French Air Attacked North of Hem Wood—Bitter Struggle at Verdun Continues—Germans Gain All but Outskirts of Thiaumont Works—French Make Progress in Village of Fleury—Italian Offensive Only Beginning, Rome Declares—French Pressure Slow but Methodical.

BERLIN (via London), August 9.—Attacks by the British and the French north of the river Somme have been checked with heavy losses to the assaulting forces, the war office announced today. Nearly four hundred British were taken prisoner and six of their machine guns captured.

LONDON, August 9.—The important Austrian city of Gorz, one of the main obstacles in the path to Trieste, was taken by the Italians today. This success, officially announced by the Rome war office, follows closely on the capture of the Gorz bridgehead, the crossing over the Isonzo river, which checked the attacks of the Italians for many months.

After three days of violent fighting, in which cavalry finally was brought up to reinforce the infantry, all the defensive works were captured and the city fell into the hands of the Italians.

Ten thousand Austrians were taken prisoner in the fall of the city. The remaining Austrians are now being pursued by Italian cavalry.

Key to Austria From West. Gorz is the point of convergence of important railways and the key to the whole plan opening up to the invasion of Austria from the west. In earlier attacks on the great Austrian stronghold the Italians had sacrificed many lives. The Austrians, too, have suffered enormously in repelling Italian attacks.

Gorz lies on the east bank of the Isonzo, surrounded on three sides by steep ridges and peaks, which constitute it a natural fortress.

The success the Italians have created an immense impression throughout Italy, dispatches say. Rome, Florence, Bologna and Milan are electric with flags and demonstrations are being held by great numbers.

The offensive against Gorz had been planned for the spring, but was delayed because the Austrians had fortified the region. It is part of the steady pressure which the entente allies are exerting on the Austrians.

Rome dispatches say the Italian artillery dislodged the Austrians, after which Italian infantry rushed to successive Austrian lines of defense. Italian reinforcements were poured steadily from the underground passage which had been dug to within fifty feet of the Austrian first line.

The Italian infantry advanced so rapidly that the Austrian artillery continued to shell positions from the heights without effect.

Stanislaw Near Fall. The scope of the Russian victory south of the Dniester in Galicia is being enlarged. Important progress for General Potemkin's offensive being announced today.

Tysmienitza, eight miles east of Stanislaw, on the Isonzo river, has been captured by the Russians and the Austrians are retreating from the Dniester, through Tysmienitza to Otrivna, on the main line railway, fifteen miles south of Stanislaw.

The northwestern thrust of the Russian line has broken the attack by the Austrians on the right flank of the Austrians along the Stripa, which can hardly hold much longer without disaster, should the Russians progress farther in their present direction.

Occupation of Stanislaw, which now seems on the verge of falling, would give the Russians an important railway station, connecting the Isonzo with the advance on Lemberg from the southeast.

Constantinople. The Turkish army in the region of Muah, Bitlis, Varson, Himsis, Senek, Khazman and Khanasir, the Russian statesman says.

SUBMARINE BREMEN DUE

Expected to Arrive at New London Any Time, Newspaper Says.

NEW LONDON, Conn., August 9.—The German submarine Bremen is expected to arrive at this port at any time, according to the New England Day after tomorrow. The Eastern Forwarding Company, which is the American corporation handling the traffic of the German submarine merchant line, it is learned, has leased for one year space on the new steamer pier for a large warehouse, and this city will be the principal American terminal of that company.

BURGLARS BLOW SAFE. Take \$200 in Cash and Checks From Store at Carlisle.

[Special to The Indianapolis News] SULLIVAN, Ind., August 9.—Burglars, who used nitroglycerin, blew the safe in the general store of Harry Alumbough, Carlisle, early today. Two hundred dollars in cash and checks were taken. Overcoats from the clothing department were used to muffle the explosion. Bloodhounds have been put on the trail, but no arrests have been made.

WHEAT PRICES SHOOT UPWARD AT CHICAGO

MAY DELIVERY REACHES \$1.53 1/2 IN EXCITED TRADING.

CAUSED BY CROP DAMAGE

CHICAGO, August 9.—Wildness of buying by wheat traders today exceeded any similar display since the outbreak of the European war. The majority of speculators here were decidedly incorrect regarding what the government crop report would indicate, and their belated efforts to acquire holdings were made difficult by the bidding on the part of farmers and by shorts who were caught by the sudden upward whirl of the market. Despite lively profit taking, the offers continued inadequate. Alarming reports as to a further spread of black rust in Canada added to the strength.

Prices Jump at Start. Prices shot upward 8c a bushel at the opening. The December option touched \$1.45 on first trading, as against \$1.37, yesterday's final. Sensational reports of a government crop report which would indicate a shortage of 100,000,000 bushels under last year's total.

The market opened 8c to 8 1/2c higher and when relative steadiness was established showed 1 1/2c to 1 3/4c gains as compared with yesterday's close.

In later dealings, the May delivery rose to \$1.53 1/2, an extreme ascent of 3/4c over yesterday's final figure, and 46 1/2c as compared with the price at the corresponding time a year ago.

The Fever Grew. After midday the fever to buy grew more intense and the market soared to 10c a bushel above yesterday's close. December, touching \$1.47, a limit the market appeared to be entirely bare of offers. An estimate by a leading authority that owing to the increase of black rust 100,000,000 bushels under last year's total.

Just phenomena of the close, a freeze in the market rushed prices up to nearly 12 cents advance in some cases. The new stimulus came from the fact that a large export business was in progress.

APART FROM REGISTRATION ACT. There is a provision in an election law, under the registration act, which permits the county clerk to destroy the poll books kept by the poll clerks after such books have been held for six months after the general election. It has already been reported that in many of the precincts of the state the poll books have been destroyed or lost, and in all such cases they will be replaced by a complete set of all voters under the interpretation of the commission. Persons in a position to furnish information on the matter to the commission should contact the secretary of the commission.

