

SEE TO IT, that every Republican voter in this county goes to the polls to-day.

CHALLENGING COMMITTEES, in some cases failed to do their duty on the 13th ult. Do not repeat that unpardonable neglect to-day.

PREVENT, at all hazards, as repetition of the outrageous frauds perpetrated by the Democracy in this city on the 13th ult.

EVERY REPUBLICAN who deserves liberty will feel it to be less his privilege than his duty, to do all that an honest patriotic man may do to insure a full vote to-day.

REPUBLICANS of Vigo county, the country expects you to do your duty to-day. Will you do it like men conscious of your own power and the immeasurable import of this day's work, or will you incur a fearful risk of bringing ruin on the Republic by failing to come forward in all your strength and courage?

A Little Rock dispatch to the Republican says the country in which Government or anyone has declared registration invalid, are largely Democratic, and especially affect three Congressional Districts. They embraced about one-sixth of the population of the State, and were estimated to give six thousand Democratic majority.

The Democrats countermanded their meeting Saturday night to prevent disturbances, the Republicans having arranged for a torchlight procession the same night, and it is alleged instructed the negroes to come armed.

The dispatch further states that politics had nothing to do with the association of Congressmen Hinds, that it was the result of a private difficulty, and the Democrats universally condemn the act.

At Tuscola, in this State, a Grant and Colfax meeting was disturbed by a mob headed by Ryan, the night editor, who, with several others, carried off the hands of the State Senator Charles Hays from the stand. Mr. Hays is a native of Alabama, and was in the Confederate army twelve thousand acres of the best land in Alabama, and is a man of high character; his only offense consisted in being a Republican. For the good of our country we appeal to the patriots of the Republic to elect Grant, and give us free speech and peace at the South.

This was done, when Parkhurst surrendered the prisoner and was discharged.

The following order: "And now, November 2d, it is ordered that no more aliens be naturalized in this Court."

Bidle and eight other Democratic members of the Court, expresses the opinion that it is the undoubted duty of election officers, when a certificate of naturalization is presented having the prothonotary's signature and seal of the court, to receive such paper, and that any objection thereto, or a refusal to accept the same, is an action for damages and peril of a criminal prosecution.

From Boston. BOSTON, Nov. 2.—In the suit of the Merchants National Bank versus the State National Bank, originating in the State street irregularities, Judge Clifford to-day read the opinion of the Circuit Court.

He decided that the act of June, 1854, under which National Banks were created, conferred no authority on the Cashiers of Banks to certify checks, and that the power to certify checks for third parties was not in fact in the duties appertaining to Cashiers.

He also held that the 15th by-law of the State Bank, which declared the duties of Cashiers, did not confer any power or authority on Cashiers to certify checks for third parties, and in addition there appeared to be no question that the National Banks generally could not certify checks.

The court, in view of these things, directed the jury to give a verdict for the State Bank.

Counsel for the Merchants Bank immediately filed exceptions, and the case will go to the United States Supreme Court for final adjudication.
