

GOVERNOR MAY NOT REINSTATE DUDLEY

Believed to Have Made Up His Mind in the Sullivan County Sheriff's Case.

MANY WITNESSES HEARD

Evidence Submitted at the Hearing to Prove that Lynched Negro was the "Right Man."

That the Governor will refuse to reinstate John S. Dudley as sheriff of Sullivan county, is believed by those who heard the Governor's questions at the hearing to-day. He took a hand frequently, and asked questions that indicate his belief that the sheriff did not do all he could, even without shooting, to save James Dillard, the negro taken from him and lynched on the charge of assaulting two white women.

Incidentally, evidence has been introduced tending strongly to the conclusion that the mob lynched the man who committed the assault. John B. Bays said, in explaining the purpose of such evidence, that it goes to show the sheriff was "up against" a mob convinced of the negro's guilt, and therefore difficult to handle.

Dudley's attorneys have been careful to draw out of their Illinois witnesses evidence to show that the negro came to Indiana willingly without a requisition. It is believed that one of the purposes in this is to combat the testimony of thirteen Illinois witnesses for the State yet to be heard, and to show the Governor, in case Dudley should be indicted in Illinois for kidnapping, that a requisition should not be honored.

Size of the Mob. W. R. Nesbitt, editor of the Sullivan Union, witness for the State, thought between fifteen and twenty-five persons were actually in charge of the negro as he was taken down the street, and that a mob of 150 was following along, many being school children, of whom Nesbitt and girl were two. He was informed by the leaders of the mob that the mob was returned and told him that there were signs of mob danger, but that Mr. Douthett told him the negro was not to be returned that day. He saw strangers during the day "putting up" at a live stable.

He testified that he tried to pull a man of who had been shot, and that a big gun was swung around and struck him (Watson) in the breast. It struck him in the breast, and he had heart trouble, and he gave up attempts at rescue.

"Do you know any of the persons that were trying to take the prisoner?" asked the Governor.

"No, I don't. They were strangers and I don't think they were from our county." "Was any of these people from Henderson or Gill township?" asked Merrill Moore, Assistant Attorney-General.

"Was any of these people from Henderson or Gill township?" asked Merrill Moore, Assistant Attorney-General.

Was Willing to Help. W. H. Lucas, a Sullivan Iverman, formerly of the regular army, Seventh Cavalry, witness for the defendant, testified that when he saw the mob he fled through the sheriff's residence to help get the prisoner into the jail. The mob did quick work, he said. Sheriff Dudley came to his living barn to get a team to pursue the mob, he said, but all the teams were out.

"The mob was with the husband. The people didn't realize what might happen, or I believe it would have been different had the sheriff answered to a question from the Governor as to whether the people were in sympathy with it."

Adjusted the Rope. In the cross-examination yesterday afternoon of Edward Sparrow, the Sullivan tailor that went with the mob to the lynching of James Dillard, Attorney-General W. L. Taylor got Sparrow to admit that he adjusted the rope around Dillard's neck, but Sparrow testified that the adjustment consisted of loosening it so that the negro could not choke.

Illinois Sheriff's Story. A. B. Houston, sheriff of Crawford county, Illinois, in whose jail at Robinson the negro was kept while Sheriff Sparrow was in charge, testified that he had seen the negro and recognized him.

HUNTING MISHAPS 37-38-39.

Will Aldredge Shot in the Leg While Hunting Quail.

Shoaff Shot His Arm Off.

Benjamin Millgrim, Jr., living four miles east of Germano, was on his way to the farm when he was shot in the leg while hunting quail yesterday. While going through a brush heap he fell, his gun was discharged and the load passed over his leg. The shot were small and he will recover.

ARSENAL APPRAISERS MADE TWO REPORTS

THE TWO VALUATIONS ARE FORWARDED TO WASHINGTON.

Majority Report, it is supposed, is About \$150,000, and the Minority Report Much Higher.

The Arsenal appraisement board forwarded a majority and a minority report to Washington to-day. The report was prepared in duplicate form. One copy was sent by mail, the other by express. It is understood that the board has been delayed in making its report because all of its members could not agree on one valuation, and it is understood that at least only three were able to unite on one valuation. It is thought the majority report is about \$150,000, and that the minority report is considerably higher.