HOUSE ACCEPTS CONFERENCE REPORT ON MEASURE.

ADOPTS WITHOUT ROLL CALL

WASHINGTON, August 9.—The army appropriation bill carrying a total of \$287,397,000, now is ready for President Wilson's signature. The house today adopted the conference report on the measure, previously adopted by the senate, without roll call.

Democratic leader Kitchin announced he would vote against an agreement if there were a roll call. Representative Jones, a Republican, also announced he would vote against the measure.

NEW REGISTRATION BE NECESSARY

Opinion of Special Commission Probably Will Affect Sixty Per Cent. of State's Precincts.

RETENTION OF POLL BOOKS

If These Have Been Lost or Destroyed Complete New Enrollment of the Votes Will Be Required.

Sixty per cent. of the precincts in Indiana probably will have to hold a general registration of voters this year as a result of an interpretation of the revised registration law that has just been made by a special commission of attorneys appointed by Governor Ralston.

The legislature amended the act in 1915 in an effort to provide for an enrollment that would be as permanent as possible, an added section of the measure being as follows:

"Any voter, resident within any precinct, whose name appears on the registration books of such precinct, shall not be required to register again if he continues to reside in the same precinct in which he is registered, and if he shall not be disfranchised for any cause prescribed in the laws of the state of Indiana, and if he shall have secured the right of suffrage at the last preceding general election."

Whole Counties in Some Cases. However, whole counties and a large number of scattered precincts will have to take a complete registration October 9, the date set some time ago for the enrollment of new voters and those who had changed their residence, as a result of the following opinion of the commission:

"If the registration books are destroyed, mutilated, inaccessible or for any other reasonable cause unfit for use, or if the poll books kept by the poll clerks at the last general election have been destroyed or lost, or for any other reason shall give notice for a registration of all voters in such precinct. We recommend that the question of whether there is to be a complete registration of all the voters in such precinct be determined at the discretion of the county auditor and notice thereof given to the voters in such precinct by the chairman of all the political parties in their county."

The commission, in discussing the ruling, further says: "The theory of the registration law is to exercise the right of suffrage. The poll book shall constitute a permanent record of the voters who have been registered, and if the poll books are destroyed or lost, or for any other reasonable cause unfit for use, or if the poll books kept by the poll clerks at the last general election have been destroyed or lost, or for any other reason shall give notice for a registration of all voters in such precinct. We recommend that the question of whether there is to be a complete registration of all the voters in such precinct be determined at the discretion of the county auditor and notice thereof given to the voters in such precinct by the chairman of all the political parties in their county."

WASHINGTON, August 9.—Secretary Lane of the interior department and Associate Justice Brandeis of the United States supreme court, have been selected as two of the three American members of the joint commission which will undertake settlement of Mexican border difficulties.

Formal announcement that the United States Mexican government had reached an agreement for discussion of differences by a joint commission was made by Acting Secretary of State Polk.

Formal announcement of the appointment of the commission was delayed only a few days by the illness of Brandeis, asked by President Wilson to serve. The Mexican members already named are General Carranza's ambassador designate, General Carranza's secretary, and Secretary Polk details as to time and place of meeting.

As Broad as Desired. Mr. Arredondo called at the state department today and gave further assurance of the willingness of the de facto government to have the scope of the commission's discussion as broad as the United States desires. General Carranza prefers that withdrawal of Mexican troops from Mexico and steps to prevent trouble be taken up first, but Mr. Arredondo said he would not object to having other questions considered. It is regarded as probable that the meetings will be held at some resort on the New Jersey coast.

Lane to Head Commission. Secretary Lane will head the American commission. State department officials said it was not necessary for all matters to be worked out before recommendations could be submitted for ratification. On the other hand, it was regarded as possible that each agreement reached by the commission would be reported and acted upon by the government separately. The conclusions of the commission will be in accordance with the interests of the United States.

REROUTING OF STREET CARS IN EFFECT SUNDAY

WORKS BOARD NOTIFIES COMPANY OF ADOPTION OF ORDER.

IMPROVEMENTS COMPLETED

THE NEW STREET CAR ROUTES WILL BE FOUND ON PAGE 15.

After modifying its street car rerouting order, which was adopted on February 11, 1916, to make the system of routing cars in the business district conform to conditions resulting from the closing of the Illinois street tunnel, the board of public works today notified the Indianapolis Traction and Terminal Company to place the order in effect next Sunday, August 13.

Practically all the routes provided for in the original order were contained in the new order sent to the street car company. Members of the board said the company has completed all improvements made necessary by changing the downtown car routes.

The board changed the routes for the South Meridian, Stockyards, Garfield park and Illinois street lines. The south side lines now approach the business district in Kentucky avenue instead of in Illinois street, as a result of the closing of the tunnel under the tracks of the Indianapolis Union Railway Company.

GOVERNOR RALSTON HAS GRANTED A REMISSION OF FINE TO GEORGE JOHNSON, SENTENCED TO SERVE SIX MONTHS AT THE STATE PENAL FARM AND TO PAY A FINE OF \$200 AND COSTS. HE WAS CONVICTED IN THE MARION COUNTY COURTS JUNE 18, 1915, OF CONTRIBUTING TO THE MAINTENANCE OF A GIPSY SHOW. HE HAS BEEN BLIND FOR A NUMBER OF YEARS. HE HAS MADE HIS LIVING BY SELLING SHOES.

Franklin J. Conquest, near whose place of business Johnson sold shoesticks, recommended clemency, according to the papers, which also set out that the father of the girl "has stated that Johnson is innocent of the crime charged." The clerk of the circuit court, the county treasurer, auditor and sheriff have signed petitions for the remission of the fine, according to the papers.

