrade from its temperature of 1,100 degrees centigrade. He had a readily available cooling agent, the icy waters of the North Atlantic.

Three days after Kirkjufell erupted, Sigurgeirsson called for and got pumps, pipes and personnel.

Neither sensible nor cheap—just insensitive

By Abigail Van Buren

© 1973 by Chicago Tribune-N. Y. News Synd., Inc.

DEAR ABBY: I am a middle-aged woman who is presently dating a man a few years older than I am. He is loaded with money and takes me to all the finest places. He has a fine automobile, dresses expensively and beautifully, and is very good-looking. He sounds perfect, doesn't he? Well, he would be, except for one fault. He HATES to tip. And I mean he absolutely will not tip anyone a dime for anything unless that person has performed a special service other than what he is being paid to do.

For example: We will go to a restaurant and if this gentleman thinks the food is exceptionally good he will send a \$5 bill to the COOK. [He says: "Why tip the waiter? He just serves it. The cook deserves the tip."] He will tip a waiter only if the waiter gives him extra special service. Doormen get nothing. ["I can open the door myself," he says.] Captains get nothing. ["He's supposed to show us to our table."] Parking attendants get nothing.

This man claims he is not cheap—just sensible. Do you think he's "sensible" or cheap? EMBARRASSED

DEAR EMBARRASSED: Any man who tips the cook for excellence cannot be considered "cheap." [Too few even think of it.] However, he should realize that many people who perform services depend upon their tips for their bread and butter. I know it shouldn't be that way, but, unfortunately, that's the way it is.

DEAR ABBY: I am 5 foot 7 [stocking feet], 20 years old, and am told I have a very beautiful face and figure. My boy friend, who I am beginning to love dearly, is 5 foot 6. David is very handsome, but on the stocky side.

I find that the difference in our height bothers me. I am very uncomfortable when he and I are out together, and I keep hoping we won't run into people we know. When we do, I imagine they are thinking: "My goodness, SHE is taller than HE is!" I realize that a man's height shouldn't be all that important, but I am torn apart worrying about what people think and say about it.

I'm beginning to think it just won't work out between David and me. I'm so afraid if I marry him I will always think maybe I should have waited for a taller man. TORN

DEAR TORN: If the one-inch difference in height is such a serious source of concern to you now, you'd be wise to look for a taller fellow. You say a man's height shouldn't be THAT important, but face it, to you it is!

DEAR ABBY: Some time ago I foolishly shoplifted a small item from a department store. I was caught, arrested, and prosecuted. Now my name is permanently engraved in the police files. Soon I will be looking for a new job, which brings me to my problem. On every job application is the question: "Do you have a police record?" Or: "Have you ever been arrested?" I am not a criminal, and I feel that I have learned my lesson. I don't want to lie, but I don't want to spoil my chances for getting a job.

Should I say "No" to the question? The item I took was worth less than \$5, which the store got back anyway, and for which I paid many times over in many ways. Must I pay for this mistake for the rest of my life? If I say "No," could a prospective employer press charges against me for falsifying an application?

Please help, Abby. Perhaps your answer could help other people in the same predicament. SORRY

DEAR SORRY: Don't compound your problem by adding yet another offense to it. Tell the truth, and accept the consequences.

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 69700, L. A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

For Abby's new booklet, "What Teen-Agers Want to Know," send \$1 to Abby, Box 69700, Los Angeles, Cal. 90069.

Democrats Pushing For 5.5% Social Security Increase

By JOE HALL
Associated Press Writer
WASHINGTON (AP)
Democratic congressional leaders are planning to push through a 5.5 per cent Social Security increase this week as Congress faces a jam-packed schedule.

The leaders hope to clear away a series of "must" bills so that a Fourth of July recess can begin at the end of this week rather than the following Tuesday as originally scheduled.

The House has set a major vote for Monday on whether to cut off all U.S. funds for military activity in Cambodia and Laos.

The Senate added such a provision to a \$3.3-billion supplemental money bill. The House will be deciding whether to join the Senate on this.

The special Senate Watergate committee will begin four days of hearings Monday with John W. Dean III, former counsel to President Nixon, as the spotlighted witness.