WHAT THEY PROBABLY SAY

Members of the board refuse to talk concerning their findings. That they say, will have to be announced from Washington. It is known, however, that all united in advising an early sale.

SHREDDER MISHAPS 31-32.

Fulton County Man Lost a Hand in a New Machine.

ROCHESTER, Ind., December 11.—George Large has been added to Fulton county's list of corn shredder victims. He was operating a new machine on the farm near St. Albans when his right hand was caught in the rolls and ground to bits almost to the shoulder. The hand was cut off and carried into the machine. His arm was torn into strings and had to be amputated.

SMALL POX ALARMS HEALTH OFFICERS

They Say Situation in Indianapolis Is Serious and Are Anxious About the Future.

CASES AT CITY HOSPITAL

Superintendent Jobs Fears It May Be Necessary to Close the Hospital—Many New Cases May Develop.

THE GIBRALTAR OF THE CARIBBEAN.

—With Apologies to the Chicago Inter Ocean.

The health authorities say the smallpox situation in Indianapolis is alarming. Superintendent Jobs, of the City Hospital, may ask the Health Board to abandon the pesthouse in the City Hospital yard. If he does not do this, he will request permission of the board to close the City Hospital to all save emergency patients for at least two weeks until the cause of smallpox is discovered in the hospital.

He says the close proximity of the pesthouse to the City Hospital is a constant menace to the one hundred and twenty-five or thirty patients in the hospital. All patients in the hospital, even newborn babies, are vaccinated. Every precaution known to medical science is taken, but the danger of an outbreak of the disease remains, he says. Three cases have broken out since the pesthouse since midsummer. Two can be directly traced to the pesthouse.

One was a woman suffering from gangrene in a peculiar form. The other is Cora Wood, of Maxwell, Ind., who died yesterday. She became a patient about a week ago.

Baby May Die. Her child was sent to the pesthouse this morning. While it may not die of smallpox, the scourge, with the aid of the natural weakness of infancy, will probably claim another victim.

Dr. Jobs says he is between the devil and the deep sea. If he asks the Health Board to abandon the pesthouse his request will be granted, but if he asks the Health Board to close the pesthouse, he will be asked to close the hospital to all save emergency patients for at least two weeks until the cause of smallpox is discovered in the hospital.

BOY LOST HIS LEG, BUT GOT NOTHING

Employe of the Pardee Company Testifies Before the Strike Commission.

PAID HIS FATHER'S DEBTS

Company Kept the Money Out of His Wages—Operator Admits That He Sold Coal for \$20 a Ton.

SCRANTON, Pa., December 11.—When the strike commission met to-day, the miners called several witnesses who told of conditions at the collieries of the A. Pardee company, in the Hazleton region.

One of the witnesses was a boy who said he lost a leg in the mines, received nothing for its loss, but instead, when he returned to work, the company took off his wages his father's debt.

Mr. Darrow announced that the miners would go to the jury before to-morrow afternoon, and gave notice for the other side to be ready next week.

The company's attorneys said they desired a recess for a short time after the miners' case, to complete the preparation of their case. Chairman Gray said he hoped there would be no interruption in the sessions.

Sprung a Surprise. Lawyers for the miners sprung a surprise by calling to the witness stand J. L. Crawford, one of the independent operators. He is president of the People's Coal company, which operates the Oxford colliery here.

Mr. Crawford, who has been attending the sessions each day, was surprised to be called, and he refused to be taken to the witness stand.

"When did you ship coal last?" asked Mr. Darrow.

"What are you getting for it?" "I don't know exactly."

Grave Danger for Us in Venezuelan Crisis

S. E. Morris, Ex-Consul at Paris, Discussing the Monroe Doctrine, Shows Europe's Temptation to Hold Territory Close to the New American Canal.

Paris, December 11.—The last administration of President Cleveland, was asked to-day what he thought of the diplomatic and political difficulties that now confronted the United States in Venezuela, and what effect the occupation of Venezuelan territory by England and Germany would have on the Monroe doctrine of this nation.

"My opinion," said Mr. Morris, "is that the United States very materially weakened its position on the Monroe doctrine by its acquiescence in the Eastern hemisphere. Our course in China, however, was conservative in comparison with our course in the Philippines."