MANAGERS AND MEN ACCEPT MEDIATION

Threatened Strike of 400,000 Railroad Employes Has Been Averted.

EMPLOYES ASK QUICK ACTION

Federal Board Prepares to Hold Conferences With Both Sides—A. B. Garretson Makes Announcement.

NEW YORK, August 9.—The threatened strike of the 400,000 railway employes of the United States was averted today when the railroad brotherhoods accepted a proffer of the United States board of mediation and conciliation to mediate their differences with the railroad companies.

Announcement of the acceptance of the offer was made by A. B. Garretson, head of the conductors' brotherhood, after it had been delivered by G. W. W. Hanger, a member of the board, following an appeal to that body to intervene made today by the national conference of railroad managers.

Men Ask Prompt Action. Mr. Garretson said he had informed the board that the offer was accepted on the condition that "its good offices are promptly exercised."

The federal board, which is composed of Mr. Hanger, Martin A. Knapp and Judge W. L. Chambers, was prepared to begin conferences with the respective sides to the controversy before night, it was understood.

Garretson's Statement. "The federal board of mediation and conciliation has notified us," read Mr. Garretson's statement, "that it has received the request of the managers' conference committee to exercise its friendly offices in an effort to bring about an amicable settlement of the questions that exist between the conference committee of the managers and ourselves. Our answer was to the effect that we should accept the mediators' proffer of their friendly offices provided it was promptly exercised."

The procedure of the federal board is to meet each side separately, learn the attitude of both and attempt to obtain concessions from each as a basis on which a settlement can be reached when they are brought together.

Stock Market Jumps. The acceptance of the mediation agreement by the railroad employes was followed by buoyancy in the stock market. Leading shares were 2 to 4 points higher in the late afternoon on the liveliest dealings of recent weeks.

Industrial shares were similarly affected. United States Steel leading the movement in that quarter with an advance of 1 1/2 to 3 1/2, its best price since last January.

The national conference of railroad managers early today rejected the men's demands and proposed that they be mediated by a third party. Johnson, the mediator, has been blind for a number of years. He has made his living by selling shoesticks.

Franklin J. Conquest, near whose place of business Johnson sold shoesticks, recommended clemency, according to the papers, which also set out that the father of the girl "has stated that Johnson is innocent of the crime charged." Lee Not Disturbed by Reports.

E. M. Lee, the Indiana state chairman, who was made by the Indianapolis conference, chairman of the committee of fifteen which was instructed to carry on a vigorous fight for the nine members in a selected number of states this fall, and to take steps to perpetuate the party, was undisturbed by the reports from the west.

Names Are Not Announced.

Lee was asked whether Hale had announced the names of the nine members completing the committee of fifteen which is to perpetuate the Progressive party and to take steps to perpetuate the party, and he replied that he will within the next week or two, and we will probably have our next committee meeting about September 1 and conduct our campaign plans.

LABOR LEADER REVIEWS RECORD OF HUGHES ON BENCH.

SAYS HE UPHELD INJUNCTION

WASHINGTON, August 8.—Democratic party leaders here today gave out a letter from President Samuel Gompers, of the American Federation of Labor, to Thomas H. Hughes, of Alliance O., reviewing the attitude of Charles E. Hughes, the presidential nominee, in supreme court cases involving the interests of labor, particularly the Danbury hat case.

Reviews the Hatters' Case.

Mr. Gompers' letter reviews the Danbury hat case, which resulted in an unanimous decision of the supreme court, in which former Justice Hughes concurred, holding the hat case under the Sherman law for the celebration of the Danbury hat case. Mr. Gompers was out of the city but the Democratic leaders gave out the letter as having been written from headquarters of the American Federation of Labor in response to a request for Mr. Hughes' record.

Says Injunction Was Indorsed.

"In that decision," Mr. Gompers wrote, "Justice Hughes took the position that the injunction process applies to personal relations. Justice Hughes made more definite the enforcement of the theory that injunctions apply to personal relations. Mr. Hughes has taken an unequivocal position. He indorses the abuse of the writ of injunction against which wage earners have vigorously protested, and which they are trying to correct by remedial legislation in order that they may enjoy the rights and opportunities of free citizens."

Held to Criminal Court.

F. C. Hartman placed Under Peace Bond on Former Wife's Complaint. Fred C. Hartman, 1222 Fletcher avenue, was bound over to criminal court today in the court of Conrad Keller, justice of the peace, under \$300 bond to keep the peace, on an affidavit filed in the court of Conrad Keller, justice of the peace, by his former wife, Ada Hartman, 820 North Pennsylvania street, a clerk in the office of the state fire marshal.

### APPEAL TO STRIKE BREAKERS

Clay Workers at Brazil Hold Demonstration to Get Men to Quit.

[Special to The Indianapolis News]

BRAZIL, Ind., August 8.—Striking clay workers made a big demonstration yesterday in the hope of persuading strike breakers to leave the Hydraulic Press Brick Company plant, where they have been at work since last week. Seven negroes, imported from St. Louis, left the plant and were cared for at the strikers' commissary and others promised to leave. The strikers marched in the road past the plant carrying a big banner which read, "Come Out With Us. We Will Protect You."

### American Women Praised by Gen. Joffre for Work

PARIS, August 8.—The first American woman to be presented to General Joffre at his headquarters is Miss Grace Casette, a Chicago artist. Learning that Miss Casette was in the military zone introducing a new surgical bandage, the French commander-in-chief invited her to pay him a visit.

General Joffre told Miss Casette he was especially glad to "take this opportunity of expressing gratitude for the personal services of American women" in the war, and made complimentary references to the American ambulance work generally.

Miss Casette has worked for the last two years with the American Ambulance at Neuilly.