The Senate Judiciary Committee on the same day will resume the hearings on Nixon's nomination of Clarence M. Kelley, Kansas City, Mo., police chief, to head the Federal Bureau of Investigation.

The Senate Finance Committee voted last Thursday to add the Social Security boost to a debt limit extension bill.

This bill must be enacted into law by Saturday midnight if the government is to continue to meet its financial obligations.

Sponsors of the Social Security hike, which would take effect next January, say it is essential to offset the rapid pace of inflation in the past year.

The Senate panel added many other controversial riders to the debt limit bill on such subjects as welfare payments to the aged, blind and disabled; the President's impoundment powers; and a spending ceiling for the year ahead.

Ratify Three Year GTE Contract

SHELBYVILLE Ind. (AP)—New three-year contracts with General Electric Co. facilities here have been ratified by the local memberships of the United Auto Workers and International Union of Electrical Workers.

The UAW local represents about 700 workers in the Industrial Heating Business Department plant, and the IUE local represents about 150 employees of the company's Wire Mill.

The heating department workers will receive a 73.5-cent-per-hour wage increase over three years, and wire mill employees will get a 72-cent-per-hour boost plus an extra holiday.

Both contracts also lower the minimum retirement age to 62.

Brezhnev: Relations On A New Track

"really put Soviet-American relations on a new track" that could lead to world peace.

"Mankind has outgrown the rigid Cold War armor which it was once forced to wear," Brezhnev said in a radio-tele-

vision address taped at the Western White House. "It wants to breathe freely and peacefully."

The Soviet leader, looking past the "poisoned relations" of the Cold War and back to World War II, said: "We jointly won the war. Today our joint efforts must help mankind win a durable peace. The possibility of a new war must be eliminated."

Brezhnev's week at the summit with Nixon ended Sunday when the President bade him farewell at El Toro Marine Corps Air Station.

Brezhnev was to go on to the presidential retreat at Camp

David, Md., to stay overnight before heading toward home Monday.

Along the way he will stop in Paris for three days of talks with French President Georges Pompidou.

In his speech, for broadcast to the Soviet Union and other countries as well as the United States, Brezhnev saluted Nixon for helping turn the corner toward detente and said, "We're satisfied with the way the talks went and with the results already achieved."

The speech was to be broadcast at 6 p.m. in each time zone by the nation's television networks.

The summit session afforded the President and his administration a respite from the Senate Watergate hearings, which resume on Monday. And Brezhnev was complimentary of Nixon's efforts in his summit-ending address. He said:

"It was no easy task indeed to make a turn from mutual distrust to detente, normalization and mutually advantageous cooperation. It took courage and political foresight; it took a lot of painstaking work."

"We appreciate the fact that President Nixon joined his efforts with ours to really put Soviet-American relations on a new track."

As the major accomplishment of this second round of summit talks, Brezhnev listed the agreement reached last week for "urgent consultations" and joint cooperation by the United States and the Soviet Union to avert the risk of war and nuclear disaster.

Second, Brezhnev placed the agreement to spur negotiations in Geneva for a permanent limitation of offensive nuclear weapons and a reduction of stockpiles.

The major thrust of Brezhnev's speech was an invitation to other nations to join in the trend toward "peaceful cooperation."

LEGAL NOTICE

TO ALL PRESENT AND FORMER ANNUAL RATE REGULAR POSTAL EMPLOYEES AND THE REPRESENTATIVES OF DECEASED ANNUAL RATE REGULAR POSTAL EMPLOYEES REGARDING POSSIBLE ENTITLEMENT TO BACK WAGES

This notice is published in conformity with a Consent Order entered August 26, 1971 by the United States District Court for the District of Columbia in settlement of Civil Actions Nos. 3593-69 and 3595-69. Its purpose is to bring this settlement to the attention of all persons who were full-time annual rate regular employees of the United States Postal Service (as used herein the term "Postal Service" includes the former Post Office Department) at any time between approximately March 4, 1966 and January 7, 1972, as well as representatives of such employees who are now deceased. The settlement involves the recovery of back wages for overtime under Public Law 89-301, for temporary re-scheduling under the conditions set forth under paragraph I-A below. This notice is intended to advise such persons of their rights regarding this matter. It should be read carefully.