"Our government showed much wisdom in China, in avoiding anything looking to the acquisition of territory or the establishing of any jurisdiction there. It seems to me that the United States has arisen again for a vigorous assertion of the maintenance of our traditional opposition to European encroachments in the Americas."

Two Sections of the Monroe Doctrine. "Now there were two sections of that Monroe doctrine, one being a corollary of the other. We were to absolutely abstain from interference or participation in political affairs of the Old World. We were to resist if necessary the acquisition of any additional foothold by European powers in the New World."

Thinks the Situation Grave. "I think the situation is grave. The two greatest powers in Europe have come together with at least sufficient griev-

MAYOR MAY BE IMPEACHED

Temperance People Aroused Over Bookwalter's Failure to Mute Out Punishment.

Mayor Bookwalter has refused to revoke Wes Stout's saloon license, and it is supposed that Stout's beer garden, the dive with probably the most unenviable reputation in Indianapolis, will continue to violate the law.

The mayor's action may defeat a plan of the temperance forces to revoke the license of more than fifty bar-rooms and resorts notorious for their disregard of the law.

The alliance had testimony against all these saloons, T. P. Kiser says, and if the mayor had permitted the saloon keepers to be punished to the saloon keepers, other charges would have followed.

It is to be expected that the mayor will be impeached for months. Whether this will be attempted, he says he can not tell until he and his associates have arranged their plans.

One of the reasons the mayor gave for not revoking Stout's license was that Stout had never been convicted by any court.

Mr. Kiser said to-day that testimony against Stout might be presented to the Board of Health, but he said that Stout was not to be punished for the reason, as the mayor said, that Stout had never been convicted of violating the liquor laws at Fair Bank.

It has only been a short time since the mayor declared that he thought beer gardens responsible for the ruin of more than half the population of the city.

Four witnesses testified before the mayor that they had bought beer and had seen others purchasing drinks in Stout's barroom Sunday.

Stout's escape seems to have been due to his declaration that, when his dive was running Sunday, it was against his order.

Stout is said to be a Republican, though he has never taken an active part in politics, so far as known.

CHARLES POLSTER ACQUITTED. Tried on the Charge of Keeping a Gambling Device.

Charles Polster, the Indiana-avenue saloon keeper and Democratic ward boss, was tried and acquitted by a jury in the Police Court, yesterday afternoon, on the charge of keeping a gambling device.

Polster was arrested a few days before the last election by Sergeant Warren and Patrolmen Bolen and Smith. The police testified that they went to the saloon with instructions from the Gamewell operator at police headquarters to see whether there were "niggers" quartered in the basement.

WHAT A SAMPLE BOTTLE OF SWAMP-ROOT IS.

To Prove What the Great Kidney Remedy, Swamp-Root, will do for YOU, Every Reader of The News May Have a Sample Bottle Sent Free by Mail.

W. F. Lohnes, a prominent business man of Springfield, O., writes the following strong endorsement of the great kidney remedy, Swamp-Root, to the editor of the Springfield (O.) Republic.

"Having heard that you could procure a sample bottle of Swamp-Root, free, by mail, I wrote to Dr. Kilmer & Co., Binghamton, N. Y. for a sample bottle and the drug store and procured a supply. I have used Swamp-Root regularly for some time, and I can recommend it as a remedy for torpid liver, loss of appetite and general derangement of the digestive functions. I think my trouble was due to too close confinement in my business, and I can recommend it highly for all liver and kidney complaints. I am not in the habit of indulging in any medicine, but in this case I can not speak too much in praise of what Swamp-Root has done for me."

WAR IN VENEZUELA.

The German and British embassies at Washington inform the world that the arrest of German and British at Caracas is "without precedent in the history of civilized countries..."

It seems, therefore, that there is something to be said on both sides. Not only did the European powers strike the first blow, but it was known that they proposed to land marines and take possession of a custom-house or so.

There has not been reason for fear that foreign troops in possession of the ports, there might be a "Caracas" with the German fleet in the bay.

Notes of the Stage. "Monarch of the Meadow" at the Park last night. It is one of the most successful plays in Robert Mantell's repertoire, and it drew a large audience. It is a comedy in which the author is aided by his company.