# REPORT ISSUED ON STATE INDUSTRIES

### Heavy Increase Shown in Indiana in Number of Plants in Certain Lines During 1914.

### WAGE TOTAL HIGHER AS RULE

### Total Spent for Materials Also Climbs in Practically All Commercial Activity—Exceptions to Trend.

Conditions surrounding Indiana's industries in 1914 are summarized in a report made public today at the office of Thomas W. Brolley, the state statistician. It also includes a comparison with 1909 and 1910. The summary, which was made by the department of commerce of the United States government, and forwarded to the statistician's office, is regarded as probably the most complete ever made in the state.

Analysis of the tables show that 1914 witnessed a heavy increase in the number of industrial establishments in some lines over the two preceding years, while in other lines of business the total establishments in operation in 1909 or 1910 exceeded those in operation in 1914.

Some of the industries that reported smaller wage earners' total earnings in 1914 than in the other two years follow: Agricultural implements, women's clothing, cotton goods, including cotton small wares; cutlery and tools, not elsewhere specified; lumber and timber products; mattresses and spring beds and scales and balances.

### BROLLEY GETS SUMMARY OF STUDIES MADE BY GOVERNMENT OF INDIANA INDUSTRIES

The secretary of commerce of the United States government has just forwarded to Thomas Brolley, the state statistician, a summary of conditions affecting Indiana's industries during 1914, as compared with 1909 and 1910. In the tables, the total values of products are shown in thousands, and the correct totals may be obtained by adding three ciphers to the figures in the tables. The tables follow:

# SAY CHARGES ARE FALSE AS THEY CONCERN THEM

### F. M. AND J. ELLIOTT COMMENT ON SUIT OF MISS BLACK.

### TITLE TO LAND IS INVOLVED

Frank M. Elliott and John Elliott, who were made defendants to a suit filed by Miss Alice B. Black, a milliner, charging that the Elliotts and C. W. Roberts gave her a worthless deed and abstract for 320 acres of land in Texas in exchange for a millinery and dry goods store in South Bend, assert that the allegations made by her are false as far as they are concerned.

### ARRESTED BECAUSE OF NAME

### Henry Schroeder, of Evansville, Detained When Entering Canada.

[Special to The Indianapolis News]

EVANSVILLE, Ind., August 8.—The neutrality of J. Henry Schroeder, a member of the Schroeder Headlight Company, in connection with a Canadian immigration official, according to the story told by Schroeder on his return here from Canada. The official came through the train at Coaticook, Quebec, questioning the passengers. He became suspicious when Schroeder gave his German name, "Are you for Germany or the allies?" "I'm a citizen of the United States, and neutral," the Evansville man replied. "You will have to declare you are not." He insisted the official, and took Schroeder into custody. Schroeder was detained several hours, and his name did not hurt him in a business way, for the official of the Canadian Pacific railroad gave him an order for headlights to be manufactured in the Evansville factory.

### TOOTHPIECE FOUND IN APPENDIX

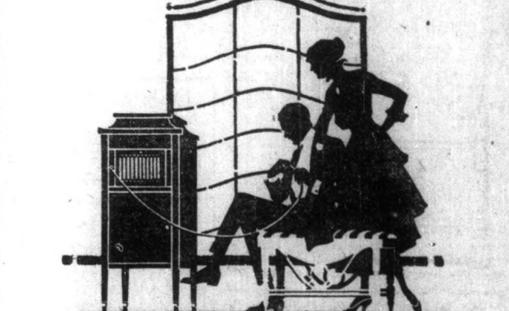

[Special to The Indianapolis News]

DANVILLE, Ill., August 8.—Mrs. J. Pearson, of Gessie, Ill., was operated on at a hospital here yesterday for appendicitis, and a toothpiece was found in the appendix. The physicians said this is the first time they have ever known of a case of this nature. Mrs. Pearson became sick suddenly Sunday, and it was found necessary to operate immediately.

### Coach for Ad Club Actors in Fairview Frolic Play

## THOMAS F. SNYDER

Thomas F. Snyder is the coach for the Ad Club actors, who will appear in the playlet, "On Sale, \$8.98," which is to be a feature of the Fairview frolic of the Advertisers' Club at Fairview park August 23. Snyder was stage manager for the Catha Woodland Players, and is an actor of experience. He is enthusiastic over the outlook for an excellent performance of the playlet, which was the big feature of the national convention of the advertising clubs at Philadelphia in June.

Snyder says that some of the rough spots in the Philadelphia production have been ironed out and altogether the playlet will be more interesting and better staged than when it was shown at Philadelphia. A concert will be given by the Indianapolis News Newsboys' Band, and while the frolic will be at night, the affair is really an all-day event. The street and vaudeville features are being planned to fill out an evening of "riot and revelry," according to the promoters.

## Immigration in 1916

WASHINGTON, August 8.—Increase in population by immigration amounted to only 109,661 during the fiscal year of 1916. Statistics announced today by the immigration bureau show the influx of aliens was lower than it had been in eighteen years.

Aliens arriving in the United States in the year which ended June 30 numbered 266,748, of whom 228,228 were immigrants and 67,520 permanent residents. Aliens departing numbered 200,297, of whom 135,776 were emigrants leaving without intention of returning and 111,023 non-emigrants, who intend to come back to this country in time.

and opportunities for its own people, certainly there is none in Indiana this year.

Some of its older residents declare that, with smoke, and with street cars packed to suffocation and the streets themselves crowded with automobiles.

The newspapers frequently contain stories of those who walk the streets with a pack on their backs.

This does not describe a desirable condition for any city or for those who go into it unprepared.

The diversity of its factories is itself a big asset for Indianapolis.

THE LAW AGAINST PLOTTERS It is said that the President will ask Congress to enact a law under which it will be easier than now to prevent the improper acquisition of knowledge.

THE PRICE OF BREAD Some disquieting predictions were made at the convention of the National Association of Master Bakers.