The lawsuits described above were filed on December 19, 1969 as "class actions" on behalf of all such present and former annual rate regular postal employees. The named plaintiffs in these suits are certain individual postal employees and the following postal labor unions: American Postal Workers Union, AFL-CIO; Mail Handlers Division of the Laborers' International Union, AFL-CIO; and the National Association of Letter Carriers, AFL-CIO.

(b) Any former employee, or the representative of a deceased employee, who receives this notice from the Postal Service by mail must request access to the employee's time records in writing within 60 days of receiving such notice or waive his right to present a claim.

(c) Any former employee, or the representative of a deceased employee, who does not receive a copy of this notice from the Postal Service by mail must request access to the employee's time records within three years of July 1, 1973, or waive his right to present a claim.

(d) The time records of former employees are located at the post offices and postal installations where these employees worked. Accordingly, a former employee or a representative of a deceased employee may request access to such records (1) by visiting, or writing directly to, the head of each post office or postal installation where the employee was employed, or (2) by asking any local postmaster for assistance in obtaining such records. When making the request, a former employee must identify himself as a former postal employee who is requesting access to his time records under the "Consent Order Procedure," and must state his name, social security number, and the post office(s) or postal installation(s) where he worked. The representative of a deceased employee should follow the same procedure with regard to the deceased employee involved and must also indicate on what basis he or she is acting as the deceased employee's representative.

(e) Upon receiving notice from the Postal Service that the records are available for examination, a former employee or the representative of a deceased employee must submit his claim as provided in paragraphs B2(c)-(f) of this notice.

C. Notification of Determination of Claims

1. The installation head or his designee will notify the claimant in writing of the disposition of his claim within 90 days of the date the claim is filed. Failure to notify the claimant of a determination of the claim within 90 days will constitute automatic approval of the entire claim. If a claim is denied, the decision will state the reason(s) for denial.

2. If, within 30 days of receipt of the written decision regarding the claim, the claimant fails to advise the Postal Service official who signed the decision that he either (1) accepts the decision in full, or (2) rejects the decision in full, he will be deemed to have accepted the decision in full.

3. If the claimant rejects the decision, he may appeal in accordance with the procedures set forth in the Operating Instructions.

4. Employees who remain part of the class and also remain represented by counsel for the named plaintiffs shall be bound by such counsel's decisions regarding the settlement or other disposition of claims.

D. Payment of Claims

When a final decision has been made to pay the claim, the claimant will promptly receive payment from the Postal Service in accordance with the decision.

E. Additional Information

Additional information regarding the contents of this notice may be obtained from Donald M. Murtha, Esquire, counsel for plaintiffs, Department P, Suite 703, 1828 L Street, N.W., Washington, D.C. 20036. A copy of the Consent Order may be obtained by writing to Mr. Clyde Wilson, Claims Administrator, Room 3532, U.S. Postal Service Headquarters, 12th & Pennsylvania Avenue, N.W., Washington, D.C. 20260. The Operating Instructions and claim forms will be available in postal installations when the claims procedure is implemented.

II. ELECTIONS AVAILABLE TO MEMBERS OF THE CLASS

The Consent Order declares that the named plaintiffs are proper representatives of the entire class of present and former postal employees entitled to recover overtime back wages under Public Law 89-301. Under the Consent Order and Rule 23 of the Federal Rules of Civil Procedure, members of the class are entitled to be advised that the following elections are available to them:

A. Any person who claims entitlement to overtime back wages under Public Law 89-301, but does not wish to participate in this "class action" litigation will, if he requests exclusion, be excluded by the court from the class action insofar as his individual claim is not within the reach of Rule 23(b)(1) or (2), Federal Rules of Civil Procedure. Such exclusion must be requested by letter addressed to the undersigned at P.O. Box 972, Ben Franklin Station, Washington, D.C.

20044, postmarked not later than midnight, July 15, 1973. Any person who does not elect to be so excluded will be fully bound by the settlement in this litigation. A person who elects to be so excluded from the class will be free, subject to the adjudication of issues within the reach of Rule 23(b)(1) or (2), Federal Rules of Civil Procedure, to pursue whatever individual legal remedies he may have. If he should independently recover back wages under Public Law 89-301, he may nevertheless be required under law to pay attorney fees to the counsel who initiated these "class actions."