By some oversight, the names of Raymond and Guard were not mentioned in the list of attractions at the Grand this week. The matter of fact, this week musicians do as good an act as has been seen at the Grand. Yesterday's matinee was the best of the season.

A clever song and dance act is that of Washburn and Grant, at the Empire this week, with a full and complete act, and both singers have good voices. The solo this week contains eight songs, and the act is a very good one.

Every seat for the remaining performances of "Ben-Hur" has been sold, with the exception of a few that are left for the extra matinee Friday. Tomorrow's matinee will be the biggest yet, every available inch of standing-room being occupied.

SAKS & COMPANY

Largest Men's and Boys' Outfitters in the State.

Last "Special Friday" Until After Christmas

BOTH your attention, and ours, will be too fully occupied with the holiday duties to give heed to the small lots and odds and ends after to-morrow. But we shall make a decisive clearance to-morrow. Reckless, even, in our determination to close out all the remnants that dot the store up to-day. Nor are they alone remnants—but several "special" lots are included. It's double and treble value giving for a day.

ENGINE ON WABASH ROAD WENT ON LARK AT PERU

IT WAS REVERSED AND STARTED ON WILD RUN THROUGH CITY.

DIED OUT IN THE COUNTRY

Engine Smashed Into a Coal Car and Punctured the Water Tank—Firemen Burned by Steam.

(Special to The Indianapolis News.) PERU, Ind., December 11.—A runaway engine in the Wabash railroad yards here late yesterday afternoon did considerable damage. Fireman Prince was backing the engine to couple it to a cut of cars, when a pipe burst and filled the cab with steam and scalding water. Fireman Prince was scalded and he will recover. The engine in some way was reversed and started forward. It had not proceeded more than a hundred yards before it struck a coal car and splintered it.

The engine stayed on the track and continued on its wild run. It was enveloped in a cloud of steam and water was pouring from holes in the tank made by the engine's boiler. Another engine was started in pursuit and the block operator, two miles east of the city, threw the switch, but before the engine reached that point it "died."

BOARD BILLS ARE UNPAID.

Howard County Sheriff May Sue the City of Kokomo.

(Special to The Indianapolis News.) KOKOMO, Ind., December 11.—Sheriff L. W. Harness is preparing to bring suit against the city of Kokomo for unpaid board bills of prisoners. It has been the understanding in the sheriff's office that meals of all prisoners were to be paid by the city until they were arraigned in court and either convicted or acquitted. In case of a conviction and jail sentence the county assumes the expense of boarding the prisoner.

AFTER SIXTY YEARS.

Joseph and Katherine Klump Have Decided to Separate.

DAYTON, December 11.—Joseph and Katherine Klump, age eighty and seventy-five years, respectively, met in a lawyer's office and agreed to separate. The husband will live with his son and the wife with her daughter. By the terms of the agreement the aged wife will receive \$500 alimony out of the proceeds received twice to the sale of their farm. It is said that one wanted to sell the farm and the other did not. They had lived together for sixty years.

DRAGGED IN A BUGGY TOP.

Experience of Hartford City Doctor Resulted Seriously.

(Special to The Indianapolis News.) HARTFORD CITY, Ind., December 11.—Dr. W. N. Cronin had his scalp and left hip and shoulder cut while returning from a call on a patient in the country. One of the wheels of his buggy came off, the horse ran away and the doctor was dragged some distance in the buggy top. He lay unconscious at the side of the road for several minutes. When he awoke he was unable to walk and called for help.

AUDACIOUS INVENTION.

Emperor William Did Not Criticize King Edward and His People.

BERLIN, December 11.—An official denial is given out here of the statement published in the National Review, of London, that the German Emperor, during his recent tour of Norway and while on board his American yacht, offered disparagingly to the British King, government and people. The report is characterized as "an audacious invention."

THE BLAZED TRAIL

By STEWART EDWARD WHITE, Author of "The Westerners." Copyright, 1922, by Stewart Edward White.