THE PRICE OF BREAD (Continued) But it is also probable that the campaign would go on and that the result will be the same even if the President never notified his nomination.

THE PRICE OF BREAD (Continued) As some of the saloons, as a result of the war, closed last year, it was, of course, an unusual occasion.

THE PRICE OF BREAD (Continued) The merger of two airplane companies, with a capital of \$10,000,000, seems to be further evidence of how we are preparing to rise to the occasion.

THE PRICE OF BREAD (Continued) Chicago ought to be ashamed of taking ice away from Gary, and what is more it will be more than ashamed if it doesn't stop it.

THE PRICE OF BREAD (Continued) Last night was another of those weather bureau is going to supply for sleeping purposes a little later in the season.

THE PRICE OF BREAD (Continued) Still, if the price of bread gets to be high there is always the freer cooker to fall back on.

Miller's Antiseptic Oil, Known As Snake Oil

has perhaps relieved more sufferers than any other known remedy in the same length of time. More than 100,000 bottles sold in the past four months, under an absolute guarantee to give satisfaction or money refunded, and only three bottles have been returned. Many have testified that they have suffered with Rheumatism and Lumbago until they had been forced to give up their work because they could not use their limbs. Some could not even raise their arms above their heads, have been restored and are now praising this wonderful oil that other sufferers may be relieved. No wonder this great oil treatment has sprung into such tremendous popularity in so brief a time and is so much praised today by thousands throughout the country. For Rheumatism, Neuralgia, Lumbago, stiff and aching joints, or any kind of an ache or pain, it is said to be without an equal. For Sore Throat, Croup, Diphtheria and Tonsillitis, and for cuts and burns it has been found most effective. This wonderful new oil remedy that is producing such results throughout the country is now for sale by all leading druggists. Accept no substitute, for there is nothing like it. Golden red color only. Every bottle guaranteed; 25c and 50c a bottle, or money refunded. Hook Drug Co.—Advertisement.

Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain Mulified Cocoon Oil (which is pure and entirely greaseless) is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair. Simply molasses your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get Mulified Cocoon Oil at most any drug store. It is very cheap, and a few cents is enough to last every one in the family for months.—Advertisement.

For Sprains, Lame Muscles

Absorbine, Jr., brings quick relief. Keep it always at hand for instant use. Athletes use Absorbine, Jr., for the muscle that has been strained, for the cut, or laceration that runs a chance of infection; for the abrasion that pains and the limbs that are stiff and lame from over-exercion. Walter Johnson, the famous pitcher of the Washington Americans, says: "Absorbine, Jr. is a first-class liniment and rub-down for tired muscles. I have used it myself to advantage and can heartily recommend it to ball players everywhere." Absorbine, Jr. is a concentrated antiseptic liniment—only a few drops required at an application. It is safe and pleasant to use—leaves no greasy residue. Sold by most druggists, \$1.00 a bottle or postpaid. Liberal trial bottle for 10c in stamps. W. F. Young, P. D. MRS. HUGHES ON FIRST PLEASURE TRIP OF LIFE

CHILDREN GROWN, SHE HAS NO HOME WORRIES.

NO LONGING FOR SOCIETY

CHICAGO, August 9.—Mrs. Charles Evans Hughes was in town yesterday. Mrs. Hughes, who will be the first lady of the land-may-be taking the first pleasure trip of her life, because she no longer has small children at home to worry about.

The wife of the Republican candidate for President is not averse to granting interviews, but she feels as if it would be useless for her to say anything about politics because she agrees with everything that her husband has said up to the present time or may say during his trip to the west coast. Mrs. Hughes is a tall, slender woman, Mrs. Hughes, and her brown hair, which is slightly threaded with gray, is done high on her head. Her hazel eyes, though not large, are kindly and the most expressive feature of her placid face. She is a woman to whom life has been kind, and so at fifty-two there are no frowny lines to mar her countenance.

Many Roses From Friends. She sat stiffly in her straight, uncomfortable, high-backed chair and smiled benignly about the room at the big bouquets of long-stemmed American Beauties, which she said were from friends whose names she did not care to mention. Still she thought it nice of the Hamilton Club to send the wonderful floral basket that stood on the table in the center of the room. It could be seen at a glance that Mrs. Hughes is not a devotee of fashion. She wore a simple dress of white crepe de chine, with a full plaited skirt, and her severe lines were emphasized by a high net collar.

She really did not wish to be quoted on anything that she might say, as her husband did not wish to make social calls, and she thought it interesting to see the matter of who's who in the Hughes's domain, and she smilingly admitted that Charles Evans Hughes is the master in his own house.

Not Anxious to Vote. Of course, she wasn't a suffragist at all, but then if Mr. Hughes thought it right for women to vote, why not? Anyway, she was not quite sure that she understood his views on the subject as they were rather complicated, you know. But she liked to keep house, and be with her children and grandchildren more than anything else.

Mrs. Hughes does not care for society. So, during her brief visit to Chicago, she received no friends, nor made social calls, not even a telephone call, as she said that she wanted to remain quietly at the hotel. She said she was tired from her visit in Detroit and consequently there would be no shopping tour here and no extra gowns and hats to be squeezed into trunks when she left Chicago.

So Mrs. Hughes, with her mind unhampered with frills and the latest style in boots, is going to accompany her husband on his sight-making tour of the country and to help him by her quiet, homelike presence just as she has been doing for nearly thirty years.

REPUBLICANS ANXIOUS FOR SHIPPING BILL VOTE

HARDING OF OHIO, WILL DIRECT OPPOSITION MINORITY.

SIMMONS CALLS UP MEASURE

WASHINGTON, August 9.—The second effort of the administration for a government shipping board to undertake the habilitation of the American merchant marine began in the senate today under conditions in marked contrast to those which characterized the hotly fought losing struggle in the last congress.