B. If a person does not so request exclusion from the class by July 15, 1973, he will automatically be included in the class, and his entitlement will be determined under the Consent Order and any subsequent orders the court may enter in the matter, and he will be bound thereby.

C. If any such person does not request exclusion from this "class action" litigation, but elects to be represented by his own counsel rather than by counsel for the named plaintiffs, his counsel must enter an appearance in this litigation not later than July 15, 1973.

III. FINAL HEARING PRIOR TO THE COURT ENTERING PARTIAL FINAL JUDGMENT

The Consent Order referred to under I above was entered into with a view to effecting the expeditious processing of all the individual claims involved in this class-action litigation. The Court has now preliminarily entered (in accordance with Rule 23(d), Federal Rules of Civil Procedure) a further Order and Decision implementing the Consent Order, which (1) approves the detailed operating instructions under the Consent Order; and (2) determines several legal issues incident to implementation of the Consent Order, as to which parties were unable to reach agreement. (The detailed operating instructions under the Consent Order have now been designated "Back Pay Claims Instructions, etc.") The Court will conduct a Final Hearing on all issues which have been decided by the Court in this litigation, in Courtroom 22, United States Court House, 3d Street and Constitution Avenue, N.W., Washington, D.C. at 10:00 a.m. on July 30, 1973. Any person claiming to be a member of the class who wishes to be heard in this matter by an attorney other than the attorneys who represent the original plaintiffs in this litigation, will be afforded due opportunity to be heard thereat by his attorney, provided his attorney so notifies the undersigned Clerk of Court in writing prior to July 15, 1973.

The Court will upon conclusion of that hearing enter an order effecting partial Final Judgment disposing of all issues which have been decided as of the date of such Final Judgment, subject to the Court, upon being advised by the parties that all aspects of the controversy have been settled, entering the Final Judgment contemplated by the Consent Order, as heretofore amended.

The parties have reached agreement to submit to final and binding arbitration, individual disputes remaining upon conclusion of the U.S. Postal Service's processing and decision as to the individual claims, in lieu of court proceedings thereafter.

The Consent Order and Implementing Order and Decision and the parties' agreement for final and binding arbitration as finally approved by the Court upon conclusion of the indicated Final Hearing will govern the processing of all individual claims, including any arbitration proceedings.

IV. COUNSEL FEES AND EXPENSES

The matter of counsel fees and expenses for services heretofore rendered by counsel bringing this action and of counsel fees and expenses for services which may be rendered hereafter by original or other counsel will be determined by the Court after the date of the Final Hearing.

V. COMMUNICATION WITH COURT TO BE ONLY BY PLEADING OR MOTION

Any person wishing further information about this litigation may communicate with Donald M. Murtha, Esq. counsel for plaintiffs, whose address is set forth under IE above. All communication with the Court shall be by formal pleading or motion, with copies thereof served upon counsel for the parties. PLEASE DO NOT WRITE OR CALL THE COURT.

Lost Tribes of Israel Genetic Links Studied

By ARTHUR MAX TEL AVIV (AP) — Theories about what happened to the Lost Ten Tribes of Israel are as numerous as legends of the Loch Ness Monster or the Abominable Snowman. Some Israeli scientists now think the descendants of the Tribes may be Armenians. Three geneticists at Tel Hashomer hospital are studying the possibility and investigating the genetic links between Armenians and Jews. The theory was a "special pet" of Dr. Haim Sheba, founder of the hospital, one scientist said, "but he never carried out a genetic study" before he died last year. Now the team has incorporated the investigation in a wider study probing the genetic traits and diseases of various Jewish groups who have immigrated to Israel. The scientists have found that a disease common to Armenians, known as "Filial Mediterranean Fever," has a high frequency of occurrence in Jews who come from Libya, said Dr. Batsheba Bonne, a woman member of the team. They speculate the Armenians and the Libyan Jews may descend from the same people. Dr. Bonne said she was now taking blood samples from the small Armenian community in Jerusalem to correlate the frequency of certain blood types

with blood from Jews. "If we find similar genetic characteristics in the blood, then we can carry on our study," she said. Sheba himself based his theory on historical and Talmudic clues.