CHAPTER VI. They finished cutting on section seven during Thorpe's second week. It became necessary to begin on section fourteen, which lay two miles to the east. In that direction the character of the country changed somewhat. The pine there grew thick on isolated "islands" of not more than an acre or so in extent, but the ground was on the level of a marsh. In ordinary conditions nothing would have been easier than to have ploughed the marsh, and the surface of this marsh. The peculiar state of the weather interposed tremendous difficulties. The early part of autumn had been characterized by a heavy snow fall immediately after a series of mild days. A warm blanket of some thickness thus covered the earth, effectively preventing the freezing which subsequent cold weather would have caused. All the season Radway had contended with this condition. Even in the woods, muddy swamp and spring-like mud caused endless difficulty and necessitated a great deal of "corduroying" or the laying of poles side by side, to form an artificial bottom. Here in the open some six inches of water and unlimited mud awaited the first horse that sought to break through the layer of snow and ice. Between each pair of islands a road had to be "tramped."

DR. FENNER'S KIDNEY and Backache CURE. All diseases of Kidneys, Bladder, Urinary Tract, also Rheumatism, Gravel, Dropsy, Female Disorders. Don't be discouraged. There is a cure for you. If necessary write Dr. Fenner. He has spent a life time curing just such cases as yours. All consultations free. For years I had backache, severe spasms across kidneys and scalding urine. I could not get out of bed without help. The use of Dr. Fenner's Kidney and Backache Cure resulted in my recovery. G. W. AGONER, Knoxville, Pa. Druggists, 50c. \$1. Ask for Cook Book—Free. ST. NEW EDUCATIONAL SCHEME.

Rockefeller Proposes to Endow a Great Institution.

WASHINGTON, December 11.—Senator Aldrich, whose daughter married the son of John D. Rockefeller, has announced that it is the purpose of Rockefeller to endow here at once a great educational institution, or an educational center, the purpose of which will be to add to the number of the great colleges and schools throughout the country.

It is believed that Mr. Rockefeller intends to create a stupendous endowment, probably totaling as much as \$100,000,000 for this purpose. Last April a bill was passed through the Senate which created the "general education board." Several of the incorporators in this board are members of the board of engineers of the Carnegie Institution.

AKRON READY FOR ROBBERS.

Ten Citizens Sleep with Loaded Guns Near Their Beds.

(Special to The Indianapolis News.) ROCHESTER, Ind., December 11.—If any more bank robbers go to Akron they will meet with more resistance than they did last week, when they wrecked the Exchange Bank safe with four charges of nitroglycerin and terrorized the town by shooting at the citizens. Ten citizens have bought repeating rifles, ten shotguns, ten revolvers, ten knives and ten forks, coin silver plated, \$1.75 quality, set of 6 knives and 6 forks, per yard. \$1.35 CANDLE STICKS, wrought iron, with candle, complete. \$1.10 SALAD DISHES, fancy china, up to \$2.00 quality, choice. \$1.50 DOLL BEANS, money tops, complete, up to 100 quality, choice. \$1.25 TOY WRINGERS, wood frame, \$50 quality. \$1.50 RIBBONS, fancy stripes, 3 1/2 inches wide, 12 1/2c quality, per yard. \$1.10 DOLL CRADLES, all iron, our 50c quality. \$1.25

FOUND SIXTEEN RED EARS.

Daughters of Rebekah Husked Forty-Three Bushels of Corn.

(Special to The Indianapolis News.) MARSHALL, Ind., December 11.—The L. O. C. F. lodge here paid for a load of corn for the Rebekah lodge on condition that the women would husk it and take it to market. The proposition was accepted, and sixteen members went into the field, returning to town a few hours later with forty bushels of corn. The women sold the corn for 40 cents a bushel. One Odd Fellows offered a prize for each bushel of corn, and sixteen were taken in him.

NEVER-GROW-OLD CLUB.

The Combined Age of the Members Amounts to 661 Years.

(Special to The Indianapolis News.) ROCHESTER, Ind., December 11.—Rocheater has a "Never-Grow-Old Club," composed of nine women, whose combined ages amount to 661 years—an average of seventy-three and one-half years each. The club has been organized for seven years, and there has not been a death in the ranks of the membership. The organization is headed by Judge Bernhart, Rome C. Stephenson, Prof. W. H. Banta and editor Albert Bitters.