When Senator Simmons called up the measure there was no quorum present and the sergeant-at-arms had to seek aid. Before quorum developed, Senator Penrose moved that the senate adjourn and it was more than half an hour before sufficient votes could be mustered to defeat the motion.

Had Said Everything Before. Senator Simmons notified his colleagues that he had little to say that had not been said before and that he would regard it as advisory if senators left the chamber to attend other business.

Informal conferences of Republicans and Democrats early in the day regarding the prospect of adjournment of the congress disclosed that Republicans are anxious to dispose of the shipping bill and all other pending legislation as rapidly as possible. Senator Harding, of Ohio, who will direct opposition to the shipping bill for the minority, said he thought the measure could be disposed of in less than a week.

Senator Kern informed him that effort would be made to dispose of all pending business that the congress might adjourn by September 1. Senator Harding explained that the Republicans hoped adjournment might be reached as early as Saturday, August 20.

The Republicans, he said, had no set program of procedure in connection with the shipping bill, and in his opinion there would be few long opposition speeches.

Urged to Hasten Adjournment. Leaders of both sides, it was discovered, have been urged by campaign leaders to hasten the adjournment and demands are pouring in to senators to get into the national political campaign as soon as possible.

In urging the shipping bill, Senator Simmons outlined the great need of the country for commercial preparedness, and in hand with military preparedness. He pointed to the senate amendment to the house bill which led to a union of Democratic forces, emphasizing the provisions which will prevent the nations and permitting of merchant vessels only after bona fide efforts have failed to dispose of government acquired vessels to private individuals or corporations.

Telephone Stockholder Loses Plea. CHICAGO, August 8.—Judge K. M. Landis, in the federal court, has overruled the petition filed by Otto Cullman, asking that the Chicago Telephone Company be restrained from paying \$125,000 for the automatic telephone system of the Chicago Tunnel Company. Judge Landis denied the petition on the grounds made in the telephone company's answer to the petition, that the supreme court had ruled against such action by any stockholder who had bought his stock after the transactions alleged in the bill had taken place. Cullman is such stockholder.

Woman Released From Jail. (Special to The Indianapolis News) ANDERSON, Ind., August 8.—Mrs. Helen Anderson, age seventeen, who recently was arrested with her husband, Orval Puckett, charged with the murder of a man, has been released and was taken to Marion, where she is expected to be her father, who is engaged in the grocery business at Marion. Puckett will be held for trial in the circuit court. When arrested he said he was Frank Smith, of Chicago.

Utah Republicans Nominate Morris. OGDEN, Utah, August 8.—Nephi Morris, president of Salt Lake Stake Mormon church, and four years ago Progressive candidate for Governor, has been nominated by the Republican Party for Governor. Sullivan was renominated for United States senator.

BELL FELICITATES HIMSELF ON APPOINTMENT OF RILEY

City Purchasing Agent's Report Shows Expensive—Mayor Does Not Show Saving of Department.

After Hubert S. Riley, city purchasing agent, had filed a report with Mayor Bell yesterday, covering the activities of his department for July, the mayor expressed satisfaction with Riley's work and with customary enthusiasm praised himself for appointing "the very best man to be found in Indianapolis for the place."

Riley believes he saved the city \$2,000 during the first month of the department in operation, although there is no way in which the amount of saving may be estimated. The mayor did not deduct from this amount, however, the cost of maintaining the department, and did not mention the fact that many depart-

ments of the city government have complained secretly over some of the supplies that have been bought. Riley's report showed that before the purchasing agency was established the city had been paying \$2 a gallon for green paint, and that he has bought green paint for \$1.10 a gallon. Dealers in paint's realize that such material can be bought for almost any price, depending on the quality of the paint. Just how much of the green paint was bought before Floyd Heidenbach quit painting at the police station and was secretly reappointed to the police force is not known.

The report shows that 582 requisitions were issued during the month, of which 212 were emergency requisitions which did not permit the receiving of bids in the customary manner. Requisitions honored during the month called for the expenditure of \$10,629.31.

Two Germans Released. NEWPORT NEWS, Va., August 8.—Dr. Otto Glanz and Dr. H. Ziescuch, German physicians, who arrived here on the Brit-

ish steamer Walmate a few days ago as prisoners of war, have been released by order of the British embassy. They went last night to New York, from where they will leave for Germany by way of Holland. The physicians were placed aboard the Walmate at Wellington, N. Z., and were to be exchanged for two English prisoners of equal rank.

Case of House Is Continued. The case of Francis House, an attorney with an office in the Law building, who is accused of attacking Miss Martha Brown, age twenty-two, living in the Emma's flats, was continued in city court yesterday afternoon until August 13. A grand larceny charge also is pending against House as a result of the story told the police by the young woman.

Health on the Border

WASHINGTON, August 9.—National guardsmen on the Mexican border are in far better health than the average youngsters at home, war department officials believe on the basis of their medical reports. It was pointed out today that never in the history of extensive military mobilization has there been any such showing as that made for the week ended August 5, when, according to the report of the army surgeons to General Scott, chief of staff, the sick rate of the militiamen was only 1.4 a thousand.

This was far better than that of the regular troops where the sick rate was 2.6 a thousand. This fact is explained by the surgeons as due to the long stay of the regulars in the southern climate.

Mice Are Believed Cause. Mice, gnawing on matches, are believed by firemen to have been the cause of a small fire last night at the home of J. H. Taylor, 1204 South East street. Taylor, who operates a transfer and storage agency, was awakened by smoke and turned in an alarm. Firemen extinguished the flames with two small chemical lines. The loss was said to be about \$500.

## PHILADELPHIA PAPERS

### TO REDUCE THEIR SIZE

REFUSE TO ACCEPT UNSOLD COPIES FROM WHOLESALERS.