Hoosier Stars Surprise Kentucky, 105-83

Second Half Rally Gives Indiana Split In Series

INDIANAPOLIS (AP)—The Indiana high school All-Stars broke loose for 15 straight points late in the second half to shock Kentucky with a 105-86 revenge victory over the Kentucky All-Stars in the second game of the annual charity series Saturday night at Butler's Hinkle Fieldhouse.

Kentucky, which was a prohibitive favorite after bouncing the Hoosiers 103-82 last week in Louisville, saw their speed offset here by ferocious Indiana rebounding and hustle.

Indiana got off to a 9-2 start and appeared to be in command before Kentucky slowly came back.

Louisville Shawnee guard Ronnie Daniel and guard Larry Johnson from Union County, who scored 23 and 16 points, respectively, led a Kentucky comeback that saw them take their first lead at 20-19. Johnson hit his first four field goals and Daniel hit two quick ones for the go-ahead points and a 22-19 lead.

Gavaghan Runs To Easy Victory In Marathon

William Gavaghan, a member of Ball State's track team, was the winner of the second annual Marathon-Marathon held at Terre Haute last Saturday morning.

Gavaghan, who had only run one marathon prior to Saturday's event, ran the 26-mile distance in a record time of 2 hours, 26 minutes, and 24 seconds. The record time easily surpassed last year's time by Charlie Warthan of 2 hours, 47 minutes and 22 seconds.

The Ball state senior admitted shortly after the race that he was surprised by the quick time.

"I really didn't think that I could run that fast," he said

after crossing the finish line.

One amazing thing about Gavaghan was his condition after the 26-mile, 385-yard run. He didn't seem to be out of breath or appear to be tired.

Finishing in second and third place this year were two runners who compete for Billy Malloy's Indiana State cross country team. In second was Gary Mumaw while third place honors went to roommate Jim Varnou.

Three women entered the marathon race. They were Cheryl Bridges, Nina Kuscisk, and Katherine Switzer. Kuscisk was the first to finish for the women with a time of 3 hours and five minutes.

Kiwanis Wins Two

Kiwanis kept their season record perfect in Babe Ruth baseball play last week as they trounced Legion 17-5 and then came from behind to edge the Elks 6-5.

Against Legion, Kiwanis grabbed a 3-1 lead early in the game and then exploded for five runs in the third inning and added six more in the fourth to easily gain their fourth victory of the season without a loss.

The winning pitcher for Kiwanis was David Braden. Braden gave up only four hits during the contest and struck out nine batters. The losing pitcher for Legion was Scot Burk.

Jeff Mager topped Kiwanis in hitting with four hits. Two of Mager's hits were doubles. Brian Andis and Braden had two hits each during the game while Bill Earl hit a double.

Kiwanis then notched its fifth win of the season against the Elks when Andis knocked in the winning run of the game with a single in the seventh inning.

The Elks raced out in front of Kiwanis 2-0 after the opening inning of play. The Elks then scored one run in the second and third innings to take a 4-2 lead.

Kiwanis then charged back

in the fourth stanza scoring two runs to tie the contest at 4-4. A single run in the sixth inning gave Kiwanis a short-lived 5-4 lead before the Elks once again knotted the game at 5-5 in the top of the seventh. Andis then hit his game-winning single with two outs in the bottom of the seventh.

The winning pitcher for Kiwanis was Bill Earl while the loser for the Elks was Larry Monnett.

Earl went three for four at the plate to lead Kiwanis in hitting while teammates Andis and Mark Johnson both had two singles apiece. Jeff Cantonwine was the leading batter for the Elks as he hit three singles in four trips to the plate.

Kiwanis, now 5-0, leads the league standings while the Elks are 2-2, Moose 1-3, and Legion 0-3.

White Sox Still Unbeaten; Pirates Dump Reds, 10-6

In Greencastle Little was the loser for the Red League action last Friday evening, the White Sox remained unbeaten in the major league as they whipped the Red Legs 8-0 while the Pirates picked up another victory in the minor league with a 10-6 trouncing of the Red Sox.