## STATE DAILIES FOLLOW LEAD

PHILADELPHIA, August 8.—As a result of a series of meetings of the newspaper publishers of Philadelphia, called to consider the situation confronting them caused by what practically are famine conditions in the newspaper market, the following agreement unanimously was reached: "All daily, evening and Sunday newspapers will immediately reduce the size of their issues to the extent of a total in excess of eighty pages weekly. "That, beginning September 1, next, the accepting from wholesale purchasers of unsold copies of all morning, evening and Sunday newspapers will be discontinued. Hereafter this privilege has been granted to newsboys, news agents, news stands and carriers."

### Mills Can Not Supply Demand.

At this meeting of publishers facts and figures were submitted showing that the mills have been unable to supply the enormous increased demand for white paper. Not only have the mills been unable to lay in a reserve stock during the summer months, but in some instances they are at the present time below their normal supply. So serious is the situation that it was pointed out that, unless drastic reduction of consumption was enforced some newspapers throughout the country would be confronted with possible suspension of publication. Many prominent dailies throughout the state of Pennsylvania have notified the Philadelphia publishers that they will follow their lead in reduction of output and in cutting off returns of unsold copies.

### Parties to the Agreement.

The newspapers party to the foregoing agreement and which constitute the entire local press of recognized circulation, are the following: Evening Bulletin, Evening Ledger, the Evening Bulletin, the Evening Telegraph, the North American, the Philadelphia Inquirer, the Record, the Press.

## COMMITTEES CONSIDER CONDUCT OF CAMPAIGN

## NOMINEES OF THE PROHIBITION PARTY TO BE ACTIVE.

## SPECIAL TRAIN IS DISCUSSED

The prohibition national and campaign committees met today in the offices of J. Frank Hanly, the party's nominee for the national contest. It was announced that final determination would not be reached before tomorrow.

Three projects are being considered. The first is to raise money for a campaign which, in vigor and extent, will be far beyond anything the party has staged. The second, dependent on the amount of money raised, is to be a special train campaign, starting about September 15, and extending from ocean to ocean. The third, also dependent on the amount of money raised, is a vigorous publicity campaign from headquarters, which will be in Chicago.

### Extent of the Campaign.

Hanly and Dr. Ira Landrith, of Nashville, Tenn., the vice-presidential nominee, to be the principal speakers on the proposed special train campaign. Vigorous campaigning is planned in Indiana, Michigan, Ohio, Illinois and the other western states, but special and very vigorous campaigns are to be made in California, Missouri, Idaho, Montana, South Dakota and Nebraska, in which states constitutional prohibitory amendments are pending, and by Washington, Oregon and Nevada, where, by referendum elections, the liquor interests are trying this year to break the prohibition law.

### Results in No Protest.

The last effective opportunity for protest against Hanly's action in repudiating the initiative, referendum and recall plank of the Prohibition national platform when he accepted the nomination for the presidency, yesterday, seemed to pass last night when no adverse criticism was expressed at a Prohibition rally in the Masonic temple.

### Seemed to Have Same Idea.

Among the leaders of the party who gathered in Indianapolis, there seemed to be no great love for the initiative, referendum and recall, and many of them seemed to entertain the same ideas that Hanly expressed. They called attention to the fact that this declaration was in the original platform that was adopted. It was brought into the convention at St. Paul as a separate resolution. Some believe that under the cover of a bid for an increase in the size of the platform by Eugene Chapin. He is said to have been much opposed to Hanly's nomination and is credited by some with thinking that Hanly could be disqualified by the adoption of such a declaration.

### Made Favorable Impression.

His speech generally was commended on and he was the best rounded out speech of acceptance yet made by a Prohibition party nominee because he covered, as he did the platform this year, the wide range of all public opinion, and by limiting his speech and the party's scope to one issue. Having created such a favorable impression, it is not odd that any opposition that does arise will have not only the handicap of not having any opportunity of effective protest, but also the handicap of the organization of the party being in the hands of Hanly.

# 24 2/10% Won Away From A Higher Price

Owners Who Will Have No Other Car 50 1/2%  
11,000 Owners Rate Hupmobile Efficiency 99%

HERE is a startling glimpse of what is going on below the surface in automobile buying.

Our service system statistics show that 24 2/10 per cent of Hupmobile sales are made to men and women who have used higher priced cars.

We knew we were winning away great numbers who had previously paid more. We have known it for years. The Hupmobile has always held its sales on a quality basis.

But these statistics were a gratifying surprise even to us. Consider what they mean.

## Hupmobile Market Goes On Growing

The multi-cylinder car has never presented its claims more aggressively than it is presenting them now. Millions of dollars have been expended in emphasizing these six, eight and twelve-cylinder claims in the past three or four years.

The Hupmobile stands out distinctly as an exponent of the older, simple, four-cylinder principle.

Its market goes on steadily growing, and 24 2/10 per

cent of that market is coming to us from the field of higher price.

Our extensive system of service enables us to analyze sales more accurately than other cars can.

We are in almost continuous contact with our owners. We know that 24 2/10 per cent of these owners are coming from the higher priced source. We know that 50 8/10 per cent of Hupmobile owners will have no other car. But we know, in addition, something still more important to you.

11,000 Owners Say: 99% Efficient

We know exactly what 11,000 owners think of every phase of Hupmobile construction. We know exactly what they think of Hupmobile performance.

We know what they think of its lugging power, its nimbleness, its flexibility, its get-away, its high-gear efficiency.

We have their opinions of every unit in the car—their complaints, their criticisms, their favorable comments.

And these 11,000 opinions, tabulated and reduced to a percentage basis, register a rating of 99% for all-around Hupmobile efficiency.

No such thing as this has ever been made possible by any other car.

It is clinching, convincing and conclusive.

## Performance That Matches Any

It proves that Hupmobile owners know that the Hupmobile daily outdoes cars that have more cylinders, or cost more money.

In pulling power, and quick get-away, they see nothing

under a multi-cylinder name that they do not have.

In flexibility, they find themselves relieved of gear-shifting to an amazing extent.

And they know they are getting in the Hupmobile service system more than any other car offers: expert inspection, adjustment and care each month for eight months, by trained Hupmobile experts at Hupmobile service stations. A service they pay for with coupons supplied free of cost.

The least you can do is to have a demonstration of Hupmobile performance.

## EIGHT FIRE INSURANCE POLICIES ARE CANCELLED

## COMPANIES ACT IN TAYLOR CARPET COMPANY CASE.

## QUESTION OF METHOD ARISES

A further question as to the methods of fire insurance companies whose agents send in daily reports on policies written to an auditing bureau in the Merchants Bank building arose today when it developed that eight fire insurance companies have cancelled the policies written recently on the stock of the Taylor Carpet Company. The insurance amounted to \$75,000. The reason given by each of the insurance companies to the Taylor company for cancelling the policies is that this action was taken because the Taylor company refused to sign a statement of values on the stock owned by the company. The companies demanded a much higher rate for writing the insurance without a statement of values.

Agents for the Royal Insurance Company, Aachen & Mutual, American Eagle, London & Lancashire, Franklin of Philadelphia, Phoenix's Funds, Agricultural and Hartford fire insurance companies wrote new policies on the Taylor stock recently at the rate of \$1.08.

When these companies, through the auditing bureau which is maintained by the Indiana Insurance Society, learned at what rate the policies had been written without a signed statement of values, a demand was made for a rate of \$1.34. The Taylor company refused to sign a statement of values and also refused to accept the rate of \$1.34. The cancellation of all the policies by the companies mentioned was then ordered.

Little Stories of Daily Life
Acquitted Him Besides.
The judge of a circuit court in eastern Indiana was presiding in a case in which an aggrieved husband was using a prominent and wealthy citizen for the alienation of his wife's affections. At the conclusion of a rather acrimonious trial, he gave the customary instructions to the jury and ended:
"If you find for the plaintiff, the form of your verdict shall be, 'We, the jury, find for the plaintiff and fix and assess his damages in the sum of —' filling in the blank space the amount of damages you believe him to be entitled to, but if you find for the defendant, the form of your verdict shall be, 'We, the jury, find for the defendant.'
"The jury was out only a short time, and when I asked for the verdict the foreman passed up a slip of paper bearing the following:
"'We, the jury, find for the defendant, and that he is not guilty.'
Had to Wait for Father.
A Columbus young woman and her mother started out to dinner. Father was going also, but he had stopped at a barber shop to be shaved and had not yet returned. Just as mother and daughter left home the door blew shut and caught a considerable part of daughter's dress. The door was locked with a spring lock and the key was inside. To be sure, father had a key, but father was being shaved. The daughter glanced at her wrist watch. Then she glanced at it again. Her mother tried windows, but they were fastened. They waited for exactly seventeen minutes, when father appeared. He produced his key, daughter was released and the family hurried on to dinner.
FINED FOR SPEEDING.
Albert Chamberlain Arrested on Complaint of Colored Constable.
Albert Chamberlain, 67 Birch avenue, an automobile repairer for the Madden-Coppie Company, was fined \$5 and costs in the court of Monte C. Ficus, justice of the peace, on a charge of speeding. Chamberlain filed an appeal bond to criminal court.
Beverly Howard, colored, the constable who made the arrest, testified that Chamberlain was traveling at a rate of thirty miles an hour in Capitol avenue August 4 north of Eleventh street, and that he overtook and arrested him at Sixth street Chamberlain said the automobile he was driving was not equipped with a speedometer, but that he was a judge of speed and that he was not driving more than fifteen or eighteen miles an hour.

Indians Manufacturers of Dairy Products will hold a district meeting here tomorrow, hopes to raise the standard of dairy products in Indiana to compare with those of Holland. The meeting here will be third in a series, of which two more are to be held this year. The last was a general meeting at Indianapolis in December. The district meetings have been intended to awaken wide interest in the betterment of dairy products.
The association is helping the state board of health in all that it does for the sanitary regulation of the industry.
"There is not a law on the books of every state that is an asset to every dairy products man in the state," said C. W. Hale, secretary-treasurer of the organization. "I believe the Hoosier dairy products men are thoroughly convinced that the practice that is for the public good, is sure to be of private profit."
The visiting delegates will be welcomed by E. P. Hawkins, president of the Conventional Chamber of Commerce, W. S. Mercer, state senator from Peru, Ind., will respond. Professor O. F. Hunsicker, of Purdue; Bert C. Moore, Marion; W. W. Marple, Chicago, and C. A. Bookwalter, of Indianapolis, are among other speakers on the program.

CORPORATIONS' TAX VALUE SHOWS GAIN

State Tax Board Announces Completed Figures on Appraisement of Corporate Property.
1916 TOTAL IS \$277,496,051
Shows Gain of \$2,778,767 Over 1915
Total—Distribution of Taxable Property Is Completed.

The state board of tax commissioners Tuesday made public its complete figures on valuations placed on the several kinds of corporate property in Indiana, which it appraises each year for taxation purposes.
The list includes steam and interurban railway property, telephone and telegraph companies, pipeline companies, transportation companies, mercantile companies and sleeping car companies.
A former publication of these figures gave them tentatively, and the recent appeals and rearrangement of valuations by the commission now have been completed.
With the totals that will be fixed against these companies for taxation purposes the commission has published its distribution of the part of taxes payable in each county by each class of such corporate property. This distribution has just been completed by Ed Stenger, clerk to the state board, and was sent today to the state printer.

Table with columns for County, Steam Railroads, Interurban Railroads, and Totals. Lists counties from Adams to Whitley with corresponding tax values.