For the White Sox, Terry Taylor was the winning pitcher while C. V. Skelton was the loser for the Red Legs. Taylor has a no-hitter going until the fourth inning when Jeff Pursell hit a major league as they whipped the Red Legs 8-0 while the Pirates picked up another victory in the minor league with a 10-6 trouncing of the Red Sox.

For the White Sox, Terry Taylor was the winning pitcher while C. V. Skelton

Livestock Surges Past Fillmore-Buis, 11-8

Livestock exploded for seven runs in the fifth inning to upend Fillmore-Buis Fertilizer 11-8 in men's softball league action last Friday evening at Robe-Ann Park.

Livestock took advantage of three Fillmore-Buis errors while also pounding out four hits to take the lead for good during the fifth inning. For Livestock it was their second victory of the season against one loss.

After taking a 4-0 lead in the first inning of play, Livestock became the victim of a six-run scoring burst by Fillmore-Buis during the third inning. Fillmore-Buis' lead was short-lived, however, as Livestock produced seven runs in the following inning. Fillmore-Buis tried to come back in the final two innings of play but they only came up with two runs and lost their second game of the season.

The winning pitcher for Livestock was D. Swihart while the loser for Fillmore-Buis was W. Tharp.

Spencer topped Livestock in hitting with two singles while Swihart, Braummunk, and Partin all hit doubles during the game. W. Perry also hit a triple for Livestock.

Puckett led Fillmore-Buis in batting as he hit three

singles while B. Branham hit two doubles and C. Sibbitt hit a single and a double.

Marathon Runner Speaks

Australian marathon runner Bill Emerton, who ran across the Mojave Desert last year and recently ran across the Grand Canyon, gave a lecture last Friday evening at Terre Haute on the benefits of being in good physical condition and how it can affect our lives. Emerton's visit to Terre Haute stemmed from his interest in the Marathon-Marathon that was run last Saturday morning.

Crampton Takes American Classic

AKRON Ohio (AP)— Australian Bruce Crampton scrambled to a 68 and took over the season's money-winning lead with a victory in the American Golf Classic Sunday while Tom Weiskopf encountered problems in the person of a Japanese photographer. The 37-year-old Crampton picked up \$32,000 from the total purse of \$160,000 after scoring his fourth victory of the season—matching Jack Nicklaus for the most titles this year.

Crampton, a native of Sydney, vaulted past Nicklaus and took over the top spot in the money race with a \$204,209 total for the year. He is the first foreign player ever to acquire more than \$200,000 in one year on the American tour.

Crampton won it with a seven-under-par total of 273 on the long, lush Firestone Country Club course, whose 7,180 yards make up one of the toughest layouts the touring pros play all season.

Crampton scored by three strokes over veteran Gay Brewer Lanny Watkins and Bob Murphy, tied at 276. Murphy charged up with a 67. Watkins had 68 and Brewer 71.

The streaking Weiskopf who hit a photographer's camera with a shot en route to a triple bogey seven and bitterly disappointed Forrest Fezzler were next at 277.

Weiskopf, of three titles in his five previous starts, had a 73 and Fezzler—a 23-year-old tour sophomore who had led for the first three rounds—closed with a 75.

Weiskopf was just two strokes off the pace until his difficulties on the 465-par fourth hole.

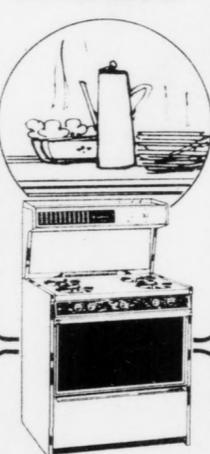

He hit his drive into the woods, hit a tree with his second and got his third under a bush.

On his fourth shot, which he had to hit left-handed, Weiskopf hit a camera held by Toshio Yamamoto, who represents Asahi Golf Weekly in Tokyo.

Yamamoto was escorted from the course by police and Weiskopf struggled on to the seven that knocked him out of contention.

Crampton used some deft work around the greens—and only 26 putts to nail down the title that goes with the crowns he won in Phoenix, Tucson and Houston earlier this season.
